STRATEGIC PLAN ALIGNMENT

The goals for 2011-2018 identified *Exceptional Municipal Services*.

FISCAL IMPACT

The adopted FY14 budget includes \$30,000 in the Equipment Replacement Fund for the purchase of the mobile column lifts. Sufficient funds are available for this purchase.

RECOMMENDATION

Staff recommends approval on the March 18, 2014 Consent Agenda.

BACKGROUND

This purchase is for three sets of hydraulic mobile column lifts for use in the Village's fleet maintenance activities. These lifts are used by the Village's mechanics to work on the largest vehicles such as snow plow trucks, fire equipment and buses -- approximately 42 vehicles -- when needed for repair and scheduled maintenance.

The purchase of these lifts will be made through Federal General Services Administration (GSA) Joint Purchase Contract (Federal Contract GS-07F-5890R), which is permissible based on the provisions of the Village Purchasing Policy. This use of cooperative purchasing is similar to the government price concessions received through the State of Illinois contract for police cars or dump trucks.
