Street Sweeping Maintenance Services	<div style="display: flex; align-items: center;"> <div style="margin-right: 10px;">✓</div> <div> Resolution Ordinance Motion Discussion Only </div> </div>	Nan Newlon, P.E. Director of Public Works

SYNOPSIS

A motion is requested to award a three-year contract for Street Sweeping Maintenance Services to Hoving Clean Sweep LLC of West Chicago, Illinois in the amount of \$384,053.66.

STRATEGIC PLAN ALIGNMENT

The Goals for 2011 to 2018 identified *Top Quality Infrastructure*.

FISCAL IMPACT

The FY13 budget provides a total of \$114,000 in the General Fund and Stormwater Fund for street sweeping maintenance services. The proposed contract will be \$124,870.12 in the first year. There is sufficient budget authority in both funds for the additional expense.

RECOMMENDATION

Approval on the April 2, 2013 consent agenda.

BACKGROUND

The street sweeping contract has three primary goals:

Improve water quality by reducing pollutants in stormwater runoff

The 2006 Stormwater Master Plan Update identified street sweeping as a key activity for the operation and maintenance of the Village's stormwater system. Street sweeping is recognized as a Best Management Practice (BMP) as part of the National Pollutant Discharge Elimination System (NPDES) requirements that apply to the Village with respect to stormwater. Streets and parking lots accumulate pollutants that contribute to stormwater pollutant runoff to surface waters. Pollutants, including sediment, debris, trash, road salt, and trace metals can be minimized by street sweeping. Street sweeping can also improve the aesthetics of municipal roadways, control dust and decrease the accumulation of pollutants in catch basins.

Remove leaves and tree debris from the right-of-way

The fall sweeping occurs from mid-October through early December on Village streets. The fall sweeping cleans the streets of leaves and tree debris that fall naturally into the street.

Improve the appearance of streets and parking lots

Village streets, public parking lots and streets within the downtown are swept on a regular cycle to remove litter and other debris.

Street sweeping performed under this contract will be performed with regenerative air sweepers. Unlike the previous mechanical broom sweepers they are capable of removing smaller particles which leave the pavement cleaner while creating less dust. During fall street sweeping a larger carrying capacity will allow the sweepers to efficiently transfer leaves to the transfer site. Village staff who previously hauled material from the sweepers and the transfer site will be reassigned to other maintenance tasks.

Under the terms of this contract the contractor will be responsible for the liability and the cost of the disposal of the material collected during street sweeping. The street sweepers will also be equipped with GPS units that will provide the Village with real-time information about areas of the Village completed.

A Call for Bids (CFB) for street sweeping services was issued and published in February in accordance with the Village's Purchasing Policy. Contractors were asked to provide prices for three years. The bids received are summarized in the following table:

Three Year Contract Summary

Service Provider	Bid Price 2013	Bid Price 2014	Bid Price 2015	3-Year Contract Total
Hoving Clean Sweep, LLC, West Chicago, Illinois	\$124,870.12	\$127,991.87	\$131,191.67	\$384,053.66
Illinois Central Sweeping LLC, Blue Island, Illinois	\$122,048.53	\$128,150.96	\$134,558.50	\$384,757.99
Waste Management of Illinois, Inc., Cicero, Illinois	\$228,412.00	\$242,116.72	\$256,643.72	\$727,172.44

The low bid from Hoving Clean Sweep, LLC was responsive and met the project specifications. Hoving Clean Sweep, LLC has not held this contract with the Village previously, however, they provided several positive references including the Villages of Woodridge, Lisle and Carol Stream. References responded that Hoving Clean Sweep, LLC performed all elements of the project scope above average and work very well with the public and with staff.

34.7 Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act.

35. **SUBSTANCE ABUSE PREVENTION ON PUBLIC WORKS PROJECTS ACT**

35.1 In the event this is a public works project as defined under the Prevailing Wage Act, 820 ILCS 130/2, Bidder agrees to comply with the Substance Abuse Prevention on Public Works Projects Act, 820 ILCS 265/1 *et seq.*, and further agrees that all of its subcontractors shall comply with such Act. As required by the Act, Bidder agrees that it will file with the Village prior to commencing work its written substance abuse prevention program and/or that of its subcontractor(s) which meet or exceed the requirements of the Act.

36. **PREVAILING WAGE ACT**

36.1 Contractor agrees to comply with the Illinois Prevailing Wage Act, 820 ILCS 130/1 *et seq.*, for all work completed under this Contract. Contractor agrees to pay the prevailing wage and require that all of its subcontractors pay prevailing wage to any laborers, workers or mechanics who perform work pursuant to this Contract or related subcontract. For applicable rates, go to the State of Illinois – Department of Labor website (www.state.il.us/agency/idol/rates/rates.HTM) and use the most current DuPage County rate. The Department revises the prevailing wage rates and the Contractor or subcontractor has an obligation to check the Department's website for revisions to prevailing wage rates throughout the duration of this Contract.

36.2 Contractor and each subcontractor shall keep or cause to be kept accurate records of all laborers, mechanics and other workers employed by them on the public works project, which records must include each worker's name, address, telephone number when available, social security number, classification, hourly wage paid (including itemized hourly cash and fringe benefits paid in each pay period), number of hours worked each day, and the starting and ending times of work each day. These records shall be open to inspection at all reasonable hours by any representative of the Village or the Illinois Department of Labor and must be preserved for three (3) years from the date of the last payment on the public work.

36.3 Since this is a contract for a public works project, as defined in 820 ILCS 130/2, Contractor agrees to post at the job site in an easily accessible place, the prevailing wages for each craft or type of worker or mechanic needed to execute the contract or work to be performed.

Village of Downers Grove

36.4 Because this is a public works project as defined under the Prevailing Wage Act, 820 ILCS 130/2, any and all contractors and subcontractors shall submit certified payroll records to the Village no later than the tenth (10th) day of each calendar month for the immediately preceding month in which construction on a public works project has occurred. **WITHOUT THIS PAPERWORK, NO INVOICE SHALL BE PAID BY THE VILLAGE.** Contractors and subcontractors must also submit a statement affirming that the records are true and accurate, that the wages paid to each worker are not less than the prevailing rate, and that the contractor and subcontractor are aware that filing false records is a Class A misdemeanor. The records must include the name, address, telephone number, social security number, job classification, hours of work, hourly rate, and start and end time of work each day for every worker employed on the public work. The Village reserves the right to check the pay stubs of the workers on the job. The Village further cautions that payment for any services rendered pursuant to this Contract may be predicated upon receipt of said records.

36.5 In the event that this is a construction project where Motor Fuel tax monies or state grant monies are used in the construction, maintenance and extension of municipal streets, traffic control signals, street lighting systems, storm sewers, pedestrian subways or overhead crossings, sidewalks and off-street parking facilities, and the like, the Village will require an Apprenticeship and Training Certification, attached after the Bidder's Certification.

36.6 Any bond furnished as security for performance shall include a provision as will guarantee faithful performance of the Illinois Prevailing Wage Act, 820 ILCS 130/1 et seq.

37. **PATRIOT ACT COMPLIANCE**

37.1 The Bidder represents and warrants to the Village that neither it nor any of its principals, shareholders, members, partners, or affiliates, as applicable, is a person or entity named as a Specially Designated National and Blocked Person (as defined in Presidential Executive Order 13224) and that it is not acting, directly or indirectly, for or on behalf of a Specially Designated National and Blocked Person. The Bidder further represents and warrants to the Village that the Bidder and its principals, shareholders, members, partners, or affiliates, as applicable are not, directly or indirectly, engaged in, and are not facilitating, the transactions contemplated by this Contract on behalf of any person or entity named as a Specially Designated National and Blocked Person. The Bidder hereby agrees to defend, indemnify and hold harmless the Village, and its elected or appointed officers, employees, agents, representatives, engineers and attorneys, from and against any and all claims, damages, losses, risks, liabilities and expenses (including reasonable attorney's fees and costs) arising from or related to any breach of the foregoing representations and warranties.

38. **INSURANCE REQUIREMENTS**

38.1 Prior to starting the work, Contractor and any Subcontractors shall procure, maintain and pay for such insurance as will protect against claims for bodily injury or death, or for damage to property, including loss of use, which may arise out of operations by the Contractor or Subcontractor or any Sub-Sub Contractor or by anyone employed by any of them, or by anyone for whose acts any of them may be liable. The Village shall not be obligated to review such certificates or other evidence of insurance, or to advise Contractor or Subcontractor of any deficiencies in such documents, and receipt thereof shall not relieve the Contractor or Subcontractor from, nor be deemed a waiver of the right to enforce the terms of the obligations hereunder. The Village shall have the right to examine any policy required and evidenced on the Certificate of Insurance.
- 38.9 If the Work under the Contract Documents includes design, consultation, or any other professional services, Contractor or the Subcontractor shall procure, maintain, and pay for Professional Errors and Omissions insurance with limits of not less than \$2,000,000 per claim and \$2,000,000 annual aggregate. Under these circumstances, the Village will not be responsible for assuring security of the designated site, and the Contractor will be responsible for abiding by rules set forth by the Village. This privilege may be immediately rescinded by the Village if, in the sole determination of the Contract Administrator, the Village finds that the Contractor has failed to abide by the Village's regulations.

The Village will require the Contractor to complete a Street Sweeping Progress Form (see attachment D) at the end of each day's work to track progress. Progress sheets shall be signed and turned in daily to the Department of Public Works, Street Division Manager. The sheets shall indicate which streets were cleaned at the approximate time the area was cleaned and the number of actual sweeping miles completed. The AVL shall be able to measure speeds accurately from a minimum of 3 miles per hour to a maximum of 25 miles per hour.

TRACKING: The accuracy of the street sweeper's location shall be to within 50 feet or less of the actual location. Hoving Clean Sweep, is a family owned business that embraces new technology's and innovative ways to provide our customers with the highest level of service. We would like to take this opportunity to explain to the Village of Downers Grove how we currently sweep 25 other communities during the Fall for the leaves that naturally fall to the street.

During the pre-bid meeting we discussed with Theresa Tarka the efficiency that we have gained by utilizing regenerative air machines when sweeping leaves in the Fall. Our system allows us the ability to carry a significantly larger payload. The benefit to the Village of Downers Grove is that we do not require the use of public work vehicles and employees to work with our drivers during the fall sweeps. Our vehicles will direct haul the leaves to the public works facility.

It was our understanding that during the pre-bid meeting that the public works department supplies approximately 3-4 employees with trucks for approximately three to four weeks during the Fall. This translates to approximately 420 hours of payroll hours that can be saved or utilized on other activities. The benefit to the Village of Downers Grove will also be noticed on fuel consumption and wear and tear on vehicles.

Hoving Clean Sweep is requesting that during the bid evaluation that the Village of Downers Grove would consider our proven method of sweeping municipalities during the Fall season in the total cost of sweeping. We would encourage you to contact the list of attached references and ask them about the our sweeping program that does not require the municipalities to aid Hoving Clean Sweep during the Fall. We would welcome the opportunity to discuss this with you.
