Proclamation

National Garden Week - June 7, 2016

Commuter Parking Permit Fees

Beginning with the first quarter of 2017, commuter parking permit fees will increase from \$90 to \$93 for resident commuter parking permits, and from \$130 to \$134 for non-resident commuter parking permits. Notice of this increase will be printed on the fourth quarter invoices to be mailed out this month.

Permit Activity

A total of 1,043 building permit applications have been submitted so far this year, an increase of over 3% from last year. In May, the Village received 278 permit applications which represents a 7% increase in applications compared to May 2015. Currently, the Village has an average first review time for all permits of 7.22 business days and has been completing first reviews on larger permits (new single family, new commercial and larger residential additions) in 10 business days. Based on the increase in May, permit applications and permit review times for larger projects may increase by a few days. The Village is responding to this increase by using outside contractors, seasonal staff, and summer interns to assist in permit processing and inspections.

[Roadway Maintenance Program](#)

The Village's contractor has performed limited saw-cutting of pavements, and will begin removal and replacement of concrete curb and gutter where appropriate the week of June 6. The contractor will begin their work at the south end of the Village.

[Lacey Creek Streambank Stabilization](#)

The Village contractor has set up de-watering operations, and will begin wall removals on the streambank the week of June 6.

Lacey Road Reconstruction

The contractor will begin work north of Ogden with storm sewers and utilities the week of June 13. Paving is scheduled to begin after July 4.

Burlington Road Reconstruction and Grand Ave Watermain Replacement

The contractor is scheduled to begin work on this project the week of June 13.
