RECOMMENDATION

Approval on the August 19, 2008 consent agenda

BACKGROUND

The Village currently owns and operates a 1992 LeeBoy 8000 asphalt paver. This piece of equipment is used for roadway maintenance and driveway approach repairs. As noted in the FY08 budget, this piece of equipment is scheduled to be replaced in 2008.

A Call for Bids was sent to four equipment distributors and published in accordance with the Village's Purchasing Policy. Three bids were received on May 14, 2008. A synopsis of the bids is as follows:

Vendor	Make/Model	Price
West Side Tractor Sales Co., Naperville, IL	Bomag BP4413	\$64,015
Casey Equipment Co., Inc., Arlington Heights, IL	LeeBoy 7000	\$67,879
Finkbiner Equipment Co., Burr Ridge, IL	Mauldin 1500C	\$59,995

The bid submitted by Finkbiner Equipment Co. did not meet approximately half of the bid requirements and is therefore not a responsive bid. Staff believes the Bomag paver meets the bid specifications and will increase the Village's operational efficiency and meet customer expectations for the quality of in-house paving work. The larger hopper will provide more efficient paving; the more flexible paving width adjustment will allow for use of the machine in more areas; and the construction of the machine will improve serviceability and reduce future maintenance costs.

The Village of Schaumburg recently purchased this make/model paver and is very happy with it. Village staff visited Schaumburg and were impressed by its capabilities. Other municipal references included the City of Crystal Lake, Algonquin Township and the Lake County, Indiana Department of Transportation.
