**Report for the Village Council Meeting**  
**10/13/2015**

<b>SUBJECT:</b>	<b>SUBMITTED BY:</b>
Solid Waste Collection and Disposal Services	David Fieldman Village Manager

**SYNOPSIS**

A resolution has been prepared to authorize approval of a two-year contract extension with Allied Waste Services of North America, LLC. for solid waste collection and disposal services.

**STRATEGIC PLAN ALIGNMENT**

The Goals for 2011 to 2018 include *Exceptional Municipal Services & Financial/Environmental Sustainability*.

**FISCAL IMPACT**

The cost to provide a downtown recycling program is \$9,900 per year. If the Village Council would like to proceed with this service, staff recommends that the full amount of \$19,800 be paid from the FY2015 General Fund Budget. Sufficient budget authority exists to make the payment in this fiscal year. The Village would be responsible for purchasing recycling containers, which are estimated at a total cost of \$4,500 and would be paid from the FY2015 General Fund.

**UPDATE & RECOMMENDATION**

This item was discussed at the October 6, 2015 Village Council meeting. The Council asked for additional clarification on the cost of Amnesty Day stickers. Republic Services proposed the following requirements:

- Sticker (volume-based) users - 5 stickers
- 35-gallon cart users - 4 stickers
- 65-gallon cart users - 3 stickers
- 95-gallon cart users - 2 stickers

Republic Services stated that the stickers required for Amnesty Day collection vary depending on the household's service level. A household that rents a 95-gallon refuse cart is purchasing the equivalent of 3 stickers each week. The household that rents a 65 gallon cart is purchasing the equivalent of 2 stickers while the household that is renting a 35 gallon cart is purchasing the equivalent of 1 sticker.

Staff recommends approval on the October 13, 2015 Active Agenda.

**BACKGROUND**

The Village of Downers Grove contracts for solid waste (refuse, recycling and yard waste) collection and disposal services. This contract serves approximately 14,550 households and provides options for residents to dispose of solid waste with the use of stickers or by renting carts for a monthly fee. More information regarding this service can be found at the following website link: <http://www.downers.us/res/garbage-and-recycling>. Republic Services, Inc. has provided services under the current contract, which took effect on April 1, 2011 and is set to expire on March 31, 2016. The current contract was negotiated with Republic Services and adopted in 2010.

Following a discussion of the process for renewal of this contract on August 18, 2015, the Village Council directed staff to negotiate a two-year extension with Republic Services based on the following contract extension terms submitted by Republic Services:

**Term of Extension:** 2 years

**Trash Collection Program:** No Change

**Recyclables Collection Program:** No Change

**Yard Waste Collection Program:** No Change

**Amnesty Day:** The Village, at its option, may elect to have one Amnesty Day during the extension term. Residents using the sticker program would be required to place stickers on the first five items set out for collection. Residents using the cart program would be required to place stickers on a reduced number of first items set out for collection and not contained within their cart: (95g cart) two items, (65g cart) three items, and (35g cart) four items.

Additionally, the Amnesty Day would be promoted in conjunction with a Village wide reuse, repurpose and recycle event to promote the donation of useful household items and clothing to local charities (e.g. Good Will, Salvation Army, Savers, etc.)

**Pricing:** All current pricing, in effect, would remain unchanged during the two year extension term.

In addition, the Village Council could choose to establish a downtown recycling program as part of this contract extension. Republic Services would provide twice weekly service for up to fifteen recycling containers at a cost of \$825 per month. The containers would be provided by the Village at an estimated total cost of \$4,500. If approved, the Village would also work with the Downtown Management Corporation to determine the most desirable locations for the recycling containers and means by which to effectively promote the program.

The contract extension document includes the following additional provisions:

1. A definition for electronic waste
2. Specific costs for the provision of additional emergency services by Republic Services, should the Village request them.
