

VILLAGE OF DOWNERS GROVE
REPORT FOR THE VILLAGE COUNCIL WORKSHOP
OCTOBER 28, 2008 AGENDA

SUBJECT:	TYPE:	SUBMITTED BY:
Network Attached Storage Upgrade	Resolution Ordinance ✓ Motion Discussion Only	Liangfu Wu Information Services Director

SYNOPSIS

A motion has been prepared for the purchase of a network attached storage device from CDW Government, Inc. in an amount not to exceed \$43,812.17.

STRATEGIC PLAN ALIGNMENT

The Five Year Plan Goals for 2006-2011 identified *Top Quality Village Infrastructure and Facilities*. An objective includes *Village Facilities: Operating Efficiently, Promoting Productivity, and Supporting Effective Customer Friendly Services*.

FISCAL IMPACT

The FY08 Capital Fund includes \$45,000 for the purchase of this item.

RECOMMENDATION

Approval on the November 4, 2008 consent agenda.

BACKGROUND

Currently, most of the Village's computer-generated files are stored on a Network Attached Storage (NAS) device. This device is essentially a large hard drive connected directly to the Village's network which allows users to store and retrieve files as if they were saving them to their own computer. The current NAS is over four years old and its slightly less than one terabyte of storage capacity is more than ninety percent full. The proposed NAS has a total of 4.2 terabytes of storage. The proposed NAS purchase is an upgraded version from the same manufacturer of the Village's current unit. This will allow staff to link the current device with the proposed NAS, making the two units operate as one larger device on the Village's network. This will minimize the time that the system is unavailable and allow staff to make the upgrade without any modifications to the current network configuration.

A Request for Proposal was distributed on September 2, 2008. Five companies were sent the RFP, only one responded. CDW Government Inc. responded with a proposal of \$43,812.17, which was below the budgeted amount for the item.
