

**VILLAGE OF DOWNERS GROVE
REPORT FOR THE VILLAGE COUNCIL MEETING
APRIL 9, 2013 AGENDA**

SUBJECT:	TYPE:	SUBMITTED BY:
Bid: Purchase of Replacement Vehicles	✓ Resolution Ordinance Motion Discussion Only	Nan Newlon, P.E. Director of Public Works

SYNOPSIS

A motion is requested to authorize the purchase of four vehicles in the total amount of \$717,429.

STRATEGIC PLAN ALIGNMENT

The goals for 2011-2018 identified *Exceptional Municipal Services*.

FISCAL IMPACT

The adopted FY13 budget includes \$945,000 in the Equipment Replacement Fund for the replacement of five vehicles. Staff is recommending the purchase of four vehicles and the reduction of one 5-ton dump truck from the fleet for a savings of \$227,571 from the budgeted amount. Additionally, the three natural gas powered vehicles are eligible for a \$12,000 rebate through the Illinois Environmental Protection Agency's Alternative Fuel Rebate Program.

UPDATE & RECOMMENDATION

This item was discussed at the April 2, 2013 Village Council meeting. Staff recommends approval on the April 9, 2013 Consent Agenda.

BACKGROUND

The Village's Fleet Team, consisting of representatives from the Village Manager's Office, Finance, Public Works, Police and Fire Departments have evaluated the need to replace the vehicles and pieces of equipment scheduled for this year. All Village vehicles and equipment are targeted for replacement according to useful lifecycle replacement criteria including age, usage, condition, repair costs, fuel efficiency and environmental impact. The Fleet Team reviewed the five vehicles scheduled to be replaced and determined that the criteria were met and that it was in the best interest of the Village to replace four of the five vehicles.

Three of the vehicles identified for replacement are assigned to the Public Works Department and include one five-ton and two one-ton trucks. Upon further review of the use of these vehicles and the operational needs of the department the team recommended that the five-ton truck not be replaced and that the two one-ton trucks be upgraded to the Ford F-550 model. Staff believes that the two F-550 trucks will provide a lower cost, more versatile alternative than the three trucks that are currently in the fleet. In addition to the one time capital savings from eliminating the 5-ton there will be ongoing savings in fuel and maintenance costs.

The table below shows the four vehicles that staff is recommending for purchase.

Quantity	Type of Vehicle	Make and Model	Dealer	Price
1	Pumper Truck	2013 Pierce Saber Pumper	Global Emergency Products of Aurora, IL	\$500,685
2	CNG Dump Truck	2013 Ford F-550	Currie Motors of Frankfort, IL	\$57,602 (chassis)

			Auto Truck of Bartlett, IL	\$126,622 (body)
1	CNG Cargo Van	2013 Ford CNG E-250 Cargo Van	Badger Truck Equipment of Milwaukee, WI	\$32,520

The purchase of the pumper truck and the two dump trucks would be made through existing cooperative purchasing contracts established by the Northwest Municipal Conference, which is permissible based on the provisions of the Village Purchasing Policy. The Ford CNG E-250 cargo van was competitively bid by Village staff in accordance with the Village's Purchasing Policy. One bid was received from Badger Truck Equipment of Milwaukee, Wisconsin as shown in the table above.

Vehicle Replacement Criteria

Vehicle Replacement Criteria

All Village vehicles and equipment are targeted for replacement according to a useful lifecycle replacement criteria guideline. The life expectancy of patrol cars is four years of service, the fire utility vehicle six years, and the Pierce Saber 13 years, for example, though additional criteria are considered when making the final replacement recommendation. These criteria include age, usage, condition, repair costs, fuel efficiency and environmental impact. The Fleet Team reviewed the vehicles scheduled to be replaced and determined that the criteria for replacement were met. The following table provides additional information regarding the vehicles scheduled to be replaced:

Veh. #	Year	Make	Model	Mileage (Feb. 2013)	2012 Repair Costs*	Life-to-Date Repair Costs	Repair Cost % in 2012

273	2010	Ford	LN 8000	6441 (hours)	\$5,284.35	\$160,806.90	3.29%

916	2000	Pierce	Saber	12,704 (hours)	\$12,454.97	\$180,035.61	6.92%

* costs do not include routine maintenance

The purchase of the Ford F-550, the up fitting of the compressed natural gas system with dump body and salt spreader and Pierce Saber Pumper would be made through the NWMC Suburban Purchasing Cooperative, which is permissible based on the provisions of the Village Purchasing Policy. All approved subcontracts shall contain language which incorporates the terms and conditions of this Contract.

40. TERM OF CONTRACT

- 40.1 This Contract may be extended no more than twice for subsequent annual periods (two annual extensions) by mutual agreement of both parties, providing such agreement complies with Village purchasing policies and the availability of funds. However, if this Contract is not one that is subject to extension, such information will be available in the detailed specifications or special conditions sections.

41. TERMINATION OF CONTRACT

- 41.1 The Village reserves the right to terminate the whole or any part of this Contract, upon written notice to the Contractor, for any reason and/or in the event that sufficient funds to complete the contract are not appropriated by the Village.

Default is defined as failure of the Contractor to perform any of the provisions of this Contract or failure to make sufficient progress so as to endanger performance of this Contract in accordance with its terms. In the event that the Contractor fails to cure the default upon notice, and the Village declares default and termination, the Village may procure, upon such terms and in such manner as the Purchasing Manager may deem appropriate, supplies or services similar to those so terminated. The Contractor shall be liable for any excess costs for such similar supplies or services unless acceptable evidence is submitted to the Purchasing Manager that failure to perform the Contract was due to causes beyond the control and without the fault or negligence of the Contractor. If payment is not issued to the Contractor within this 60 day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60 day period, until final payment is made.

- 42.2 The Village shall review in a timely manner each bill or invoice after its receipt. If the Village determines that the bill or invoice contains a defect making it unable to process the payment request, the Village shall notify the Contractor requesting payment as soon as possible after discovering the defect pursuant to rules promulgated under 50 ILCS 505/1 et seq. The notice shall identify the defect and any additional information necessary to correct the defect.
- 42.3 If this Contract is for work defined as a "fixed public work" project under the Illinois Prevailing Wage Act, 820 ILCS 130/2, any contractor or subcontractor is required to submit certified payroll records along with the invoice. No invoice shall be paid without said records.
- 42.4 Please send all invoices to the attention of Village of Downers Grove, Accounts Payable, 801 Burlington, Downers Grove, IL 60515.

- 44.2 If the Bidder fails to meet the foregoing standard, Bidder will perform at its own cost, and without reimbursement from the Village, the professional services necessary to correct errors and omissions caused by Bidder's failure to comply with the above standard and reported to Bidder within one (1) year from the completion of Bidder's services for the Project.
- 44.3 For Professional Service Agreements (i.e. Engineer, Consultant): Project site visits by Bidder during construction or equipment installation or the furnishing of Project representatives shall not make Bidder responsible for: (i) constructions means, methods, techniques, sequences or procedures; (ii) for construction safety precautions or programs;

The Bidder will provide a list of key staff, titles, responsibilities, and contact information to include all expected subcontractors.

46. WAIVER OF CONTRACT BREACH

46.1 The waiver by one party of any breach of this Contract or the failure of one party to enforce at any time, or for any period of time, any of the provisions hereof will be limited to the particular instance and will not operate or be deemed to waive any future breaches of this Contract and will not be construed to be a waiver of any provision except for the particular instance.

47. CHANGE ORDERS

47.1 The contract price is a "not-to-exceed" cost. At any time additional work is necessary or requested, and the not-to-exceed price is increased thereby, all parties must agree to any change, addition or price increase in writing.

47.2 Change orders for public works projects which authorize an increase in the contract price that is 50% or more of the original contract price or that authorize or necessitate any increase in the price of a subcontract under the contract that is 50% or more of the original subcontract price must be resubmitted for bidding in the same manner by which the original contract was bid. (50 ILCS 525/1)

48. SEVERABILITY OF INVALID PROVISIONS
