REPORT FOR THE VILLAGE COUNCIL MEETING
DECEMBER 14, 2010 AGENDA**

SUBJECT:	TYPE:	SUBMITTED BY:
Budget Amendment for Fiscal Year 2010	✓ Resolution Ordinance Motion Discussion Only	Judy Buttny Finance Director

SYNOPSIS

An ordinance has been prepared to amend the adopted budget for FY10 for activities in the CBD TIF Debt Services Fund and Municipal Buildings Fund that generated additional revenues and/or expenses not considered at the time the original budget ordinance was adopted.

STRATEGIC PLAN ALIGNMENT

The Five Year plan and Goals identified *Exceptional Municipal Organization*. A supporting objective of this goal is *Financially Sound and Sustainable Village Government*.

FISCAL IMPACT

The proposed ordinance will increase the FY10 budget authorization by \$12,165,000, largely resulting from specific accounting requirements. The explanation for the increases within each fund appears below. It is important to note that \$12 million dollars of this amount is accounted for by the two debt refundings, which resulted in approximately \$864,000 of present value savings to the Village, but necessitated an increase in revenues and expenses. Also, the \$165,000 budget amendment requested for the Municipal Buildings Fund is due to a timing issue as funds for the budgeted phone system that were expected to be paid in 2009 were actually disbursed in 2010.

BACKGROUND

Every fiscal year, which ends on December 31, Village staff reviews expenses and determines if any of the funds are expected to exceed the amount authorized by Council in the budget ordinance. For FY10, a budget amendment is being proposed for the following funds. It is important to note that the General Fund, the primary operating fund of the Village, requires no amendment, due to the continuous operational efficiencies implemented during the fiscal year.

- CBD TIF Debt Service Fund: Increase expenses and revenues by \$12,000,000 for both of the 2010 debt refundings which resulted in \$864,000 of present value savings to the Village in debt service payments.
- Municipal Buildings Fund: Increase expenses by \$165,000 due to the timing of payments for the budgeted phone system in the Municipal Buildings Fund. This project was budgeted in 2009 and installation began in 2009, but completion of the project and final payments were paid against the 2010 budget. The payments did not exceed the total project budget; it is simply a timing issue.
