STRATEGIC PLAN ALIGNMENT

The Goals for 2011 to 2018 identified *Top Quality Infrastructure* and *Exceptional Municipal Services*.

FISCAL IMPACT

The adopted FY12 budget includes \$170,000 in four different funds for material testing within the construction budgets for various projects. The associated budgets for material testing are provided in the following table:

Fund	Allocation Amount

Due to the size and complexity of the projects scheduled for FY12, staff recommends having multiple firms selected to provide these services.

RECOMMENDATION

Approval on the April 3, 2012 consent agenda.

BACKGROUND

Three consultants were pre-qualified for material testing services through a Request for Qualifications. Unit rates for required testing services were solicited from the pre-qualified consultants, with all three firms responding. After reviewing the proposals, Seeco Consultants and Great Lakes Soil & Environmental Consultants were identified as the firms that best meet the needs of the Village. Seeco has provided satisfactory material testing services to the Village in recent years (a consultant evaluation form is attached). Great Lakes has not worked for the Village, but staff reviewed their Statement of Qualifications, and received positive references from the Village of Burr Ridge.
