C. Ordinance: Proposing Establishment of Special Service Area Number 7 - Dunham Subdivision

Has the property changed hands since the Council approved the subdivision?

No.

What is the status of the development project?

The developer has applied for two permits: a stormwater permit to complete the site's stormwater and public improvements and a building permit to construct the two-unit building on Lot 3. Both permits have been reviewed and comments have been sent to the applicant.

Are we expecting any objectors to the SSA?

No. There is only one property owner at this time - the developer. The developer is not likely to object to the creation of the SSA as it is a condition of the subdivision approval.
