**RECOMMENDATION**

**BACKGROUND**

The 2014 vehicle replacement schedule provides for 16 vehicle and equipment replacements. The table below shows the seven vehicles recommended for purchase at this time.

The Village’s Fleet Team, consisting of representatives from the Village Manager’s Office, Finance, Public Works, Police and Fire, have evaluated the need to replace the vehicles and pieces of equipment scheduled for this year. All Village vehicles and equipment are targeted for replacement according to useful lifecycle replacement criteria. These criteria include age, usage, condition, repair costs, fuel efficiency and environmental impact. The Fleet Team reviewed the vehicles scheduled to be replaced and determined that the criteria for replacement were met. Staff prepared additional information related to several of the proposed purchases, which is included as an attachment.

The purchase of these seven vehicles would be made through existing cooperative purchasing contracts, which is permissible based on the provisions of the Village Purchasing Policy. The Chevrolet Tahoe utility vehicles would be purchased through a State of Illinois Joint Purchase Contract (PSD 4016025) while the Ford Fusion sedan would be purchased through a Suburban Purchasing Cooperative Contract (Contract 130).
