

**VILLAGE OF DOWNERS GROVE**  
**REPORT FOR THE VILLAGE COUNCIL WORKSHOP**  
**MARCH 27, 2007 AGENDA**

SUBJECT:	TYPE:	SUBMITTED BY:
Bid: Thermoplastic Pavement Marking Services	Resolution Ordinance ✓ Motion Discussion Only	David H. Barber, PE Director of Public Works

**SYNOPSIS**

A motion is requested to authorize award of a contract for thermoplastic pavement marking services to A.C. Pavement Striping Company of Elgin, Illinois in an amount not to exceed \$18,000.

**STRATEGIC PLAN ALIGNMENT**

The Five Year Plan and Goals for 2006-2011 identified *Top Quality Village Infrastructure and Facilities*.

**FISCAL IMPACT**

The adopted FY07 General Fund budget provides \$18,000 for contractual pavement marking services. The low bid submitted by A.C. Pavement Striping is \$24,231, or \$6,231 over budget for this line item. Staff is requesting that the bid award be limited to the adopted budget of \$18,000 for this work.

**RECOMMENDATION**

Approval on the April 3, 2007 consent agenda.

**BACKGROUND**

Pavement markings such as stop bars, centerlines, lane lines, edge lines and symbols are an important means of communicating information to drivers. Over time, the pavement markings wear out and require routine replacement. The main reasons they wear are snow plow blades, winter maintenance application of salt, shear from cross-over vehicular traffic, or installation and material failure. The Manual on Uniform Traffic Control Devices (MUTCD) specifies and recommends where these markings are to be provided based on the type of roadway, the width of traveled way, and the average daily traffic. The thermoplastic pavement markings generally can be expected to last about five years depending on weather and traffic conditions.

The contract to provide thermoplastic pavement marking services was competitively bid for FY07, with three bids received as summarized in the attached bid tabulation. The contract amount is based on the number of lineal feet of thermoplastic pavement striping and square feet of thermoplastic pavement marking symbols installed by the contractor. This work is in addition to and distinct from the painted pavement markings maintained annually with in-house staff. Superior Road Striping completed the contract for pavement marking services in 2006 in the amount of \$14,507.36. A.C. Pavement Striping has performed satisfactorily for the Village in the past.
