

**Staff Responses to Council Questions  
October 9, 2012**

**8. First Reading B. Motion: Award a Contract for \$179,979.00 to John Burns Construction, Orland Park, IL, for Village Hall Parking Lot Lighting**

Staff did investigate a solar or hybrid (solar/wind) power source and found that it was cost prohibitive at this time. By specifying LED light fixtures, there is still a possibility of installing solar or wind power at a future date.
