

VILLAGE OF DOWNERS GROVE
REPORT FOR THE VILLAGE COUNCIL MEETING
JUNE 15, 2010 AGENDA

SUBJECT:	TYPE:	SUBMITTED BY:
Bid: Liquid Deicer	Resolution Ordinance ✓ Motion Discussion Only	Nan Newlon, P.E. Director of Public Works

SYNOPSIS

A motion is requested to approve the purchase of 35,000 gallons of Geomelt liquid deicer from Wellspring Management, Ltd., of Oak Park, Illinois as a sole source supplier in the amount of \$68,433.50.

STRATEGIC PLAN ALIGNMENT

The Five Year Plan and Goals identified *Exceptional Services*.

FISCAL IMPACT

The FY10 budget includes \$105,000 in the General Fund for the purchase of liquid deicing chemicals.

RECOMMENDATION

Approval on the June 15, 2010 consent agenda.

BACKGROUND

A key component of the Village's snow and ice removal program is the use of liquid deicers. These liquids can be applied directly to the pavement in advance of a winter storm (anti-icing), following a storm (de-icing), or used to pre-treat the Village's salt stockpile. By itself, road salt is ineffective below 15° - 20° Fahrenheit and coating the salt with liquid deicer before it is applied to the roadway provides several important advantages including:

- Reduction in Corrosion to Roadway Surfaces, Equipment and Vehicles of up to 80%
- Improved melting of snow and ice to -25° to -30° Fahrenheit
- Decreased salt usage by up to one-third
- Remains on the roadway for up to five days

The use of Geomelt would be a change from last year's use of Magic Minus Zero. Often referred to as "beet juice", Geomelt is a patented sugar beet-based compound. Last year's contract for the Magic Minus Zero from BMS Deicing cost the Village \$86,210. The proposed contract for Geomelt would be \$68,433.50, resulting in a savings of \$17,776.50 for liquid deicing chemicals. Staff is continually evaluating changes within the marketplace and believes that Geomelt would provide comparable performance with advantages in stockpile treatment efficiency and local availability that would make it a more economical choice for the coming winter. Geomelt products have also been independently tested to ensure their efficacy and environmental effects by the Pacific Northwest Snowfighters (PNS).

Staff is requesting that Wellspring Management, Ltd. of Oak Park, Illinois be approved as a sole source supplier for this purchase. Geomelt is a patented product that is sold through territorial distributorships. Wellspring Management is the only authorized distributor for Downers Grove. As a result, there are no other suitable options for the Village to obtain this product other than through Wellspring Management.
