

**VILLAGE OF DOWNERS GROVE**  
**Report for the Village Council Meeting**  
**7/7/2015**

<b>SUBJECT:</b>	<b>SUBMITTED BY:</b>
Presentation of 2014 Comprehensive Annual Financial Report	Judy Buttny Finance Director

**SYNOPSIS**

Presentation of 2014 Comprehensive Annual Financial Report by Baker Tilly Virchow Krause, LLP.

**STRATEGIC PLAN ALIGNMENT**

The goals for 2011-2018 identified *Exceptional Municipal Service*.

**FISCAL IMPACT**

No financial impact.

**RECOMMENDATION**

No action required.

**BACKGROUND**

The Village's auditor, Baker Tilly, will present the final 2014 Comprehensive Annual Financial Report (CAFR) at the July 7, 2015 Village Council meeting. On July 16, 2014, Governor Quinn signed Public Act 98-0738 related to new requirements concerning the audit of annual financial statements. The effective date of this act was January 1, 2015. This Act requires the auditor to perform the following within sixty days after the issuance of audited financial statements:

- Provide a copy of the management letter and audited financial statements to the County Board or Municipality's Corporate Authorities. If the county or municipality maintains a website, these reports shall be posted to the website.
- Present the information from the audit to the County Board or Municipality's Corporate Authorities either in person or by a live phone or web connection during a public meeting.

At the June 16 meeting, the Village Council approved a draft of the 2014 Comprehensive Annual Financial Report (CAFR). The Council approved a draft version as it took longer than expected to compile information about the pension funds due to a new Governmental Accounting Standards Board (GASB) requirement. There have been no changes to the draft report that was presented on June 16.

The Comprehensive Annual Financial Report (CAFR) of the Village of Downers Grove for the year ended December 31, 2014, is hereby submitted. State law, as well as local ordinances, requires that the Village publish within six months of the close of each fiscal year, a report on its financial position and activity presented in conformance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

Responsibility for both the accuracy of the data presented and the fairness of the presentation, including all disclosures, rests with the Village management. We believe the data as presented is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the Village's financial position and changes in financial position as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain maximum understanding of the Village's financial condition have been included. The organization and content of the report follows the standards for annual financial reporting promulgated by the Governmental Accounting Standards Board (GASB). To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework to protect the assets of the Village and to compile sufficiently reliable information for the preparation of the Village of Downers Grove's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Village's internal control framework has been designed to provide reasonable rather than absolute assurance that the financial statements are free of material misstatements. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

The Village's financial statements have been audited by Baker Tilly, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Village of Downers Grove for the year ended December 31, 2014, are free of material misstatements. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluation of the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Village's financial statements of the year ended December 31, 2014, are presented fairly in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management Discussion & Analysis (MD&A). This letter of transmittal is designed to complement that analysis and should be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

This report includes all financial activity for the funds, and departments for which the Village is financially accountable. The criteria used to determine financial accountability is defined in Note 1 of the Financial Statements, on page 14. The Police and Firefighters' Pension Funds each have a separate Board that administers their respective fund resources and uses. The Downers Grove Library has a separate Board that is appointed by the Village Council and is reported as a discretely presented component unit. Other local governments that serve the Downers Grove community do not qualify as entities for which the Village is accountable. These governments include the Downers Grove Park District, the Downers Grove Sanitary District, all school districts, and the Downers Grove Township. Therefore, the financial activities of these entities are not included in this report.

### **PROFILE OF THE VILLAGE OF DOWNERS GROVE**

The Village of Downers Grove, which has a land area of about 14.4 square miles, is located in DuPage County and is 22 miles west of Chicago. DuPage County is the second most populated county in Illinois, after Cook County. The median household income in the Village is \$84,269. Along with several major arterial highways, three Burlington Northern commuter train stations are located in the Village; these provide commuters about a 25-minute train ride to and from Chicago and easy access to the entire metropolitan area.

The resident population is 48,867; however, the Village's corporate business parks and shopping districts raise the daytime population and economic activity, providing the Village the benefit of a significant level of sales tax revenue. A review of the retail expenditure information suggests that the Village attracts residents from surrounding communities to support the sales tax income. The property tax base is 75 percent residential, 22 percent commercial, and 3 percent industrial. The ten leading commercial property tax payers are from a diverse economic base and account for about 6.9% percent of the total tax base.

The Village of Downers Grove was originally settled in 1832 and was incorporated on March 31, 1873. Today, the Village operates under the Manager form of government. As defined by Illinois statutes, the Village is a home-rule community and provides a full range of municipal services to its residential and commercial customers. These services include police and fire protection; building code and fire prevention inspection services; emergency 911

dispatch service; paramedic services; water services; a commuter bus transportation system; a commuter and residential parking system; community development services; and the construction and maintenance of streets, stormwater, and other municipal infrastructure.

## **FACTORS AFFECTING FINANCIAL CONDITION**

### **Standard & Poor's (S&P) AAA Bond Rating:**

In September of 2013, the Village of Downers Grove received a AAA bond rating from Standard & Poor's (S&P), the highest rating issued by the agency. This rating was reaffirmed when the Village sought to refinance its 2007 and 2008 series bonds. The S&P Summary Report cites the following as factors which contribute to Downers Grove's economic stability:

- Very strong economy, which benefits from participation in the broad and diverse economy of the Chicago Metropolitan Area
- Very strong budgetary flexibility, with a recent history of very strong available general fund balance;
- Strong budgetary performance adjusting for one-time expenditures;
- Very strong liquidity providing very strong cash levels to cover both debt service and expenditures;
- Very strong management conditions, with strong management practices;

All Downers Grove residents and businesses benefit from this as the Village will be able to issue debt and refinance bonds at a lower cost.

### **Local Economy:**

Major revenue sources include property taxes, sales taxes, telecommunication taxes and State income taxes. The Village has a mixture of office, retail and industrial employment. The unemployment rate in the Village has decreased from 6.6% percent in 2013 to 3.7% percent as of December 31, 2014. The EAV for the Village was \$2,045,521,416 for the 2014 tax levy, up .15% from a year ago. EAVs are expected to continue to increase as housing values that declined during the recession are now increasing.

The Village of Downers Grove maintained a strong financial position during the year. General Fund revenues remain strong as the economy improves. Sales tax revenues continue to increase due in large part to increases in automobile sales. Also, building activity remains strong in both the commercial and residential markets. The Village continues to provide municipal services in a fiscally responsible manner, identifying and implementing innovative ideas throughout the organization. The Village's financial policies and programs have resulted in the retention and expansion of existing businesses in the community as well as attracting new businesses.

### **Economic Development:**

The Downers Grove Economic Development Corporation (EDC) is an independent, not-for-

profit entity supported by the Village of Downers Grove and over 20 private-sector businesses. The Village is committed to strengthening and enhancing the local economy through the EDC's efforts to attract jobs and employers to Downers Grove, as well as retain established businesses.

### ***Economic Development Wins***

- Lamborghini Dealership Attraction (opened)
- Fresh Thyme Grocery Store Attraction (under construction)
- Caputos Grocery Store Attraction (opened)
- Starbucks Attraction (under construction)
- McDonalds New Store Relocation (opened)
- Art Van Attraction (revised agreement, under construction)
- Addus Healthcare Corporate HQ Attraction 59,000 s.f. at 2300 Warrenville
- Arco/Murray Corporate HQ Attraction 54,000 s.f. at 3110 Woodcreek Drive
- Fresh Thyme Corporate HQ Attraction 30,000 s.f. at 2561 Warrenville
- Glanbia Performance Nutrition North American HQ Attraction Road 70,000 s.f. at 3500 Lacey Road
- American Access Casualty corporate HQ attraction 53,000 s.f. at 2211 Butterfield
- Sanford LP Corporate HQ Attraction 55,000 s.f. at 3500 Lacey Road
- Compu Systems Corporate HQ Attraction 37,000 s.f. at 2561 Warrenville
- Lextech Corporate HQ Attraction 30,000 s.f. at 1431 Opus Place
- Residential Home Health Regional Office Attraction 25,000 s.f. at 1431 Opus Place
- Neuco Inc. Expansion

### ***Economic Incentive Agreements***

Sales tax rebate agreements are an important component of Downers Grove's economic development strategy. All retail stores generate sales tax revenue which the Village uses to pay for public services. National retailers and car dealerships generate significant tax revenues, create jobs, and serve as catalysts for other business development. Competition among local communities for new businesses is fierce and incentives often provide the edge needed to create new opportunities and revenues where there otherwise would be none.

### ***Return of Bike Racing in Downers Grove***

For the first time in five years, the thrill of competitive cycling captivated crowds downtown as the Village of Downers Grove hosted the culminating event of the Intelligentsia Cup Prairie State Cycling Series on Sunday, July 27, 2014. Highly regarded by U.S. professional cyclists, the challenging figure-eight course is the same one used for the U.S. Professional Criterium Championships that were held in Downers Grove until 2009. The race brought many spectators downtown for the event, as well as out-of-town visitors to our hotels, shopping, and dining destinations.

**Long Range Plan:**

The Village's Long Range Plan (LRP) helps to ensure the present and future financial stability of the Village organization. The plan is derived from a financial analysis of the Village's expenses, revenues and debt capacity and takes into consideration current and future economic conditions. The plan is a key component of financial decision making and planning of the annual budget. The LRP has enabled the Village to accomplish the following:

- Continue investment in needed public infrastructure improvements
- Maintain adequate financial reserves
- **Maintain AAA Bond Rating from *Standard and Poor's (S&P)*.** A high rating enables the Village to borrow money at a low cost, affirming the Village's economic stability.

**Managed General Fund:**

The Village used \$3.8 million of the fund balance to eliminate the Transportation Fund accumulated deficit and to reduce the cash deficit in the Risk Fund. The Village added approximately \$580,000 to the General Fund at the end of FY14 from operations. The impact of these items is a fund balance of \$17.2 million which is 38.4% of 2015 budgeted expenses, within the Village's policy and consistent with the LRP strategy to keep a AAA bond rating.

**Eliminated Transportation Fund Accumulated Deficit:**

From the inception of the Grove Commuter Shuttle to 2011, the Village operated the bus system with some financial assistance from Pace. During this time period, operating expenses exceeded annual revenues and resulted in a recurring deficit. Pace began operating the system in 2012 and for a short time the Village served as an independent contract operator for Pace. In October 2014, the agreement between the Village and Pace was terminated and the provision of bus service shifted to a private contractor. The transition occurred with no change in service or ridership fees.

In 2014, the Village dissolved the Transportation Fund. This fund provided for the operation of the Grove Commuter Shuttle until 2012, at which time the Village entered into an agreement with Pace Bus to manage and run the service. Over the last several years, the Transportation Fund had incurred a \$1.9 million deficit due to the costs of providing service exceeding revenue. In 2014, a portion of the General Fund was used to cover the Transportation Fund's deficit.

**Refunded Fire Station 2 and Stormwater Improvement Bonds:**

The Village refinanced \$10 million in General Obligation Bonds issued for Fire Station 2 and Stormwater Improvements. The refinancing saved approximately \$500,000. The Village saves money by reducing the annual payments on the bonds due to interest rates that are lower now than when the bonds were issued.

**Received \$2.2 million in Grants:**

The Village has made it a priority to seek grant funding for capital projects. A few of the significant grants received in 2014:

- ***FEMA: Hazard Mitigation Grant Program*** - \$820,211  
The funds will be used for the acquisition and demolition of flood prone properties in the flood plain. Permanently removing structures from the flood plain reduces the financial impact to individuals and the communities where flooding occurs.
- ***DuPage Mayors and Managers Conference 2015-2020 Surface Transportation Program*** - \$885,640  
The funds will be used for improvements at the intersection of Main Street and 59th Street.
- ***Illinois Department of Commerce and Economic Opportunity*** - \$35,000  
Downtown Pedestrian Crossing Project

**MAJOR INITIATIVES**

The Village staff, following specific directives from the Mayor, Village Council and the Village Manager, has been involved in a variety of initiatives throughout the year. The strong commitment to financial stewardship and innovation has resulted in the delivery of services in a fiscally responsible and cost-effective manner.

**Amended Stormwater Regulations:**

Stormwater regulations were strengthened to require stormwater storage for most new houses and additions. These changes will reduce the negative stormwater impacts of redevelopment on neighboring properties and encourages the use of green approaches for managing stormwater.

**Improved Snow and Ice Control Operations:**

The extended winter season of 2013-14 and its magnitude of storms proved challenging. A season end review resulted in the implementation of the following operational improvements:

- Snow routes were modified to reduce the amount of time spent going to and from locations. This action reduces the total amount of time needed to complete a single pass-through of all 10 routes.
- Existing personnel were trained to operate a snow plow, increasing the number of drivers available for duty.
- The number of vehicles capable of plowing four or more inches of snow was increased by adding an existing 5-ton truck and wheel loader to the snow and ice control fleet.
- A new salt dome was constructed at Public Works with a larger storage capacity,

enabling the Village to take delivery of a full-season worth of road salt prior to the start of winter and take advantage of bulk pricing.

### **Enhanced Resident Engagement:**

As a High Priority Action Item for the year, several improvements were made to enhance communication.

- The Village began using the social media platform *Nextdoor* to share important news and updates, services, programs, public events and emergency notifications with its neighborhood network of users.
- Meetings held in the Village Council chambers and Committee Room at Village Hall began live streaming on the Village's YouTube channel, allowing residents to view from any mobile device.
- The Village website was enhanced for greater ease of use on mobile devices.
- During one of the Facilities Planning discussions, residents were able to participate remotely by asking questions in real time with the use of technology.
- Monthly financial reports were revised to make them easier to read.

### **Sign Ordinance:**

Enforcement of the Sign Ordinance compliance deadline was a High Priority Action Item in 2014. The enforcement efforts have resulted in a significant reduction in the amount of signage in the Village and a reduction in "sign clutter" particularly evident along Ogden Avenue.

In 2005, the Village Council approved amendments to the Sign Ordinance that reduced the size and amount of signage permitted to be installed, required landscaping to be installed around freestanding signs, and prohibited certain types of signs including electronic copy signs. The amendment also established an amortization period that required all signs to comply with current regulations by May 4, 2012, which was later extended to May 5, 2014.

To date, nearly 97% of all properties with signs are in compliance with the Sign Ordinance. To achieve compliance, the Village employs a "facilitate, not regulate" approach to the enforcement of the Sign Ordinance. Working together with property owners to identify options for meeting code requirements and allowing flexibility in establishing compliance timelines minimizes the issuance of citations.

### **Restructured Stormwater Utility:**

Based on Village Council policy direction, the Village changed the structure of the stormwater utility to remove tax-exempt parcels. By eliminating the fee that these properties were previously contributing, total fee collections were reduced by approximately 8%.

### **Partnerships:**

#### ***District 58 Lot Paving***

This partnership resulted in a savings of \$45,500 to District 58's paving expenses. Under the joint paving agreement with the vendor, the following parking lot locations were addressed:

- Downers Grove Fire Station 1
- Downers Grove Fire Station 3
- El Sierra Elementary School
- Indian Trail Elementary School
- Whittier Elementary School
- Pierce Downer Elementary School

#### ***Park District CNG Fueling***

The Village owns and operates a central vehicle fueling station located at the Public Works Facility that dispenses unleaded and diesel fuel and compressed natural gas (CNG). Intergovernmental agreements have allowed several agencies access to the Village's fueling site. With an additional agreement added in 2014 with the Downers Grove Park District to use the fueling station, the Park District is in a position to purchase CNG vehicles, and their participation helps to cover the cost of owning and operating the fueling station.

#### ***YMCA Downtown Market Agreement***

The Village has permitted the YMCA to use Village-owned property to conduct a Farmer's/Downtown Market dating back to 1991. Revisions to the agreement for 2015 will reduce operating expenses for both the Village and the YMCA. The purchase of a new permanent electrical service means that staff time needed to set up electrical hook-ups each week will be saved, allowing the Village to cede responsibility for set-up and tear-down of the market to the YMCA.

#### **Improved FEMA flood rating from 7 to 6:**

The Federal Emergency Management Association (FEMA) raised Downers Grove's rating under the National Flood Insurance Program Community Rating System from a CRS 7 to CRS 6. The Community Rating System (CRS) is a *voluntary* incentive program that recognizes communities for implementing floodplain management practices that exceed Federal minimum requirements of the National Flood Insurance Program (NFIP) to provide protection from flooding. Only 57 communities in Illinois participate in the CRS. The improved rating speaks to the effectiveness of the Village's proactive approaches to stormwater management and mitigating flood risk.

The Village's CRS 6 rating qualifies property owners who live in the floodplain for a *20% discount on flood insurance premiums*. Property owners that do not live in the floodplain still benefit from significant premium reductions with the Preferred Risk Policies.

#### **Improved Fire Department Effectiveness Rating:**

The Downers Grove Fire Department now ranks in the top 1.5% of departments nationwide

for fire protection effectiveness. The ratings are issued by the Insurance Service Office (ISO) and used to set residential and business insurance premium rates. ISO is an independent company that serves insurance companies, communities, fire departments, insurance regulators, and others by providing information about risk. Property owners in communities with good ISO ratings, like Downers Grove, benefit from lower insurance rates. Based on a study by ISO, the average savings for a commercial property located in a community with a Class 4 rating as opposed to a Class 3 rating is \$188 annually, and the difference in premiums going from Class 3 to a Class 2 is a \$567 savings.

### **Launched Prescription Drug Off Program**

The Downers Grove Police Department launched a new program for residents to safely dispose of old or unused prescription medications, by appointment, only. Improper disposal of medications can pollute drinking water with toxic chemicals. Storing unused medications can pose other safety issues. The medications are disposed of in accordance with protocols followed for the disposal of drugs being held in police evidence. Through November 2014, 242 residents have used the service.

### **Infrastructure Investment:**

The Village's strategic goal to provide Top Quality Infrastructure requires a commitment to ongoing investment in maintenance, as well as in replacement or new infrastructure as necessary. In 2010, when revenues were impacted by the recession, the Village continued making investments in infrastructure, instead of diverting funding to cover the cost of operations. This approach continued in 2014 as the Village invested \$20.8 million in infrastructure which includes the stormwater system, the water system, streets and sidewalks.

#### ***Completed \$20.8 Million In Capital Improvements***

- Improved Streets, Stormwater, Water and Sidewalk Infrastructure
- **Streets** - Completed \$6.96 million in street reconstruction projects (Downers Grove Estates, and Brook & Center) and \$4.91 million in street maintenance projects
- **Stormwater** - Completed \$3.57 million in new projects to mitigate flooding. Acquired and demolished houses susceptible to recurring flooding.
- **Water** - Completed \$3.75 million in new water mains, valves and hydrants
- **Sidewalks** - Completed \$860,500 in new sidewalks and sidewalk maintenance, as well as ADA-compliant right-of-way improvements

#### ***Leader In Public Works Partnering***

Partnering with other municipalities in DuPage County on Public Works contracts has proven beneficial for Downers Grove. Best practices are exchanged and old formulas are abolished in favor of newer and more cost-effective strategies.

- Participated in Four Joint Bid Contracts

- Reduced Crack Seal Expenses
- Partnered on Sewer Televising & Cleaning
- Sidewalk removal and replacement.

### **Launched Wireless Fire Alarm System:**

The Village Operations Center (VOC) is now able to receive wireless fire alarm transmissions. Businesses are not required to convert to wireless and may continue to keep their alarm transmissions via telephone lines, however, eliminating a phone line will reduce a business' operating costs.

- Business expenses are reduced by \$600 annually (eliminating a phone line.)
- Open-platform innovation allows businesses to choose any licensed alarm provider.
- Voluntary program allows businesses to decide which alarm system they prefer.
- This technology establishes the Village as a leader and innovator in the provision of wireless alarm system services.

### **Active Shooter Training:**

On Friday, July 11, 2014, the Downers Grove Police and Fire Departments, Northwestern University and Advocate Good Samaritan Hospital took part in a training exercise involving an active shooter in a school scenario. The exercise tested the emergency preparedness of the participating agencies, determined effectiveness and evaluated where improvements or adjustments are needed.

- Established Village as a leader in Emergency Management.
- The exercise met federal requirements for emergency training.
- Improved Village preparedness for active shooter emergencies.
- Trained many other first responders.
- Enhanced relationship with Northwestern University, Good Samaritan Hospital, DuPage County EMA and many other entities.

### **Recognized Leadership:**

#### ***#2 Greenest Vehicle Fleet by Clean Cities Coalition***

The Village of Downers Grove was selected as the #2 Greenest Fleet in North America. Each year the Government Green Fleet Award ranks the top 50 fleets for their dedicated use of alternative fuel and hybrid vehicles. The Village's improved ranking from 14th Greenest Fleet a year ago is due to the addition of ten new Chevy Tahoes converted from traditional fuel to Compressed Natural Gas (CNG).

The award is supported by the Clean Cities Coalition, which is operated by the U.S. Department of Energy. Being selected as an award winning Government Green Fleet is a great accomplishment for the Village.

#### ***Department of Defense Pro Patria Award***

The Downers Grove Police Department was awarded the prestigious Pro Patria Award by the Illinois Committee for Employer Support for the Guard and Reserve (ESGR). Recipients of this award have demonstrated exceptional support of national defense by adopting policies to accommodate employees who are serving in the military. Officer Michael Eddy nominated the department for this award in appreciation of the support he has received during his military deployments. Officer Eddy, who serves as a Master Sergeant in the Air National Guard, has been deployed five times while employed with the Police Department. Downers Grove Police Chief Robert Porter was also awarded the Patriot Award, which recognizes supervisors for support provided directly to the nominator.

***Illinois Most Exciting City Award by Movoto Real Estate:***

In April, Movoto Real Estate ranked Downers Grove as the **10th Most Exciting City in Illinois**. They looked at places with a population of at least 10,000 and then ranked them based on nightlife, music venues, restaurants and age of residents.

***Best Cities for Kids by Livability.com:***

In May, Downers Grove was named second as one of the **Top 10 Best Cities for Kids** by Livability.com, a national website that ranks quality of life and travel amenities of America's small and mid-sized cities. Downers Grove was chosen for its highly rated schools and less than a quarter of the national average crime rate. The village's 600 acres of parks and green space, more than 140 festivals and community events, and renovated downtown provide an abundance of activities for kids. The community's focus on creating a healthy, family-friendly environment makes it the perfect place for families.

## **RELEVANT FINANCIAL POLICIES**

The Village has established several specific policies to improve the overall well being of the residents, continue to meet immediate and long-term service objectives, and enhance the financial capability of the Village.

### **Budgeting:**

The Village adopts an annual budget. Due to careful planning, meaningful discussions and public input, Downers Grove is well-positioned for the future. The FY15 Budget was prepared and approved in 2014. The FY15 Adopted Budget demonstrates the Village's commitment to continuous improvement and innovation as well as to the provision of exceptional municipal services at a value to residents, businesses and other stakeholders.

Key Components of the FY15 Budget:

- Property Tax Levy Decrease
- Sustainable General Fund
- Staffing Reduced
- Continues Investment in Infrastructure

- Funding for Priority Action Items

**Capital Planning:**

The Village prepares a comprehensive multi-year Capital Plan which lays out in detail all planned capital projects over a five year period. The Village Council dedicated certain revenues to fund capital projects. Because of this policy, the Village has been in a position to continue to make needed investments in Infrastructure during the recession.

**Other Financial Policies:**

Some of the more significant policies include:

- Investment Policy-providing for market investment returns while protecting principal
- Purchasing Policy-setting forth procedures for ensuring that the best products and services are received at the lowest possible cost
- Fund Balance Policy-setting forth reserve levels to be maintained to ensure proper working capital and protect against unforeseen events

The Village's strong financial policies are in part responsible for maintaining the Village's AAA rating, allowing the Village to borrow at the lowest possible cost for infrastructure investment.

**AWARDS AND ACKNOWLEDGEMENTS**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Downers Grove for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2013. A copy of this award is located in the introductory section of the financial statements. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate. The Village also received the GFOA Distinguished Budget Presentation award for its 2014 Annual Budget. This is the fifth consecutive year that the Village has been honored with this significant achievement, which reflects the commitment to meeting the highest principles of governmental budgeting

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire Finance department. We want to take this opportunity to thank Carol Hogan, Assistant Finance Director, Robin Lahey, Finance Manager, Daiva

Village has been honored with this significant achievement, which reflects the commitment to meeting the highest principles of governmental budgeting

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire Finance department. We want to take this opportunity to thank Carol Hogan, Assistant Finance Director, Robin Lahey, Finance Manager, Daiva Sheldon, Accountant, and the members of the Finance team for all their efforts. We also wish to express appreciation for the policies and decisions provided by the Village Council, as reflected in this report.

bakertilly.com

To the Honorable Mayor and Members of the Village Council  
Village of Downers Grove  
Downers Grove, Illinois

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Downers Grove, Illinois, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Village of Downers Grove's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village of Downers Grove's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Village of Downers Grove's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Village of Downers Grove, Illinois, as of December 31, 2014 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Honorable Mayor and Members of the Village Council  
Village of Downers Grove

### ***Emphasis of Matter***

As discussed in Note 1, the Village of Downers Grove adopted the provisions of GASB Statement No. 67, *Financial Reporting for Pension Plans - an amendment of GASB Statement No. 25*, effective January 1, 2014. Our opinions are not modified with respect to this matter.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Downers Grove's basic financial statements. The combining and individual fund financial statements and schedules, component unit - Downers Grove Library, and supplemental information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, component unit - Downers Grove Library, and supplemental information are fairly stated in all material respects, in relation to the basic financial statements as a whole.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Downers Grove's basic financial statements. The Introductory Section and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Village of Downers Grove  
Management's Discussion and Analysis  
For the Year Ended December 31, 2014**

---

The Village of Downers Grove's (the 'Village') Management's Discussion and Analysis is designed to (1) assist the reader in focusing on significant issues, (2) provide an overview of the Village's financial activity, (3) identify changes in the Village's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter (beginning on page iv) and the Village's financial statements (beginning on page 3). All amounts are stated in thousands unless otherwise indicated.

### **Financial Highlights**

- The Village's net position increased from \$141.3 million as of December 31, 2013 to \$145.9 million as of December 31, 2014.
- The Village's program revenue for the year ending December 31, 2014 totaled \$29.1 million and for the year ended December 31, 2013 totaled \$28.1 million.
- The Village's total costs for the year ended FY14 were \$73.1 million compared to the year ended December 31, 2013 at \$73.1 million.

### **Using the Financial Section of this Comprehensive Annual Report**

The focus of these financial statements is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government) and enhance the Village's accountability.

### **Government-Wide Financial Statements**

The government-wide financial statements (see pages 3 - 4) are designed to provide readers with a broad overview of the Village's finances, in a manner similar to private-sector business. All governmental and business-type activities are consolidated into columns which add to a total for the Primary Government.

The focus of the Statement of Net Position is designed to be similar to bottom line results for the Village and its governmental and business-type activities. This Statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long term obligations using the accrual basis of accounting and economic resources measurement focus.

**Village of Downers Grove  
Management's Discussion and Analysis  
For the Year Ended December 31, 2014**

---

The Statement of Activities (see page 4) is focused on both the gross and net cost of various activities (including governmental and business-type), which are supported by the governments' general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

The Governmental Activities reflect the Village's basic services, including public safety, public works, community development, community services, interest on debt and general government administration. Property taxes, state sales tax, local utility tax and shared state income taxes finance the majority of these services. The Business-type Activities reflect private sector type operations, including Waterworks, Stormwater and Parking operations where the fee for service typically covers all or most of the costs of operation, including depreciation.

### **Fund Financial Statements**

Traditional users of governmental financial statements will find the Fund Financial Statements (pages 5-13) presentation more familiar. The focus is on major funds rather than fund types. All of the funds in the Village can be divided into three categories; governmental funds, proprietary funds and fiduciary funds.

#### **Governmental funds (pages 5-8)**

These funds are used to account for essentially the same functions reported as activities in the Government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

#### **Proprietary funds (pages 9-11)**

The Village of Downers Grove maintains two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village uses enterprise funds to account for its waterworks, stormwater and parking operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Village's various functions. The Village uses internal service funds to account for its fleet service, vehicle and equipment replacement and self-insurance. Proprietary funds provide the same type of information as the government-wide financial statements only in more detail. The proprietary fund

**Village of Downers Grove  
Management's Discussion and Analysis  
For the Year Ended December 31, 2014**

---

financial statements provide separate information for the Waterworks, Stormwater and Parking funds, all of which are considered to be major funds of the Village. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

Fiduciary funds (pages 12-13)

The fund financial statements also allow the government to address its Pension Funds (Police and Firefighters') and agency fund. These funds represent trust responsibilities of the government; the assets are restricted in purpose and do not represent discretionary assets of the government. Therefore, these assets are not presented as part of the Government-Wide Financial Statements.

### **Other Information**

Notes to the Financial Statements (pages 14-64)

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information (pages 65-79)

In addition to the basic financial statements and notes, this report also presents required supplementary information concerning the Village's budgetary comparisons of the general and major special revenue fund and status in funding its obligations to provide pension benefits to its employees.

Combining and individual fund financial statements and schedules (pages 80-122) are presented following the supplementary information on pensions.

Supplemental information (pages 123-135) provides a schedule of insurance in force and schedules of long term debt requirements.

The statistical section (pages 136-154) presents comparative and trend data, generally presented on a multi-year basis, information concerning demographic, economic and social data about the Village, as well as its fiscal capacity. This data should assist the reader in understanding the Village's overall financial condition.

Total net position	\$ 96,271	\$ 94,122	\$ 49,653	\$ 47,203	\$ 145,924	\$ 141,325

***Statement of Net Position***

The Village's combined net position increased by \$4,599 or 3.25% from 2013, to \$145,924. Government-wide net position increased due to revenue growth combined with continued efforts at cost containment. Governmental Activities net position increased by \$2,150 and business-type activities increased by \$2,450.

The Village continues to aggressively invest in infrastructure. The largest portion of the Village's net position (76%) reflects its investment in capital assets (infrastructure, buildings, machinery, equipment and land), less any related debt used to acquire those assets that is still outstanding. For more detailed information, see the Statement of Net Position found on page 3 of the Basic Financial Statements.

**Revenues:**

For the year ended December 31, 2014, Governmental Activities Revenues totaled \$58,470, increasing about .6% or \$363. Increases include Sales Tax (\$257), Property Tax (\$687), Other Taxes (\$101), and Capital Grants/contributions (\$326). These increases were partially offset by decreases in Charges for Services (\$450) Operating Grants/Contributions (\$51) and Other Revenues (\$508).

The Village benefits from a highly diversified revenue base. Revenues from sales taxes amounted to \$20,020. The sales tax consists of a 1% state portion and 1% local home rule tax. The increase in sales tax is due primarily to an increase in auto sales resulting from the Village's strategy to retain and attract automobile dealerships. Revenues from Property Taxes totaled \$15,775. Property taxes support governmental activities, including the Village's contribution to the Police Pension Fund and the Firefighters' Pension Fund. Although the levy for operations was flat, the Police and Fire Pension Levy increased by \$584. Also contributing to the property tax increase was an increase in the TIF Increment from the Downtown TIF of \$257. Major items included in the category Other Taxes are state income taxes, utility taxes and hotel taxes. The increase in Capital Grants/contributions is due in large part to a \$214 payment from the State of Illinois through the 2014 Capital Bill Program.

**Village of Downers Grove  
Management's Discussion and Analysis  
For the Year Ended December 31, 2014**

---

The decrease in Charges for Services was due primarily to a decrease in revenues from asset seizures from an Equitable Sharing Agreement the Police Department has with the Department of Justice. The decrease in Other Revenues is due primarily to an investment loss in the Illinois Metropolitan Investment Fund (IMET) in the amount of \$557. See note 2.

For the year ended December 31, 2014, Business-Type Activities revenues totaled \$19,214 increasing by \$1,109 over 2013. Revenues in this category include charges for providing water and stormwater operations to the residents of the village and charges for parking. Water rates charged to Downers Grove customers were increased in 2014 resulting in \$589 additional revenue in 2014. This increase was due to the increases from the DuPage Water Commission (DWC) as well as continued implementation of recommendations from a 2010 water rate study. The DWC purchases Lake Michigan Water from the City of Chicago and in turn, distributes and sells it to member communities, including Downers Grove. The DWC rate increase is due to the increases from the City of Chicago. The water rate study recommended changes to the water rate structure in order to ensure that adequate funding is available for current operations and maintenance as well as for identified capital maintenance and improvement projects in the future. Stormwater fees charged to Downers Grove customers were increased in 2014 resulting in \$478 of additional revenue in 2014.

Expenses:

For the year ended December 31, 2014, Governmental Activities expenses totaled \$56,621 increasing by \$1,432 or 2.6%. Public safety related to the operations of the Police and Fire departments, has the largest portion of expenses in the Village, \$30,271 or 53.4% of the total governmental activities expenses. Public works is the second largest program in the governmental activities with \$13,992 or 24.7% of the expenses.

Expenses for the Village's business-type activities for the year ended 2014 are \$16,464 for a decrease of \$1,492. 2013 included two major dredging projects in the Stormwater Fund totaling \$2,032, causing a decrease in the year to year comparison. This decrease was partially offset by an increase in the Water Fund from the cost of purchasing water from the DuPage Water Commission.

**Major Governmental Funds**

The General Fund is the Village's primary operating fund and is the largest source of day-to-day operations. The fund balance in the General Fund decreased by \$3,220. This decrease was due to a \$1,900 transfer to the Transportation Fund to eliminate the accumulated deficit and a \$1,900 contribution to the Risk Fund to address the negative cash balance. This decrease was partially offset by favorable variances in General Fund revenues due to a strong local economy, and control of expenses due to continued cost reduction efforts.

**Village of Downers Grove  
Management's Discussion and Analysis  
For the Year Ended December 31, 2014**

---

The Downtown Redevelopment Tax Increment District fund (TIF) has a fund balance of \$1,243 compared to December 31, 2013 of \$1,300 for a decrease of \$57 as this fund is being used to pay Downtown TIF debt and for costs in the downtown area, offset by property tax increment.

The Capital Improvements fund accounts for the resources provided for improvements to the Village's infrastructure. The fund balance of \$8,688 is down \$7,186 from 2013. \$25.0 million in debt was issued in 2012 for roadway reconstruction; bond proceeds continued to be spent on road projects in 2014, with the remainder to be spent in 2015.

### **General Fund Budgetary Highlights**

Revenues in the general fund were \$217 over budget. The majority of the increase is due to favorable budget variances in: licenses & permits (\$222), income taxes (\$179), local use tax (\$170), state sales taxes (\$139). These favorable variances are partially offset by and investment loss in the Illinois Metropolitan Investment Fund (IMET) in the amount of \$544. See note 2.

Expenditures in the general fund were \$269 under the amended budget. The Original Budget was amended by \$1,900 for a contribution to the Risk Fund to address the negative cash balance. In spite of costs incurred by the Village from the snow in early 2014, the Village's expenses were within budgeted levels.

### **Capital Asset and Debt Administration (in thousands)**

#### *Capital Assets*

The Village has investment in capital assets for its governmental and business-type activities as of December 31, 2014 of \$188,657 (net of accumulated depreciation). This investment in capital assets includes infrastructure, buildings, land, improvements other than buildings, intangible assets, capital equipment, and construction in progress, and is \$10,997 over last year's total as the Village continues to make needed investment in infrastructure. For more detailed information, see Notes to the Financial Statements #4.

Major capital asset activity during the current period included:

- Street Reconstruction
- Watershed Improvements
- Water main replacements

*Long Term Debt (in thousands)*

At December 31, 2014, the Village had total bonded debt of \$79,650. Of this total, \$25,295 is debt to be repaid from the proceeds of downtown tax increment redevelopment district. These redevelopment districts generate higher taxes as they develop, and those taxes are used for debt service. In the event that the incremental taxes are insufficient, the government has pledged its ad valorem property tax authority as a guarantee. The remaining debt was issued to fund infrastructure projects. These debt issuances all have dedicated revenue sources.

The Village holds an underlying bond rating of AAA from Standard & Poor's. Individual bond ratings are disclosed on the face of the final official statements for the bonds. State Statutes do not limit the amount of general obligation debt a home-rule municipality may issue.

---

**Economic Factors and Next Year's Budgets and Rates**

The Village has been preparing General Fund budgets per the recommendations of the Long Range Plan (LRP). Significant changes to the Village's budget and operations were made to address a substantial structural financial gap in the General Fund as a result of the recession. Guided by the LRP, the Village has responded by reducing expenditures and increasing revenues to ensure that essential Village services continue to be delivered without interruption. Moving forward, the outlook is for moderate growth in revenues. The Village will continue to follow the LRP to operate an organization that is as efficient and lean as possible.

**Requests for Information**

This financial report is designed to provide a general overview of the Village's finances for all those with an interest in the Village's operations. Questions concerning any of the information provided in this report or any requests for additional financial information should be addressed to Judy Buttny, Finance Director/Treasurer, 801 Burlington Ave, Downers Grove, Illinois 60515.

## Village of Downers Grove

Reconciliation of Fund Balances of Governmental Funds to the  
 Governmental Activities in the Statement of Net Position  
 December 31, 2014

FUND BALANCES OF GOVERNMENTAL FUNDS	\$34,770,203
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds	126,561,046
Less internal service funds	(5,637,416)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds	(54,280,000)
Compensated absences payable are not due and payable in the current period, and, therefore, are not reported in the governmental funds	(4,121,955)
Less internal service funds	94,530
The net OPEB payable is not due and payable in the current period, and, therefore, is not reported in the governmental funds	(6,625,873)
Less internal service funds	164,934
Unamortized premium is reported as a liability on the statement of net position	(1,503,085)
The unamortized accounting loss is reported as a deferred outflow in the statement of net position	974,670
Accrued interest on long-term liabilities is reported as a liability on the statement of net position	(901,171)
The net pension asset of the police pension fund is included in the governmental activities in the statement of net position	1,265,427
The net pension obligation of the firefighters' pension fund is included in the governmental activities in the statement of net position	(149,586)
The net pension obligation of the Illinois Municipal Retirement fund is included in the governmental activities in the statement of net position	(371,823)
Less internal service funds	21,170
The net position of the internal service funds are included in the governmental activities in the statement of net position	5,882,902
Less the net position attributable to Business type activities	127,192
NET POSITION OF GOVERNMENTAL ACTIVITIES	\$96,271,165

## Village of Downers Grove

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances  
to the Governmental Activities in the Statement of Activities  
For the Year Ended December 31, 2014

<b>NET CHANGE IN FUND BALANCES -</b>		
TOTAL GOVERNMENTAL FUNDS	\$	(7,990,289)
Amounts reported for governmental activities in the statement of net position are different because:		
Governmental funds report capital outlays as expenditures, however, they are capitalized and depreciated in the statement of activities		
Less internal service funds		8,153,505
		(561,995)
Some expenses in the statement of activities (e.g., depreciation) do not require the use of current financial resources and, therefore, are not reported as expenditure in the governmental funds.		
Less internal service funds		(3,504,236)
		816,049
Bond proceeds are reported as an other financing source in governmental funds		
		(6,725,000)
The repayment of the principal portion of long-term debt is reported as an expenditure when paid, along with refundings as an other financing use, but they are reductions of principal outstanding in the statement of net position		
		11,517,556
The change in accrued interest payable on long-term debt is reported as an expense on the statement of activities		
		33,907
The change in the compensated absences liability is reported as an expense on the statement of activities		
Add internal service funds		73,025
		5,255
The increase in net pension asset is reported as a reduction of expense on the statement of activities		
		51,012
The decrease in the net pension obligation is reported as a reduction of expense on the statement of activities		
		23,362
The decrease in the net pension obligation for the Illinois municipal retirement fund is reported as a decrease in expense on the statement of activities		
Less internal service funds		(7,204)
		453
The accounting loss is reported as an expense in the statement of activities		
		(108,604)
Premiums on bond issues are reported as an other financing source in governmental funds		
		(248,827)
The amortization of the premium on long-term debt is reported as a reduction of expense on the statement of activities		
		170,440
The increase in OPEB payable is reported as an increase in expense on the statement of activities		
Less internal service funds		(206,371)
		14,859
The change in net position of certain activities of internal service funds is reported in governmental funds		
Less the change in net position attributable to Business type activities		724,612
		(81,957)
<b>CHANGES IN NET POSITION OF GOVERNMENTAL ACTIVITIES</b>	<b>\$</b>	<b><u>2,149,552</u></b>

Village of Downers Grove  
Notes to Financial Statements  
December 31, 2014

---

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Village of Downers Grove, Illinois (Village) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the Village's accounting policies are described below.

A. Reporting Entity

The Village is a municipal corporation governed by an elected board. As required by GAAP, these financial statements present the Village (the primary government). In evaluating how to define the reporting entity, management has considered all potential component units. Component units are legally separate organizations for which the Village is financially accountable or other organizations for which the nature and significance of their relationship with the Village are such that their exclusion would cause the reporting entity's financial statements to be misleading.

The Village's financial statements include two pension trust funds:

Police Pension Employees Retirement System

The Village's police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Mayor, one pension beneficiary elected by the membership, and two police employees elected by the membership constitute the pension board. The Village and PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. The State of Illinois is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it possesses many of the characteristics of a legally separate government, the PPERS is reported as if it were a part of the primary government because its sole purpose is to finance and administer the pensions of the Village's police employees and because of the fiduciary nature of such activities. The PPERS is reported as a pension trust fund, because of the Village's fiduciary duties, and the data for this component unit is included in the government's fiduciary fund financial statements.

Firefighters' Pension Employees Retirement System

The Village's sworn firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). The FPERS functions for the benefit of those

Village of Downers Grove  
Notes to Financial Statements (Continued)

---

employees and is governed by a five member pension board. Two members appointed by the Mayor, one pension beneficiary elected by the membership, and two fire employees elected by the membership constitute the pension board. The Village and FPERs participants are obligated to fund all FPERs costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. The FPERs is reported as a pension trust fund because of the Village's fiduciary duties, and the data for this component unit is included in the government's fiduciary fund financial statements.

Discretely Presented Component Unit - Downers Grove Public Library

The component unit in the basic financial statements includes the financial data of the Village's component unit. It is reported in a separate column to emphasize that it is legally separate from the Village.

The Downers Grove Public Library (the Library) operates and maintains the public library within the Village. The Library's Board is appointed by Village Council and its annual budget and property tax levy requests are subject to the Village Council's approval.

The Library does not issue separate financial statements but more information can be obtained from the Library's offices at 1050 Curtiss, Downers Grove, Illinois, 60515.

B. Fund Accounting

The Village uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to determine legal compliance and to aid financial management by segregating transactions related to certain governments' functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into the following categories: governmental, proprietary, and fiduciary.

Governmental funds are used to account for substantially all of the Village's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general capital assets (capital projects funds), and the servicing of general long-term debt (debt service funds). The general fund is used to account for all activities of the general government, not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the Village (internal service funds).

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Village. The Village utilizes pension trust funds and agency funds which are generally used to account for assets that the Village holds in fiduciary capacity or on behalf of others as their agent.

C. Government-Wide and Fund Financial Statements

In June 2012, the GASB issued statement No. 67 – *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*. This statement establishes accounting and financial reporting standards for the activities of pension plans that are administered through trusts and meet certain criteria. This statement replaces the requirements of Statements No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and No. 50, *Pension Disclosures* as they relate to pension plans that are administered through trusts or equivalent arrangements that meet certain requirements. This standard was implemented effective January 1, 2014.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Village. The effect of interfund activity has been removed from these statements; however interfund services provided and used are not eliminated on these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. Non-major funds are reported in the supplementary information.

The Village reports the following major governmental funds:

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

The *General Fund* is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Downtown Redevelopment Tax Increment Financing District Fund* accounts for all activities related to the redevelopment of downtown Downers Grove. The revenue in this fund is from the collection of the TIF property tax increment created from the increase in the value of property within the district.

The *Capital Improvements Fund* accounts for capital projects being completed in the Village.

The Village reports the following major proprietary funds:

The *Waterworks Fund* accounts for the provision of potable water services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund including but not limited to administration, operations, maintenance, financing and related debt service, and billing and collection.

The *Parking Fund* accounts for the fee-based parking throughout the Village. All activities including lot maintenance, parking permits administration, parking enforcement, and collections are included in this fund.

The *Stormwater Utility Fund* accounts for projects recommended to address drainage and stormwater issues within the public system. All activities necessary to provide such services are accounted for in this fund including but not limited to administration, operations, maintenance, financing and related debt service, and billing and collection.

Additionally, the Village reports the following funds:

*Internal Service Funds* account for equipment replacement, risk management, health insurance, and fleet management services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

*Pension Trust Funds* account for the activities of the accumulation of resources to pay pension costs. Resources are contributed by members at rates fixed by state statutes and by the government through an annual property tax levy.

*Agency Funds* account for the activities of the Village but are unavailable for the use of the Village due to the Village being a pass through or holder of funds (i.e., construction deposit fund).

Village of Downers Grove  
Notes to Financial Statements (Continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund statements except for agency funds which do not have a measurement focus. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expense are directly attributable to the operation of the proprietary funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for sales taxes and telecommunication taxes which use a 90 day period. Expenditures, generally, are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded when payment is due.

Sales taxes, licenses, interest revenue, and charges for services revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Income taxes and fines collected and held by the state or county at year end on behalf of the Village also are recognized as revenue. Fines and permits revenues are not susceptible to accrual because generally they are not measurable until received in cash. All other revenue items are considered to be measurable and available only when cash is received by the Village. The Village recognizes property taxes when they become both measurable and available in the year intended to finance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the Village's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

The Village reports unearned revenue and unavailable revenue on its financial statements. Unearned and unavailable revenues arise when a potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Unearned revenue and unavailable revenues also arise when resources are received by the Village before it has a legal claim to them, as when grant monies are received prior to the incurrence of expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the liability for unearned or unavailable revenue is removed from the financial statements and revenue is recognized.

E. Cash and Cash Equivalents and Investments

For purposes of the statement of cash flows, the Village’s enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Since the Village pools its cash and investments, all investments are considered cash equivalents.

Investments consist of certificates of deposit, treasury obligations, mutual funds, and insurance contracts with maturities greater than three months. Investments are reported at fair value except that non-negotiable certificates of deposit are stated at cost or amortized cost.

F. Receivables

The recognition of receivables associated with nonexchange transactions are as follows:

- Derived tax receivables (such as: sales taxes) are recognized when the underlying exchange has occurred.
- Imposed nonexchange receivables (such as: property taxes and fines) are recognized when an enforceable legal claim has arisen.
- Government mandates or voluntary non-exchange transaction receivables (such as: mandates or grants, income and motor fuel taxes) are recognized when all eligibility requirements have been met.

G. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

H. Inventory

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory amounts are recorded on the basis of a physical count at the fiscal year end. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

I. Prepaid Items/Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

J. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as having a useful life greater than one year with an initial, individual cost of \$25,000 or more for all capital assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Description	Years
Infrastructure	20 - 50
Buildings	50 - 65
Improvements other than buildings	50 - 65
Capital equipment	5 - 15
Intangible Assets	5 - 10

K. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

A deferred charge on refunding arises from an advance refunding of debt. The difference between the cost of the securities placed in trust for future payment of refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund.

L. Compensated Absences

It is the Village's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. If the bargaining employee started before May 1, 1995, the Village will pay accumulated sick time when employment has ceased. If the employee started after May 1, 1995, there is no liability for unpaid accumulated sick leave. If the non-bargaining employee started before December 1, 1993, the Village will pay accumulated sick time when employment has ceased. If the employee started after December 1, 1993, there is no liability for unpaid accumulated sick leave. All pay due in the event of termination is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have been incurred, for example, as a result of employee resignations and retirements near the end of the fiscal year and the payout is actually due to them but has not yet been paid.

M. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

N. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow resource (revenue) until that future time.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

O. Fund Balances/Net Position

Governmental fund equity is classified as fund balance and displayed as follows:

a. Nonspendable – Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.

b. Restricted – Consists of fund balances constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities or from enabling legislation adopted by the Village.

c. Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the Village through formal action of the Mayor and Village Council. Fund balance amounts are committed through an ordinance of the village. This ordinance must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require another ordinance by the Village.

d. Assigned – Represents amounts constrained by the Village's intent to use them for a specific purpose. The Village Council has the authority to assign fund balance.

e. Unassigned – Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

The Village considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the Village would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. None of the Village's net position is restricted as a result of enabling legislation adopted by the Village. Net investment in capital assets represents the book value of capital assets less any long-term debt outstanding issued to acquire or construct the capital assets.

Proprietary fund equity is classified the same as in the government-wide statements.

P. Interfund Transactions

Transactions that constitute reimbursements to a fund for expenditures/expenses

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except interfund services and reimbursements, are reported as transfers.

Q. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds, except the pension trust funds. In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

A. Village Deposits and Investments

The Village's investment policy authorizes the Village to invest in all investments allowed by Illinois Compiled Statutes except for repurchase agreements. These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value).

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety, liquidity, and yield.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Village's deposits may not be returned to it. On January 1, 2013, the temporary unlimited coverage for noninterest bearing transaction accounts

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

expired. Therefore, demand deposit accounts (interest-bearing and noninterest-bearing) are insured for a total of \$250,000 beginning January 1, 2013. In addition, if deposits are held in an institution outside of Illinois, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts. The Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Village, an independent third-party or the Federal Reserve Bank in the Village's name. The Village is in compliance with this policy.

Illinois funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which investments could be sold.

On September 29, 2014, the Illinois Metropolitan Investment Trust (IMET) was informed of defaults on certain loans believed to be guaranteed in its Convenience fund in the amount of \$50,442,143 caused by fraud on the part of First Farmer's Financial (FFF), a USDA approved lender. This amount represented 2.8% of the Convenience Fund at the time. As of June 1, 2015, only minor recoveries have been made on the fraudulent investments. Additional recoveries are expected; however, the timeline and amount are uncertain. Since the level of recoveries beyond those already received could not be determined, the market value of these investments must be considered to be equal only to the amounts actually recovered. This resulted in a decrease in the value of the Village's IMET investment in the amount of \$557,301 as of December 31, 2014.

#### Investments

The following table presents the investments and maturities of the Village's debt securities as of December 31, 2014:

Investment Type	Fair Value	Less than 1	1-5
Municipal Bonds	\$ 5,958,831	\$ 1,759,111	\$ 4,199,720
Federal Home Loan Bank Note	6,365,398	-	6,365,398
Federal Farm Credit Bank Note	1,544,348	-	1,544,348
Federal Home Loan Mortgage	199,836	-	199,836
Negotiable CDs	1,215,000		1,215,000
Total	<u>\$15,283,413</u>	<u>\$ 1,759,111</u>	<u>\$ 13,524,302</u>

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Village limits its

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

exposure to interest rate risk by structuring the portfolio to provide liquidity for cash requirements for ongoing operations in shorter-term securities.

Investment Type	Fair Value	Investment ratings		
		AAA	AA	Not Rated
Municipal Bonds	\$ 5,958,831	\$1,264,232	\$4,694,599	\$ -
Federal Home Loan Bank Note	6,365,398	-	6,365,398	-
Federal Farm Credit Bank Note	1,544,348	-	1,544,348	-
Negotiable CDs	1,215,000	-	-	1,215,000
Illinois Funds	3,571,575	3,571,575	-	-
<b>Total</b>	<b>\$18,655,152</b>	<b>\$4,835,807</b>	<b>\$12,604,345</b>	<b>\$1,215,000</b>

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The Village limits its exposure to credit risk limiting investments to the safest types of securities; pre-qualifying the financial institutions, intermediaries, and advisors with which the Village will conduct business; and diversifying the investment portfolio so that potential losses on individual investments will be minimized.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by an independent third-party custodian in the Village's name and evidenced by safekeeping receipts and a written custodial agreement. Illinois Funds are not subject to custodial credit risk. The Village is in compliance with this policy.

Concentration of credit risk is the risk that the Village has a high percentage of its investments invested in one type of investment. The Village's investment policy requires diversification of investments to avoid unreasonable risk by limiting investments to avoid over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities); no financial institution shall hold more than 40% of the Village's investment portfolio, exclusive of U.S. Treasury securities in safekeeping; monies deposited at a financial institution shall not exceed 75% of the capital stock and surplus of that institution; commercial paper shall not exceed 10% of the Village's investment portfolio, except bond issue proceed investments; and deposits in any one public investment pool shall not exceed 50% of the Village's investment portfolio. The Village has \$6,365,398 invested in Federal Home Loan Bank Notes and \$1,544,349 invested in Federal Farm Credit Banks which is over 5% of the Village's investment portfolio.

B. Police Pension Fund Deposits and Investments

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

The Police Pension Fund's investment policy authorizes the Police Pension Fund to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, interest bearing obligations of the U.S. Treasury and U.S. Agencies, interest bearing bonds of the State of Illinois or any county, township, or municipal corporation of the State of Illinois, direct obligations of the State of Israel, money market mutual funds whose investments consist of obligations of the U.S. Treasury or U.S. Agencies, separate accounts managed by life insurance companies, Mutual Funds, common and preferred stock, and Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value).

The police pension fund's investment policy allows investments in all of the above listed accounts, but does exclude any repurchase agreements. The police pension fund's investment policy, in accordance with Illinois Statutes, establishes the following target allocation across asset classes:

Asset Class	Target	Expected Rate of Return Assumption	Real Rate of Return Assumption
Fixed Income	42.5%	3.7%	1.5 %
Domestic Equities	35.0%	8.2%	6.0%
International Equities	10.0%	8.5%	6.3%
Real Estate	12.5%	8.1%	5.9%
Cash and Cash Equivalents	0.0%	2.5%	0.3%

Illinois Compiled Statutes (ILCS) limit the Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund. The blended asset class is comprised of all other asset classes to allow for rebalancing the portfolio.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in December 2014 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2014 are listed in the table above.

For the year ended December 31, 2014, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 3.4 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

It is the policy of the Police Pension Fund to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the cash flow demands of the Police Pension Fund and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are safety of principal, liquidity, and rate of return.

#### Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Police Pension Fund's deposits may not be returned to it. The Police Pension Fund's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by an independent third-party or the Federal Reserve Bank, and evidenced by safekeeping receipts. The Village is in compliance with this policy.

#### Investments

The following table presents the investments and maturities of the Police Pension Fund's debt securities as of December 31, 2014:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
Corporate Bonds	\$ 8,327,269	\$ 535,684	\$ 7,791,585	\$ -	\$ -
Foreign Bonds	681,645	-	681,645	-	-
U.S. Obligations	5,350,050	802,298	4,547,752	-	-
U.S. Agency Obligations	4,250,195	1,428	3,424,394	12,908	811,465
<b>TOTAL</b>	<b>\$18,609,159</b>	<b>\$ 1,339,410</b>	<b>\$16,445,376</b>	<b>\$ 12,908</b>	<b>\$ 811,465</b>

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Police Pension Fund's investment policy does not address this issue. The Police Pension Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for all reasonably anticipated operating requirements while providing a reasonable rate of return based on the current market.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

Investment Type	Investment ratings					
	Fair Value	AAA	AA	A	BBB	Not Rated
Corporate Bonds	\$8,327,269	\$ -	\$ 946,705	\$5,556,182	\$ 1,824,382	\$ -
Foreign Bonds	681,645	-	681,645	-	-	-
U.S. Obligations	5,350,050	5,350,050	-	-	-	-
U.S. Agency Obligations	4,250,195	4,250,195	-	-	-	-
Principal U.S. Property						
Separate Acct	3,026,382	-	-	-	-	3,026,382
Total	\$21,635,541	\$9,600,245	\$1,628,350	\$5,556,182	\$ 1,824,382	\$3,026,382

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The Police Pension Fund limits its exposure to credit risk by primarily investing U.S. Government Securities which are rated AAA, and other obligations which are rated BBB or better by a national rating agency.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Police Pension Fund will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Police Pension Fund's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by a third-party custodian and evidenced by safekeeping receipts. Illinois Funds are not subject to custodial credit risk. The Village is in compliance with this policy.

Concentration of credit risk is the risk that the Police Pension Fund has a high percentage of its investments invested in one type of investment. The Police Pension Fund's investment policy requires diversification of investment to avoid unreasonable risk. Target percentages are fixed income 55%; large cap domestic equities 25%; small cap domestic equities 10%; and international equities 10%. In the Police Pension, more than 5 percent of the plan's net position is invested in a mutual fund/insurance contract purchased through Principal Financial Group. The Police Pension holds \$3,026,382 in a mutual fund/insurance contract purchased through Principal Financial Group, representing 6.2% of the plan's net position.

C. Firefighters' Pension Fund Deposits and Investments

The Firefighters' Pension Fund's investment policy authorizes the Firefighters' Pension Fund to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds (created by the Illinois state legislature under the control of the State Comptroller that maintains a \$1 per

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

share value which is equal to the participants fair value). The firefighters' pension fund allows funds to be invested in any type of security authorized by the Illinois Pension Code. The firefighters' pension fund's investment policy, in accordance with Illinois Statutes, establishes the following target allocation across asset classes:

Asset Class	Target	Expected Rate of Return Assumption	Real Rate of Return Assumption
Fixed Income	35%	3.7%	1.5%
Domestic Equities	39%	8.2%	6.0%
International Equities	15%	8.5%	6.3%
Real Estate	10%	8.1%	5.9%
Cash and Cash Equivalents	1.0%	2.5%	0.3%

Illinois Compiled Statutes (ILCS) limit the Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund. The blended asset class is comprised of all other asset classes to allow for rebalancing the portfolio.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in December 2014 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2014 are listed in the table above.

For the year ended December 31, 2014, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 5.4% percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

It is the policy of the Firefighters' Pension Fund to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Firefighters' Pension Fund and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are safety of principal, liquidity, and return on investment.

Deposits with Financial Institutions

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Firefighters' Pension Fund's deposits may not be returned to it. The Firefighters' Pension Fund's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by an independent third-party or the Federal Reserve Bank, and evidenced by safekeeping receipts. The Village is in compliance with this policy.

### Investments

The following table presents the investments and maturities of the Firefighters' Pension Fund's debt securities as of December 31, 2014:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
Corporate Bonds	\$ 9,078,207	\$ 185,002	\$ 5,478,481	\$ 3,414,724	\$ -
Foreign Bonds	172,491	-	87,173	85,318	-
U.S. Obligations	2,602,062	-	2,501,902	100,160	-
U.S. Agency Obligations	3,677,424	-	257,466	2,679,268	740,690
Negotiable CDs	4,160,096	245,105	3,914,991	-	-
<b>TOTAL</b>	<b>\$19,690,280</b>	<b>\$430,107</b>	<b>\$12,240,013</b>	<b>\$6,279,470</b>	<b>\$740,690</b>

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Firefighters' Pension Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for all reasonably anticipated operating requirements while providing a reasonable rate of return based on the current market.

Investment Type	Fair Value	Investment ratings				
		AAA	AA	A	BBB	Not Rated
Corporate Bonds	\$9,078,207	\$ -	\$1,827,255	\$5,793,009	\$ 1,457,943	\$ -
Foreign Bonds	172,491	-	172,491	-	-	-
U.S. Obligations	2,602,062	2,602,062	-	-	-	-
U.S. Agency Obligations	3,677,424	3,677,424	-	-	-	-
Negotiable CDs	4,160,096	-	-	-	-	4,160,096
<b>Total</b>	<b>\$19,690,280</b>	<b>\$6,279,486</b>	<b>\$1,999,746</b>	<b>\$5,793,009</b>	<b>\$ 1,457,943</b>	<b>\$4,160,096</b>

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The Firefighters' Pension Fund limits its exposure to credit risk by primarily investing U.S. Government securities which are rated AAA, and other obligations which are rated BBB or better by a national rating agency.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Firefighters' Pension Fund will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Firefighters' Pension Fund's requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by a third-party custodian and evidenced

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

by safekeeping receipts. Illinois Funds are not subject to custodial credit risk. The Village is in compliance with this policy.

Concentration of credit risk is the risk that the Firefighters' Pension Fund has a high percentage of its investments invested in one type of investment. The Firefighters' Pension Fund's investment policy requires diversification of investment to avoid unreasonable risk. Target percentages are fixed income 55%; large cap domestic equities 25%; small cap domestic equities 10%; and international equities 10%.

### 3. RECEIVABLES

#### A. Property Taxes

Property taxes for 2014 attach as an enforceable lien on January 1 of the year of the levy on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are payable in two installments, on or about June 1 and September 1. Tax Increment Financing (TIF) property taxes receipts are received in two installments similar to levied taxes described above. TIF property taxes are not levied, but are paid by the County from incremental property tax receipts of all taxing bodies within a TIF District. The County collects such taxes and remits them periodically. Management has determined that an allowance for uncollectible accounts is not necessary. As the 2014 tax levy is intended to fund expenditures for the 2015 fiscal year, these taxes are deferred as of December 31, 2014.

#### B. Other Receivables

The following receivables are included in other receivables on the Statement of Net Position.

#### GOVERNMENTAL ACTIVITIES

##### OTHER TAXES RECEIVABLE

Telecommunications tax	\$ 832,928
State income tax	535,813
Electricity tax	161,712
Natural gas tax	71,790

TOTAL DEPRECIATION/AMORTIZATION EXPENSE

\$ 1,406,657

5. INTERFUND ADVANCES AND TRANSFERS

At December 31, 2014, interfund advances consist of the following:

Receivable Fund	Payable Fund	Amount
General	Fairview Avenue Debt Fund	\$ 2,033

The interfund balances reflect the interfund borrowing to offset negative cash balances with the Fairview Avenue Debt Fund paying back the general fund.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

At December 31, 2014, interfund transfers consist of the following:

Fund	Transfer In	Transfer Out
Major Governmental		
General (3)	-	1,863,707
Downtown Redevelopment TIF (1)	-	2,836,842
Capital Improvements (1)	-	3,220,976
Capital Improvements (2)	-	500,004
Non-major Governmental		
Transportation (3)	1,863,707	
Downtown TIF Debt Service (1)	3,136,842	
Facilities Debt Service (1)	3,220,976	
Municipal Buildings (2)	500,004	
Enterprise		
Parking (1)	-	300,000
<b>TOTAL</b>	<b>\$ 8,721,529</b>	<b>\$ 8,721,529</b>

The interfund transfers reflect the following transactions: (1) transfer funds for debt service, (2) transfer to fund facilities projects, (3) transfer to eliminate the Transportation Fund.

## 6. LONG-TERM DEBT

### A. Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2014, was as follows:

	Balances January 1	Additions	Reductions	Balances December 31	Current Portion
<b>GOVERNMENTAL ACTIVITIES</b>					
Compensated absences payable*	\$ 4,194,980	\$ 4,121,955	\$ 4,194,980	\$ 4,121,955	\$ 1,236,586

#### B. General Obligation Bonds

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the government. All of the general obligation bonds are retired by the debt service funds, other than \$25.0 M General Obligation Stormwater Improvement Bonds, Series 2008A and \$2.9 M General Obligation Refunding Bonds, Series 2014B retired by the Stormwater fund and \$10.0 M General Obligation Water Bond, Series 2012B retired by the Waterworks fund. General obligation bonds currently outstanding are as follows:

	Balances January 1	Additions	Refunding/ Retirements	Balances December 31	Current Portion
\$9,950,000 General Obligation Refunding Bonds, Series 2005, dated March 1, 2005, due in installments of \$120,000 to \$1,820,000 plus interest ranging from 2.30% to 3.85% due January 1, 2020.	\$ 840,000	\$ -	\$ 840,000	\$ -	\$ -
\$9,250,000 General Obligation Bonds, Series 2007, dated May 1, 2007, due in installments of \$100,000 to \$670,000 beginning January 1, 2009 plus interest ranging from 3.75% to 5.50% due January 1, 2028.	7,730,000	-	6,910,000	820,000	400,000
\$25,000,000 General Obligation Bonds, Series 2008A, dated August 13, 2008, due in installments of \$345,000 to \$2,965,000 beginning January 1, 2010 plus interest ranging from 3.50% to 5.25% due January 1, 2038.	16,245,000	-	2,965,000	13,280,000	370,000
\$3,900,000 General Obligation Refunding Bonds, Series 2008B, dated August 13, 2008, due in installments of \$15,000 to \$1,105,000					

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

beginning January 1, 2010 plus interest ranging from 3.0% to 5.0% due January 1, 2021.	2,205,000	-	45,000	2,160,000	-
\$9,030,000 General Obligation Refunding Bonds, Series 2009, dated April 9, 2009, due in installments of \$880,000 to \$1,130,000 beginning January 1, 2011 plus interest ranging from 2.50% to 5.00% due January 1, 2019.	5,835,000	-	1,130,000	4,705,000	880,000
\$5,805,000 General Obligation Refunding Bonds, Series 2010A, dated March 4, 2010, due in installments of \$175,000 to \$2,690,000 beginning January 1, 2011 plus interest ranging from 2.00% to 5.00% due January 1, 2021.	5,575,000	-	255,000	5,320,000	175,000
\$5,150,000 General Obligation Refunding Bonds, Series 2010B, dated November 10, 2010, due in installments of \$200,000 to \$1,210,000 beginning January 1, 2014 plus interest ranging from 3.00% to 4.00% due January 1, 2021.	5,150,000	-	200,000	4,950,000	380,000
\$25,000,000 General Obligation Bonds, Series 2012A - Roads, dated May 3, 2012, due in installments of \$590,000 to \$1,990,000 beginning January 1, 2013 plus interest ranging from 3.00% to 4.00% due January 1, 2038.	23,010,000	-	1,770,000	21,240,000	1,820,000
\$10,000,000 General Obligation Bonds, Series 2012B - Water, dated May 3, 2012, due in installments of \$375,000 to \$655,000 beginning January 1, 2013 plus interest ranging from 3.00% to 3.50% due January 1, 2032.	9,530,000	-	375,000	9,155,000	390,000
\$8,360,000 General Obligation Refunding Bonds, Series 2013A, dated October 31, 2013, due in installments of \$815,000 to \$1,775,000 beginning January 1, 2015 plus interest ranging from 2.00% to 3.00% due January 1, 2020.	8,360,000	-	-	8,360,000	1,175,000
\$6,725,000 General Obligation Refunding Bonds, Series 2014A, dated August 19, 2014, due in installments of \$35,000 to \$650,000 beginning January 1, 2015 plus interest ranging from 2.00% to 3.50% due January 1, 2028	-	6,725,000	-	6,725,000	35,000
\$2,935,000 General Obligation Refunding Bonds, Series 2014B, dated August 19, 2014, due in installments of \$15,000 to \$665,000 beginning January 1, 2015 plus interest ranging from 2.00% to 4.00% due January 1, 2029	-	2,935,000	-	2,935,000	15,000
<b>TOTAL</b>	<b>\$ 84,480,000</b>	<b>\$ 9,660,000</b>	<b>\$ 14,490,000</b>	<b>\$ 79,650,000</b>	<b>\$ 5,640,000</b>

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

On August 19, 2014, the Village issued \$9,660,000 in General Obligation Refunding Bonds, Series 2014A and 2014B, with interest rates ranging from 2.00% to 4.00% to advance refund \$9,130,000 of outstanding bonds, Series 2007 and Series 2008A with interest rates ranging from 3.75% to 5.50%. The net proceeds of \$9,873,352 (after payment of \$123,741 in underwriting fees, insurance and other issuance costs) were used to prepay the outstanding debt service requirements of the old bonds. The cash flow requirements on the refunded bonds prior to the advance refunding was \$12,975,595. The cash flow requirements on the 2014A and 2014B refunding bonds are \$12,388,381 from August 19, 2014 through January 1, 2029. The current refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$500,960.

C. Debt Service Requirements and Maturities

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending December 31	Governmental Activities		Business-Type Activities	
	General Obligation Bonds		General Obligation Bonds	
	Principal	Interest	Principal	Interest
2015	\$ 4,865,000	\$ 1,756,341	\$ 775,000	\$ 1,004,383
2016	3,740,000	1,654,957	810,000	989,400
2017	4,320,000	1,531,920	840,000	960,975
2018	4,700,000	1,397,107	870,000	931,525
2019	5,100,000	1,249,457	900,000	898,900
2020 - 2024	15,615,000	3,772,127	5,055,000	3,918,375
2025 - 2029	6,565,000	2,309,501	6,035,000	2,930,831
2030 - 2034	4,810,000	1,386,265	6,000,000	1,654,694
2035 - 2038	4,565,000	374,100	4,085,000	420,625
TOTAL	\$54,280,000	\$ 15,431,775	\$ 25,370,000	\$ 13,709,708

D. Legal Debt Margin

The Village is a home rule municipality.

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

“The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: ...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum... shall not be included in the foregoing percentage amounts.”

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

To date, the General Assembly has set no limits for home rule municipalities. The Village qualifies as a Home Rule Unit under Section 6(a) of Article VII of the 1970 Constitution of Illinois and, under the powers granted by this Section, can exercise any power and perform any function pertaining to its village and affairs which is not prohibited by the Illinois State Statutes.

E. Industrial, Commercial and Housing Revenue Bonds and Notes

The issuance of industrial, commercial and housing development revenue bonds by the Village is to finance in whole or in part the cost of the acquisition, purchase, construction, reconstruction, improvement, equipping, betterment, or extension of any economic development project in order to encourage economic development within or near the Village.

The bonds are not a debt of the Village. The entity using the bond proceeds to finance a construction or improvement project is liable for the bonds. Since the Village does not act as an agent for the bonds, the transactions relating to the bonds and property do not appear in the Village's financial statements.

As of December 31, 2014, outstanding industrial, commercial and housing revenue bonds and notes approximated \$25,896,086.

7. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters. The Village is self-insured for all risks and has established a risk financing fund, Risk Management Fund and a Health Insurance Fund (the Funds), for all risks. They are accounted for as internal service funds where assets are set aside for claim settlements. Under this program, the Funds provides coverage up to a maximum of \$1,000,000 for each general liability claim, \$550,000 for each workers' compensation claim, \$10,000 for each property damage claim, and \$125,000 for each health claim. The Village purchases commercial insurance for claims in excess of the coverage provided by the Funds up to \$35,000,000. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

All funds of the Village participate in and make payments to the Funds based upon actuarial estimates of the amounts needed to pay prior and current-year claims. Liabilities of the Funds are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and societal

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

factors. Non-incremental costs are not allocated to the claims liabilities. Changes in the balances of aggregate claims liabilities during the past two fiscal years are as follows:

	Fiscal Year Ended December 31, 2013	Fiscal Year Ended December 31, 2014
CLAIMS PAYABLE, BEGINNING	\$ 3,167,507	\$ 3,037,195
Incurred claims (including IBNR)	6,974,328	7,343,267
Less claims paid	(7,104,641)	(7,024,637)
CLAIMS PAYABLE, ENDING	<u>\$ 3,037,195</u>	<u>\$ 3,355,825</u>

## 8. COMMITMENTS

### A. DuPage Water Commission (DWC)

The Village has committed to purchase water from the DuPage Water Commission. The Village is required to purchase 6.479 million gallons daily, which is 194.37 million monthly. The Village expects to pay the following minimum amounts:

Fiscal Year Ending December 31	Amount
2014	\$ 267,473
2015	267,473
2016	267,473
2017	267,473
2018	267,473
2019	267,473
2020-2024	1,337,365

These amounts have been calculated using the Village's current allocation percentage of 7.38%. In future years, this allocation percentage will be subject to change.

### B. Tax Rebates

The Village has many tax rebate agreements with local businesses to develop and expand their business in the Village. The tax rebates are payable to the vendors quarterly based on information received by the Village from the State of Illinois Department of Revenue. All of the Village's liability as of December 31, 2014, has been reported in the Tax Rebate Fund with the exception of one rebate recorded in the Ogden TIF Fund.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

The Village has a sales tax rebate agreement dated June 5, 2001 with a local retailer to rebate sales taxes on annual sales generated from \$10,000,000 to \$20,000,000. Fifty percent of sales tax on sales generated by the vendor in excess of \$20,000,000 will be rebated to the vendor, subject to a project cap of \$8,000,000 in rebated sales tax. In consideration of the agreement, the retailer will continue to operate its business in the Village for a period of not less than nine years from the date of the agreement. As of December 31, 2014, the Village has \$0 liability with this vendor.

The Village has a sales tax rebate agreement dated March 1, 2005 with a local auto dealership to rebate sales taxes on annual sales generated in excess of a base amount of \$27,000,000. In consideration of the agreement, the vendor will continue to operate an auto dealership in the Village for a period of not less than seven years commencing October 31, 2007. As of December 31, 2014, sales tax rebates of \$57,118 were collected but not yet remitted to the vendor.

The Village has a sales tax rebate agreement dated February 15, 2005 with a local auto dealership to rebate sales taxes on annual sales generated in excess of a base amount of \$25,000,000. In consideration of the agreement, the vendor will continue to operate an auto dealership in the Village for a period of not less than twelve years commencing April 6, 2007. As of December 31, 2014, the Village has \$0 liability with this vendor.

The Village has a sales tax rebate agreement dated September 1, 2009 with a local auto dealership to rebate sales taxes on annual sales beginning in 2010. In consideration of the agreement, the vendor will continue to operate an auto dealership in the Village for a period of not less than ten years. As of December 31, 2014, sales tax rebates of \$125,458 were collected but not yet remitted to the vendor.

The Village has a sales and utility tax rebate agreement dated December 2, 2008 with a corporation to relocate to the Village. In consideration of the agreement, the corporate headquarters will continue to reside in the Village for a period of not less than fifteen years. As of December 31, 2014, taxes of \$8,000 were collected but not yet remitted to the vendor.

The Village has a sales tax rebate agreement dated January 1, 2011 with a local auto dealership to rebate sales taxes on annual sales beginning in 2011. In consideration of the agreement, the vendor will continue to operate an auto dealership in the Village for a period of not less than ten years. As of December 31, 2014, sales tax rebates of \$159,332 were collected but not yet remitted to the vendor.

The Village has a sales tax rebate agreement dated May 8, 2012 with a local retailer to rebate sales taxes on annual sales beginning in 2012. In consideration of the agreement, the retailer will continue to operate its business in the Village for a period of not less than thirteen years. As of December 31, 2014, sales tax rebates of \$10,880 were collected but not yet remitted to the retailer.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

The Village has a sales tax rebate agreement dated December 1, 2011 with a local auto dealership to rebate sales taxes on annual sales beginning in 2012. In consideration of the agreement, the vendor will continue to operate an auto dealership in the Village for a period of not less than ten years. As of December 31, 2014, sales tax rebates of \$144,388 were collected but not yet remitted to the retailer.

The Village has a sales tax rebate agreement dated November 6, 2012 with a local auto dealership to rebate sales taxes on annual sales beginning in 2013. In consideration of the agreement, the vendor will continue to operate an auto dealership in the Village for a period of not less than fifteen years. As of December 31, 2014, sales tax rebates of \$27,515 were collected but not yet remitted to the retailer.

9. CONTINGENT LIABILITIES

A. Litigation

The Village is a defendant in various lawsuits arising out of the normal course of business. It is rigorously defending these suits, as it believes it has a meritorious defense against the claims. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the village attorney that the resolution of these matters will not have a material adverse effect on the financial condition of the Village. The Village's possible exposure under these lawsuits is approximately \$151,480.

B. DuPage Water Commission (DWC)

The Village's water supply agreement with DWC provides that each customer is liable for its proportionate share of any costs arising from defaults in payment obligations by other customers.

C. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

10. POSTEMPLOYMENT BENEFITS

In addition to providing pension benefits, the Village provides post employment health care and life insurance benefits (OPEB), in accordance with the personnel policy manual, to all employees who meet the eligibility requirements under the applicable retirement system. Currently, 72 retirees and spouses meet those eligibility requirements with 363 active members. The employee pays 100% of the cost of the health and life insurance premiums for the post employment benefits with the exception of health benefits for retirees that have reached 65. Once an employee reached 65 years of age, the Village subsidized 50% of the health insurance premium. For new retirees after September 1, 2009, the retiree pays 100% of the cost of the health and

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

life insurance premiums. All health care benefits are provided through the Village's self-insured health plan. The benefit levels are the same as those afforded to active employees. The Village first had an actuarial valuation as of December 31, 2007. The Village's net OPEB obligation was \$7,059,593 as of December 31, 2014.

In the actuarial valuations, the entry-age actuarial cost method was used. The amortization method used was percent of pay. The actuarial assumptions included 4% investment rate of return and an annual healthcare cost trend rate of 5%, a reduction from 6% a year ago. Both rates include a 3% inflation assumption. The remaining open amortization period at December 31, 2014 was 30 years. The funded status of the plan was as follows:

The net OPEB obligation was calculated as follows:

Annual Required Contribution	\$ 461,067
Interest on Net OPEB Obligation	275,367
Adjustment to Annual Required Contribution	<u>(187,121)</u>
Annual OPEB Cost	549,313
Contributions Made	<u>(373,905)</u>
Increase (Decrease) in Net OPEB Obligation	175,408
Net OPEB Obligation, Beginning of Year	<u>6,884,185</u>
Net OPEB Obligation, End of Year	<u>\$7,059,593</u>

Fiscal Year Ended December 31	Annual OPEB Cost	Percentage Contributed	Net OPEB Obligation
2014	\$ 549,313	68.1 %	\$ 7,059,593
2013	419,190	112.5 %	6,884,183
2012	630,688	66.7 %	6,936,478

Actuarial valuations include estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARCs of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress for the postemployment defined benefit plan immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits over time. The Village does not issue a separate report for OPEB. The funded status of the plan as of December 31, 2014 was as follows:

Actuarial Accrued Liability (AAL)	\$ 8,180,520
-----------------------------------	--------------

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

Actuarial Value of Assets	0
Unfunded Actuarial Accrued Liability (UAAL)	8,180,520
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.0%
Covered Payroll	\$24,352,314
UAAL as a Percentage of Covered Payroll	33.6%

Effective January 1, 2014 the Village implemented a fully insured policy for 65 and older retirees resulting in the decrease in the Actuarial Accrued Liability.

## 11. EMPLOYEE RETIREMENT SYSTEMS

### A. Plan Descriptions and Provisions

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent-multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan; and, the Firefighters' Pension Plan which is also a single-employer pension plan (collectively the Pension Plans).

The benefits, benefit levels, employee contributions, and employer contributions for all three plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. None of the Pension Plans issue separate reports on the Pension Plans. However, IMRF does issue a publicly available report that includes financial statements and supplementary information for the IMRF plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

#### Illinois Municipal Retirement Fund

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Public Act 96-0889 created a second tier for IMRF's Regular Plan. Effective January 1, 2011, IMRF assigns a benefit "tier" to a member when he or she is enrolled in IMRF. The tier is determined by the member's first IMRF participation date. If the member first participated in IMRF before January 1, 2011, they participate in Regular Tier 1. If the member first participated in IMRF on or after January 1, 2011, they participate in Regular Tier 2.

For Regular Tier 1, pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1 2/3% of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings for each year of credited service up to 15 years and 2% for each year thereafter. For Regular Tier 2, pension benefits vest after ten years of service. Participating members who retire at or after age 67 with 10 years of service, or age 62 with 35 years of service are entitled to an annual retirement benefit as described above. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

by Illinois Compiled Statutes. Participating members are required to contribute 4.5% of their annual salary to IMRF. The Village contribution rate for 2014 was 16.40 percent of annual covered payroll. For 2013, the employer annual required contribution rate was 16.48 percent.

For December 31, 2014, the Village's annual pension cost of \$2,308,225 was more than the Village's actual contributions. The required contribution was determined as part of the December 31, 2014 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) projected salary increases of 4% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increase of 3% annually. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor. The assumptions used for the 2008 actuarial valuation were based on the 2005-2007 experience study.

Fiscal Year Ended December 31	Annual Pension Cost	Percentage Contributed	Net Pension Obligation
2014	\$ 2,308,225	99.5 %	\$ 464,696
2013	2,278,980	99.6 %	454,965
2012	2,109,480	98.2 %	445,437

#### Police Pension Plan

Police sworn personnel are covered by the Police Pension Plan which is a defined benefit single-employer pension plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contributions levels are governed by Illinois Compiled Statutes (Chapter 40-Article 5/3) and may be amended only by the Illinois legislature. The Village accounts for the Police Pension Plan as a pension trust fund.

Fiscal Year Ended December 31	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension (Asset)
2014	\$ 2,277,346	102.2 %	\$ (1,265,427)
2013	1,916,487	101.7 %	(1,214,415)
2012	1,540,461	103.5 %	(1,182,714)

At December 31, 2014, the Police Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

benefits and terminated	58
Terminated plan members entitled to benefits but not yet receiving them	2
Current employees	
Vested	60
Non-vested	13
 TOTAL	 133

The Police Pension Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Police Pension Plan as provided for in Illinois Compiled Statutes.

Tier 1 – Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, and to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a police officer who retires with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees hired after January 1, 2011, attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a police officer shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase in the CPI, whichever is less.

Funding Policy - Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the Police Pension Plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded by the year

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

2040. For the year ended December 31, 2014, the Village's contribution was 34.56 % of covered payroll. The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### Firefighters' Pension Plan

Fire sworn personnel are covered by the Firefighters' Pension Plan which is a defined benefit single-employer pension plan. Although this is a single-employer pension plan, the defined benefits as well as the employee and employer contributions levels are mandated by Illinois Compiled Statutes (Chapter 40-Article 5/4) and may be amended only by the Illinois legislature. The Village accounts for the Firefighters' Pension Plan as a pension trust fund.

Fiscal Year Ended December 31	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2014	\$ 2,471,296	100.9 %	\$ 149,586
2013	2,189,076	102.8 %	172,948
2012	2,005,438	107.5 %	233,765

At December 31, 2014, the Firefighters' Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated	67
Terminated plan members entitled to benefits but not yet receiving them	3
Current employees	
Vested	49
Non-vested	28
<b>TOTAL</b>	<u>147</u>

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Firefighters' Pension Plan as provided for in Illinois Compiled Statutes.

Tier 1 – Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, and to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a firefighter who retires with 20 or more years of service after January 1, 1977 shall be

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees hired after January 1, 2011, attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a firefighter shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase in the CPI, whichever is less.

Funding Policy - Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the Firefighters' Pension Plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded by the year 2040. For the year ended December 31, 2014, the Village's contribution was 35.49% of covered payroll. The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### Funding Policy and Annual Pension Cost

Village's net pension liability	39,456,126	34,380,211
Plan fiduciary net position as a % of the total pension liability	55.11%	56.94%

The schedule of changes in the employer's net pension liability and related ratios, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information related to the funded status of the Police Pension Fund and Firefighters' Pension Fund.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

Actuarial Assumptions – Total Pension Liability

The total pension liability for the current year above was determined by an actuarial valuation performed as of December 31, 2014 (January 1, 2015) using the following actuarial methods and assumptions:

	Police Pension	Firefighters' Pension
Actuarial valuation date	December 31, 2014	December 31, 2014
Actuarial cost method	Entry Age Normal	Entry Age Normal
Asset valuation method	Market Value	Market Value
Actuarial assumptions:		
Projected salary increases	4.75%	4.75%
Inflation	3.00%	3.00%
Interest rate	7.25%	7.25%
Cost of living adjustments	Tier 1: 3.00% per year, compounded Tier 2: 2.00% per year, simple	Tier 1: 3.00% per year, compounded Tier 2: 2.00% per year, simple

Mortality rates were based on the RP-2000 Mortality Table. The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study conducted by the Illinois Department of Insurance dated September 26, 2012.

Discount rate

Police Pension Plan

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Police Pension Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return (discount rate) on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Firefighters' Plan

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Firefighter Fund's fiduciary net position was projected to be

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return (discount rate) on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Discount rate sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability calculated using the discount rates of 7.25% and 7.25% for the Police Pension Plan and Firefighters' Pension Plan, respectively, as well as what the net pension liability would be if it were to be calculated using discount rates that are 1 percentage point lower or 1 percentage point higher than the current rates:

	1% Decrease	Current Discount Rate	1% Increase
<b>Police Pension Fund</b>			
Discount rate	6.25%	7.25%	8.25%
Net pension liability	51,277,403	39,456,126	29,680,036
<b>Fire Pension Fund</b>			
Discount rate	6.25%	7.25%	8.25%
Net pension liability	44,951,850	34,380,211	25,579,865

#### B. Funded Status and Funding Progress

The funded status and funding progress of the plans were as follows:

	Illinois Municipal Retirement	Police Pension	Firefighters' Pension
Actuarial valuation date	12/31/14	12/31/14	12/31/14
Actuarial accrued liability (AAL)	\$ 49,765,997	\$ 87,900,670	\$ 79,847,569
Actuarial value of plan assets	40,503,361	48,444,544	45,467,358
Unfunded actuarial accrued liability (UAAL)	9,262,636	39,456,126	34,380,211
Funded ratio (actuarial value of plan assets/AAL)	81 %	55 %	57 %
Covered payroll (active plan members)	14,001,840	6,736,518	7,029,608
UAAL as a percentage of covered payroll	66 %	586 %	489 %

The schedule of funding progress for the defined benefit pension plans immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits over time.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

C. Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized when due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. Investment income is recognized as earned. Gains and losses on sales and exchanges of fixed-income securities are recognized on the transaction date.

Administrative Costs

Administrative costs for the Police Pension Plan and Firefighters' Pension Plan are financed primarily through investment earnings.

D. Schedules for the Police and Firefighters' Plans

Assets	<u>Police</u>	<u>Fire</u>	<u>Total</u>
Cash and cash equivalents	\$ 1,797,290	\$ 1,493,352	\$ 3,290,642

## 12. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

### A. Excess Expenditures over Appropriations

Budgeted Fund	Budgeted Expenditures	Excess Expenditures	Expenditures over Budget
Capital Debt Service Fund	\$ 3,220,977	\$ 3,305,959	\$ 84,982
Risk Management Fund	3,020,125	3,272,022	251,897

The Capital Debt Service Fund experienced excess expenditures over budget due to an advanced refunding of Fire Station #2 General Obligation Bonds.

The Risk Fund experienced expenditures which exceeded appropriations due to an accrual for claims payable. The detail of these expenditures can be found in the Combining and Individual Fund Financial Statements and Schedules section.

## 13. GOVERNMENTAL FUND BALANCES

Governmental fund balances reported on the Balance Sheet for the Governmental Funds at December 31, 2014, include the following:

**14. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT PERIOD FINANCIAL STATEMENTS**

The Governmental Accounting Standards Board (GASB) has approved GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27; Statement No. 69, Government Combinations and Disposals of Government Operations; and Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees. Application of these standards may restate portions of these financial statements.

**15. SUBSEQUENT EVENT**

On April 15, 2015, the Village issued \$9,535,000 of General Obligation Bonds of which \$4,535,000 will be used to refund a portion of the 2008 Stormwater Improvement bonds, and \$5,000,000 will be used for Water System infrastructure projects. The bonds are due in installments of \$220,000 to \$1,150,000, with interest rates from 2.0% to 3.5%, and maturing on 1/1/2035.

**16. COMPONENT UNIT - DOWNERS GROVE PUBLIC LIBRARY**

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

A. Summary of Significant Accounting Policies

The statements for the component unit, Downers Grove Public Library (the Library), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the Library accounting policies are described below.

1. Fund Accounting

The Library uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to determine legal compliance and to aid financial management by segregating transactions related to certain governments functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into the following categories: governmental, proprietary, and fiduciary.

Governmental funds are used to account for substantially all of the Library's general activities, including, the acquisition or construction of general capital assets (capital projects funds) and the servicing of general long-term debt (debt service funds). The general fund is used to account for all activities of the Library, not accounted for in some other fund.

2. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Library. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the combining and individual fund financial statements.

The Library reports the following major governmental funds:

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

The *General Fund* is the Library's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Library Construction Fund* is used to account for capital improvements at the Library.

The *Library Debt Service Fund* is used for the payment of the Library's debt service.

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied (i.e. intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Library considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded when payment is due.

Charges for services revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Fine revenues are not susceptible to accrual because generally they are not measurable until received in cash. The Library recognizes property taxes when they become both measurable and available in the year intended to finance.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Library's policy to use restricted resources first, then unrestricted resources as they are needed.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

The Library reports unearned and unavailable revenue on its financial statements. Unearned and unavailable revenues arise when a potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Unearned and unavailable revenues also arise when resources are received by the Library before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Library has a legal claim to the resources, the liability for unearned or unavailable revenue is removed from the financial statements and revenue is recognized.

4. Cash and Cash Equivalents and Investments

Investments consist of certificates of deposit and treasury obligations with maturities greater than three months. Investments are reported at fair value, except that non-negotiable certificates of deposit are stated at cost.

5. Receivables

The recognition of receivables associated with nonexchange transactions is as follows:

- Imposed nonexchange receivables (such as: property taxes and fines) are recognized when an enforceable legal claim has arisen.

6. Capital Assets

Capital assets, which include property, plant, and equipment are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined as having a useful life greater than one year with an initial, individual cost of \$25,000 or more for all capital assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Description	Years
Buildings	50 – 65
Capital equipment	5 – 15

7. Deferred Outflows of Resources

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

A deferred charge on refunding arises from an advance refunding of debt. The difference between the cost of the securities placed in trust for future payment of refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund.

8. Compensated Absences

It is the Library's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All pay due in the event of termination is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have been incurred, for example, as a result of employee resignations and retirements near the end of the fiscal year and the payout is actually due to them but has not yet been paid.

9. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

10. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow resource (revenue) until that future time.

11. Fund Balances/Net Position

Governmental fund equity is classified as fund balance and displayed as follows:

- a. Nonspendable – Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted – Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

- c. Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the Library through formal action of the Library Board. Fund balance amounts are committed through a motion of the Library Board. This motion must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require another motion of the Library Board.
- d. Assigned – Includes spendable fund balance amounts that are intended to be used for specific purposes that are not considered restricted or committed. Fund balance may be assigned through the following: 1) the Village Council and Library Board assign amounts for a specific purpose. 2) All remaining positive spendable amounts in governmental funds, other than the general fund, that are neither restricted nor committed. Assignments may take place after the end of the reporting period.
- e. Unassigned – Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

The Village considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending.

Net investment in capital assets represents the book value of capital assets less any long-term debt outstanding issued to acquire or construct the capital assets.

## 12. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## B. Deposits and Investments

The Library maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Library's funds.

### Library Deposits and Investments

The Library's investment policy authorizes the Library to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value).

The Library's investment policy does limit its deposits to financial institutions that are members of the FDIC system and are capable of posting collateral for amounts in excess of FDIC insurance.

It is the policy of the Library to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Library and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety, liquidity, and yield.

#### Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Library's deposits may not be returned to it. The Library's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Library, an independent third-party or the Federal Reserve Bank of Chicago.

Illinois funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which investments could be sold.

#### Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Library limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for cash requirements for ongoing operations in shorter-term securities.

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The Library limits its exposure to credit risk limiting investments to the safest

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

types of securities; pre-qualifying the financial institutions, intermediaries, and advisors with which the Library will conduct business; and diversifying the investment portfolio so that potential losses on individual investments will be minimized. Illinois Funds are rated AAA. Negotiable CDs are not rated.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Library will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Library's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by an independent third-party custodian and evidenced by safekeeping receipts and a written custodial agreement. Illinois Funds are not subject to custodial credit risk.

Concentration of credit risk is the risk that the Library has a high percentage of its investments invested in one type of investment. The Library's investment policy requires diversification of investments to avoid unreasonable risk by limiting investments to avoid over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities); no financial institution shall hold more than 40% of the Library's investment portfolio, exclusive of U.S. treasury securities in safekeeping; monies deposited at a financial institution shall not exceed 75% of the capital stock and surplus of that institution; commercial paper shall not exceed 10% of the Library's investment portfolio, excepting bond issue proceeds; investments; and deposits in any one public investment pool shall not exceed 50% of the Library's investment portfolio.

C. Receivables

Property taxes for 2013 attach as an enforceable lien on January 1 of the year of the levy on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically. Management has determined that an allowance for uncollectible accounts is not necessary. As the 2014 tax levy is intended to fund expenditures for the 2015 fiscal year, these taxes are deferred as of December 31, 2014.

D. Capital Assets

Capital asset activity for the year ended December 31, 2014 was as follows:

	Balances January 1	Increases	Decreases	Balances December 31
GOVERNMENTAL ACTIVITIES				
Capital assets not being depreciated				
Land	\$ 222,211	\$ -	\$ -	\$ 222,211

TOTAL	<u>\$ 2,665,651</u>	<u>\$ 34,690</u>	<u>\$ 622,361</u>	<u>\$ 2,077,980</u>	<u>\$ 609,226</u>

\* The Library General Fund liquidates the compensated absences, Net OPEB and Net Pension IMRF liabilities.

General Obligation Bonds

The Village issues general obligation bonds for the Library to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the government. All of the general obligation bonds are retired by the debt service fund. General obligation bonds currently outstanding are as follows:

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

	Balances January 1	Additions	Refunding/ Retirements	Balances December 31	Current Portion
\$2,430,000 General Obligation Refunding Bonds, Series 2013, dated January 22, 2013, due in installments of \$600,000 to \$615,000 plus interest at .920% due January 1, 2017.	\$ 2,430,000	\$ -	\$ 600,000	\$ 1,830,000	\$ 600,000
<b>TOTAL</b>	<b>\$ 2,430,000</b>	<b>\$ -</b>	<b>\$ 600,000</b>	<b>\$ 1,830,000</b>	<b>\$ 600,000</b>

### Debt Service Requirements and Maturities

Annual debt service requirements to maturity for general obligation bonds and note payable are as follows:

Fiscal Year Ending December 31	Governmental Activities	
	Principal	Interest
2015	600,000	14,076
2016	615,000	8,487
2017	615,000	2,829
<b>TOTAL</b>	<b>\$ 1,830,000</b>	<b>\$ 25,392</b>

#### F. Risk Management

The Library is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters. The Library purchases insurance in the open market.

#### G. Contingent Liabilities

The Library is not aware of any current or potential litigation.

#### H. Post Employment Benefits

In addition to providing pension benefits, the Village provides post employment health care and life insurance benefits (OPEB), in accordance with the personnel policy manual, to all employees who meet the eligibility requirements under the applicable retirement system. Currently, 24 active members are participating in the Village's health care plan. The employee pays 100% of the cost of the health and life insurance premiums for the post employment benefits with the exception of health benefits for retirees that have reached 65. Once an employee reaches 65 years of age, the Village subsidizes 50% of the health insurance premium. For new retirees after September 1, 2009, the retiree pays 100% of the cost of the health and life insurance premiums. The annual required

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

contribution for 2014 was \$10,548. All health care benefits are provided through the Village's self-insured health plan. The benefit levels are the same as those afforded to active employees. The Village first had an actuarial valuation as of December 31, 2007. The Library's Net OPEB obligation as of December 31, 2014 was \$160,587.

In the actuarial valuations, the entry-age actuarial cost method was used. The actuarial assumptions included 4% investment rate of return and an annual healthcare cost trend rate of 5%. Both rates include a 3% inflation assumption. The remaining amortization period at December 31, 2014 was 30 years. The funded status of the plan as of December 31, 2014 was as follows:

The net OPEB obligation was calculated as follows:

Annual Required Contribution	\$ 10,548
Interest on Net OPEB Obligation	6,318
Adjustment to Annual Required Contribution	<u>(5,265)</u>
Annual OPEB Cost	11,601
Contributions Made	<u>(8,952)</u>
Increase (Decrease) in Net OPEB Obligation	2,649
Net OPEB Obligation, Beginning of Year	<u>157,938</u>
Net OPEB Obligation, End of Year	\$ <u>160,587</u>

Actuarial valuations include estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARCs of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The funded status of the plan as of December 31 was as follows:

Actuarial Accrued Liability (AAL)	\$ 141,369
Actuarial Value of Assets	0
Unfunded Actuarial Accrued Liability (UAAL)	141,369
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.0%
Covered Payroll	\$ 1,403,648
UAAL as a Percentage of Covered Payroll	10.07 %

#### I. Stewardship, Legal Compliance and Accountability - Budgets

All departments of the Library submit requests for budgets to the Library Director so that a budget may be prepared. The budget is prepared by fund and includes information on the past year, current year estimates, and requested budgets for the

Village of Downers Grove  
Notes to Financial Statements (Continued)  
December 31, 2014

---

next fiscal year.

The proposed budget is presented to the Library Board for review.

The Library Director is authorized to transfer budgeted amounts between programs within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Library Board and Village Council.

## Village of Downers Grove

Notes to Required Supplementary Information  
December 31, 2014

---

**1. BUDGETS**

All departments of the Village submit requests for budgets to the Village Manager so that a budget may be prepared. The budget is prepared by fund and includes information on the past year, current year estimates, and requested budgets for the next fiscal year. All governmental funds have legally adopted annual budgets. Budgets are prepared in accordance with generally accepted accounting principles, except for depreciation.

The proposed budget is presented to the Village Council for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget.

The manager is authorized to transfer budgeted amounts between programs within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body. Three budget amendments were completed during the fiscal year with Village Council's approval.

Expenditures may not legally exceed budgeted appropriations at the fund level.

(See independent auditors' report)
