The Village's Fleet Team, consisting of representatives from the Village Manager's Office and Finance, Public Works, Police and Fire Departments evaluated the need to replace the vehicles. All Village vehicles and equipment are targeted for replacement according to useful lifecycle replacement criteria. These criteria include age, usage, condition, repair costs, fuel efficiency and environmental impact. The Fleet Team reviewed the vehicles scheduled to be replaced and determined that the criteria for replacement were met in this case.

The following table provides additional information regarding the vehicles scheduled to be replaced:

1. **ACCEPTANCE OF PURCHASE ORDER.** A Purchase Order is given for immediate acceptance by the Seller. Unless promptly notified to the contrary, the County will assume the Seller accepts the order as written and will make delivery as specified on the document.
2. **ENTIRE AGREEMENT.** All specifications, drawings, and data submitted to the Seller with this order or the solicitation for this order are hereby incorporated herein and made a part hereof. This contract contains the entire agreement of the parties. No change in quantities, prices, specifications, terms or shipping instructions will be allowed except on written authority of the Lake County Purchasing Division. Any additional or different terms and conditions proposed by Seller are objected to and hereby rejected, unless specifically agreed to by the County.
3. **INDEMNIFICATION.** The Seller shall indemnify, keep and save harmless the County, its agents, officials, and employees from and against all injuries, losses, claims, suits, costs and expenses which may accrue against the County as a consequence of granting the Contract.
4. **MODIFICATION.** The County may, by written Order, make changes in the specifications if such changes are within the general scope of the Contract.
If such changes cause an increase or decrease in the Seller's costs or in the time required for performance of the Contract: (a) the seller shall promptly notify the County and assert its claim for adjustment within fifteen (15) calendar days and (b) an equitable adjustment shall be made by the County and the Contract modified accordingly. Nothing in this clause shall excuse the Seller from performing.
5. **DEFAULT.** Time is of the essence of this contract and if delivery of acceptable items or rendering of services is not completed by the time promised, the County reserves the right without liability, in addition to its other rights and remedies, to terminate this contract by notice effective when received by Seller, as to stated items not yet shipped or services not yet rendered, and to purchase substitute items or services elsewhere and charge the Seller with any and all losses incurred.
6. **TRANSPORTATION CHARGES.** Transportation expense for all shipments shall be prepaid to destination. Shipments sent C.O.D. or freight collect without the County's written consent will not be accepted and will, at Seller's risk and expense, be returned to Seller. No charges will be allowed by the County for transportation, packing, cartage or containers unless otherwise authorized in the Purchase Order.
7. **UNAVOIDABLE DELAY.** If the Seller is delayed in the delivery of goods purchased under the Purchase Order by a cause beyond its control, Seller must immediately, upon receiving knowledge of such delay, give written notice to the County and request an extension of time. The County shall examine the request and determine if the Seller is entitled to an extension.
8. **QUANTITY.** Quantities furnished in excess of those specified in the Purchase Order will not be accepted and will be held at Seller's risk and expense.
9. **INSPECTION.** Materials or equipment purchased are subject to inspection and approval at the County's destination. Rejected materials or equipment shall be removed by, or at the expense of, the Seller promptly after rejection.
10. **WARRANTY.** The Seller warrants that all goods and services furnished hereunder will conform in all respects to the terms of this order, including any drawings, specifications or standards incorporated herein, and that they will be free from latent and patent defects in materials, workmanship and title, and will be free from such defects in design. In addition, Seller warrants that said goods and services are suitable for, and will perform in accordance with, the purposes for which they are purchased, fabricated, manufactured and designed or for such other purposes as are expressly specified in this order. The County may return any nonconforming or defective items to the Seller or require correction or replacement of the item at the time the defect is discovered, all at the Seller's risk and expense. Acceptance shall not relieve the Seller of its responsibility.

Upon termination for convenience of Buyer, the Buyer will assume responsibility for specific contractual or scheduled financial commitments made prior to notice of termination. Any and all services, property, publications, or materials provided during or resulting from the Contract shall become the property of the Buyer. If however, termination is occasioned by Seller's breach of any condition hereof, including breach of warranty, or by Seller's delay, except due to circumstances beyond the Seller's control and without Seller's fault or negligence, Seller shall not be entitled to any claim or costs or to any profit referred to in said clause, and Buyer shall have against Seller all

The overarching objective is to maximize participation from these businesses in the County's procurement process, in accordance with applicable law. The County will take all necessary and reasonable steps to assure that business enterprises defined as L/W/MBE shall have a fair opportunity to participate in County contracts. As part of its Economic Opportunity Program (EOP) commitment the County will make every effort to achieve the following objectives:

- (a) To ensure nondiscrimination in the award and administration of contracts;
- (b) To create a level playing field on which L/W/MBEs can compete fairly for contracts by providing any necessary training and assistance in bid preparation;
- (c) To ensure that the County's EOP is narrowly tailored in accordance with applicable law;
- (d) To establish a means for firms identifying themselves as L/W/MBEs to register for procurement opportunities and work cooperatively with contracted firms to report on measures that demonstrates the County's commitment to its EOP; and,
- (e) To help remove barriers to the participation of L/W/MBEs through notification of contract opportunities.

Successful bidders are encouraged to work with Workforce Development to post any and all opportunities for employment on County contracts. Lake County's Workforce Development mission is to foster and ensure the economic prosperity of the Lake County community by maximizing the potential of businesses and workers. As such, Workforce Development provides a key resource for job seekers and employers.

State law mandates an open and competitive bidding process and requires that publicly procured contracts be awarded to the lowest responsible and responsive bidder with no demonstrated preference based on the bidder's location, race and gender.
