RECOMMENDATION

Approval on the December 16, 2008 consent agenda.

BACKGROUND

The Municipal Code requires that the Village Council annually approve a Class A Scavenger License for the Village's designated contractual waste hauler. ARC Disposal and Recycling currently holds the Class A License and is under contract with the Village through March 30, 2011. All other haulers that operate in the Village must obtain a Class B License, which allows the license-holder to provide services other than weekly single-family residential solid waste collection. Renewal of a Class B license requires approval by the Village Manager, following notification to the Village Council. The Village has received the following Class B scavenger applications:
