

VILLAGE OF DOWNERS GROVE
REPORT FOR THE VILLAGE COUNCIL WORKSHOP
JUNE 10, 2008 AGENDA

SUBJECT:	TYPE:	SUBMITTED BY:
Live Scan Digital Fingerprint System Replacement	Resolution Ordinance ✓ Motion Discussion Only	Robert Porter Chief of Police

SYNOPSIS

A motion is requested to authorize the purchase of a new Live Scan Digital Fingerprint Identification System, from L-1 Identity Solutions/Identix Inc. in the amount of \$18,151.

STRATEGIC PLAN ALIGNMENT

The Five Year Plan and Goals for 2007-2012 identified *Top Quality Village Infrastructure and Facilities*. A supporting objective of this goal is *Village Facilities: Operating Efficiently, Promoting Productivity and Supporting Effective Customer Friendly Services*.

FISCAL IMPACT

The FY08 General Fund Budget allocates \$24,800 for this purchase. As a result of this purchase, the L-1 Identity Solutions/Identix Inc. annual maintenance agreement will be reduced by approximately \$3,000 beginning in FY09.

RECOMMENDATION

Approval on the June 17, 2008, consent agenda.

BACKGROUND

In 2001, the Village purchased a Live Scan Digital Fingerprint Machine from L-1 Identity Solutions/Identix Inc. After this purchase an interface was written and configured that allowed the digital fingerprint machine to communicate with both the IWS digital booking system and the HTE Records database. In order to complete this hardware replacement without incurring additional costs to replace both of these systems or to re-write an interface for both systems, quotes have been obtained from the only two vendors that have the ability to interface with the Village's current operating systems.

Vendor	Quote
L-1 Identity Solutions/Identix Inc., Bloomington, Minnesota	\$18,151.00
Cross Match Technologies Inc., Palm Beach Gardens, Florida	\$26,167.50

Because of the age of this system, L-1 Identity Solutions/Identix Inc. will no longer support the Village's current digital fingerprint system after this year. Additionally, staff has begun to experience system malfunctions associated with an aging computer.
