RECOMMENDATION

Approval on the August 8, 2017 active agenda per the Plan Commission's 4:3 positive recommendation. The Plan Commission found that the new development and use is compatible with the Comprehensive Plan and meets all standards of approval for a Planned Unit Development Amendment (Section 28.12.040), Special Use (Section 28.12.050) and Plat of Subdivision (Section 20.505). The dissenting commission members felt that the application did not meet the second criteria for a Special Use approval, specifically the proposed location being necessary or desirable to provide the service or facility in the interest of public convenience. Staff concurs with the Plan Commission majority opinion and recommends approval of the application.

BACKGROUND

The applicant is proposing to construct a Walgreens pharmacy at 2001 63rd Street and simultaneously improve the shopping center façade and site. The 18.86 acre shopping center property, located at the southwest corner of 63rd Street and Woodward Avenue, is zoned B-2/PUD, General Retail Business/Planned Unit Development and encompasses two existing Planned Unit Developments, PUD #1 and PUD #8. The petitioner is requesting:

- A PUD Amendment to permit the construction of a Walgreens and completion of shopping center improvements;
- A Special Use for the construction of a Walgreens drive-through; and
- A Plat of Subdivision to create the Walgreens out-lot.

The petitioner is proposing to build a new 14,490 square foot Walgreens building at the southwest corner of the intersection of Woodward and 63rd Street. The project site for this new building is approximately 1.6 acres and will include a convenience store and drive-through pharmacy with 66 parking spaces.

In addition to the Walgreens development plans, the petitioner is proposing significant improvements to the entire shopping center. These improvements include:

- Removal of the existing 63rd Street dual access points and replacement with a single three-quarter access point
- Façade renovations for all shopping center buildings including new EIFS facades with corner treatments, accent bands and new column enclosures
- Installation of new curbed landscape islands within the front parking lot
- Repaired parking lot and drive aisle parallel to 63rd Street
- Repair of rear access drive and replacement of speed bumps within the rear access drive
- Removal of rear southernmost access point to Belmont Road
- Removal of excess pavement in southwest corner of the shopping center
- Repair of low lying area in the rear of the center which leads to ponding water

Compliance with the Zoning Ordinance

The property is zoned B-2/PUD, General Retail Business/Planned Unit Development. Both Planned Unit Developments #1 and #8 were established in the 1970s.

The proposed Walgreens development meets all requirements of the Zoning Ordinance. The petitioner is not requesting any variations from the bulk requirements. The shopping center will still have the required parking amount with the new Walgreens building. The applicant's proposal is consistent with the Village's Zoning Ordinance.

Compliance with the Comprehensive Plan

The Comprehensive Plan identified 63rd Street as a key focus area. The proposed Walgreens development and shopping center improvements meet many of the key concepts identified in the Plan:

- Maintain commercial nodes along 63rd Street
- Encourage commercial expansion at key intersections where it is necessary to improve commercial vitality
- Beautify and enhance landscaping at major intersections
- Enhance access and visibility
- Reduce the heat island effect by providing shade on site

Additionally, the Plan identifies this site as the only catalyst site within the 63rd Street corridor. For this site, the Plan notes that new outlots should be developed in conjunction with existing outlots on this site to provide more visible and convenient shopping uses. The applicant's proposal is consistent with the Comprehensive Plan.

Compliance with the Subdivision Ordinance

The new lot for the Walgreens development and the revised size of Lot 2 will meet the minimum lot width dimension requirements outlined in Section 20.301 of the Village's Subdivision Ordinance. The other two existing lots will remain the same size. The petitioner is providing a cross-access easement that connects the new 63rd Street access point to the northernmost access points along Belmont Road and Woodward Avenue. This will ensure access for Walgreens throughout the shopping center.

Public Comment
There were more than 100 attendees present for the Plan Commission meeting with the majority of the attendees not in favor of the application based on their support of an existing restaurant (Roundheads) that is located where the proposed Walgreens would be placed. Additionally, a number of petitions in support of the restaurant were submitted for the record and are attached. Since the Plan Commission meeting, the applicant and Roundheads have come to a settlement and Roundheads is now in support of the application and Walgreens.

A few members of the public spoke concerning increased traffic on Woodward Avenue from the Walgreens. A traffic study found the Walgreens would not add a significant amount of traffic to the adjacent streets with only a minimal amount of traffic being added onto the north leg of Woodward Avenue.

Additionally, a few residents and business owners within the Meadowbrook Shopping Center spoke in support of the application.

PROJECT DESCRIPTION

The applicant is proposing to construct a Walgreens pharmacy at 2001 63rd Street and simultaneously improve the shopping center façade and site. The 18.86 acre shopping center property, located at the southwest corner of 63rd Street and Woodward Avenue, is zoned B-2/PUD, General Retail Business/Planned Unit Development and encompasses two existing Planned Unit Developments, PUD #1 and PUD #8. The petitioner is requesting:

- A PUD Amendment to permit the construction of a Walgreens and completion of shopping center improvements;
- A Special Use for the construction of a drive-through; and
- A Plat of Subdivision to create the Walgreens out-lot.

The petitioner is proposing to build a new 14,490 square foot Walgreens building at the southwest corner of the intersection of Woodward and 63rd Street. The project site for this new building is approximately 1.6 acres and will include a convenience store and drive-through pharmacy with 66 parking spaces. As currently proposed, daily hours of operation for the convenience store will be 8:00 AM to 10:00 PM and the pharmacy would be open from 8:00 AM to 8:00 PM.

The proposed development would include the demolition of the existing restaurant building at this location. The applicant noted that the restaurant's lease was rejected by the bankruptcy court approximately four years ago when the current owner purchased the shopping center out of bankruptcy. The applicant noted the current owners have allowed the restaurant to remain in place with no lease on a month to month basis since.

The drive-through facility will be located on the west side of the building with one-way only traffic allowed on the north and west-side drive aisles with appropriate signage to direct traffic. An ADA accessible path is proposed from the corner of the intersection to the entrance of the building. The trash compactor is located on the south side of the building, enclosed with a screen wall. A small enclosure is also proposed on the south side for tote storage purposes. The building will be surrounded with parking on three sides and exceeds the requirements of parking per the Zoning Ordinance. There will be three ADA accessible parking spaces in front of the building as required.

The petitioner is proposing landscaping in conformance with the Village requirements. Landscaping is

provided on three sides of the property, including along the streets and the drive aisle to the west, with a mix of canopy trees and landscape materials such as shrubs and ornamental grasses. The parking lot islands are provided with the requisite landscape material. Parking lot and site lighting is provided around the proposed development. Evergreen shrubs are also provided for screening purposes for the transformer pad located at the southwest corner of the building. A photometric plan has been submitted in compliance with site lighting regulations.

The primary building material used for the building is stucco with different shades of grey. The facades are broken up with grey columns, red accent walls and horizontal accent bands. The variation to the roofline is provided by the vertical elements near the entrance of the building. There is a canopy over the drive-through window on the west elevation of the building. Roof top mechanical units will be screened as shown in the elevation plan. The proposed signage for Walgreens will be in compliance with the sign ordinance.

A Plat of Subdivision is proposed to reconfigure the parcel boundaries for the Walgreens parcel. The property is being reconfigured and extended to the west to accommodate the proposed building with the parking lot and dive aisles. The new lot will meet all Subdivision Ordinance bulk lot requirements.

In addition to the Walgreens development plans, the petitioner is proposing significant improvements to the entire shopping center. These improvements include:

- Removal of the existing 63rd Street dual access points and replacement with a single three-quarter access point
- Façade renovations for all shopping center buildings including new EIFS facades with corner treatments, accent bands and new column enclosures.
- Installation of new curbed landscape islands within the front parking lot
- Repaired parking lot and drive aisle along 63rd Street
- Repair of rear access drive and replacement of speed bumps within the rear access drive
- Removal of rear southernmost access point to Belmont Road
- Removal of excess pavement in southwest corner of the shopping center
- Repair of low lying area in the rear of the center which leads to ponding water

COMPLIANCE WITH THE COMPREHENSIVE PLAN

The current Comprehensive Plan's (Plan) Future Land Use Map designates this property as Corridor Commercial. Corridor Commercial uses include "a blend of neighborhood oriented commercial retail" that provide services and retail opportunities to the nearby neighborhoods and the surrounding region. The current Plan specifically mentions that the 63rd Street corridor continue to contain a range of these types of uses. These commercial areas have a "unique character" and should provide "the daily needs of local residents" and the larger region. The Commercial and Office Area Goal #2, Objective #12 recommends the Village "promote the modernization and/or redevelopment of the Meadowbrook Mall and other outdated shopping centers". The goal encourages the Village to enhance the economic vitality, productivity, appearance and function of the commercial corridor including 63rd Street.

The Village is currently in the process of updating the Comprehensive Plan and included the examination of the 63rd Street corridor within the scope of the update. The 63rd Street focus area plan notes that the Village should encourage commercial expansion at key intersections where existing commercial uses exist and where it is necessary to improve their vitality. The plan also identifies the enhancement of access and visibility within nearby parcels.

Meadowbrook Shopping Center is also identified as the only catalyst site on 63rd Street. The Plan notes that a mix of uses should be considered and that the site could be redeveloped to include both residential and commercial uses. The plan does not mandate that both residential and commercial be a part of a redevelopment. The Plan merely identifies the potential for a mix of residential and commercial if the property is no longer viable as a commercial center. Additionally, the 63rd Street redevelopment concept graphic identifies commercial out-lots along 63rd Street.

The proposed redevelopment is consistent with the goals of the current Comprehensive Plan and the draft updated Comprehensive Plan.

COMPLIANCE WITH ZONING ORDINANCE

The property is zoned B-2/PUD, General Retail Business/Planned Unit Development. Both Planned Unit Developments #1 and #8 were established in the 1970s. When the current Zoning Ordinance was adopted in 2014, the previously approved Planned Developments were reclassified as Planned Unit Developments per Section 4.030.C of the Zoning Ordinance and their zoning classifications were automatically updated from B-2 to B-2/PUD.

The bulk requirements of the proposed Walgreens development in the B-2/PUD zoning district are summarized in the following table:

Zoning Requirements

2001 63rd Street	Required	Proposed
North Setback (Street Yard – 63rd Street) - Building	25 ft	36.7 ft
East Setback (Street Yard – Woodward Avenue) - Building	25 ft	202 ft
South Setback (Rear Yard) - Building	n/a	21 ft
West Setback (Side Yard) - Building	n/a	84 ft
Street (East) Setback - Parking	25 ft	55 ft
Street (North) Setback - Parking	25 ft	25.5 ft
Landscaped Open Space	6,975 sf (10%)	17,471 sf (25%)
Street yard landscaped open space	3,488 sf (5%)	11,030 sf (15.8%)
Floor Area Ratio	0.75 (max)	0.21
Building Height	35 ft (max)	29.3 ft
Parking Spaces	51	66
Stacking	3	3

The proposed Walgreens development is consistent with the requirements of the Zoning Ordinance. The petitioner is not requesting any variations from the bulk requirements. The proposed Walgreen and site improvements will not negatively impact the amount of remaining parking for the rest of the shopping center. The applicant's proposal is consistent with the Village's Zoning Ordinance.

COMPLIANCE WITH SUBDIVISION ORDINANCE

The new lot for the Walgreens development and the revised size of Lot 2 will meet the minimum lot width dimension requirements outlined in Section 20.301 of the Village's Subdivision Ordinance. The other two

existing lots will remain the same size.

Meadowbrook Subdivision	Lot Width (req. 75 ft.)	Lot Depth (req. 140 ft.)	Lot Area (req. 10, 500 sq. ft.)
Lot 1	***163.35 ft***	405 ft.	69,753 sq. ft
Lot 2	***450.16 ft***	476 ft.	225,734 sq. ft.

The petitioner is providing a cross-access easement that connects the new 63rd Street access point to the northernmost access points along Belmont Road and Woodward Avenue. This will ensure perpetual access for Walgreens through the shopping center. Additionally, the petitioner is providing the required five-foot wide public utility and drainage easements along the side lot lines and the ten-foot wide public utility and drainage easements along the rear lot lines for Lot 3 (proposed Walgreens site).

ENGINEERING/PUBLIC IMPROVEMENTS

There is a slight net decrease in the impervious area and therefore new stormwater detention is not required. The drainage for the site will tie into the existing stormwater system for the shopping center. The petitioner will be required to meet all village engineering standards and comply with all applicable codes when formally submitting for a permit.

The petitioner is proposing to eliminate the dual full-access points onto 63rd Street and replace them with a single three-quarters access point. The two current 63rd Street access points are approximately 30 feet from each other. These two access points can create confusion and conflict points for both drivers entering and exiting the site and also for pedestrians walking along the 63rd Street sidewalk. In conjunction with DuPage County, the petitioner has proposed to combine these access points into a single access point. The single access will allow both eastbound and westbound 63rd Street traffic to enter the site, but will limit the exit point to a right-turn (eastbound) only.

TRAFFIC

A traffic impact study for the proposed development was completed by the petitioner. The study examined the existing 63rd Street and Woodward Avenue traffic conditions and the future conditions based on the proposed development.

The study found that the proposed new store will generate new trips during the weekday evening and Saturday midday peak hours; however, this will not have a detrimental effect on the shopping center or surrounding properties given the multiple access points on the site. The total existing traffic on 63rd Street is over 27,000 vehicles per day, which will be increased by less than 2% with the proposed development. Also noted in the study is the significant number of pass-by trips. Pass-by trips are vehicles that are already using 63rd Street but will now stop at the proposed development and do not represent an increase in traffic.

The study also considers the conversion of the dual full-access points on 63rd Street to a three-quarter access, prohibiting left turns on 63rd Street, as an improvement and reduction in traffic conflict points for the property. Removing these conflict points will reduce the opportunity for crashes. The proposed development's impact on the geometry of 63rd Street should provide a safety benefit.

PUBLIC SAFETY REQUIREMENTS

The Fire Prevention Division reviewed the proposed development and determined that sufficient access to and around the site is provided for emergency vehicles. The site layout permits Fire Department apparatus the opportunity to enter and exit the site from both 63rd Street and Woodward Avenue. The loop around

the building provides good access around the building and property as needed.

The building will be required to include a fire alarm and sprinkler system that meet the Village's code requirements. A sprinkler room is provided at the southeast corner of the building closer to where the fire department connection is located on the exterior. One fire hydrant is provided near the southeast corner of the building, approximately 20 feet from the fire department connection.

NEIGHBORHOOD COMMENT

Notice was provided to all property owners 250 feet or less from the property in addition to posting public hearing notice signs and publishing the legal notice in the *Downers Grove Suburban Life*. Two public comments received by staff. The inquiries were general in nature and residents were satisfied once informed of the proposal.

The petitioner held a neighborhood meeting on January 19, 2017 and had a significant amount of people attend. The public primarily asked questions about traffic, the existing business and the need for a new Walgreens. The applicant responded to each of these topics during the meeting and has provided a summary of the meeting that is attached.

FINDINGS OF FACT

The petitioner is requesting a Planned Unit Development Amendment, a Special Use and a Plat of Subdivision to construct a new retail and pharmacy store at 2001 63rd Street. Staff finds that the proposal meets the standards for granting a Planned Unit Development Amendment, a Special Use and Plat of Subdivision as outlined below:

Section 28.12.040.C.6 Review and Approval Criteria

The decision to amend the zoning map to approve a PUD development plan and to establish a PUD overlay district are matters of legislative discretion that are not controlled by any single standard. In making recommendations and decisions regarding approval of planned unit developments, review and decision-making bodies must consider at least the following factors:

a. The zoning map amendment review and approval criteria of Sec. 12.030.I.

As previously noted, the shopping center was approved as a Planned Development in the 1970s. Section 4.030.C of the Zoning Ordinance, adopted in 2014, notes that all previously approved Planned Developments were reclassified as Planned Unit Developments. As such, a rezoning is not required and this standard does not apply.

b. Whether the proposed PUD development plan and map amendment would be consistent with the comprehensive plan and any other adopted plans for the subject area.

The proposed project is consistent with the current Comprehensive Plan. The current Plan identifies this area as *Corridor Commercial*. This property is an existing shopping center and the proposed use will be compatible with the other uses. The site is well-suited to accommodate a drive through pharmacy. The proposed development is consistent with the policy recommendation that corridor commercial areas continue to function in a dual role of providing daily needs to local residents as well as providing commercial goods and services to the larger region. The proposed improvements will enhance the economic vitality productivity, appearance and function of the shopping center as identified in Objective #12 in the Commercial and Office Area Goal #2.

The proposed project is consistent with the updated Comprehensive Plan and the 63rd Street focus area plan. The project is designed in a manner that is compatible with surrounding land uses. The proposed Walgreens and both the building and site improvements to the shopping center will improve

the vitality of the center. The proposed removal of two access points onto 63rd Street and the installation of a single three-quarters access point will enhance access to 63rd Street while improving safety. The project is a new out-lot which is consistent with the redevelopment concept sketch while also revitalizing an aged shopping center.

The Focus Ara Plan notes a mix of uses could be provided if the property is no longer viable as a commercial center. The improvements proposed by the property owner show that the owner believes a redevelopment of the commercial space is feasible and will lead to enhanced economic vitality in the center.

This standard has been met for both the current Plan and the updated Plan which is under review.

c. Whether PUD development plan complies with the PUD overlay district provisions of Sec. 4.030.
The proposed project meets several of the PUD overlay district provisions and objectives as found in Section 4.030 of the Zoning Ordinance. The PUD is consistent with and helps advance the goals of the current and updated Comprehensive Plan. The development also meets the PUD overlay district provisions by providing a high quality building that is compatible with other developments along 63rd Street while providing attractive, high-quality landscaping for the Walgreens site and numerous upgrades to the property. Improvements have been proposed to improve motorized and non-motorized travel on-site such as a reduction of dual access points along 63rd Street to a single access point which increases safety along the public right-of-way and an accessible route connecting the front entrance of the building to the sidewalk. This standard has been met.

d. Whether the proposed development will result in public benefits that are greater than or at least equal to those that would have resulted from development under conventional zoning regulations.
The proposed development will result in a new convenience store and pharmacy for the neighborhood, in compliance with the current and updated Comprehensive Plan. The proposed development meets many objectives of the Comprehensive Plan and furthers the vision of the Village to improve 63rd Street. The new building will enhance the aesthetics of the shopping center and 63rd Street. The public benefits include the replacement of dual access points to 63rd Street with a single three-quarters access point. This will eliminate conflicts between vehicles and vehicles and pedestrians. Additional public benefits include an upgraded shopping center. The current shopping center is outdated and requires an upgrade. The building and site improvements will enhance the vitality of the shopping center and this section of 63rd Street. This standard has been met.

e. Whether appropriate terms and conditions have been imposed on the approval to protect the interests of surrounding property owners and residents, existing and future residents of the PUD and the general public.
There are several conditions noted below that will protect the interests of the surrounding neighborhood and the general public. The conditions below are being requested to ensure that the proposed development satisfies all applicable codes and requirements. The project will advance many goals and objective laid out in the current and updated Comprehensive Plan and the conditions listed below will ensure that these goals and objectives are met. Several improvements provided by the petitioner for the existing shopping center will enhance the overall property and will be an improvement for the neighborhood. This standard has been met.

Section 28.12.050.H Approval Criteria
No special use may be recommended for approval or approved unless the respective review or decision-making body determines that the proposed special use is constituent with and in substantial compliance with all Village Council policies and plans and that the applicant has presented evidence to support each of the following

conclusions:

1. ***That the proposed use is expressly authorized as a Special Use in the district in which it is to be located;*** The property is located in the B-2/PUD, General Retail Business/Planned Unit Development zoning district. Under Section 5.010 of the Zoning Ordinance, a drive-through facility is listed as an allowable Special Use in the B-2 zoning district. This standard has been met.

2. ***That the proposed use at the proposed location is necessary or desirable to provide a service or a facility that is in the interest of public convenience and will contribute to the general welfare of the neighborhood or community.***
   The proposed drive through pharmacy is a desirable service to the community and will contribute to the general welfare of the Village. The drive-through pharmacy provides a convenient service to the community. The development will cater to the local customers as desired in the existing Comprehensive Plan and will meet many goals and objectives outlined in both the current and updated Comprehensive Plan. This standard has been met.

3. ***That the proposed use will not, in the particular case, be detrimental to the health, safety or general welfare of persons residing or working in the vicinity or be injurious to property values or improvements in the vicinity.***
   The proposed drive through will not be detrimental to the health, safety or general welfare of persons residing in or working in the vicinity and will not be injurious to property values or improvements in the vicinity. The drive through is oriented away from residential properties and from adjacent public sidewalks. The location of the building will lead to other improvements including the elimination of dual access points onto 63rd Street which will create a safer driving and walking environment in this area. Improvements to the building facades and site are consistent with the goals and objectives of the current and updated Comprehensive Plan. This standard is met.

Section 20.301 – Plat of Subdivision
The proposed subdivision meets the minimum lot area requirements of Sections 20.301 of the Subdivision Ordinance.

RECOMMENDATIONS

The proposed Planned Unit Development Amendment, Special Use for a drive through and the Plat of Subdivision for the new development in Meadowbrook Shopping Center at 2001 63rd Street is consistent with the current and updated Comprehensive Plans, the Zoning Ordinance, the Subdivision Ordinance and surrounding zoning and land use classifications. Based on the findings listed above, staff recommends the Plan Commission recommend the Village Council **approve** the requested Planned Unit Development Amendment, Special Use and Plat of Subdivision as requested in case 16-PLC-0062 subject to the following conditions:

1. The Planned Unit Development, Special Use and Plat of Subdivision shall substantially conform to the staff report; and drawings prepared by Manhard Consulting Ltd, dated 11/28/2016 and resubmitted on 01/19/2017, except as such plans may be modified to conform to the Village codes and ordinances.
2. The site improvement work for the property must be completed per the Site Improvement Exhibit, dated 11/28/16, revised plan dated 01/19/2017, prior to the issuance of the Certificate of Occupancy for Walgreens.
3. The Walgreens building shall be equipped with an automatic suppression system and an automatic

and manual fire alarm system.

4. A separate sign permit will be required prior to installation of any wall or monument sign.

Re: Project Summary/Narrative
Proposed Walgreens
SW Corner 63 Street and Woodward Avenue

Dear Mr. Popovich:

Please accept this letter as a request by FL Cedar, LLC (Owner) for approval of the application for Special Use for a Drive-Thru, Amendment to Existing PUD, and a Plat of Subdivision.

The project site is located at the southwest corner of 63rd Street and Woodward Avenue. The project site is approximately 1.6 acres and is currently occupied by a Roundheads Pizza Pub restaurant. The site has frontage along the 63rd Street to the north and Woodward Avenue to the east. The south and west boundaries are abutting the existing shopping center parking lot and drive aisles. The project site has access to 63rd Street and Woodward Avenue via the existing shopping center. The site is currently zoned B-2 PD (General Retail Business Planned Development).

The Owner proposes to demolish the existing Roundheads Pizza Pub and construct a new 14,490 SF Walgreens store including a pharmacy drive-thru, 66 parking spaces and associated landscaping. The Walgreens will consist of a convenience store, pharmacy, and drive thru pharmacy. The store will employ approximately 35 part-time and full-time employees. The hours of operation are proposed to be 8:00 am to 10:00 pm for the store and 8:00 am to 8:00 pm for the pharmacy and the drive-thru. The owner is working with Roundheads to relocate them to another location within the shopping center. The Owner is also proposing to combine the existing dual access points off of 63rd Street into one access point. Coordination with DuPage County Division of Transportation is ongoing.

In addition to the proposed Walgreens, the Owner is also coordinating with the Village on providing numerous upgrades to the existing shopping center including existing façade improvements, asphalt repairs to the east-west drive aisle and north parking lot, asphalt repairs and traffic calming measures to the rear drive aisle in the southern portion of the shopping center, and landscaping improvements to the shopping center parking lot. Please refer to the Site Improvement Exhibit dated 11/28/2016 and revised 01/03/2017, prepared by Manhard Consulting.

The proposed Walgreens is a permitted use by right in the B-2 General Retail Business district. The drive-thru requires a Special Use approval.

For additional detailed information, please also refer to the submitted plans titled Proposed Walgreens, dated 11/28/2016 and revised 01/03/2017, prepared by Manhard Consulting, as well as plans, elevations and renderings dated 11/28/2016 revised 01/03/2017, prepared by Camburas & Theodore, Ltd.

The requested Special Use Approval, Plat of Subdivision, and Amendment to Existing PUD are in conformance with the Village Municipal Code standards and the following is the evidence to support these request:

Request for Special Use Approval Criteria (Section 28.12.050.H)

No special use may be recommended for approval or approved unless the respective review or decision-making body determines that the proposed special use is consistent with and in substantial compliance with all village council policies and plans and that the applicant has presented evidence to support each of the following conclusions:

1. that the proposed use is expressly authorized as a special use in the district in which it is to be located; **The proposed use is expressly authorized as a special use in the B-2 General Retail Business district.**

2. that the proposed use at the proposed location is necessary or desirable to provide a service or a facility that is in the interest of public convenience and will contribute to the general welfare of the neighborhood or community; **The proposed use at the proposed location is necessary and desirable as it provides a convenience to the community as well as additional safety for customers of the pharmacy. Customers, as a result of the drive-thru facility, are not required to park, exit their vehicle, and walk into the store in order to get a prescription filled.**

3. that the proposed use will not, in the particular case, be detrimental to the health, safety, or general welfare of persons residing or working in the vicinity or be injurious to property values or improvements in the vicinity. **The proposed use will be a benefit to the health, safety, and general welfare of the community as the drive thru provides for additional safety as customers are not required to park, exit their vehicle, and walk into the store in order to get a prescription filled. The proposed use will not be injurious to property values or improvements in the vicinity as there will be a newly constructed building, new parking lot, new landscaping, and a new ADA accessible route from the building to the adjacent roadway right-of-way. These proposed improvements will be in conformance with the Village Municipal Code and standards.**

Request Amendment to Existing PUD (Section 28.12.040.C.6)

The decision to amend the zoning map to approve a PUD development plan and to establish a PUD overlay district are matters of legislative discretion that are not controlled by any single standard. In making recommendations and decisions regarding approval of planned unit developments, review and decision-making bodies must consider at least the following factors:

a. the zoning map amendment review and approval criteria of Sec. 12.030I in the case of new Planned Unit Development proposals; **This is an existing PUD.**

b. whether the proposed PUD development plan and map amendment would be consistent with the comprehensive plan and any other adopted plans for the subject area; **The PUD Development Plan is consistent with the comprehensive plan as this site is located within the Corridor Commercial area**.

c. whether PUD development plan complies with the PUD overlay district provisions of Sec. 4.030; **The PUD Development plan is in conformance with the vision and goals of the comprehensive plan.**

d. whether the proposed development will result in public benefits that are greater than or at least equal to those that would have resulted from development under conventional zoning regulations; and **The public benefits are greater than those that would have resulted from the conventional zoning because of the added convenience to the community as well as additional safety for customers who are not required to park, exit their vehicle, and walk into the store in order to get a prescription filled.**

e. whether appropriate terms and conditions have been imposed on the approval to protect the interests of surrounding property owners and residents, existing and future residents of the PUD and the general public. **The proposed use is unobtrusive and does not create noise issues. The proposed use is**

buffered effectively by not only the natural terrain, but by both 63rd Street and Woodward Avenue to the north and east respectively.

Planned Unit Development Overlay District Provisions (Section 4.030.A.2)

Different types of PUDs will achieve different planning goals. In general, however, PUDs should include elements that further some or all of the following objectives:

a. implementation of and consistency with the comprehensive plan and other relevant plans and policies; **The subject site is located in, and consistent with, the Corridor Commercial area.**

b. flexibility and creativity in responding to changing social, economic and market conditions allowing greater public benefits than could be achieved using conventional zoning and development regulations; Not applicable

c. efficient and economical provision of public facilities and services; Not applicable

d. variety in housing types and sizes to accommodate households of all ages, sizes, incomes and lifestyle choices; Not applicable

e. compact, mixed-use development patterns where residential, commercial, civic and open spaces are located in close proximity to one another; Not applicable

f. a coordinated transportation system that includes an inter-connected hierarchy of facilities for motorized and non-motorized travel; **The existing subject site includes cross access drive aisles for motorized travel that connect Woodward Avenue and Belmont Road without having to utilize 63rd Street. The proposed development will utilize the existing cross access drives as well as the one-way circulation around the proposed building. Additionally, the reduction of dual access points along 63rd Street to a single access point is an increase in the safety of the public. Non-motorized travel will be accommodated by the proposed accessible route from the front of the proposed building to the existing sidewalks at the southwest corner of 63rd Street and Woodward Avenue,**

g. high-quality buildings and improvements that are compatible with surrounding areas, as determined by their arrangement, massing, form, character and landscaping; **In addition to the proposed Walgreens, the Owner is also coordinating with the Village on providing numerous upgrades to the existing shopping center including existing façade improvements, asphalt repairs to the east-west drive aisle and the north parking lot area, asphalt repairs and traffic calming measures to the rear drive aisle in the southern portion of the shopping center, and additional landscaping in the existing shopping center parking lot.**

h. the protection and enhancement of open space amenities and natural resource features; **In addition to the proposed Walgreens landscaping and open space, the Owner is also coordinating with the Village on providing numerous landscaping improvements within the existing shopping center parking lot.**

i. the incorporation of sustainable development features including green infrastructure practices in landscapes and parking area, to maximize the aesthetic and water quality benefits of best practices in stormwater management; and **The proposed Walgreens landscaping and open space meets, and in some cases exceeds, the Village Municipal Code and standards.**

j. attractive, high-quality landscaping, lighting, architecture and signage, including the use of native landscaping that reflects the unique character of the village and the surrounding area. **The proposed Walgreens landscaping, open space, lighting, and signage meets the Village Municipal Code and standards and does reflect the unique character of the village. The numerous upgrades to the existing shopping center façade, parking lot, and landscaping will also provide a significant enhancement to the surrounding area.**

Developer's Statement of Intent Section 4.030.D

The proposed project is an amendment to an existing PUD and consists of the demolition of the existing Roundheads Pizza Pub and construction of a new 14,490 SF Walgreens store including a pharmacy drive-thru, 66 parking spaces, new site lighting, and landscaping. The project also includes numerous upgrades to the existing shopping center including existing façade improvements, asphalt repairs to the east-west drive aisle and the north parking lot area, asphalt repairs and traffic calming measures to the rear drive aisle in the southern portion of the shopping center, and additional landscaping in the shopping center parking lot.

There are many benefits to the existing shopping center, the surrounding area, and the community. Access to over the counter and prescription medication is a rudimentary need and a necessity to the community. The proposed drive-thru will be a benefit to the health, safety, and general welfare of the community as the drive thru provides for additional safety as customers are not required to park, exit their vehicle, and walk into the store in order to get a prescription filled. The reduction of dual access points along 63rd Street to a single access point is an increase in the safety of the public. The new ADA accessible route from the building to the adjacent roadway right-of-way will provide a benefit to the pedestrians along Woodward Avenue and 63rd Street. The numerous upgrades to the existing shopping center will enhance the overall appearance of the shopping center while also making the shopping center much better and safer for the community.

We appreciate the opportunity to present this project to you for approval. If you have any questions or require additional clarification, please do not hesitate to contact us at 773-571-4199.

Sincerely,

Perrine Knight

Summary of Neighborhood Meeting
Meadowbrook Shopping Center, Downers Grove
Walgreens Development
January 19, 2017 7:00pm, Horizon Church, Meadowbrook Center

Attendance:

Owner: Mitch Kahn (owner), Perri Knight (project manager), Troy Paoink (engineer), John Bradshaw (architect), Ken Rathje (development consultant)

Residents/Tenants: 80 signed in, probably had 10-15 more than that, 5 current tenants including roundheads

Presentation materials included a site plan for Walgreens, a site improvement plan for overall center, renderings of Walgreens and façade, Walgreens provided statistics

Meeting began a few minutes after 7pm. Mitch did initial introduction and then Perri began presentation. Materials above were handed out to the group as well as large format site plans displayed on the wall prior to and throughout the meeting. Perri's business cards were made available at the time of sign in and throughout meeting.

Presentation began with a brief overview of Walgreens development and improvements planned for the site. History of site was discussed, acknowledging lingering issues and expressed our desire to address the challenges to the overall site; we also discussed former objections to Walgreens and how we attempted to address those concerns this time around.

Below is a summary of what we heard were the most prominent concerns of most of the residents in attendance. The detailed minutes are attached which expand on each topic.

1. Traffic on Woodward, north of 63rd.
    - Many residents expressed concern that there is an existing problem with people speeding and pushing timing of lights to rush through the intersection which will only be worse with more traffic.
    - Safety concerns because existing traffic may be exacerbated by additional traffic generated by Walgreens
    - We discussed the concerns with the traffic engineer who is confident that the additional traffic generated by Walgreeens at this site will not negatively impact the surrounding areas.

2. Many residents are strong supporters of Roundheads and would like to see them stay.
    - Residents would like for someone else to bear all/most of the cost of relocating Roundheads to another location, suggesting Walgreens or center owners should be responsible rather than Roundheads owners
    - It was explained that Roundheads does not currently have a valid lease and have been allowed to stay on a month to month basis.
    - Residents suggested moving the Walgreens to other locations, on other side of drive aisle in the center or in another location entirely so Roundheads can stay
    - Walgreens has expressed that they are only interested in the corner location as planned and presented

3. Several residents referenced other retail centers (63rd & Cass) and (75th) that currently have Walgreens but the centers remain largely vacant. They believe that the same will happen in this center.

4. Concern that adding a national retail tenant will negatively impact the local small business tenants.
    - With the exception of Roundheads, the other small, local, business tenants in the center are overwhelmingly in favor of bring Walgreens to the center

5. Is there customer desire for a Walgreens?
    - The existing store is successful and that is why Walgreens believes the new one will be as well.

Neighborhood Meeting 1/19/17 7:00pm

Attendance:

Owner: Mitch Kahn (owner), Perri Knight (project manager), Troy Paoink (engineer), John Bradshaw (architect), Ken Rathje (development consultant)

Residents/Tenants: 80 signed in, probably had 10-15 additional attendees and 5 current tenants represented, including Roundheads.

Minutes:

Materials provided included a site plans of Walgreens, overall shopping center improvements, some renderings of Walgreens and façade as well as some statistical information provided by Walgreens. All materials attached to this summary.

Introduction made by Mitch Kahn. Ms. Knight began presentation.

Walgreens is transitioning all stores to those with drive thru, that is the impetus behind this move. Discussed background of center and challenges it has presented for years. Owners need Walgreens to be able to afford the investment of approx. $2M into façade renovation and site improvements. Discussed and presented the renovations that will be done. Work is proposed to attract more/good tenants to center.

Discussed prior history of Walgreens development on North side of Woodward and objections to that. Some of the things done to address prior concerns this time around included a traffic study.

Q: When was the study done and what period of time does it cover, what time of day?

A: Statistical averages are used—study does not represent a single day/period of time but rather an average.

Q: What streets were analyzed, what routes will people take? (big concern re: traffic on Woodward north of 63rd)

A: Subject of the study was the site of Walgreens and how people can access it but cannot extrapolate which routes people might take.

Q: Is this a done deal? Maybe we don't want another Walgreens.

A: It is not a done deal.

Q: Is there someone from the village here?

A: This meeting is for us as the owners to have a discussion with the community and answer your questions and concerns. We will be summarizing tonight's meeting and passing along feedback and concerns to the village.

Q: How will residents know that the owners will convey the information to the village? Maybe they are just trying to find out what the objections are so they can better address them.

A: We are here in good faith and will send along as accurate a representation of peoples concerns as possible. Everyone is welcome to send emails and call Perri after meeting if you would like to further express or articulate in your own words what is sent to the village in our summary.

Q: Why are developers coming to the residents? Why don't you put it in the old Dominicks store in Woodridge?

A: We don't own that property and Walgreen's doesn't want to move there.

Perri read from the traffic study regarding additional traffic at different times of day and conclusions from the report. Discussed changing the egress on 63rd to right turn only.

Q: Resident (Ricardo Castimito) who was active in objection to Walgreens on the north side in 2012 said he thought they had won the battle already and feels like now they have to fight again. Believes anything built on that corner is dangerous and is now opposed to this project as well.

A: Perri read from original petition of his group which stated that it would be better to locate the new Walgreens in Meadowbrook shopping center. Mitch discussed the fact that the new building will actually be farther away from the corner than the current building. Troy discussed the significant improvements to drainage with the new design which was another concern from 2012.

Q: We should just talk about the elephant in the room—they don't want Roundheads to be kicked out. Many residents began talking/shouting over each other and presenters all at once at this point.

A: Mitch responded that Walgreens had very specific site requirements and will only consider this corner lot, not interested in moving anywhere else in the center. Asked for respectful behavior from/for everyone and not interrupting others when speaking.

Mitch explained that we bought the center out of bankruptcy approximately 4 years ago. The court at that time had rejected the Roundheads lease and owners have since allowed them to stay with no lease, on a month to month basis. Owners would love to keep roundheads in the center but it has to be a two way street and they must come to a mutually beneficial arrangement.

Q: Will Walgreens lease the space?

A: Yes

Q: Where would Roundheads go?

A: We have looked at 2-3 different spaces in the center but need to come to an agreement. Legally, owners can serve a 30 day notice to vacate at any time.

Resident stated loudly that everyone needs to get their friends and come to the village meeting on Feb 6th at Village hall.

Q: Gentleman who identified himself as running for trustee in Lisle Township asked if owner would move other tenants out once Walgreens was in.

A: That is not our intention, people have leases and they will be honored. Of course we want to keep successful tenants in the center. Some businesses may falter and may not be able to stay but we do not intend to kick anyone out. Since owning the center we have renewed every single lease.

Q: Why do we need another Walgreens here?

A: This is not a new drugstore, this is a relocation of the successful store on Belmont because Walgreens wants a drive thru.

Q: Why can't you just put Walgreens on the other side of the aisle and keep Roundheads where they are?

A: Walgreens only wants corner location.

Q: Will this be a 24hr store?

A: No, we don't believe so.

Q: Resident who is an engineer—he can do plans to show Walgreens on the other side of aisle.

A: Walgreens wants the corner, they are not open to moving across the aisle.

Q: Center with Walgreens at 75th is largely empty—won't the same thing happen here?

A: We can't speak to what has happened at other centers, we just don't have any information about them but are confident this center will be more successful with the Walgreens here.

Q: Won't businesses to the East suffer from lack of parking now if Walgreens goes in?

A: No, the Walgreens has sufficient dedicated parking on its site so that the rest of the center will not be negatively affected.

Q: Concern over kids walking to/from Indian Trail School

A: Ken addressed attendance areas and school district suggested pedestrian routes which avoid the center. Perri confirmed that emails will be passed along to village.

Q: Why has it taken so long to make improvements to the center?

A: We actually have made a lot of improvements but they are infrastructure related and don't necessarily change the aesthetic. Some parking lot repairs/improvements and a ton of roof work and drainage work have been done. Need the Walgreens to be able to afford the larger improvement project and façade renovation. Perri added that we have committed to completing the façade work and improvements at the same time as the Walgreens.

Q: You said you discussed another location with Roundheads but what kind of financial help are you going to give them to move?

A: We cannot discuss financial detail of a private business deal in public, not productive or appropriate. We need to find a solution that works for both parties.

Q: If we have committed to Walgreens, are we committed to other big businesses? What about the small local tenants, what's going to happen to them?

A: We are committed to our local tenants and in fact, prefer them. We have renewed all the local tenant's leases since taking over the property.

Q: East West traffic across center to bypass light on 63rd? What's going to be done about that?

A: Discussed rear drive aisle and changes to route and access on drive aisle, addition of speed bumps, signage etc.

Q: Has the question of Walgreens helping Roundheads financially been discussed with them?

A: No, but we can bring it up to them.

Q: Is there customer demand for this Walgreens?

A: The existing store is successful and that is why Walgreens wants to stay in the Village but wants a drive thru

Q: Why do business with a corporation like Walgreens if they are willing to wipe out a local business like Roundheads?

Q: What about the Mobil gas station?

A: We do not own that, it's not part of our property.

Q: Current tenant says that you can get in an accident anywhere, regardless of how busy it is. Expressed that current ownership has done a lot for tenants since taking over and been responsive to issues. She thinks the Walgreens will help her small local business and is in favor of it as long as the tenants don't have to pay for it.

A: Tenants will not be paying for improvements.

Q: Center at 63rd and Cass has many vacancies and a Walgreens. Shouldn't owner investigate why there are vacancies there?

A: Not really. We can't know what the situation at another center is, not relevant to ours.

Q: What is the time frame for resolution with Roundheads? Time is running out. Need a groundswell of people to show up at Village meeting.

A: Can't discuss economic specifics, reiterated that we are very open to keeping Roundheads if we can come to a mutual agreement. The time frame is as quickly as we can both come to the table to work out a solution. We want them to stay.

Q: This is not the Nagy's first time fighting a large pharmacy, this resident won't spend a dime at Walgreens.

Q: You don't know the neighborhood, what about other centers with Walgreens that have no tenants?

A: We are confident that the Walgreens will be good for this center.

Q: We need to find a way to object if no alternative is found—you can't just come in here and trample everything over.

Q: Center at 63rd and Cass had a Maxwell's that closed after Walgreens came in.

A: If we thought that other tenants would leave or not be successful because of Walgreens, we wouldn't be interested in bringing them in. We feel it will be a positive for the center and all its tenants.

Q: Concern regarding traffic on Woodward, north of 63rd

A: We will meet with the traffic engineer and see what kind of additional analysis he can do.

Q: What is the length of time of construction and will it affect traffic on the roads?

A: Construction will take approximately 6-8 months and will not impact street traffic.

Q: The only thing that attracts people to the center is Roundheads, no one will come here if they are gone.

Q: A current tenant in the shopping center stated that she feels this will give her business more exposure and be a positive factor.

Q: Concerns regarding already bad traffic particularly on Woodward and access onto 63rd.

A: Will discuss with traffic engineer but if there is an existing issue, that is really something that the village should address.

Q: Will all egress points be changing?

A: No, only the one onto 63rd closest to Walgreens will change to a ¾ egress (right turn only)

Q: People living on 63rd will have even more delays. Resident said it takes her 10 min to get out of her driveway.

Q: Wouldn't it be better to leave Roundheads and have Walgreens to the West across aisle in additional outlot?

A: Walgreens is not interested

Q: If more traffic is coming to the center, then wont there be more traffic on 63rd?

A: Yes, but it will have minimal impact per the traffic study

Q: If you could find a way to keep Roundheads without financially impacting them you wouldn't have so many people at this meeting.

Q: Did traffic study consider change in destination from the Belmont store to new location?

Q: How do we follow up with you?

A: Stack of Perri's business cards is available for everyone on table.

Q: What can we do to keep from losing Roundheads?

Q: What has been done—wouldn't it be great for everybody if we could keep Roundheads and Walgreens?

A: Yes, we are trying to work out a solution with Roundheads

Q: What is acreage of center?

A: Don't know

Q: Any plans for an additional outlot?

A: Not at this time.

Q: Since Walgreens sells groceries won't that negatively impact Familia?

A: The owner of Familia is in support of the Walgreens and there are plenty of examples of Walgreens in centers with successful grocery store.

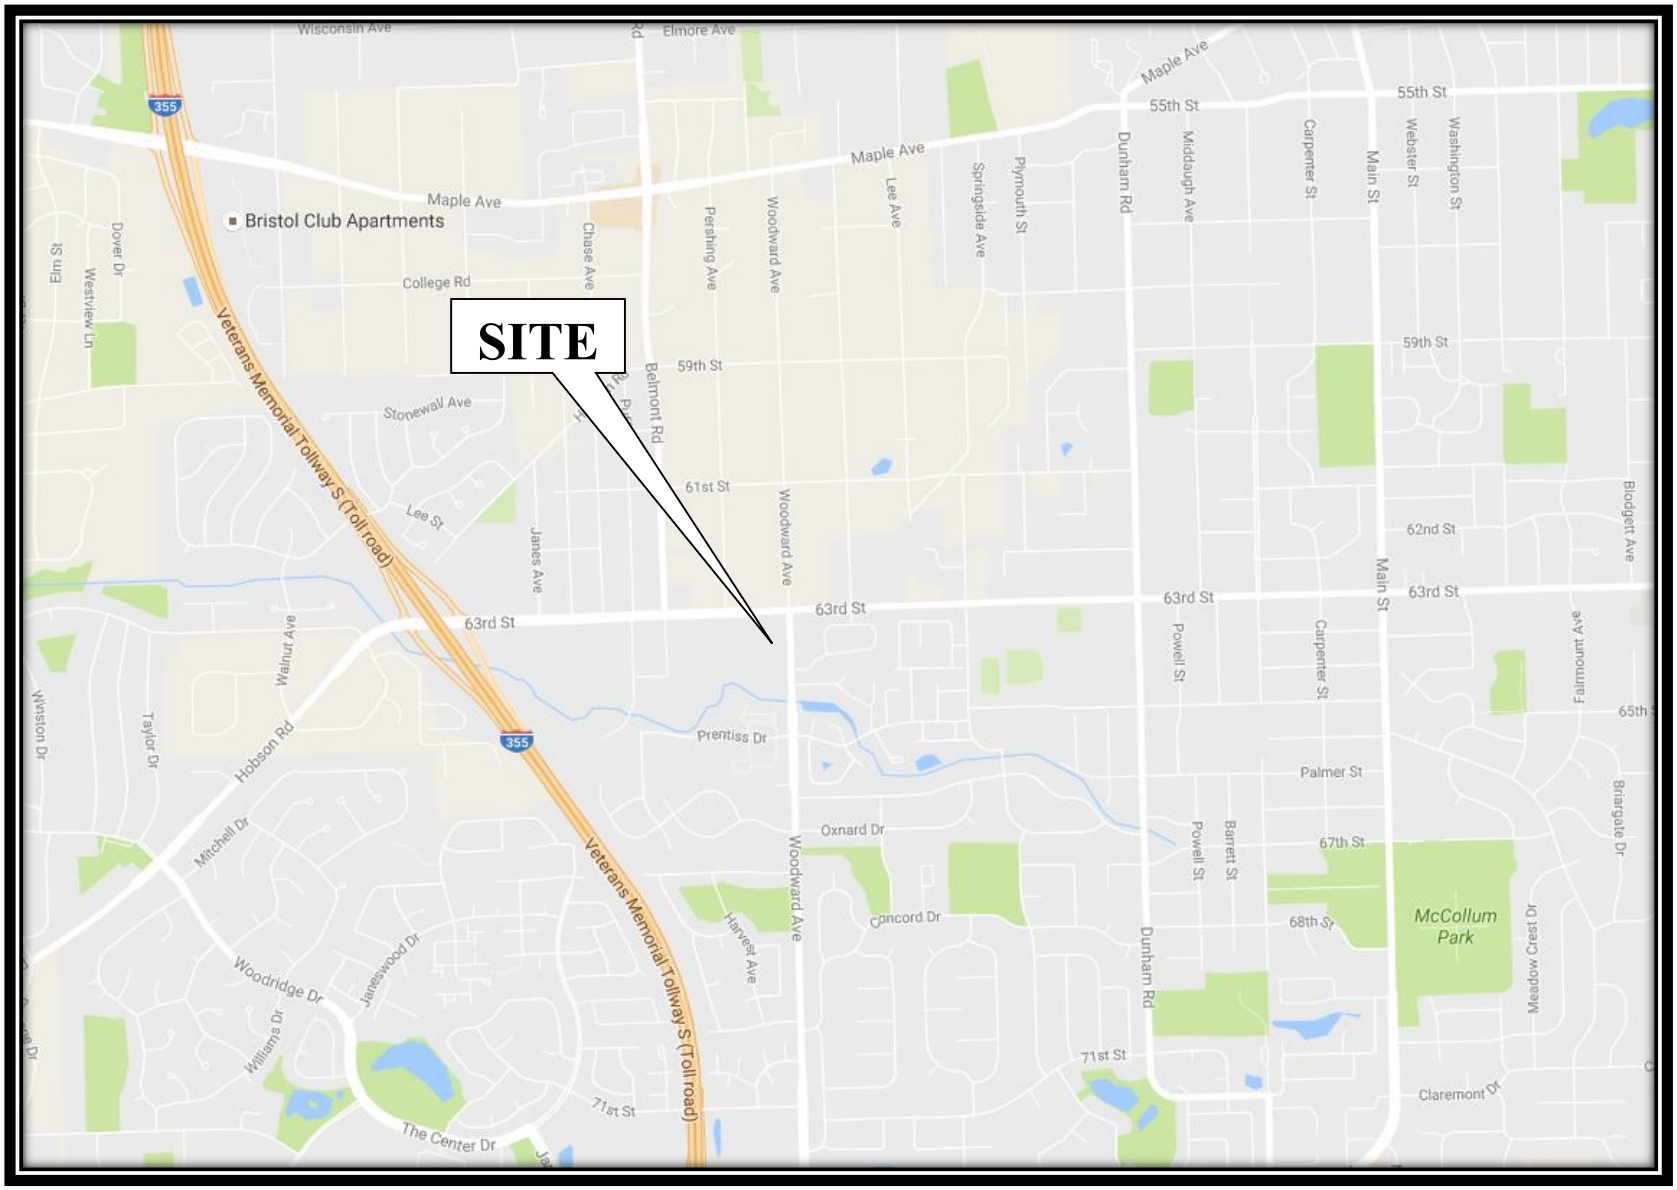
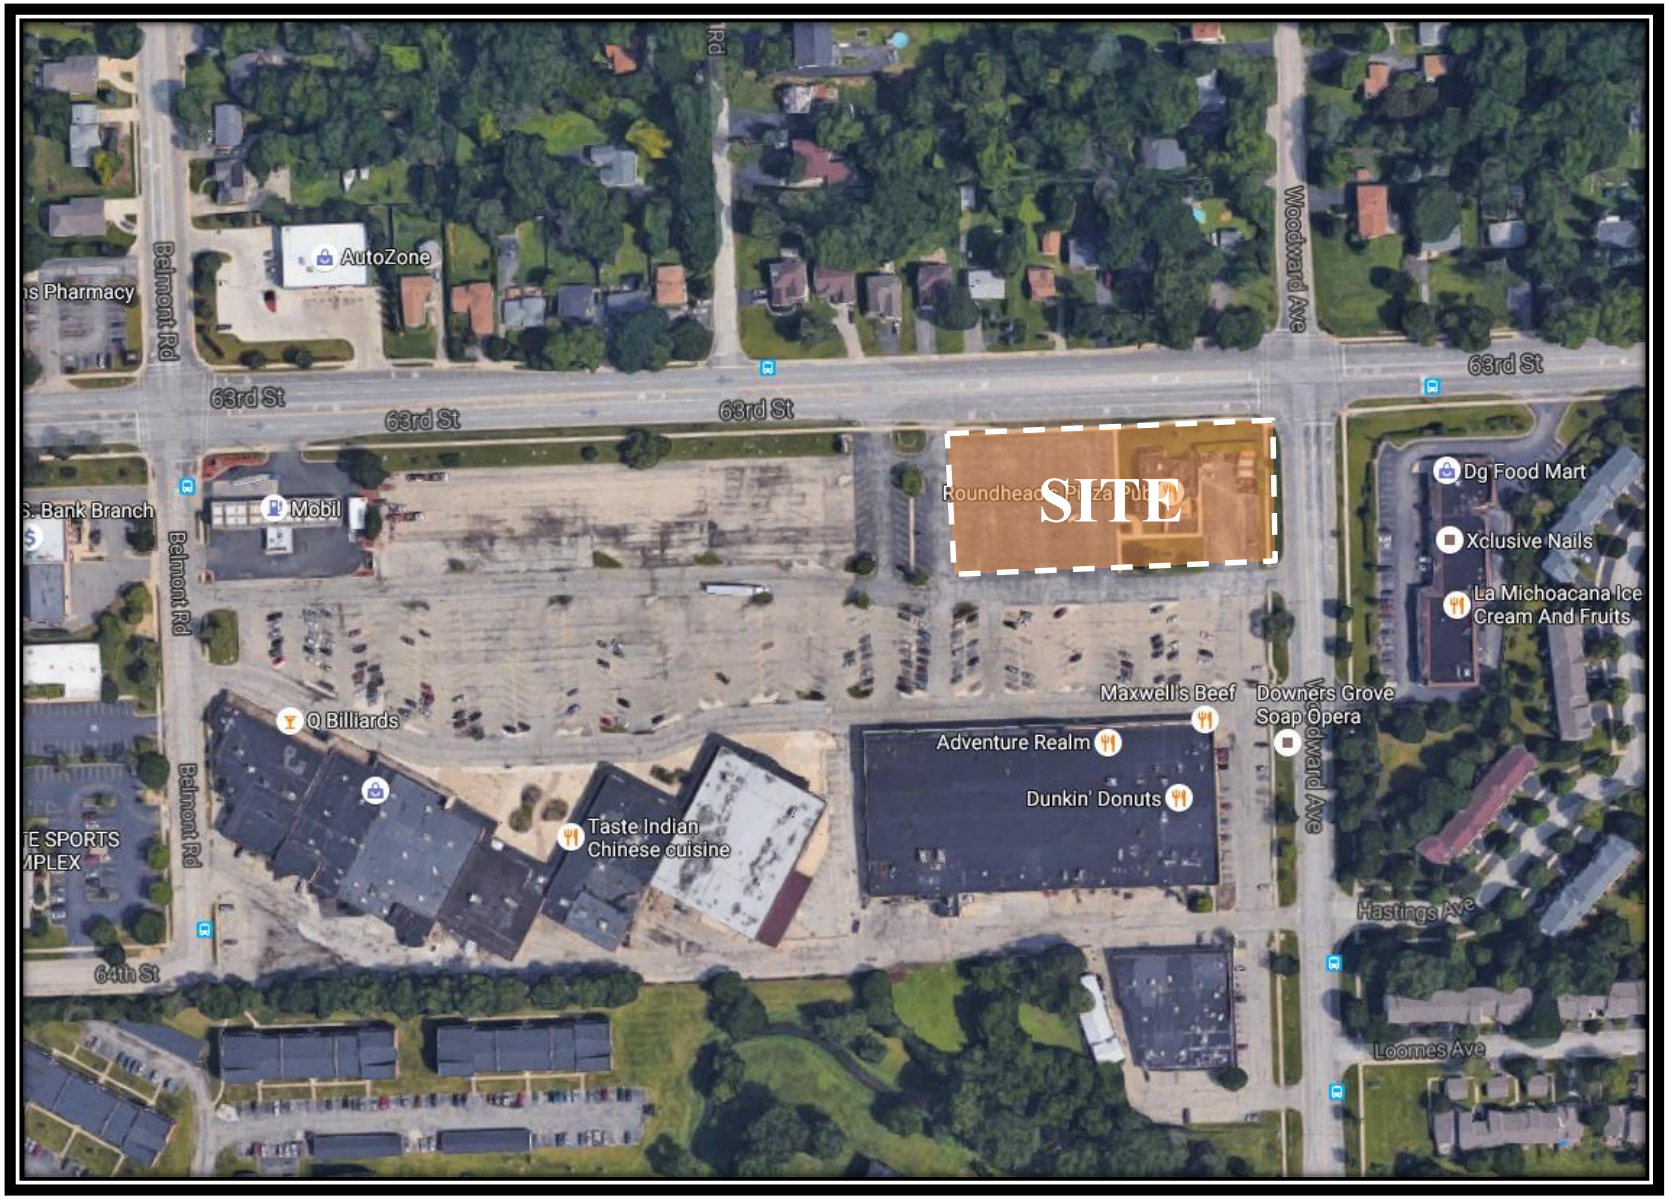
SUBJECT: Trip Generation Evaluation
Proposed Walgreens Drive-Through Pharmacy Store
Downers Grove, Illinois

This memorandum summarizes a trip generation and site access evaluation conducted by Kenig, Lindgren, O'Hara, Aboona, Inc. (KLOA, Inc.) for the proposed Walgreens Drive-Through Pharmacy Store in Downers Grove, Illinois. The site, which is currently occupied by Roundhead's Pizza Pub, is located in the southwest quadrant of the intersection of 63rd Street with Woodward Avenue on an outlot parcel within the Meadowbrook shopping center. **Figure 1** shows the location of the site in relation to the area roadway system. **Figure 2** shows an aerial view of the site area.

The proposed development plan calls for the site to be redeveloped with a Walgreens drive-through pharmacy store with one drive-through lane and 66 parking spaces. Access to the site is to be provided via the existing Meadowbrook shopping center access system including modifications to the existing access drive off 63rd Street immediately west of Woodward Avenue from a full access drive to a three-quarter access drive to prohibit left turns out.



Site Location **Figure 2**



Aerial View of Site Location **Figure 1**

Existing Roadways

The roadway system serving the site includes the following:

63rd Street (DuPage County Route 38) is an east-west arterial roadway with a five-lane cross section that in the vicinity of the site provides two lanes in each direction divided by a striped median. At its signalized intersection with Woodward Avenue, 63rd Street provides an exclusive left-turn lane, two exclusive through lanes, and an exclusive right-turn lane on the eastbound approach and an exclusive left-turn lane, an exclusive through lane, and a shared through/right-turn lane on the westbound approach. Its traffic signal with Woodward Avenue is fully actuated with left-turn protected/permissive phases provided on all approaches, an overlap right-turn phase on the northbound and eastbound approaches, and split north/south phasing. 63rd Street also provides standard crosswalks on all legs of its intersection with Woodward Avenue. 63rd Street is under the jurisdiction of the DuPage County Division of Transportation (DuDOT) and has a posted speed limit of 40 miles per hour (mph). 63rd Street is classified as a minor arterial by the Illinois Department of Transportation (IDOT) and carries an Average Daily Traffic (ADT) volume of 16,348 vehicles west of Woodward Avenue and 13,892 east of Woodward Avenue as reported by DuDOT in 2014.

Woodward Avenue is a north-south roadway that provides one lane in each direction north of 63rd Street and two lanes in each direction south of 63rd Street. At its signalized intersection with 63rd Street, Woodward Avenue provides an exclusive left-turn lane and a shared through/right-turn lane on the southbound approach and an exclusive left-turn lane, a shared left-turn/through lane, and an exclusive right-turn lane on the northbound approach. Woodward Avenue is classified as a minor arterial south of 63rd Street by IDOT, is under the jurisdiction of the Village of Downers Grove, and has a posted speed limit of 30 mph south of 55th Street. Woodward Avenue carries an ADT volume of 1,323 vehicles north of 63rd Street and 10,139 vehicles south of 63rd Street as reported by DuDOT in 2014.

Proposed Development Plan and Site Access

The plans for the proposed development call for the site to be redeveloped with an approximately 14,500 square-foot Walgreens Drive-Through Pharmacy Store with one drive-through lane on the west side of the building and 66 parking spaces. Access to the site will be provided via the existing Meadowbrook shopping center access system which is described below. A preliminary site plan prepared by Manhard Consulting, Ltd. dated January 03, 2017 can be found in the Appendix.

- The existing 63rd Street access drive, which is located approximately 475 feet west of Woodward Avenue (centerline to centerline), will be modified from an existing full movement access drive to a three-quarter access drive prohibiting left-turn outbound movements. This access drive will continue to provide one inbound lane and one outbound with outbound movements restricted to right turns out only via a raised triangular island. Outbound movements will continue to be under stop sign control.

- The remaining Meadowbrook shopping center access system consists of four full movement access drives off Woodward Avenue on the east side of the site, one full movement access drive off 63rd Street on the north side of the site, and four full movement access drives off Belmont Road on the west side of the site. All access drives provide one inbound lane and one outbound lane with outbound movements under stop sign control. Signalized access to the site is provided indirectly via the signalized intersections of 63rd Street with Woodward Avenue and Belmont Road.

Proposed On-Site Circulation

The site plan for the proposed Walgreens Pharmacy calls for one drive-through lane on the west side of the building and two-way traffic flow with perpendicular parking stalls on the east side of the building. The drive-through will allow one-way traffic flow and the drive-through bypass lane on the west side of the building will allow for one-way traffic flow. A "Do Not Enter" sign will be posted at this driveway facing south, indicating the one-way operation. Drive-through traffic will enter from the east-west drive aisle on the north side of the building and travel west and south through the drive-through lane where vehicles will exit onto the Meadowbrook shopping center east-west drive aisle on the south side of the building. Exiting traffic from the driveway will be under stop sign control.

Drive-Through Operations and Stacking

The drive-through lane will be used exclusively for dropping off and picking up prescriptions. The drive-through will be offered to the customers as a convenience and will not result in an increase in overall trip generation volumes. Customers will not be allowed to wait in the drive-through lane while their prescriptions are being filled and are expected to either come back at a later time or park until the prescription is ready. A review of the site plan indicates the drive-through lane will be able to accommodate approximately four vehicles without blocking the east-west drive aisle north of the building. Previous surveys conducted by KLOA, Inc. at drive-through facilities and information provided by the operator have indicated the following:

- Low traffic volumes are generally generated during the peak hours and throughout the day with an average of six drive-through trips per hour and a peak of 11 drive-through trips per hour.

- A maximum queue of two to three vehicles with an average queue of one vehicle will occur.

- Drive-through customers will spend approximately two to three minutes in the drive-through.

As such, the proposed stacking provided by the drive-through lane will be adequate in accommodating the drive-through peak hour demands.

Truck Traffic and Deliveries

Based on a review of the site plan, a single loading area will be located on the south side of the building. Trucks will access the loading berth by backing in from the east-west drive aisle and exit via the existing full movement access drive on Woodward Avenue. Based on information provided by Walgreens, approximately one full size tractor-trailer truck delivery and approximately ten additional vendor deliveries will be generated per week. It is recommended that the barrier along the loading area be extended east via striping. This extension will help delineate the loading dock area from the two-way traffic along the east-west drive aisle.

Development Traffic Generation

The traffic to be generated by the proposed development was estimated using trip data published by the Institute of Transportation Engineers (ITE) in its *Trip Generation Manual*, 9th Edition. The trip rates were applied for the weekday morning and evening peak hours and on a daily basis for a Pharmacy/Drugstore with Drive-Through Window (Land-Use Code 881). **Table 1** summarizes the estimated trips for the proposed development and **Table 2** summarizes the estimated trips for the existing development. It is important to note that surveys conducted by ITE have shown that up to 50 percent of trips made to pharmacy/drugstores with drive-through windows and 40 percent of trips made to high-turnover restaurants are diverted from the existing traffic on the roadway system. Such diverted trips are referred to as pass-by traffic. As such, a 50 percent and 40 percent pass-by reduction was applied to the trip generation estimates of the proposed development and existing development, respectively.

	Total Existing Trips:	14	12	26	14	10	24	18	16	34	306

As can be seen from Tables 1 and 2, when compared with the existing restaurant, the proposed Walgreens will generate more new trips during the weekday evening and Saturday midday peak hours as well as on a daily basis. However, the additional trips, which will average less than one trip per minute during the weekday evening peak hour and less than one trip every two minutes during the Saturday midday peak hour, will not have a detrimental impact on the shopping center or surrounding roadways given the multiple access points serving the shopping center.

Conclusion

Based on the preceding evaluation, the following conclusions are made:

- The site is well-located with respect to the local and regional roadway system.
- The traffic that will be generated by the proposed Walgreens will result in a net increase in new trips when compared with the existing restaurant on site.
- Given the multiple access drives serving the existing Meadowbrook shopping center, this increase in traffic can be accommodated.
- The modification to the existing full access drive on 63rd Street to a three-quarter access drive prohibiting left turns out will reduce the number of conflict points at the access drive's intersection with 63rd Street and will improve traffic flow along 63rd Street.
- The drive-through lane and the bypass lane will be restricted to one-way southbound traffic flow.
- The drive-through lane will provide sufficient stacking to accommodate the projected maximum queues of two to three vehicles.
- The number of truck deliveries that will occur at the loading dock on the south side of the building will be low. It is recommended the proposed curb along the loading area be extended via striping to delineate the loading area from the traffic on the east-west drive isle.

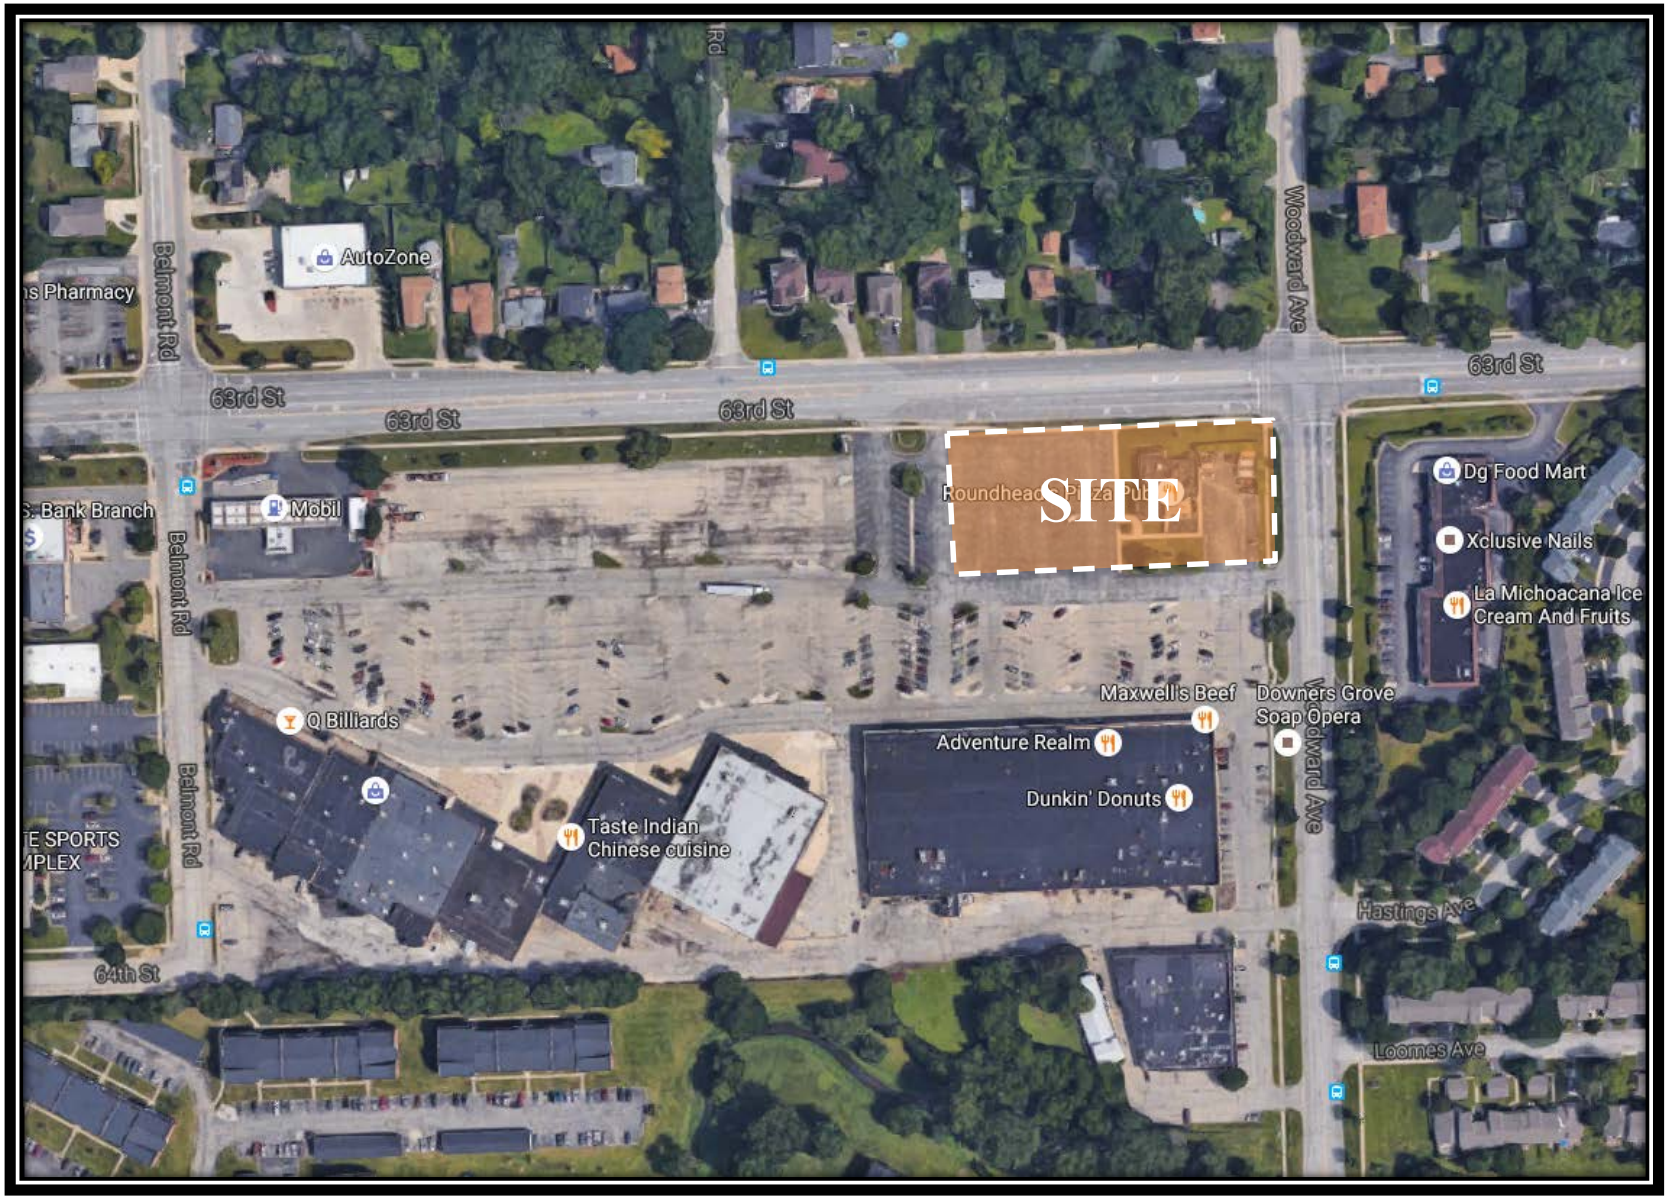
SUBJECT: Traffic Impact Evaluation
Proposed Walgreens Drive-Through Pharmacy Store
Downers Grove, Illinois

This memorandum summarizes the results of a traffic impact evaluation conducted by Kenig, Lindgren, O'Hara, Aboona, Inc. (KLOA, Inc.) for the proposed Walgreens Drive-Through Pharmacy Store in Downers Grove, Illinois. The plans call for relocating the existing Walgreens store in the northwest corner of the intersection of 63rd Street with Belmont Avenue to the southwest corner of the intersection of 63rd Street with Woodward Avenue. The proposed location, which is currently occupied by Roundhead's Pizza Pub, is located within the Meadowbrook shopping center. **Figure 1** shows an aerial view of the site area.

The purpose of this evaluation is to address concerns raised regarding existing traffic operations at the intersection of 63rd Street with Woodward Avenue, which include the following:

- Queueing and delays experienced by traffic on Woodward Avenue
- The impact of the additional traffic that the proposed Walgreens development will generate
- The projected increase in traffic on Woodward Avenue north of 63rd Street



Aerial View of Site Location **Figure 1**

Existing Roadways

The existing roadways and traffic control characteristics of the adjacent roadways are described below.

63rd Street (DuPage County Route 38) is an east-west roadway with a five-lane cross section that in the vicinity of the site provides two lanes in each direction divided by a striped median. At its signalized intersection with Woodward Avenue, 63rd Street provides an exclusive left-turn lane, two exclusive through lanes, and an exclusive right-turn lane on the eastbound approach and an exclusive left-turn lane, an exclusive through lane, and a shared through/right-turn lane on the westbound approach. Standard style crosswalks are provided on all legs of the intersection along with pedestrian signals. 63rd Street is under the jurisdiction of the DuPage County Division of Transportation (DuDOT) and has a posted speed limit of 40 miles per hour (mph).

Woodward Avenue is a north-south roadway that provides one lane in each direction north of 63rd Street and two lanes in each direction south of 63rd Street. At its signalized intersection with 63rd Street, Woodward Avenue provides a shared left-turn/through lane and a shared through/right-turn lane on the southbound approach and an exclusive left-turn lane, a shared left-turn/through lane, and an exclusive right-turn lane on the northbound approach. Woodward Avenue is under the jurisdiction of Lisle Township and Downers Grove Township north of 63rd street and the Village of Downers Grove south of 63rd Street. Woodward Avenue has a posted speed limit of 25 mph north of 63rd Street increasing to 30 mph south of 63rd Street. Through traffic and trucks over eight tons are prohibited on Woodward Avenue via signage north of 63rd Street.

Existing Traffic Volumes

In order to determine current traffic conditions at the intersection of 63rd Street with Woodward Avenue, KLOA, Inc. conducted peak period traffic counts on Saturday, January 21, 2017 and on Tuesday, January 24, 2017 during the weekday morning (7:00 A.M. to 9:00 A.M.) and weekday evening (2:30 P.M. to 6:00 P.M.) peak periods and on Saturday January 21, 2017 during the midday (12:00 P.M. to 2:00 P.M.) peak period. The results of the traffic counts showed that the weekday morning peak hour of traffic occurs from 7:15 A.M. to 8:15 A.M., the weekday evening peak hour of traffic occurs from 4:00 P.M. to 5:00 P.M., and the Saturday midday peak hour of traffic occurs from 12:45 P.M. to 1:45 P.M. **Figure 2** illustrates the existing peak hour traffic volumes. Summaries of the traffic counts can be found in the Appendix.

In addition, the results of the traffic counts were compared with counts previously conducted by DuDOT in 2014 and were found to be generally consistent. It should also be noted that the traffic counts were conducted while the nearby Indian Trail Elementary School was in session and school-related traffic was included in the traffic counts. A review of the traffic counts showed that approximately 30 percent more traffic traveled through the intersection of 63rd Street with Woodward Avenue during the evening peak hour (5:00 P.M. to 6:00 P.M.) than during the afternoon peak hour (2:30 P.M. to 3:30 P.M.) when the school ends. As such, the higher evening traffic volumes were utilized in the evaluation.

Traffic Operations of the 63rd Street/Woodward Avenue Intersection

The intersection of 63rd Street with Woodward Avenue is under traffic signal control with split phasing for the northbound and southbound approaches. This intersection is part of a coordinated system on 63rd Street that extends from Main Street to the east to Leonard Avenue to the west. The intersection of 63rd Street with Woodward Avenue is fully actuated on all approaches and provides protected/permissive left-turn phases on the eastbound and westbound approaches and right-turn overlap phases on the eastbound and northbound approaches. A sign facing southbound on Woodward Avenue north of 63rd Street prohibits non-local traffic on Woodward Avenue. However, no such signs are provided on Woodward Avenue at its intersection with Maple Avenue or on 61st Street or 59th Street at their respective intersections with Belmont Avenue. As such, cut-through traffic is only prohibited from traveling northbound on Woodward Avenue, not southbound.

Capacity analyses were conducted at the intersection under existing conditions utilizing the existing signal timings and phasing. The results of the capacity analyses expressed in terms of Level of Service (LOS) and average delays are summarized in **Table 1**. As can be seen, the intersection overall operates at an acceptable LOS C during all three peak hours. However, the northbound and southbound approaches operate at LOS D/E which is primarily due to the limited green time allocated to these approaches, the split phase, and the high volume of traffic on northbound Woodward Avenue.

The results of the capacity analyses were also confirmed by the following observations that were made of existing conditions:

- Morning Peak Hour
    - Traffic queues on northbound Woodward Avenue were consistently observed to extend between Hastings Avenue and Loomes Avenue for approximately 30 to 60 seconds; however, the queues cleared the intersection most of the time with each green phase.
    - Traffic queues on southbound Woodward Avenue were observed to consist of a maximum of four to eight vehicles each cycle and cleared the intersection with each green phase.
- Evening Peak Hour
    - Traffic queues on southbound Woodward Avenue were observed to consistently extend past the shared left-turn/through lane storage length and taper with combined lane queues of approximately 10 to 16 vehicles per cycle.
    - A significant portion of traffic traveling on Woodward Avenue north of 63rd Street during the peak hours was observed to be cut-through traffic traveling to/from Belmont Avenue to the west and Maple Avenue from the north.

- Based on the previous observation, the sign prohibiting non-local traffic on northbound Woodward Avenue north of 63rd Street is not being adhered to.

- Additional signage prohibiting cut-through traffic needs to be posted at 59th Street, 61st Street, and Maple Avenue.

The following is a summary of the reasons for the long delays and queues experienced at this intersection:

- The north-south split phasing nature of the intersection is the primary cause for the intersection's poor level of service, extensive queueing, and significant delay.

  - The split phasing at this intersection is required because of the striping on the south leg to accommodate the high volume of northbound left-turn movements and the limitation of sufficient right-of-way to geometrically improve the intersection to accommodate the existing traffic volumes without split phasing.

  - The northbound and southbound phases are allocated a proportionate amount of green time based on their respective traffic volumes which results in a minimal amount of green time for the southbound phase (approximately 8, 15, and 13 seconds during the weekday morning, weekday evening, and Saturday midday peak hours, respectively), thus resulting in the delays on the approach.

- The cause for the high volume of northbound left-turn movements on Woodward Avenue and the high volume of eastbound right-turn movements on 63rd Street is the result of how the area roadways are configured.

  - As previously mentioned, Woodward Avenue north of 63rd Street is restricted to local traffic only and does not allow vehicles over eight tons.

  - Vehicles traveling on Woodward Avenue that desire to continue to travel northbound must turn left onto westbound 63rd Street and then turn right onto northbound Belmont Street approximately one-quarter mile to the west of Woodward Avenue.

  - These two north-south streets act as non-continuous arterial roadways. Instead of being continuous or directly connected, traffic must travel on 63rd Street to continue to travel either north or south via Woodward or Belmont Avenue.

Development Traffic Generation

The traffic to be generated by the proposed development was estimated using trip data published by the Institute of Transportation Engineers (ITE) in its *Trip Generation Manual*, 9th Edition. The trip rates were applied for the weekday morning and evening peak hours and on a daily basis for a Pharmacy/Drugstore with Drive-Through Window (Land-Use Code 881). In addition, the traffic currently generated by the existing Walgreens was observed and the resulting trip generation was compared with the ITE estimates. **Table 2** shows the trip generation comparison, which indicates that the estimated trips are very similar. It is important to note that surveys conducted by ITE have shown that up to 50 percent of trips made to pharmacy/drugstores with drive-through are diverted from the existing traffic on the roadway system. Such diverted trips are referred to as pass-by traffic. As such, a 50 percent pass-by reduction was applied to the trip generation estimates of the proposed development.

It is also important to note that the proposed Walgreens is a relocation of the existing Walgreens store located approximately one block west of the site. As such, the majority of its traffic is already traversing the intersection of 63rd Street with Woodward Avenue and as a result is not expected to add a significant amount of new traffic to the intersection, with its current operations expected to remain largely unchanged. However, in order to provide a conservative analysis, the traffic that will be generated by the proposed Walgreens was assumed to all be new to the area roadways.

In order to project Year 2018 conditions, existing traffic volumes on 63rd Street and Woodward Avenue were increased by one percent based on projections provided by the Chicago Metropolitan Agency for Planning (CMAP). In addition, traffic to be generated by the proposed development was assigned to the roadways as determined from the traffic counts. The assignment of traffic was determined as follows:

- 40 percent traveling to and from the west on 63rd Street
- 30 percent traveling to and from the east on 63rd Street
- 30 percent traveling to and from the south on Woodward Avenue
- Five percent traveling to and from the north of Woodward Avenue

The Year 2018 projected conditions for the intersection of 63rd Street with Woodward Avenue were analyzed. **Table 3** summarizes the intersection's LOS and delay for Year 2018 projected conditions during the peak hours.

LOS – Level of Service
Delay is measured in seconds.

As can be seen, the intersection is expected to continue to operate at an overall LOS C during the weekday morning, weekday evening, and Saturday midday peak hours with an increase in overall delay during each of the peak hours of one second or less. Similarly, the increase in delay of the southbound approach as a result of the increase in traffic will be minimal (less than one second). As such, the proposed development will have a minimal impact on the operation of the intersection.

Potential Intersection and Roadway Improvements

While the proposed relocation of Walgreens will have a negligible impact on the intersection, the following improvements to the intersection and/or roadways could be considered:

- In order to reduce cut through traffic and reduce queues on southbound Woodward Avenue, signs prohibiting non-local traffic should be placed on Woodward Avenue just south of Maple Avenue and on 61st Street and 59th Street just east of Belmont Avenue.

- In order to reduce delays on Woodward Avenue, additional green time could be allocated to the northbound and/or southbound movements.

    - Preliminary analysis showed that providing an additional five seconds of green time for the southbound approach during the evening peak hour would reduce delay for all southbound movements by approximately five to six seconds.

    - However, this will increase the overall intersection delay by approximately seven seconds during the evening peak hour.

    - It is important to note that reducing delay for the southbound approach may encourage additional cut-through traffic on Woodward Avenue.

    - Any change to signal timing will require DuDOT review and may not be approved due to its impact on 63rd Street traffic and the interconnect system.

Conclusion

Based on the preceding evaluation, the following conclusions are made:

- The proposed Walgreens is a relocation of the existing store located at the northwest corner of the intersection of 63rd Street with Belmont Avenue.
- The signalized intersection of 63rd Street with Woodward Avenue currently operates as a split phase intersection causing queues and delays on both the northbound and southbound approaches.
- Despite these delays, queues were generally observed to clear the intersection with each green phase.
- Cut-through traffic is utilizing Woodward Avenue to travel to/from Belmont Avenue to the west and Maple Avenue from the north.
- The proposed Walgreens will not add a significant amount of new traffic to 63rd Street or Woodward Avenue and, as such, will have a minimal impact on the operations of the intersection of 63rd Street with Woodward Avenue.
- A minimal amount of traffic generated by the proposed development will travel to/from the north on Woodward Avenue.
- Signs prohibiting cut-through traffic should be placed on Woodward Avenue just south of Maple Avenue and on 61st Street and 59th Street just east of Belmont Avenue to reduce the traffic volumes of Woodward Avenue north of 63rd Street.
- Traffic delays on the southbound approach of Woodward Avenue may be reduced by allocating additional green time which may cause increases in overall intersection delays. Such modifications would be subject to DuDOT review.

Level of Service Criteria

- LEVEL OF SERVICE CRITERIA

Signalized Intersections

Level of Service	Interpretation	Average Control Delay (seconds per vehicle)
A	Favorable progression. Most vehicles arrive during the green indication and travel through the intersection without stopping.	≤10
B	Good progression, with more vehicles stopping than for Level of Service A.	>10 - 20
C	Individual cycle failures (i.e., one or more queued vehicles are not able to depart as a result of insufficient capacity during the cycle) may begin to appear. Number of vehicles stopping is significant, although many vehicles still pass through the intersection without stopping.	>20 - 35
D	The volume-to-capacity ratio is high and either progression is ineffective or the cycle length is too long. Many vehicles stop and individual cycle failures are noticeable.	>35 - 55
E	Progression is unfavorable. The volume-to-capacity ratio is high and the cycle length is long. Individual cycle failures are frequent.	>55 - 80
F	The volume-to-capacity ratio is very high, progression is very poor and the cycle length is long. Most cycles fail to clear the queue.	>80.0

Unsignalized Intersections

Level of Service	Average Total Delay (SEC/VEH)
A	0 - 10
B	> 10 - 15
C	> 15 - 25
D	> 25 - 35
E	> 35 - 50
F	> 50

WARNING: Since queue spillover from turn lanes and spillback into upstream intersections is not accounted for in the HCM procedures, use of a simulation tool may be advised in situations where the Queue Storage Ratio exceeds 1.0.

WARNING: The shared-plus-exclusive turn lane solution is an approximation of the HCM method, because more than three lane groups cannot be accommodated. Input data for Percent Turns in Shared Lane are used to specify proportion of turning vehicles in the shared lane.

WARNING: Since queue spillover from turn lanes and spillback into upstream intersections is not accounted for in the HCM procedures, use of a simulation tool may be advised in situations where the Queue Storage Ratio exceeds 1.0.

WARNING: The shared-plus-exclusive turn lane solution is an approximation of the HCM method, because more than three lane groups cannot be accommodated. Input data for Percent Turns in Shared Lane are used to specify proportion of turning vehicles in the shared lane.

WARNING: Since queue spillover from turn lanes and spillback into upstream intersections is not accounted for in the HCM procedures, use of a simulation tool may be advised in situations where the Queue Storage Ratio exceeds 1.0.

WARNING: The shared-plus-exclusive turn lane solution is an approximation of the HCM method, because more than three lane groups cannot be accommodated. Input data for Percent Turns in Shared Lane are used to specify proportion of turning vehicles in the shared lane.

WARNING: Since queue spillover from turn lanes and spillback into upstream intersections is not accounted for in the HCM procedures, use of a simulation tool may be advised in situations where the Queue Storage Ratio exceeds 1.0.

WARNING: The shared-plus-exclusive turn lane solution is an approximation of the HCM method, because more than three lane groups cannot be accommodated. Input data for Percent Turns in Shared Lane are used to specify proportion of turning vehicles in the shared lane.

WARNING: Since queue spillover from turn lanes and spillback into upstream intersections is not accounted for in the HCM procedures, use of a simulation tool may be advised in situations where the Queue Storage Ratio exceeds 1.0.

WARNING: The shared-plus-exclusive turn lane solution is an approximation of the HCM method, because more than three lane groups cannot be accommodated. Input data for Percent Turns in Shared Lane are used to specify proportion of turning vehicles in the shared lane.

FILE 16-PLC-0062: A petition seeking approval of a Planned Unit Development Amendment to construct a new convenience goods store, a Special Use for a drive-through facility, and a Plat of Subdivision. The property is currently zoned B-2 (General Retail Business) with a PUD overlay. The property is located at the southwest corner of 63rd Street & Woodward Avenue, commonly known as 2001 63rd Street, Downers Grove, IL (PINs 08-24-202-005, -008, -009; 08- 24-203-004). FL Cedar, LLC, Petitioner and Owner.

Village Planner Pandey summarized the petitioner was seeking approval for an amendment to PUD Nos. 1 and 8 to allow for the construction of a new Walgreen's store, a special use to allow a drive-through pharmacy, and a plat of subdivision in the Meadowbrook Shopping Mall. Under the village's zoning ordinance, Walgreen's was categorized as a convenience store and was a permitted use in the B-2 Business District. The one-story 15,000 sq. ft. building will be located at the corner of Woodward and 63rd Streets. Perspectives of the building were shown. Ms. Pandey explained that a portion of the parking lot will be reconfigured so that the building sits on its own parcel.

The proposed site plan was presented and staff referenced the location of the 66 parking spaces located east and west of the proposed building, noting the parking requirements were met. The drive-through pharmacy (located to west of building), screened trash area, loading areas, and pedestrian connection were pointed out. The landscape plan met the requirements for perimeter landscaping and for the interior parking lot. The stacking exhibit for the drive-thru was referenced and met village compliance. The drive aisles to the north and west of the proposed building were one-way for traffic maneuvering and safety. Elevations and perspectives were shown, noting a tower element to the building. The site improvement exhibit reflected that the main improvements will include the reconfiguration of the dual access off of 63rd Street into a three-quarters access for safety purposes. Also pointed out were the various facades of the building, the rear drive aisle, and additional landscaping in the front parking area. Further facade improvements also followed for Buildings A, B, and C.

Details of the proposed plat of subdivision and cross-access easements were explained. Ms. Pandey reported the proposal met the village's current comprehensive plan as well as the updated draft comprehensive plan, which referred to the Meadowbrook Mall as a Catalyst site, i.e., a site for reinvestment and to open and expand the site's uses to commercial and to consider mixed-use development (given future market conditions). Standards for approval of the PUD were met, as were the standards for the special use. The proposal met the current and updated draft comprehensive plan and the draft PUD overlay district provisions as stated in staff's report.

Per the chairman's question, Ms. Pandey stated that renovating the facades of the other buildings was part of the request because PUDs request a petitioner "to go above and beyond" what a zoning ordinance would typically allow, and so the village was requiring the petitioner to add it to the PUD amendment as an enhancement and made it a requirement. Mr. Quirk raised specific concern about who made that decision. Ms. Leitschuh explained that while the village does not have design requirements in the village's ordinance, staff works with a developer through various input received from commissions, public comments, and staff to obtain information to use as a guide to assist the developer in coming up with improvements / enhancements to the PUD in order to meet the standards for approval. She pointed out the functional improvements and repairs being made to the site. Mr. Quirk believed there were two different subjects being discussed and should be treated separately.

Ms. Johnson asked staff to elaborate on the text of Section 4.030, Planned Unit Overlay District, as it relates to the overlay's intention to "accommodate development that may be difficult if not impossible to carry out under other applicable zoning district standards" and whether the statement was applicable to this petition, wherein Ms. Leitschuh explained the PUD was existing and because there were significant changes to the site (i.e., razing a building, revising site circulation, etc.), it was an amendment. The chairman also discussed same and added that the proposal was not a question of whether the building was viable somewhere else, but whether it was appropriate in this PUD. He confirmed it was not a new PUD and the question was whether was the change appropriate in this PUD and whether the standards for the special use were met.

For the benefit of the public attending, Ms. Hogstrom stated this was a Catalyst site and asked staff when the updated comprehensive plan would come before council, wherein Ms. Leitschuh did not have that date. However, this particular petition would come before council on March 7, 2017. She recommended that residents follow the village's web site.

Ms. Pandey continued by stating the proposal met the requirements of the subdivision ordinance and the zoning ordinance. Per Mr. Maurer's question, Ms. Leitschuh confirmed that with the plat of subdivision the petitioner could sell the Walgreen's parcel currently as a separate lot because it was an existing outlot. Lastly, Ms. Pandey stated staff did receive general public inquiries and two (2) letters were received and on the dais as part of the packet but were received after the agenda was finalized.

Petitioner, Mr. Mitchell Kahn with FL Cedar, LLC and as President/CEO of Front Line Real Estate, introduced his team. Mr. Kahn walked through the history of the property which was purchased out of a bankruptcy about three and one-half years ago. He explained his business purchases old shopping centers which are in disrepair and redevelops them to attract other tenants. Discussed were the improvements made to date and the small local tenants within the shopping mall. Per Mr. Kahn, two tenant meetings were held which supported the proposal, the facade renovations, the parking lot improvements and Walgreen's coming to the center.

Mr. Kahn estimated the improvements to the site would cost about $2.M to $2.5M and it would not look like a lifestyle center. However, the changes planned would make a dramatic difference to the tenants and the public coming to the site. Mr. Kahn clarified that when he met with staff over a two-month period he explained what improvements he wanted to make and staff was willing to work with him. Both sides offered suggestions. While he said he preferred to spend less money, he could not accomplish what he wanted for the site and to do what was best for the shopping center and the community. Continuing, Mr. Kahn said there will be under-canopy lighting, the posts will be uniform throughout the center, and the drainage under the posts will be repaired. The rear drive aisle will be repaired in general and include new speed bumps to deter speeding. New signage about private property will also be installed in the rear drive.

Regarding the proposed store, Mr. Kahn discussed that Walgreen's is very particular about its location and the only location it wanted to be on this parcel was at the corner being discussed. Because Walgreen's was converting those stores without drive-thrus to stores with drive-thrus, he said the current Walgreen's site on 63rd did not offer that and so he wanted to keep the Walgreen's store within the village using the proposed site. He believed the location was ideal.

Mr. Kahn reported on the large turnout of residents that showed up for a community meeting and in which two sets of issues were raised: 1) Roundheads (Pizza); and 2) traffic concerns for those residents north of the property. An additional traffic study was done due to that meeting. Mr. Kahn shared some background on the Roundheads restaurant stating that since his company purchased the shopping center, Roundheads had no lease and never had a lease since he owned the shopping center. Further information was shared on their meetings over the three plus years. Lastly, Mr. Kahn summarized that this project was about the community and the 35 retailers that worked hard to build their business that were looking forward to attracting more traffic and tenants.

Mr. John Bradchow (phonetic), Camburas & Theodore Ltd. Architects, confirmed that the materials being used for the Walgreen's building included EFIS with the bottom portion being cast stone. Asked why brick and stone materials were not being considered, Mr. Bradchow said the proposed materials reflected the more recent changes being made by Walgreens who wanted to implement their new style, the first prototype being in Downers Grove. The height of the cast stone would be approximately two feet around the entire building, wherein the chairman expressed concern about its durability.

Current occupancy rate was approximately 80% and it was anticipated to be 90% to 95% when completed. Mr. Kahn indicated that since the purchase of the center about 50% of the leases have been up for renewal and through negotiation many tenants have remained. Per a question, Mr. Kahn estimated 20% of the $2.0M was for the parking lot. Mr. Quirk, however, said he did not find that what was being presented in the renderings would result in a marked visible change to the facade. Mr. Kahn described how the west side of the center would differ dramatically with some painting of brick to occur but that it would change the character of the shopping center.

Mr. Peter Zalenko, GZD Architecture in Chicago, discussed the design features that were added to some of the existing buildings -- a canopy, with a walkway on Building B; and updated band on Building C; replacement of the mansard roof with a straight facade and a new higher cornice. Mr. Kahn also added that the tenants wanted a better sign band for better visibility, which was why the parapets were being raised.

Regarding the proposed amendment to the plat of subdivision for three lots, Mr. Kahn explained there was the potential for an outlot west of the Walgreen's site but it would have to be evaluated once the Walgreen's was completed. Some questions followed on whether Walgreen's would have a non-competitive clause in its lease. Ms. Hogstrom referenced a vacant Walgreen's located at 75th and Lemont. She also noted that on the Walgreen's real estate website there was no mention that a Walgreen's had to be on a corner site. Mr. Kahn indicated the proposed location was "the only place here they will go" and added that just about every new store was located on a hard corner with a signalized light. Responding to Ms. Johnson's question, Mr. Kahn stated should Walgreen's decide not to go into the center, the $2.0M worth of facade renovations/parking improvements would not occur. Asked if there were any plans for the Walgreens located at Belmont and 63rd, Mr. Kahn was not aware of a plan. Should the Walgreen's proposal not go through, Mr. Kahn envisioned his company would seek a similar alternative to make the shopping center work. Mr. Kahn indicated Roundheads was not disputing they had a lease at this time.

Chairman Rickard opened up public comment and reminded the public to restrict their comments to three minutes. He also reminded them of the three items that were being discussed/considered. For

the public, however, Ms. Pandey summarized the standards that the commission considers for the special use permit and the PUD amendment.

Ms. Samantha Gill, 6937 Camden Rd., Downers Grove, stated she is part of the Roundheads family and provided a history of the Roundheads restaurant before it was Roundheads. She stated she was not opposed to Walgreen's coming in but asked to consider moving it 200 feet west of the proposed location, as Roundheads would like to remain part of the community.

Ms. Linda Gorsoti (phonetic), 10 Nadlehoffer Court, Woodridge, supported Roundheads and believed moving them 200 feet was reasonable, commenting that when the larger businesses come in and take more desirable locations from small businesses, the less chance the smaller businesses have to build the community and connect people. She asked to honor the above request.

Mr. David Able, 1128 63rd Street, Downers Grove, distributed copies of a petition (on-line and paper versions) and the comments that were created on behalf of Roundheads. He explained how the community rallied together to support Roundheads after the property owner sent out notices, basically forcing a family business to close its business for a drive-through Walgreen's. Mr. Able reported for the past three weeks, the petition received 2,228 on-line signatures, 772 on-line comments and 21 in-person signatures. He shared the supportive comments he received from patrons now living in Canada, Washington State, as well as local patrons who shared many memories at Roundheads.

Mr. John Hopkins, 7511 Brown Ave., Forest Park, distributed a packet of five different Walgreens locations not located on corners, stating there should not be a reason that the proposed Walgreen's could not be relocated 200 feet west of where it is being proposed and it made no sense to demolish a family-owned business. Walgreen's was not even present to offer any compromise.

Mr. John Kuga (phonetic), 5912 Woodward, Downers Grove, summarized that it appeared the commission was voting on a little piece of the larger picture. (Both the chairman and Ms. Hogstrom briefly explain the village's comprehensive plan and a catalyst site.)

Ms. Katie Long, 1766 Springside Ave., Downers Grove stated she has been going to Roundheads for many years and supports small businesses. She asked the commission to "not allow this to happen." As for Standard E which states that it is a benefit to the residents and the public, as a homeowner who lives less than five miles from the location, she saw no added benefit to the proposal if she were to sell her home. Instead, she pointed out the large vacant building that stands at 63rd and Interstate 355 and believed that if Walgreens came in, then the existing Walgreens would sit vacant and now two large vacant buildings within less than five miles would exist. Additionally, the village would lose a small local family business. She pleaded to not have the proposal go through when there was a solution 200 feet west.

Ms. Jill Senert (phonetic) 810 Foxwood Blvd., #411, Lombard, asked the petitioner if Roundheads was the only lease rejected at the bankruptcy hearing when the other leases were renewed, or was it because the petitioner was in discussions with Walgreen's before the mall was purchased and was that the reason why the Roundheads lease was rejected and why he chose not to renew it? She pointed out that Mr. Kahn said if Walgreen's did not come in, then the $2.0M improvements would not be done; however earlier in the presentation he stated that is what his company does -- fixes run-down shopping centers. She believed the standards were being met but there was nothing that

exceeded them. Ms. Senert pointed out there were other pharmacies nearby– CVS, Jewel, etc. – but there were no sit-down restaurants in the area.

Ms. Christie Lyons, 535 Harding Ave., Glen Ellyn, works at Roundheads and read a letter (Attachment B to minutes) from one of Roundhead's loyal patrons (Douglas Dvorak), who could not be at the meeting. Mr. Dvorak, in his letter, asked that if Walgreen's were to take over the proposed site, what would happen to the current Walgreen's located at 63rd and Belmont, which he assumed would be no more than an eyesore. Mr. Dvorak cited other vacant buildings left by larger corporate businesses and stated that when larger corporations leave they leave behind a vacant blotch for homeowners to look at every day. He asked the commission to stop Walgreen's from taking over the Roundheads location.

Ms. Heiden, 228 Hampshire Lane, Bolingbrook, an employee of Roundheads since 2009, elaborated on the community activities and organizational sponsorships that Roundheads has been involved with over the years, which were many. Removing Roundheads away from Downers Grove "would be an injustice to this community."

Ms. Nicki Polaski, 6310 Tamamy Dr., Downers Grove, asked the commission where public comments, such as the ones being made, be directed. [Ms. Leitschuh indicated if a recommendation goes forward it will be on the March 7th Village Council agenda.] She did not find Mr. Kahn's behavior admirable since he picked up the shopping center at a low bankruptcy price with no intention except to use Walgreen's to do what a responsible person would do, and now was not going to do that. She stated that if Mr. Kahn could let the community keep its restaurant and work things out with Walgreens, she would be supportive as well as the others in the room.

Mr. William Franski, 7233 Springside, Downer Grove, viewed this matter as one side being a corporation / local government and on the other side a taxpaying business/entrepreneur, and the entrepreneur may be out of a business permanently. To him it reeked of possible antitrust which the consequences for same were very serious for those who lose. He asked the council to consider the matter with some legal advice. He stated he had three points of antitrust for the commissioners to review in closed session. (Attachment C to minutes)

Mr. Todd Kraus, 6108 Pershing Ave., Downers Grove, is a small business owner in the village and he met his business partner at Roundheads, which he considered an important community staple in the community. He expressed concern about vehicles speeding through his neighborhood on Woodward when they are sick and he also doubted that the traffic planners addressed the traffic that will be diverted from the current Walgreen's on Belmont to the proposed Walgreen's.

Mr. Terrence McGann, 1906 Sweet Brian Lane, Darien, believed Roundheads was the type of business that needs support for the community since the money spent there gets returned to the community. He asked what guaranty did the village have if Walgreen's decides that the revenue being sought is not enough and abandons the building? Mr. McGann raised the point that when Mr. Kahn gave his presentation he stated that from day one when he purchased the property he was looking to attract Walgreens. He suspected that any lease Roundheads entered into would have a contract clause that allowed for unilateral termination in the event Walgreens was interested. A month to month leased existed and Mr. McGann assumed Roundheads was paying its bills. McGann reiterated that he heard Mr. Kahn say he wanted to do what was right for the community

and be proud. He stated the community was very proud of the current establishment and was not against development, but not at the sacrifice of an entity that many have patronized for many years.

Mr. Adam Marchuka (phonetic), 5725 Sherman Ave. and 6017 Sherman Ave., Downers Grove. shared his own example of the petitioner's proposed 80% occupancy figure, citing that 200 feet over, the petitioner could make up the extra $20,000. The other issue Mr. Marchuka voiced was that the proposed Walgreen's would block Maxwell Beef and Familia's. He believed the parcel would be split into three lots and be sold individually, and, Walgreen's had a back-up plan to "get out of there." Lastly, he said he met most of his clients at Roundheads and it was a community landmark.

Mr. David Bowman, 1338 Purdue Ave., Naperville, described how Roundheads sponsors a number of athletic teams he is involved with. He said that 10% of the people in Downers Grove do not want Walgreens at the proposed location. He asked that when the commission makes its decision is it going to be a corporate giant or are they going to listen to the community that they represent?

Mr. Beth Svetich, 6750 Barrett St., Downers Grove, asked the commission to talk to Walgreens to see what they want, noting she was at the January 19, 2017 meeting and Walgreens representatives were not present there nor present today and there were several sites where Walgreen was not located on a corner. She recommended moving over 200 feet. It was a win-win situation for all.

Mr. Eric Martruka, 5725 Sherman Ave., Downers Grove, agreed with the comments being made and hoped more individuals would speak about other points. Regarding the traffic issue raised earlier, Mr. Matruka, having worked prior for the Downers Grove Township Highway Department, stated that Woodward Avenue was one of the less desirable streets to work on because it was unsafe.

Mr. Art Donner, 7548 Cambridge Rd., Darien, stated he was the former treasurer for the City of Darien and when he was on the council with the City of Darien, one always worried about the impact developments would have on local residents. He believed the proposed Walgreen's was "ugly" and looked like a warehouse. He questioned who would construct a $600,000 house near it. He pointed out that representatives from Walgreen's were not even present at the meeting. Furthermore, he commented on the small amount of revenue ($6,000) generated from the current Walgreens in which the village only receives 10%. Mr. Donner discussed other costs associated with public safety, pedestrian traffic, and the repairs to the infrastructure. He asked that when the commission makes its decision to consider what is happening in the community. Lastly, he pointed out that Walgreens will also carry groceries and will knock out the current grocery store.

Mr. Ron Phillips, 6655 Blackstone Dr., Downers Grove, stated he patronized Roundheads with the various teams he coached along with his family and it was the type of establishment the community chose to patronize. Should Roundheads leave, he said the community would travel to another restaurant in another town. He believed the village had an obligation to take care of its resources such as this one, who want to set up business inside the village and not somewhere else.

Ms. Jordan O'Prandek (phonetic), 7632 Walnut, Woodridge, stated she was here to fight for her Roundheads family and has been working for them for the past five years. She discussed the closeness of the employees, their low turnover and shared her concerns if Roundhouse left.

Mr. John Hoekema, 727 Bluebird Drive, Bolingbrook, owns Friendly Stitches and is pastor of Horizon Community Church. He had been to Roundheads and enjoyed being there. However, having been a tenant in the center over the past four years, he agreed it needed to be improved and asked everyone to keep that in mind moving forward. He wished a compromise could be met.

Mr. Gordon Goodman, 5832 Middaugh, Downers Grove, stated he was involved with the siting of the Walgreen's at 63rd and Main Streets which he was pleased to see did not work out. However, he believed the proposed site was better and a key component for the petitioner to renew the center. He also hoped Roundheads could stay within the center but explained the tradition in the village has been to allow property owners to design the proposals that come before the Plan Commission and then the Plan Commission evaluates them and decides to recommend them in the interest of the community. However, he said never in the past has the community assumed the authority to tell property owners what they should propose to do with their property. Mr. Goodman explained that if the commission recommended a rejection for the proposal and the village council concurred with that rejection then the developer would have to reconsider what he wanted to do with his property. He believed it was a good use for the property and hoped an arrangement could be made with Roundheads.

Mr. Kent Posmer, 1933 S. Loomis, Downers Grove, thanked the commissioners for their work in keeping the identify of the village and keeping it a family-friendly place. To him, the owners of Roundheads epitomized the family-friendly business in a community, commenting on the first time he and his family patronized the business on the day they relocated to Downers Grove. They have been going there ever since. He closed by stating he could not imagine the traffic situation being any better, seeing there were many children in the nearby neighborhood and safety was a concern on Woodward Avenue.

Mr. Lee Rider, 5807 Sherman, Downers Grove, voiced concerns about traffic since he resides on the north side of 63rd Street. He asked the commissions if there was a village code that required the property owner to improve his property even if the Walgreen's proposal did not work out. Lastly, he discussed the Roundhouse family, stated there was no reason it had to leave and believed there should be a simple solution for everyone. Those in the audience were present to support the Roundhouse owners.

Mr. Rich Kulovaney, 6825 Camden Rd., Downers Grove, supported the proposal and reminded the public that the Plan Commission can only rule on the proposal meeting the requirements of the special use and PUD. It could not stand between a two separate private business owners in a private transaction. Mr. Kulovaney cited various examples and reiterated the commission had limited capability that they were legally chartered with, based on ordinances and Illinois State law, and which guidelines existed in the village's ordinance. He commented on his visits to the existing Walgreen's located on Belmont stating it was tough to access but a drive-through pharmacy at the proposed location would be a benefit. The other concern he had with the petition was that the public was misled to believe that Roundhouse was being forced out when it was actually given an opportunity to move within the shopping center, and those who patronize the business would walk and park another 100 to 200 feet and go to the restaurant, where "everybody could win."

Ms. Tara Phillips, 6655 Blackstone Dr., Downers Grove, asked to focus on the guidelines that have been met, i.e., betterment of the community, then asked to look specifically at 63rd and Cass Avenue where most of the small businesses there closed. She stated that if Roundheads did not get to stay

in its present building, it was still being asked to move and it would be 4,000 less people going to the Walgreens.

Mr. Ryan Navotne, 6761 Baird Street, lives a couple blocks away from Roundheads and whenever he passes the restaurant and Walgreen's he notices that Walgreen's is not doing very well and so he does not feel it will improve the new location. However, since the notices have been put up regarding Roundhouse, it has been very crowded. The community cared about the restaurant and did not necessarily need the Walgreen's. The nearby Target carried the same items as Walgreen's. Lastly, he stated the speed bumps were only going to be upgraded if Walgreen's was built.

(The chairman asked for a five minute break at 9:35 p.m.; the meeting reconvened at 9:45 p.m.)

Mr. Jim Derienzo, 2945 Forest Glen Pkwy., Woodridge, is a friend, customer and business partner with one of the food service companies that serves Roundheads. Mr. Derienzo discussed the success of this family-owned business, noting 50% of such businesses go out of business the first year and 80% by year 3. The fact that the owners were running the business for a very long time was a testament to the hard work and dedication that they have shown over years in their business acumen. It was unfortunate that it was coming down to where owners were going to lose something for making the right choice. He hoped a solution could be found.

Mr. Mike Cazzoni, 1834 Great Plains Way, Bolingbrook echoed the above comments but also called out something that was mentioned in the first petition and that was "this was something the community needs." Looking to the Walgreen's website, there were 12 Walgreen's within five miles of the intersection being discussed and 46 within 10 miles. He asked to take that into consideration.

Ms. Mary Tenneson, 7844 Woodward, Woodridge, stated she could walk from her home to four Walgreens. At 83rd and Lemont there was a CVS store. Regarding the comment the community needs this, she said nobody asked the residents if they needed the Walgreen's that she was aware. Her other concern was that there were no other sit-down restaurants in the area unless you considered Burger King or McDonalds. She believed the village, over the years, has turned away from what the residents were asking and now it was about the money.

Mr. Steven Wint (phonetic), a Lisle Township resident, asked how the village planned to reduce the turn lane off of 63rd Street onto Woodward Avenue. He asked to not approve the PUD amendment.

Mr. Martin Turic, 7233 Bateman St., Downers Grove, voiced concerns about changing the turn lane length which he believed could confuse drivers into thinking that drivers were turning down Woodward Avenue and causing rear-end accidents. The change went against the traffic calming ordinance. He also shared concerns about traffic congestion in the morning and evening when people were picking up their prescriptions and vehicles turning into traffic flow causing unsafe conditions because Walgreen's did not want to change its location in the center. Mr. Turic stated that the proposal is to place $2.5M into the property if the commission will allow Walgreen's to locate there but he pointed out that the same $2.5M could not even repair the parking lot. He supported leaving Roundheads in its presentation location, deny the PUD amendment (for safety purposes), and have Walgreen's move over 200 feet, keeping the community vibrant.

Mr. Jeff Gasper, 6925 Blue Flag Ave., Woodridge, expressed support for Roundheads but indicated that without Walgreen's being present he did not believe a decision on the proposal could be made

tonight since outstanding questions existed which could be answered if Walgreens were present so that a better decision could be made. He recommended postponing a decision.

Mr. Charles Crimmins, 1733 Breasted Ave., Downers Grove, asked what was the benefit to the community as far as number of employees that will be employed and how it rolls through a community.

Mr. David Murrock, 508 Bunning, Downers Grove, a real estate broker, believes the parcel that is being subdivided will be a split-off and probably sold to an investor. He receives about 4 to 10 email listings a week on pharmacies, such as CVS or Walgreens, that are for sale, usually for sale between $4M and $6M.

Mr. Tim Garry, 5532 Washington St. Downers Grove, used to work in commercial leasing and the finance industry and used to be a retail bank manager. Adding to earlier comments, he stated that restaurants usually close within 1 to 2 years. He recalled the number of Walgreen that closed while Roundheads took over other locations in town and thrived. In fact, he would refer businesses to Roundheads because they "got the formula for successful restaurants."

Mr. John Lewensik, 2137 63rd Street, Downers Grove said he has been a tenant in the center for 23 years and has seen its decline. He stated the tenants there were looking forward to some form of revitalization and the center was part of the community. He almost left when the center went into foreclosure but then he met the new landlord who showed the tenants their plan. He stated the new owner has been responsive and he was very pleased. He believed the entire shopping center parcel was very large while the amount of area occupied by tenants was relatively small. He also believed the rents could command the types of rent that it would take to revitalize the center on its own and something would have to happen. He hoped a compromise could be worked out with Roundheads.

Hearing no further comments, the chairman closed the public hearing. He asked the petitioner to respond to the questions raised.

Mr. Kahn indicated he had a list of Walgreen statistics that he thought was in the commissioners' packets but may not have been. He offered to provide that list and make it part of the packet. He estimated there would be 8 to 10 employees on-site during a shift and probably a total of 35 employees. He stated the traffic figures would not change because Walgreen's was only two blocks away, but the store design would change a little. As for the traffic patterns changing, Mr. Kahn stated he misunderstood a comment and clarified that no traffic lanes were being changed. Instead, they were being made safer because it was going from a full four-way intersection into a full way into the site but upon exit, drivers would be prohibited from making a left turn onto 63rd Street.

KLOA traffic consultant, Javier Millan, stated the speeding issue along Woodward Avenue was an enforcement issue. Traffic was not expected to increase in the relocation of Walgreen's from Belmont and 63rd to the proposed site because the traffic patterns were already established with a minor adjustment. Details were explained. Mr. Millan summarized the traffic counts that took place on a Saturday (from 12 pm to 2 pm during traffic peak) and on a Tuesday (from 7 am to 9 am and from 2:30 pm to 6 pm peak). Details followed, noting that traffic counts were increased by 2% to allow for any growth that could occur in the area and included both the current Walgreen's and the proposed Walgreen's with Roundhouse. The proposed location of the Walgreen's would have very limited impact to the area. He reviewed lane details.

Ms. Gassen confirmed with Mr. Kahn that no changes to the roadway were occurring, specifically when a driver is heading north on Woodworth towards 63rd Street. Mr. Kahn explained the only change would be the exit onto 63rd where it goes from a full right or left exit to a right-out only. Ms. Gassen asked that it be reflected correctly in the traffic exhibit.

Ms. Johnson pointed out how traffic patterns were actually being changed by forcing the patrons to turn right onto 63rd Street and whether there was concern about those patrons wanting to take Woodward north. She believed the petitioner was increasing the traffic pattern, whether enforced or not, heading north, wherein Mr. Kahn explained how he anticipated drivers to traverse the site taking Woodworth north and turning left at the light to head west, which was a simple action. Mr. Millan confirmed that traffic in the turn lane on Woodward did back up beyond the access drive at peak times, however, they were trying to make it safer for someone to turn at a signalized intersection as well as discourage traffic into the neighborhood north of 63rd. Mr. Kahn remarked the study reflected that traffic is not increased at all if there is some enforcement.

Ms. Leitschuh added that Woodward north of 63rd Street was a county road not enforced by the village, and 63rd by itself was a county road also.

Given the public discussion, Mr. Kahn emphasized that his company liked Roundheads as a tenant and wanted them to continue to exist within the shopping center and were willing to make a deal. It was not a judgment about who the tenants should or should not be or what the legal relationship is of those tenants. Legal facts were pointed out: Roundheads had no legal right to be on the property beyond a 30-day window; FL Cedar, LLC has allowed them to stay for three and one-half years because they wanted them to stay and work out a deal; and from day one, FL Cedar, LLC wanted to rehabilitate the shopping center and bring in business and new tenants and it had to be done in an economically feasible way which he believed had been done in a positive way.

Per Mr. Quirk's question on how the petitioner planned to complete the site improvements before the certificate of occupancy was issued, Mr. Kahn explained the understanding he had with staff and said that once the commission approved the request, he would condition the approval on simultaneously doing the work. It was his understanding that it was a requirement of staff and the village board.

Mr. Quirk inquired about Mr. Kahn's commitment to improving the shopping center irregardless of securing the Walgreen's deal wherein Mr. Kahn stated he was committed to improving the shopping center but did not have the monetary funds to improve it to the level that was being proposed without Walgreen's or a similar business. He did have a signed lease with Walgreen's. Mr. Quirk raised concern that the commission was tying the approval of the proposal to Walgreen's occupying the building that is going to be constructed.

Discussion followed between some commissioners and Mr. Kahn on how the special use was meeting Standard No. 2, i.e., "that the use is necessary and desirable…" to which Mr. Kahn stated that a drive-through pharmacy in the community is important to the consumer; there were reasons why they exist and the public wanted them and used them. Again, he reminded the commission how he wanted to work with Roundheads; however, he stated that Roundheads lost in bankruptcy court over three years ago and they did not have a legal right to occupy the space whether Walgreen's came in or not,. It was important for the center to get to the rehabilitation stage to bring

capital to the center. He did not believe this type of discussion was appropriate for the meeting. He also reminded that 35 other tenants existed in the shopping center who wanted the development to move forward.

Mr. Kahn thanked the commission for its time and attention on this matter and asked the commission to look at staff's conditions for the standards of approval for the PUD as well as the special use. He believed the proposal met the standards; staff stated the same, and those were the specific issues to be considered tonight.

The commissioners proceeded to discuss whether the proposal was a necessity, the fact that the shopping center needed help and bringing in such tenants allowed that improvement. However, Walgreen's was not invested in the community like Roundheads and Walgreen's was not present at the meeting, which would have been helpful. Other comments followed that it was unfortunate that in order for the deal to work, one of the most beloved pieces of the mall had to be demolished. Pointed out was the fact that while the petitioner was seeking the subdivision it was the special use to construct the drive-through and that other than the subdivision, the petitioner could construct the Walgreen's and forget the remaining improvements to the shopping center.

Mr. Maurer pointed out what the standard read "…the special use is necessary or desirable to provide a service or facility that is in the interest of public convenience," noting that was what the petitioner was doing – an example followed. Mr. Maurer further read text from the comprehensive plan reminding everyone of the commission's purview and that both plans recommended that "the village promote the modernization and/or redevelopment of the property…" Mr. Quirk proceeded to explain to the public what catalyst sites were and what the village's goal was with them. He did not believe that was occurring at this site. And, just because the proposed site was identified as a catalyst site, did not mean the commission nor the village had gone to every effort to ensure that the village has executed that. However, Mr. Quirk believed the petition met all of the requirements for amending the PUD and the requirements to replat within their boundaries but was struggling with the special use only because he heard testimony that the drive-thru was not needed or desirable. Additional comments from the chairman included that the standards were being met but the difficulty was the displacement of a well respected business and he did not believe this matter was final because he believed it may prompt other conversations. Chairman Rickard hoped something could be worked out, noting the landlord was willing to work with the tenant. However, it was within the rights of the landlord, who had ownership of the property, to decide who they want to lease to, etc. to spur additional interest. He was not convinced it was the end for Roundheads.

Further conversation followed on the fact that the Plan Commission was not approving anything but was a recommending body and that conditions could be placed upon its recommendation.
Mr. Quirk said he wanted to see Condition No. 2 revised so that the site work and building work did not have to be completed simultaneously, wherein Ms. Leitschuh, explained that simultaneous was the intent of the condition. With that being said, the chairman added that there was many things that could be done to the Walgreen building to make it look nicer such as increasing the two-feet of EFIS off the ground, since the building would see heavy traffic; increasing the height (to 3 or 4 feet) of the hard surface material so that it makes the building more durable and last a longer time.

Ms. Gassen also agreed with the above comments and concerns, including the building's material being EFIS, from a durability standpoint. Asked if not having a Walgreen's representative present at the meeting was a concern, the chairman voiced it was not, since it was a common practice with

large corporate businesses. Ms. Hogstrom expressed concern about the village having a number of vacant Walgreen's buildings in town. The chairman concurred. Mr. Maurer added that Walgreen's was removing its mid-block sites in order to relocate to corner locations in order to provide drive-through pharmacies.

Mr. Boyle shared his comments that the matter was a difficult situation and the Plan Commission was not being asked to consider the factors between a land owner and a lease situation. While the issue of public convenience was raised he agreed it was demonstrated tonight. Mr. Maurer asked that the exhibits/elevations reflect the correct information since EFIS was not stucco and was a different material.

The chairman entertained a motion.

To: spopovich@downers.us

Good afternoon,

I wanted to express my support for a zoning proposal for tonight's public hearing, which I am unable to attend in person. As a nearby homeowner, we are highly encouraged by the proposed development at 63rd and Woodward. We moved to Downers Grove in 2013 and during the time, have found that business area to do nothing but decline in both health and appearance. The proposal to rezone to allow a new Walgreens building would not only hide some of the very unsightly features in the strip mall, it might also serve as an anchor store to help draw additional traffic to the area. In turn, this development could rejuvenate the area by bringing other investors and retail stores.

Additionally, 63rd Street is one of only a few exits off the interstate into Downers Grove and is a sad first impression for visitors to our beautiful community. We are certainly aware that many residents have strong historical feelings about the current restaurant that occupies this space and is opposing the zoning matter. We note that none of the current businesses are drawing sufficient traffic to increase and improve business in the area; and the current lessee is no exception, particularly with the way the surrounding property is currently maintained.

We urge you to please approve the submitted rezoning request and to support future business development in this area, which has been an eyesore for nearby residents and most of Downers Grove for many years now. Development of this area is good for residents and could improve our community by bringing additional jobs, as well as increased tax revenues.

Competition law

Competition law, known in the United States as **antitrust law**, are laws that promote or maintain market competition by regulating anti-competitive conduct.[1]

The history of competition law reaches back to the Roman Empire. The business practices of market traders, guilds and governments have always been subject to scrutiny, and sometimes severe sanctions. Since the 20th century, competition law has become global. The two largest and most influential systems of competition regulation are United States antitrust law and European Union competition law. National and regional competition authorities across the world have formed international support and enforcement networks.

Modern competition law has historically evolved on a country level to promote and maintain competition in markets principally within the territorial boundaries of nation-states. National competition law usually does not cover activity beyond territorial borders unless it has significant effects at nation-state level.[1]

The protection of international competition is governed by international competition agreements. In 1945, during the negotiations preceding the adoption of the General Agreement on Tariffs and Trade (GATT) in 1947, limited international competition obligations were proposed within the *Charter for an International Trade Organisation*. These obligations were not included in GATT, but in 1994, with the conclusion of the Uruguay Round of GATT Multilateral Negotiations, the World Trade Organization (WTO) was created. The *Agreement Establishing the WTO* included a range of limited provisions on various cross-border competition issues on a sector specific basis.[2]

Principle

Competition law, or antitrust law, has three main elements:

- prohibiting agreements or practices that restrict free trading and competition between business. This includes in particular the repression of free trade caused by cartels.
- banning abusive behavior by a firm dominating a market, or anti-competitive practices that tend to lead to such a dominant position. Practices controlled in this way may include predatory pricing, tying, price gouging, refusal to deal, and many others.
- supervising the mergers and acquisitions of large corporations, including some joint ventures. Transactions that are considered to threaten the competitive process can be prohibited altogether, or approved subject to "remedies" such as an obligation to divest part of the merged business or to offer licenses or access to facilities to enable other businesses to continue competing.

Substance and practice of competition law varies from jurisdiction to jurisdiction. Protecting the interests of consumers (consumer welfare) and ensuring that entrepreneurs have an opportunity to compete in the market economy are often treated as important objectives. Competition law is closely connected with law on deregulation of access to markets, state aids and subsidies, the privatization of state owned assets and the establishment of independent sector regulators, among other market-oriented supply-side policies. In recent decades, competition law has been viewed as a way to provide better public services.[3] Robert Bork has argued that competition laws can produce adverse effects when they reduce competition by protecting inefficient

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends -- we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way...From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way... From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Help Save Roundhead's From Being Forced to Close!

We've come a long way...From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Help Save Roundhead's From Being Forced to Close!

We've come a long way...From pushing around a bagel cart (giving away a sandwich to anyone who would take one!) to operating out of a brick and mortar restaurant that feels like a home away from home, we've come a long way. From temporary booths at festivals to a local place where family dinners turn into fun memories and customers become friends – we've come a long way...

And we don't want to go.

Roundhead's Pizza Pub is being forced out of our location in Meadowbrook Shopping Center.

After all these years of seeing your families grow alongside of ours, after all these years of meeting customers and having them turn into friends – we would hate to see all of that come to an end. We have been a contributing part of the Downers Grove community for over 20 years. Throughout that time, we have seen memories being made, children and families grow, and even marriages formed. Please help us to be able to continue to grow more memories with all of you guys.

Our "Roundhead's Family" needs to stick together!

Please help us save Roundhead's and sign this petition to keep us in business. Thank you to EVERYONE!!! #saveroundheads

Cathi Loris	Downers Grove, IL	2017-01-20	Roundheads is a staple in our community!!! It's like family Don't let big corporations take over our communities .. they need to learn to co exist not take over!!
Matthew Harper	Downers Grove, IL	2017-01-20	Great place, Great family. Need more family business like this one in our neighborhood.
Kellie Gray	Westmont, IL	2017-01-20	KEEP OUR ROUNDHEADS!!!!!
Matt orton	Willowbrook, IL	2017-01-20	Roundheads is a staple in the community and there are 4 other drive thru Walgreens pharmacies within just a few miles
Nicole Wagner	Greencastle, IN	2017-01-20	This is a family owned and run business. It has been a part of our community for generations. The small business in our community should be more important than a corporation.
Julie Wagner	Woodridge, IL	2017-01-20	Roundheads is a family owned restaurant that goes above and beyond helping their community. To force them to close or ask them to take on the very expensive financial burden of "starting over" and relocating will have an effect on the entire community that depends on this place to help them with their fundraisers, celebrations, donations for charity, etc. The argument that this is going to better for the strip mall and other businesses, there have been countless communities, and peer-reviewed surveys across the country, all reach a similar conclusion that when big corporate one stop shops move in, small businesses and jobs move out. Keep Downers Grove's heartbeat alive! Say no to Walgreens!
Samantha Gill	Downers Grove, IL	2017-01-20	Thank you everyone!!! My family really appreciates all your support!!!!
Virginia mulder	Downers Grove, IL	2017-01-20	Roundheads has been a huge part of the community! It would be a shame to kick them out for a Walgreens which there is one located on Maple and RT 53 less than a mile away!
Erinn Davis	Downers grove, IL	2017-01-20	I love this place
Amanda Stevens	Woodridge, IL	2017-01-20	We love Roundheads, good family restaurant
Joseph Caputo	Shorewood, IL	2017-01-20	I'm a friend of the family.
Evynn Davis	Downers Grove, IL	2017-01-20	I love Roundheads and I am lucky enough to be employed by the Nagy Brothers.
Crystal Austin	New Orleans, LA	2017-01-20	I shared my life here. Please don't take it away
Joseph Kairis	Lisle, IL	2017-01-20	One of the best family own businesses in the area.
Brenda Hoppestad	Woodridge, IL	2017-01-20	We love Roundheads! We started going there because we liked the food but within no time at all we began going to see the "family!" All the employee and the Nagy family! This is more then a restaurant it's a part of our community! We fully support Saving Roundheads!
Morgan Dircks	Downers Grove, IL	2017-01-20	Roundhead is a stable in the community. The Walgreens right down the street is never even busy, probably because there are 4 others within a 5 mile radius. If they need the space so badly, use the vacant Dominic's building right down the street. This country was founded on small business, even Walgreens was a small business at one time. Don't kick small business out of their home when there are other solutions.
Melissa Harbauer	Downers Grove, IL	2017-01-20	They are a great family and great restaurant! I support local!

Lauren Britton	Villa Park, IL	2017-01-20	I have grown up going to roundheads since their Main Street location, I loved seeing them grow into their Woodward Location, and now that I currently live in Villa Park (and no longer in Downers Grove), I now still go to the Lombard location. It's not just a pizza place, a piece of my youth!
William Neustadt	Downers Grove, IL	2017-01-20	Love Roundheads and don't want to have to deal with relocating....and there are enough Walgreens !!!
Vanessa Chernivsky	Downers Grove, IL	2017-01-20	When I moved to Woodridge Roundheads became my third place. A place where I could go to laugh when I was upset and a place where people are always friendly and always welcoming. And the pizza is bomb!
Shannon Sigmund	Saint Joseph, MI	2017-01-20	It's Roundhead's!! It was such a staple in my family's life growing up - would hate to see it go!
Tim Adams	Downers Grove, IL	2017-01-20	I have loved going to roundheads since I was a little kid!!! It a great relaxing family place
Mary Tennyson	Woodridge, IL	2017-01-20	We have been customers of Roundheads and friends of the Navy family since they opened their first hot dog stand! It's WRONG that once again, big business is trying to push little businesses out! There is MORE THAN ENOUGH room in that shopping center for everyone! Put your new Walgreens at the other end of the mall...there's PLENTY of ROOM down there!
Mike Mytys	Woodridge, IL	2017-01-20	Roundheads is the cornerstone of the community
Samantha Gill	Downers Grove, IL	2017-01-20	You guys are all amazing! Thank you for all your kind words! This means the world to us!!!
Chandler Roberts	Naperville, IL	2017-01-20	I love their pizza
Alex Toomey	Elmhurst, IL	2017-01-20	It's a great hang out place for all type of sporting events
Susan Anderson	Woodridge, IL	2017-01-20	It's a favorite spot for pizza. The Nagy's are wonderful people. We don't really need a new Walgreens.
Nicole Voelz	Bolingbrook, IL	2017-01-20	Their food is amazing
Lee Reiter	Woodridge, IL	2017-01-20	My whole family loves this place
Amy Filip	Downers Grove, IL	2017-01-20	I support local business!
Danielle Wright	Downers Grove, IL	2017-01-20	This is family owned restaurant who welcomes all families. They built with love, passion, devotion. Roundheads needs to stay open and remain effecting families lives how it has been for 20 years. Their food is simply amazing and trying to take a family place and turn it into another Walgreen's is outrageous. We have too many Walgreen's and not enough family owned restaurants. Walgreen's you're crushing our Town's families by tempting to do this. I only hope Roundheads you say strong and fight!!!! Thank you for your amazing food, personable wait staff, and always keeping the family atmosphere alive. Stay positive!
Amy Cohen	Westmont, IL	2017-01-20	Because I love Round heads, it has been in our neighborhood since my kids were small. I have so many fond memories of roundheads with my family.
Jan Mulqueeny	Downers Grove, IL	2017-01-20	I love Roundheads and there is PLENTY of space in the Meadowbrook Mall for Walgreens to build a free standing store. No need to force out a Downers Grove family business!
Sarah Peterwas moran	Downers Grove, IL	2017-01-20	It's the only place to get to within walking distance for a beer, dinner, socializing. A great thing to do during most seasons. It's like our neighborhood pub. One of life's little pleasures
Nicole Fournier	Willowbrook, IL	2017-01-20	It is a wonderful community staple, that needs to stay and not be forced out. And the family are great and nice people.

Jennifer Kurek	Lombard, IL	2017-01-20	Love roundheads!!!
Dan Murray	Lemont, IL	2017-01-20	I've been coming to Roundhead's (and JnJ's before that) since they opened. It's a shame that Downers would even consider displacing a locally-owned business in order to put a Walgreens in that's already a block away. Pointless.
Amy Perino	Downers Grove, IL	2017-01-20	I'm signing because this is my family's favorite restaurant. We have been customers for over 20 years and it would be terrible to see it go.
Jacob Birks	Pacific, WA	2017-01-20	I was transferred to downers grove in 2008 for work. Round heads was the first restaurant I went to because it was closest. I had zero friends since I was from a different state. From the first time I went there I never felt unwelcome. The staff quickly remembered my name and I was always greeted with a warm hello. Joe even let me push the button when the blackhawks would score. This place means a lot to me and I'm not even from there. It needs to stay. That neighborhood doesn't need another Walgreens.
Eric Webb	Downers Grove, IL	2017-01-20	We have enough chain stores occupying space. Keep the local businesses.
Jennifer Roden	Chicago, IL	2017-01-20	this is a great place to bring a family
Charles Gilbert	Downers Grove, IL	2017-01-20	I love the food,and family atmosphere
Jason Genschoreck	Downers Grove, IL	2017-01-20	It's a family built business with great food and atmosphere. Joe is almost always there and he always makes a point to meet and greet all of his patrons, that is unheard of nowadays. Walgreens has plenty of other space in that lot to rebuild a new store, don't need the restaurant to go anywhere.

Robert Springer	Joliet, IL	2017-01-20	This is a great place and many memories. Plus it's a good business for downers grove!
Alyssa Pressley	Downers Grove, IL	2017-01-20	I'm signing because Roundheads is more then a sport bar and grill, it's a warm and welcoming family restaurant! When walking into the place, it's as if you are walking into an extended family's home for a get together! So inviting and so caring by all! I have made great memories that are unforgettable here at this restaurant over there years! Please #saveroundheads
Charles Schmidt	Downers Grove, IL	2017-01-20	We have plenty of Walgreens, but there's only one Roundheads. Love their pizza and they are a great local brand. They need to stay.
Chris Hogrefe	Plainfield, IL	2017-01-20	My family and I have been going to Roundheads for years!
Dan Motherway	Darien, IL	2017-01-20	It's one of my favorite places. Pizza is great as well.

Sylvia McIvor	Darien, IL	2017-01-20	There are plenty of chain store pharmacies in the area but not enough family-owned restaurants. Stop the senseless commercialization of our neighborhood!
Jerry Christensen	Downers Grove, IL	2017-01-20	Roundhead's and the Nagy family have been great for DG and the surrounding area. And Roundhead's is a tradition.
Kathryn Chmela	Chicago, IL	2017-01-20	There is a Walgreens right down the street. We absolutely do not need another Walgreens pushing out a small business in downers grove!! My family and I love roundheads and would be so sad to see them close
Teri Azzarello	Woodridge, IL	2017-01-20	I like the family and they have great food and needs to stay right where they are. Very convenient and central location.
Natalie Trakan	Glen Ellyn, IL	2017-01-20	Love Roundheads!!
Jacob Oprondek	Romeoville, IL	2017-01-20	Tearing down a pillar of the community just so Walgreens can have a drive-thru is raw corporate greed. Walgreens is truly showing they don't care about the community or people. Roundheads has given me extremely fond memories that I will hold near and dear to my heart. I love Roundheads and it will stay.
Jessica Morman	Woodridge, IL	2017-01-20	We love roundheads! We go as a family all the time!!
Sharon Zabransky	Woodridge, IL	2017-01-20	Neighborhood establishment
Christian St John	Downers Grove, IL	2017-01-20	Roundhead's has been a fixture in the community as far back as I can remember. To replace it with a Walgreens seems like a waste, particularly when there is a CVS a mile east of here and a Target a quarter mile west.
Terri Ambrosini	Downers Grove, IL	2017-01-20	I know the owner and they are a great family. This is How they make a living. Shame on Walgreens
Tim Chmela	Downers Grove, IL	2017-01-20	I love Roundheads. Family owned business and the family is amazing. They have done good things for the community and serve great pizza.

Brandee Clemons	Downers Grove, IL	2017-01-20	There are lots of empty buildings in that area, Walgreens can have one of those!
Jim Devitt	Woodridge, IL	2017-01-20	This is absolutely crap!!! Roundheads is an institution here! If Walgreens wants to move, they can take over the old Dominick's building!!!
Jake Manzke	Westmont, IL	2017-01-20	We do not need another convenience store. We need more small businesses and restaurants in the area!
Guy Skinner	Downers Grove, IL	2017-01-20	The Nagy family is a STAPLE in the downers grove area. The friendliest people ... FAMILY OWNED AND RUN ... BEST PIZZA IN THE WORLD ... and many of us involved and coaching youth baseball .. our kids grew up there eating pizza after games.

Susan Ianucha	downers Grove, IL	2017-01-20	We need it !!
Genevieve Cook	Lisle, IL	2017-01-20	This place is home-grown and is great for hanging with friends. Great food and atmosphere too. I love family businesses too, having worked for a couple of them.
Emily Collins	Chicago, IL	2017-01-20	Love this place!
Shane Mastroine	Downers Grove, IL	2017-01-20	This place is forever engraved into my life for being just walking distance from my very first apartment in Chicagoland. So many memories, first dates, celebrations, etc. It's hard to find culture these days within Chicago's suburbs, and Roundhead's is the reason Downers Grove stands out. Our local, independently and family owned businesses are what give it life. We can't let this one slip away. This is their corner; their location; their intersection.
Lori Herrera	Downers Grove, IL	2017-01-20	Round heads is a family oriented place. They support our sporting events for all ages. Most importantly food is great.
stew johnsen	downers grove, IL	2017-01-20	My family and I have been enjoying Roundheads food, fun and feel as if we are a part of their family, since they served up their good eats and friendship out of their little pizza joint by the ace hardware. They are an institution in our community and to blatantly disregard their service to the community over the years, or the community itself, disgusts me. We rely on Roundheads as a place to relax and meet with neighbors, family and friends, and everyone must join together to avoid this travesty - it is the least we can do for all that Roundheads has done for us!
Stephanie Tarczon	Woodridge, IL	2017-01-20	I think it's an awesome place to hang out - enjoy a beer or two and food is really good
James Guinn	Downers Grove, IL	2017-01-20	Long time customer

Lisa DeFily	Downers Grove, IL	2017-01-20	I want this restaurant to stay. It's a great family restaurant. Walgreens already has a location- if they want to move they should build in a empty space and not force out a great family business
Kari Rios	Bolingbrook, IL	2017-01-20	I'm signing because this is a great place to be able to hangout with family and friends!!
John Bleyaert	La Grange Park, IL	2017-01-20	It is a great place run by a great family that our family has grown up with! Hate to lose it!
julie glass	Downers Grove, IL	2017-01-20	I love there food and the family is a great bunch to know all the kids are so nice and work so hard at the business. I hate to see good people shut down when they have such good food. not to mention there always packed never a seat to be found. that's a good thing

Mary Kiser	Woodridge, IL	2017-01-20	We love the family and the restaurant. We have been going to RoundHeads since it was a small restaurant on Main St. They make you feel like part of their family. Forgot Walgreens!!!!
Jared McGriff-Culver	Bolingbrook, IL	2017-01-20	It's a staple in my childhood and now my very own children. Great place and atmosphere in the DG area
Becky Singer	Westmont, IL	2017-01-20	This is what's wrong with government.... forcing small businesses out for a chain. Terrible.
Tina Bowen	Woodridge, IL	2017-01-20	I have many fond family memories of dining at Roundheads with my family over the years. It IS a family eatablishment and it would be a great loss to Downers Grove if the restaurant is forced out for YET ANOTHER WALGREENS!!
jaimie petersen	Woodridge, IL	2017-01-20	NO WALGREENS!!!
Sharon Christ	Downers Grove, IL	2017-01-20	It's a nice neighborhood place! They can have the old Dominicks building for whatever it is they want to do!
William Docauer	Downers Grove, IL	2017-01-20	Love the place dumb that they are being forced out. That's not right
Christian Pfluger	Downers Grove, IL	2017-01-20	I grew up in Downers Grove right by the Belmont train station and have eaten at Roundheads countless times. There are fewer and fewer family owned neighborhood businesses these days and it's beyond shameful that they would have to make room for an overpriced corporate chain. Please leave Roundheads where it is!
Bruce Filipiak	Bolingbrook, IL	2017-01-20	I like the pizza.
Kristen Avery	Downers Grove, IL	2017-01-20	I chose to move to Downers Grove for the local, quaint, unique feel.

Rafael Saura	Aurora, IL	2017-01-20	I've spent many years coming here and met a lot of people in still friends with today. The staff is excellent and always remembers you whenever you come by. There's plenty of space to add the walgreens without getting rid of roundheads.

Carolyn Johnson	Aurora, IL	2017-01-20	Roundheads is a wonderful neighborhood gathering place that needs to remain a part of the community! We should rally our support around this great, local family-owned business!
Brooke Haidamaka	Darien, IL	2017-01-20	We have friend that love that place and I don't think the city has a right to bully or to out bid a place of business. It just seems wrong and unethical! Let them be! Walgreen's can move into the old Doninicks!
Walt Marcis	Bolingbrook, IL	2017-01-20	I have been to Roundheads on a number of occasions, love their pizza and their lunch. It's the kind of place you don't find everywhere, one where you can relax, talk with friends, enjoy good food or watch a sports event. It's ridiculous Walgreen's wants to bully their way in there, why isn't their location at Belmont and 63rd enough? There's no reason for 2 Walgreen's stores so close to each other, especially when it's forcing out such a wonderful restaurant!
Jody Van Schoick	Stow, OH	2017-01-20	Support local family-friendly businesses
Adrian McLaughlin	Downers Grove, IL	2017-01-20	I used to work at Another Round. Amazing staff and owners that are like family to each other and so well connected to their customers, too. They are part of the community.

sarah bogaczyk	Downers Grove, IL	2017-01-20	Giving the boot to a local family who has built a great business and supported our community in countless ways to make way for a chain store with an existing location and a lot of local competition? Ridiculous. Let's be the town that supports locally-owned.
Roger From	Mesa, AZ	2017-01-20	Mom was born there, long before Roundheads and she's never been. She has been to walgreens before, she says "They're all the same, who needs another drug store these days anyway."

Janice Gill	Peninsula, OH	2017-01-20	I'm signing this petition because closing this restaurant removes from Downers Grove a family restaurant where people can bring their kids, have a great meal at a great price, and feel a part of the community. Not only that,but the loyal employees will be will be losing their jobs by closing this restaurant. Family owned businesses like Roundheads are the heart of our community and our country. Stop Walgreens now!

Mandy Dobbins	Downers Grove, IL	2017-01-20	roundheads and its staff have been a big part of my life the last 6 or so years. I live right behind it in the apartments and don't want to see it turn into a Walgreens that will cause more traffic at the intersection of 63rd and Woodward.

Fran braun	woodridge, IL	2017-01-20	we must allow small business to prosper within our communities. Big box stores will come and go; mostly, go, as evidenced by the pending demise of Macy's, Sears, and demise of Dominick's.

Ryan Gengler	Downers Grove, IL	2017-01-21	Being from Aurora this is one of the best sports bars I've ever been too. Walgreen's can find any other corner to be on, and Roundheads brings people together. If Walgreen's comes here, I will never shop at a Walgreen's again.

joey nagy	Westmont, IL	2017-01-21	I grew up in this place. When I was 8 years old every month my grandma would mark how tall I was on the wall and I'd sit down and watch her pay bills while I eat a whole order of mozzarella sticks. Now I'm older and this place has become my job. I love to see all of the regular faces every weekend stop by, because I know that we're obviously doing something right. Let's keep this tradition going. Share this petition with all your friends. #saveroundheads

Randy Jardine	Bolingbrook, IL	2017-01-21	I have enjoyed going to Roundheads for the past ten years that I have lived here. I also pass by three Walgreens in the five miles it takes to get to Roundheads. It would be a shame to close such a great local establishment just so Walgreens can have a better spot for one of their 8,177 stores
Michael Samaan	Bolingbrook, IL	2017-01-21	There's a Walgreens on every corner

Maria Mastrodomenico	Westmont, IL	2017-01-21	The Nagy's have been there for me from the day I started working for them. I will forever be thankful for the Nagy's.
Dan Anderson	Elmhurst, IL	2017-01-21	I love this place!
Sean McCarthy	Woodridge, IL	2017-01-21	I grew up watching my dad's bands play here every once in a while and always remembering how I lived going back there. Not only that, but I watched our beloved Cubbies win their first World Series Chanpionship in the past 108 years just a few short months ago. Needless to say, it holds a very special place in my heart. And the hearts of local families in the downers grove area. Closing this great family restaurant would be a crime against the community. Simple as that.
Lyndsie Long	Aurora, IL	2017-01-21	I work in downers grove and Roundheads has always been the "go-to" bar. It's a nice, fun environment to socialize with your family/friends.

This is the "Cheers" of Downers Grove, please don't make them leave!!
Anthony Marchese	Woodridge, IL	2017-01-21	It's a great place close to my house that has been there for a long time. Forcing them to leave would anger a lot of people who would most likely not using the shopping center anymore.

susan harris	Downers Grove, IL	2017-01-21	Businesses have a right to their locations and livelihood. Citizens have a right to great, family run businesses. Giant corporations do not have the right to force businesses out. Furthermore, Walgreens is doubling down playing dirty pool- Theyre sour grapes that community organizers thwarted their efforts to illegally move walgreens to the opposite, residential corner. We stopped them once and we can stop their corporate steam rolling again. Ni to Walgreens. No to corporate bullying. Yes to Roundheads and locally run businesses.
Blake King	Downers Grove, IL	2017-01-21	Love the food, the friends, and memories

Kimberly McNulty	Downers Grove, IL	2017-01-21	It seems Walgreens could find another location. Possibly 1000 yards to the west. It's a very large parcel of land there. Why push out an established business that is family owned and has a strong following there. Shame on you building owner.
Judy Rogala	Woodridge, IL	2017-01-21	This is a wonderful welcoming place to connect with friends and enjoy great food.
Alyssa Ebert	Belvidere, IL	2017-01-21	Because the owners are some of the kindest people I've worked for and the friends I met along the way!

Dana Hartjes	Appleton, WI	2017-01-21	I am formerly from the Downers Grove area and Roundheads had been a quality family establishment for forever! If they are being forced to close because "Walgreens is on every corner"? Then they need to find another corner! How about they demolish and rebuild their horrible store on 63rd and Belmont?!!!! And leave Roundheads, who cares more about the community.
Frank Talesky	Joliet, IL	2017-01-21	This place needs to be part of neighborhood
Brian Krippel	Seneca, IL	2017-01-21	Friends with the family for 20 years!
Tugce Kurtulus	New York, NY	2017-01-21	Im done with Walgreens after what i saw in Florida. They have a location on a busy road in Kissimmee where all the hotels are and they are gouging prices to the max. Basically walgreens=tourist trap. That's unacceptable for a big company like Walgreens. A tiny bottle of tide was $10. I had a few words with the manager and left. As a former employee its a disgrace what they are doing here and there. Hope they get to stay.
Joanna Perez	Downers Grove, IL	2017-01-21	I am third generation in Downers Grove, this restaurant was started by a Downers Grove family and has been part of the community. I have watched this strip mall for over 40 years constantly change businesses because they were not able to survive, why would we remove a successful community business?
David Fowler	Woodridge, IL	2017-01-21	This is a family place that has a long relationship with not only their customers but the community. Always ready to help a good cause and a holsum place where families feel comfortable to bring their children and friends. The owners are more than owners to their patrons; they are friends and family. Please let this wonderful family restaurant stay in our community.
Jennifer Zink	Lisle, IL	2017-01-21	This is a favorite! We need to support family business and this is a great one!
Judilynn Bult	Downers Grove, IL	2017-01-21	Roundhead is tradition. No long standing business should be forced out of its location.

Joseph Finato	Downers Grove, IL	2017-01-21	Walgreens My name is Joe Finato. My wife and I have been residing in Downers Grove since 1982. It has come to my attentions that you want to build a Walgreen's store at the corner of 63rd and Woodward in Downers Grove by tearing down the existing structure and in the process forcing a pizza restaurant out. For the record my wife and I had a falling out with the owners some years ago; it wasn't an angry falling out but none the less a falling out. With that said you can see I'm not motivated by friendship. My motivation here is driven by what is right and what is wrong. This establishment you seek to destroy is frequented by the community. They are an icon to the residences of Downers Grove and the surrounding towns and villages. Some years back the owners of Roundheads Pizza was located on the corner of 63rd and Main Street in Downers Grove. Walgreens wanted to build there on the corner. The landlord didn't renew their lease at that time forcing them out to where their current location is. Needless to say Walgreens never built there. The corner you seek to dominate is a huge corner with plenty of space and visibility with ingress and egress on both Woodward and 63rd. So, you can build anywhere and still have more than enough visibility. Remember this, you're not forcing out some corporate giant with tons of money who can fight you. You're forcing out a small business owner who has built this business from the ground up with their own sweat. You can go ahead with your plans to destroy this small business that the community loves and be seen as a corporate bully or you can slide down the road just a little bit being in the same location and be known as a corporation who gets along with the community and with understanding. Think of the fantastic PR if you leave Roundheads Pizza alone. And if you don't leave them alone think of the bad PR you will gain by doing it all over again. Please Reconsider Thank you for listening. Joseph Finato

Dolores Merikas	Downers Grove, IL	2017-01-21	I can't tell you how many pizzas we've enjoyed from here. And when we moved here from the city I was so happy to find Roundheads as my go to pizza place. We either dine in or order to go. And if you ask me there's plenty room there for a Walgreens & this place. Good luck Roundheads!

From birthday parties to fantasy football drafts to funeral luncheons and too many family meals to count. This family and the brand they have built are a staple in the community and to lose the Roundheads restaurant at 63rd and Woodward would be a failure in the support of small business in our community. #saveroundheads

Megan Wilson	Fairfield, CA	2017-01-21	Megan M Wilson Best place
Marianne Hardine	Bolingbrook, IL	2017-01-21	We need to let family owned businesses thrive. They have excellent food. Too many chain restaurants are taking over our neighborhoods.
Carol Macha	Downers Grove, IL	2017-01-21	Used to live in DG; loved it and Roundheads. Wish the village would listen to its residents more...
John Jackson	Woodridge, IL	2017-01-21	Big corporations always picking on the little guy... you have a walgreens a block away... leave us alone
Jackie Albor	Warrenville, IL	2017-01-21	❤ ▫ ▫ ▫ ▫ ▫ ❤
Alice Smith	Downers Grove, IL	2017-01-21	We really enjoy this neighborhood restaurant and the family that owns it!
Celeste Piriano	Aurora, IL	2017-01-21	Save Roundheads! I love the pizza!!
Susan Bishop	Barberton, OH	2017-01-21	The proliferation of drugstoresis ridiculous...one on every corner! There is no need for this move.
jason mcclure	crown point, IN	2017-01-21	I've never been to this place. I support small business. It's far to often that local, family owned businesses get bought out or pushed out by corporate America. Now I'm gonna have to go here so I can see the place.
Amanda Hajakian	Naperville, IL	2017-01-22	We don't need another pharmacy a block away from the Walgreens at belmont & 63rd street.
Julie Primozic	Woodridge, IL	2017-01-22	Roundheads must stay open!!!!
Todd Gormley	Woodridge, IL	2017-01-22	Corporations are evil, save small businesses
Kyle Huba	Downers Grove, IL	2017-01-22	Support your local buisness. Seriously. The only decent resteraunt at meadowbrook (not counting Maxwells). If they close, I will actually be pissed.
Rosanna Sennstrom	Downers Grove, IL	2017-01-22	That place needs to stay, it has been there so long and we have enough walgreens flossing the areA!
Jeff Kennedy	Chicago, IL	2017-01-22	My brother and his young family live in a near by subdivision and we can walk there with his family from his house for a quick bit to eat. We also meet up with neighbors for a few drinks. There is know where within walking distance in the area.
Joe Snyder	New Smyrna Beach, FL	2017-01-22	I lived close to Roundheads for years and considered it my second home - great times, great food and great family! I still stop in when I get back to the area.
Alan Williams	Earlville, IL	2017-01-22	Roundheads is the only bar within walking distance of my house, if it closes I'll be forced to drive to a bar. Why does Walgreens want me to drink and drive? Don't be like Walgreens. Don't support drunk driving. Save Roundheads.
Kenneth Judge	Woodridge, IL	2017-01-22	This place is a staple of the area, loved by so many. We're already surrounded by Walgreens, and there aren't many great places like Roundhead's left around.
Taylor Gaffney	Wheaton, IL	2017-01-22	This is such an awesome place to come have a meal and see friends and family. I drive 45 minutes just to come and enjoy this place. We don't need anymore walgreens around here.
Andrew Altenhoff	Sycamore, IL	2017-01-22	Roundheads has been a staple of my life for as long as I can remember. Great food, service and people to be around. They have served the community for many years and what they are doing to these great people is truly wrong.
Myles Farley	Lombard, IL	2017-01-22	Walmarts are stupid and Roundheads is better than corporate bullshit

Mary Kennedy	Downers Grove, IL	2017-01-22	I support the local businesses and family owned pizza joint. Build next to Mobil in the empty spot.
Miguel Betancourt	Bolingbrook, IL	2017-01-22	Is good place
Greg Bahnsen	Downers Grove, IL	2017-01-22	Walgreens is a detriment to our community.
Gail Waters	woodridge, IL	2017-01-22	Roibdhead's should be able to stay where it is.
Jake Esterly	Woodridge, IL	2017-01-22	Great Family-owned place with a good reputation
Chris Vasile	Woodridge, IL	2017-01-22	I go to Roundheads all the time. It would s the only place close to home that I look forward to eating at and meeting friends. The town will be sad without it.
Marc Wojtczak	Mokena, IL	2017-01-22	I'm signing because it has become a gathering place to eat, drink, and enjoy time with friends scattered around the burbs.
Amanda Lien	Woodridge, IL	2017-01-22	My husband and I only recently discovered Roundhead's when we moved into the area, and we love it! A fun atmosphere that's not too loud, but not too quiet. Every waitress we've had has been very attentive and friendly. THOSE DOUGH BALLS THO.
Rita Carlson	Downers Grove, IL	2017-01-22	My family loves going to Roundheads and we have made many memories there.
Gary Csuk	Romeoville, IL	2017-01-22	Roundheads is excellent food at a location that, frankly, has NOTHING to offer. That entire strip mall is a wasteland, and Roundheads is the only thing drawing any kind of people in.
debra childers	westmont, IL	2017-01-22	This is one of our favorite places. Let Walgreens move somewhere else.A great family friendly place and feels like home with the nicest staff.
Shanna Ritter	Westmont, IL	2017-01-22	Roundheads is a great place for families to enjoy a meal and a good time. My family visits regularly and it would be a shame for them to close
Colleen Loftus	Downers Grove, IL	2017-01-22	I love this DG small business. They were so generous to let me host a fundraiser with friends for the Avon breast cancer walk. I love this place!
Pat Connolly	Bolingbrook, IL	2017-01-22	I love local, family owned businesses in town and this is a great place for folks to gather!! It's a proven success, and many business owners cannot say the same. If the owner feels compelled to have Walgreens, put it somewhere else in the shopping mall.
Anthony DiJohn	Aurora, IL	2017-01-22	Roundhead's means the world to me. The food is great and the people there treat everyone like family. They deserve better! I vow to never visit another Walgreen's if this passes.
Michael Whittington	Downers Grove, IL	2017-01-22	I grew up eating in roundheads and I will never support a locally owned and operated business being forced to closed for a large corporate replacement.
Philip Fairley	Des Plaines, IL	2017-01-22	Great place, needs to stay.
Angie Notariano	Naperville, IL	2017-01-22	Countless memories spent there with my friends every Thursday night for many years. You won't find a more community-oriented family. Walgreens can find another corner. You're making a HUGE mistake if you do this!!!!
bob janski	Worth, IL	2017-01-22	Tear down the ugly strip mall on the east side of woodward and build the damn walgreens there. Good luck to Roundhead.
Kimberly Job	Morris, IL	2017-01-22	I have lived in and around Downers Grove for most of my 38 years & I absolutely love watching Hawks games here. It's the best atmosphere with the most amazing fans!! Not to mention delicious food and some of the best pizza in the area!!
Courtney Duerinck	Naperville, IL	2017-01-22	This is an amazing restaurant! We need to save it!

Heather Fazzi	Downers Grove, IL	2017-01-22	As a kid I remember hearing of this new pizza joint with a huge football pizza in the stripall by ace hardware. My family and I became regulars after that. Years later I became an employee for them on their grand opening week at the 6rd and Woodward location. Roundheads is a staple of Downers Grove. There's plenty of room in that parking lot to build elsewhere. Save Roundheads. Good luck Nagy's!
Steve Langbein	Downers Grove, IL	2017-01-22	I love their pizza!
Kate Nickell	Downers Grove, IL	2017-01-22	It is a great bar... close enough that I can have a few beers and walk home. I love their salad. I love their chinken philly sandwich. I love the dough balls! KEEP IT OPEN! Sam is a great server!!!!!
Steve Doyle	Downers grove, IL	2017-01-22	Been going there for years! We love that place!
Robert Plowman	Westmont, IL	2017-01-22	Not cool....Great dining establishment! One of the restaurants that my family comes over the village boarder for.... If another free standing business is what you need in that location, surely there is other square footage you can use in this mall...why are you forcing an area favorite and a succesful business from this location?
Linda Urech	Somonauk, IL	2017-01-22	As a former DG resident I would hate to see Round heads close
mary volk	downers grove, IL	2017-01-22	I love Roundheads restaurant. Why would you force a profitable business to move?
Tracie Yednock	Bolingbrook, IL	2017-01-22	Great place to hang out with family and friend! Keep Roundheads open!!
Robyn Maciejewski	Downers Grove, IL	2017-01-22	Small, local business more important than corporate greed.
Roberta Kowalik	Woodridge, IL	2017-01-22	A Family Landmark in the Village our families grew up in.
Summer Riordan	Palatine, IL	2017-01-22	When roundheads first opened I have fond memories of dinners with my own family. The family of owners were all so kind and friendly. Definitely a strong piece of community from my hometown.
Terri Ream	Downers Grove, IL	2017-01-22	It's a very family oriented establishment! It's the best family owned restaurant I've ever been to.
Brian Kulovitz	Woodridge, IL	2017-01-22	I like there food
Amanda Larkner	Woodridge, IL	2017-01-22	Round Heads is a Downers Grove staple!

Holly Provance	Woodridge, IL	2017-01-22	I'm signing because Roundheads was the site of Monday night date nights for over 3 years. My fiancé and I would heart broken if it was forced to close.
Samantha Hancock	Des Plaines, IL	2017-01-22	Roundheads was the first local establishment we went to after we bought our house and have gone to numerous times since. There's no reason Walgreens needs to go there, there's plenty of other real estate they can choose from
Theresa Hanson	Plainfield, IL	2017-01-22	My family and I have been going to Round heads for years and it will be a shame to see it close.

Linda Garges	Darien, IL	2017-01-22	I've been enjoying RoundHeads for 20 yrs. If RoundHeads goes... it gives me no reason to go to that strip mall any longer... a customer will be lost... plain and simple. BUT I WILL FOLLOW WHERE EVER THEY... and still go to the other 3 locations.
Jim O'Keefe	Darien, IL	2017-01-22	ROUNDHEAD'S is an institution! We've been going there for years! Forcing it to close would a travesty to the community!
Karyn Hudec	Downers Grove, IL	2017-01-22	Great family place!
Debbie Miller	Mundelein, IL	2017-01-22	Love this small town establishment, great atmosphere, object to Walgreens a corporate establishment taking over
Pamela Mancillas	Downers Grove, IL	2017-01-22	I support Local Family Businesses in my community.
Gineen O'Neil	Downers Grove, IL	2017-01-22	We are patrons of Roundheads and the location is convenient for our family.
Michelle Frauendorff	Downers Grove, IL	2017-01-22	Roundheads is a landmark around here. We do not need a Walgreens there.
Mia Smith	Bolingbrook, IL	2017-01-22	i go there all the time
Will O'Neil	Downers Grove, IL	2017-01-22	Roundheads had to be some of the best pizza in the area.
Kelly Sims	Woodridge, IL	2017-01-22	I moved to the area from out of state and only knew one person in the area. The staff and customers at Roundheads quickly welcomed me into their family. Roundheads is more than a restaurant; it's a community gathering space that brings far greater value to Downers Grove than a drive-through Walgreens and new facade ever will. It would be a shame to see the Village favor big money interests over a valued local business that is the heart of this neighborhood.
Sean Fantetti	Flagstaff, AZ	2017-01-22	Roundheads is my second home and my other family. From going there after little league game to watching Monday night football. Best place in town by far.
Danielle Jamil	Chicago, IL	2017-01-22	Kicking out a thriving local business when there are many empty retail spaces seems illogical.
Christine Cain	Downers Grove, IL	2017-01-22	We live Roundheads. We do not need a Walgreens there.
Vince DiJohn	Batavia, IL	2017-01-22	Roundheads is family
John DiJohn	Aurora, IL	2017-01-22	We need to support our local business. Roundheads is a successful small business which deserves to be allowed to thrive. They provide the community with a great gathering place and are bring customers from surrounding areas. I've been going their since they started. Great Pasta and pizza!
Ross Jable	Bolingbrook, IL	2017-01-22	I love The Nagy's!!
Jonathan Genson	Lake Zurich, IL	2017-01-22	It's the right thing to do
James Maclin	Downers Grove, IL	2017-01-22	I love Roundheads
Jeff Waxman	Lisle, IL	2017-01-22	I've been a customer of Roundheads Pizza for 17 years. Over the years I have become friends with the Nagy family and their staff. I've also had several of my birthday celebrations there over the years. Roundheads is a destination with great food, and a great atmosphere for people that live in the area and Chicago area. It won't be the same without Roundheads. I hope the mayor, and the council will listen to the people, and allow Roundheads to continue to be a destination for us at their current location.
Sandy Gilbert	Saint Petersburg, FL	2017-01-22	Keep Roundheads in Downers Grove. Walgreens will survive just fine. Roundheads' location is accessible to the folks in north and south D.G. currently. A fabulous family-friendly Downers Grove icon should stay right where it is! Good luck, Nagy family. <3
Anna Walters	Berwyn, IL	2017-01-23	This is a great place with great food
Rachael Nile	Lisle, IL	2017-01-23	They need to stay. Great family restaurant we need more of that these dayd

Sarah Lamoureaux	Downers Grove, IL	2017-01-23	Stop the destruction of Downers Grove history !
John Janowiak	Bensenville, IL	2017-01-23	Even though it moved out of the area, it was a great local place to meet and eat. Walgreens shouldn't need that spot as they already have their location just a block away. We need to keep as many of these local mom and pop stores in the heart of the community.
Kimberly Somora	Downers Grove, IL	2017-01-23	This is a great family establishment! Our family has been enjoying this place for 11 years! Please save Roundheads!!
liz chaplin	downers grove, IL	2017-01-23	We fought this battle a few years ago. Walgreens tried to build on the Northwest corner of this intersection. Walgreens was not suitable for this intersection then and is not now.
Darlene Ficaro	Bolingbrook, IL	2017-01-23	I enjoy supporting local family places and this place has a lot of heart and soul. It's a comfortable place to have a good meal and drinks with friends!

Jack Sloyan	Downers Grove, IL	2017-01-23	I'll be damned before Walgreens takes my family away from me
Jen Rongaus	Woodridge, IL	2017-01-23	I love Roundheads! We walk in and we are always welcomed by the same friendly faces!!! They are a part of our community!!! Ive seen their family grow and they have seen my family grow. ROUNDHEADS CANT CLOSE!!! It's just wrong!!! Go away Walgreens!!!
Deborah Hamilton	Downers Grove, IL	2017-01-23	Roundhead's is a great family restaurant where we almost always seen someone from the neighborhood eating when we go there. Walgreens already has a store nearby. If they want a bigger store & more parking there are other local options that would not be affecting a good family owned business.
Ken Fonf	Downers Grove, IL	2017-01-23	Support your local businesses and amazing food. Another Walgreens, c'mon man..
Christine Lewanski	Grayslake, IL	2017-01-23	I'm from Downers Grove and this is a great place to go. Leave one of the originals alone.

barry peckhart	Downers Grove, IL	2017-01-23	Just what we need is another Walgreens.
Mark Wohld	Downers Grove, IL	2017-01-23	This is a Family Business that should not be bullied out by a big business. Like we need another Walgreens, there is one down the street along with a Target, CVS and Osco. Seriously...
Jeannine Musial	Darien, IL	2017-01-23	I want this restaurant to stay. Enjoy their food and atmosphere.
Colleen Cramer	Westmont, IL	2017-01-23	This place has been around for years and has brought so many people together for so many great memories. Roundheads is one of the few places that has been a huge gathering place for all of us DG people and you know you will always have a great time bc of the great family that runs it!
Luke Rojo	Downers Grove, IL	2017-01-23	I have been going to Roundhead's for at least 20 years with family and friends. At times it has been like a second home between getting to know the family and meeting new friends along the way. Roundhead's is more than just a place to eat and drink, it provides a sense of community that no other restaurant has done for me. Something that powerful should never be treated in such a way, it is just plain wrong.
Robert Maciejewski	Westmont, IL	2017-01-23	Great place/ good food
Patrick Johnsen	Aurora, IL	2017-01-23	Its a great retaurant for family and teens/children

Brian Hecht	Downers Grove, IL	2017-01-23	Nagy's are such a great family and run a tremendous business! Need to help keep great local, family businesses around D.G!!!
THERESA GILBERT	Las Vegas, NV	2017-01-23	Ive gone here my whole life. The Nagy family is part of this community and this needs to stay part of heritage.
Kevin Yessa	Downers Grove, IL	2017-01-23	I love Roundheads!!!
Lauren Campanile	Wheaton, IL	2017-01-23	Roundheads has been a staple family owned restaurant since I was little. Many memories and support has come from the owners of Roundheads! We do NOT need one more pharmacy. We need more small businesses!
rob creighton	Chicago, IL	2017-01-23	Always had good times there
Kelly Kalal	Woodridge, IL	2017-01-23	I love RH food and the fact that it is a local family owned business. Many of us grew up with the Nagy family, and the restaurant and food are a staple in the community! So many families congregate there after DGS or DGN spirting events. No need for another Walgreens when one can be found on wvery other corner---literally! Keep Roundheads!
Aaron B	Bolingbrook, IL	2017-01-23	I am signing this petition, as a small business owner, in defence of another successful local business. This is just another example of the DG planning commission getting it wrong. Roundheads and the Nagy family have been very good to Downers Grove. To shove them out, just to make corporate Walgreen's happier (they own a location a block away, that will likely be converted to vacant blight, once they get what they want here) is just another bad decision by the Downers Grove planning committee. Maybe rather than focusing on killing strong local businesses, the DG planning office should be more concerned with the many run-down, hurting strip malls all over town.
Alaina Wilson	Naperville, IL	2017-01-23	Roundheads is a staple of the Downers Grove community. It wouldn't be the same without it!
karen kuchar	Downers Grove, IL	2017-01-23	I want to save a great local restaurant! I remember when you were the "bagel place"!

Hayley Stankiewicz	Downers Grove, IL	2017-01-23	We've been coming here for YEARS! I also was very fortunate to have played softball with one of the daughters of the Nagy family. So I wish nothing but the best for this franchise!!!
Danielle Nielsen	Downers Grove, IL	2017-01-23	I grew up at Roundheads since the times at the stripmall. Had my first beer on my 21st birthday at this location!
Mike Radecki	Antioch, IL	2017-01-24	Ive gone to roundheads since i was a kid. Even though i have moved away, i still come back and meet friends there!
Jimmy Tierney	Downers Grove, IL	2017-01-24	I love Roundheads, and Walgreens can stay right where there crappy little store is now.
Jeff Bryant	Willowbrook, IL	2017-01-24	This bar is like home, and the Nagy family doesn't deserve to be put out. ANOTHER Walgreen's?????? That's crazy!
Karen Spencer	Darien, IL	2017-01-24	We love Roundheads...and certainly don't need to lose a great family run business to yet another Walgreens!!
Michelle Engel	Woodridge, IL	2017-01-24	Love the pizza!
Lisa Krog	Woodridge, IL	2017-01-24	This is a wonderful small family run business. Keep it there rather than taken over by another corporate chain.

Kristina Hansen	Lake Villa, IL	2017-01-24	I come from over an hour away just to have this pizza!
Julie Passanante Morrison	Plainfield, IL	2017-01-24	They have been there a long time! There are plenty of other places in that lot to build a Walgreens. Why tear down an existing great business that does not want to leave! Say No to Walgreens!!

Maggie Koch-Murphy	Naperville, IL	2017-01-24	I'm signing because of the support they showed us teachers at DGS :) This sports bar IS Downers Grove.
Veronica Heinrich	Bolingbrook, IL	2017-01-24	Roundheads has been a staple in Downers Grove since I was a young kid. I remember going here for family dinners and with close neighbors. William Lahey	Downers Grove, IL	2017-01-24	Roundheads is truly an awesome meeting place for friends and neighbors for many years, would be a travesty to close..please listen to the taxpayers of woodridge, Darien, and Downers Grove
Humberto Bundy	Deerfield, IL	2017-01-24	I want to make DG great again
Edward Poremba	Downers Grove, IL	2017-01-24	We need ANOTHER Walgreens?? Worse than that, a fine, friendly, and comfortable restaurant is being forced out in favor of a sterile copy of every other Walgreens. This may come as a surprise to the DG decision makers, but this is actually a neighborhood and not just an easy acquisition for a souless corporation. Find another location for your McPharmacy.
Nick Roeder	Downers Grove, IL	2017-01-24	Roundheads is more important to the community than Walgreens.
Laura Jacobs	Woodridge, IL	2017-01-24	No way !

Rafael Matias	Chicago, IL	2017-01-25	Roundheads is an awesome place that has great food and an awesome staff!
James Randall	Lisle, IL	2017-01-25	This used to be my hangout!
Douglas Dvorak	Downers Grove, IL	2017-01-25	Walgreens is two blocks away in their current location. Roundheads is a local, family owned business which caters to many in the community. Walgreens moving to this location would leave an empty building on 63rd and Belmont and destroy a beloved, local restaurant.
Cathy Handy	Graham, NC	2017-01-25	Always enjoyed our time there!
Justin Wienrank	Grayslake, IL	2017-01-25	I love this unique place. The area does not need another Walgreens.

Stephanie Givens	Westmont, IL	2017-01-25	I grew up going to Roundheads. It is a restaurant that truly feels like family -unlike all those big box restaurants out there today. It would be a detriment to our community to lose such an establishment. Furthermore, there is already a Walgreens on Belmont and Main, why do we need another one at the cost of losing Roundheads?!?
Katie reichert	chicago, IL	2017-01-25	This is a great family restaurant that should not be reasoned to be a Walgreens. We need more family restaurants, please don't take this one away.
Kathy Patrick	Downers Grove, IL	2017-01-25	I know that the current Walgreens building is very old and small but I agree with several of the other comments that creating ANOTHER empty building in our town is poor judgement. I understand that Walgreens probably wants to stay in the same vicinity but really, find one of the many vacant buildings in town and upgrade that eyesore. What should be made known is who owns the Roundhead's building to put pressure on them that might affect their bottom line if they force Roundheads out. Just saying it's a good place to go with good food I'm sure means nothing to that person/company.
marie vela	Romeoville, IL	2017-01-25	I have been there plenty of times, used to live down the street .Very good food and service and reasonable prices
John Hays	Darien, IL	2017-01-25	Love the pizza and been going there since I was a kid

Patricia Nagy	Chicago, IL	2017-01-25	This place is important to my kids and I for too many reasons to count!! DG should want to help the growth of small business which is good for the community and not give in to corporate bullies like Walgreens. A new Walgreens is definitely NOT needed.
Marie Johnson	Woodridge, IL	2017-01-25	this is a great family business! honest and good neighbors to all!
Janet Weiland	Darien, IL	2017-01-26	We love Roundheads.....it's a FAMILY business that cares about the community, not a chain with no ties to the area.
Lauren Latanski	Downers Grove, IL	2017-01-26	One of my favorite local pizza places. Amazing business and good food!
Scott Downey	Downers Grove, IL	2017-01-26	Roundheads it a cornerstone in our community and more of a friends/family restaurant than a bar. It's unfair to just outbid a location that's been around for over 20 years!

erica koehler	Downers Grove, IL	2017-01-26	There us a Walgreen on nearly every corner it seems. It also seems silly to move from the existing loction 2 blocks away.

Judy Rogala	Woodridge, IL	2017-01-26	Don't let bully Walgreens take away Roundheads, a family tradition...
patricia klug	downers grove, IL	2017-01-26	Roundheads should stay right where it is. This is a true family business that treats everyone as family. They go out of their way to see that you have a good meal and a smile. Walgreens should have stayed open at the 75th and Lemont rd location! That was perfect for everyone I know and we all miss it. Let's not compound the mistakes by trying to close Roundheads.
Carolyn Katt	Downers Grove, IL	2017-01-26	Another family business given the shaft.
Linda Jandacek	Palos heights, IL	2017-01-26	Why does walgreen's need to take over yet another spot - leave the small business alone!

Maureen Drabik	Woodridge, IL	2017-01-27	We love Roundheads - great food and warm friendly FAMILY atmosphere! This country was built on family businesses. Let's keep it that way in our local community! It makes no sense that a successful business that has been loyal to the community is being driven out.
Kelly Hess	Downers grove, IL	2017-01-27	I'm signing because Roundhead's should stay open and stay in this location. There is already a Walgreen's a 1/2 mile away.

Sam is a high school friend and I feel our community needs more businesses like these than less. We must support local family businesses!!!!!
Paul Mares	Woodridge, IL	2017-01-27	This is a fun neighborhood place to take the family. Walgreen's does not need to destroy another family owned business. I will never step into a Walgreen's again. You must be able to find an alternative location. Do not ruin our family place to go for some fun. You do not need to ruin a long time neighborhood fixture.

Kathy Gillard	Woodridge, IL	2017-01-27	I love this place.
Debra Hanes	Downers Grove, IL	2017-01-27	This business is well established and isn't struggling, why for it out for a bigger corp? If it's because of Walgreens, they already have a store on the corner of Belmont & 63rd. The only other option would be to provide Roundheads with a suitable place to relocate with help in establishing that new location. It is totally unfair to force them out. This is a time when the community should preserve mom & pop locally grown establishments. These are the reasons I am signing this petition.
Bethany Halperin	Hinsdale, IL	2017-01-27	Walgreen's cares only about themselves! Keep this family place where it is!!!
Denise Griffin	Downers Grove, IL	2017-01-27	We take the kids and grandkids there a lot. And We enjoy getting carry out. It's the corner of happy and hearty NOT happy and healthy.

Fochlee Canceran	Woodridge, IL	2017-01-28	Obama once called small businesses "the backbone of our economy and the cornerstones of our communities." Although we all will not agree politically, we all can agree that Roundheads IS a cornerstone in the Downers Grove community. In a five mi radius of Roundheads, there are four different Walgreens. Four... compared to one Roundheads. As a member of the Woodridge/Downers Grove community, I truly believe that it sends a negative message towards future and potential small business owner. That the city of Downers Grove wants to kick out a family run business, that have proudly and happily served the community for 20+ years, so that a major corporation can have a drive thru. Additionally, if this were to go through, in one decision, it will leave the city of Downers Grove, with a vacant building in one corner that could be an eye sore for years to come, a small business out of its city, and scores of angry community members without their beloved restaurant. I urge Walgreens to seek life elsewhere. And, I urge the city of Downers Grove to listen to the Community. Leave Roundheads where it is, and allow it to continue as a cornerstone of the Downers Grove community. So that current and future families can enjoy it for years to come.
Lisa Hawks	Downers Grove, IL	2017-01-28	This family and chain have become great friendsite of mine and my family and they're a staple in Downers Grove!

Bunny Heppner	Lockport, IL	2017-01-28	I love roundheads
Abbas jaffary	Willowbrook, IL	2017-01-28	Roundheads is a great neighborhood restaurant, and should stay right where it is. There's plenty of other space to expand corporate businesses all over this area, in case anyone hasn't noticed. Leave this place alone.

Terrance Cieslak	Naperville, IL	2017-01-31	Great local business, has been in Downers from day one and has brought a lot of business to the community. Was forced out of their original location, don't let it happen again. Let Walgreens build in the center of the mall, there's plenty of room for all.
Michael Perino	Downers Grove, IL	2017-01-31	I'm signing because I've lived in DG for over 20yrs and have eaten at Roundheads since that time, and I want all those good times to continue with my family and hopefully our daughter can experience that with her family one day. Andreanna Moravec	Downers Grove, IL	2017-02-02	Roundheads and the Nagy family is what makes Downers Grove special. These are people who have lived here, educated their children here and work here! Talk about being invested in our community. I couldn't think of a more dishonorable thing to do than force them out of this location.
Patricia Peterman	Glendale Heights, IL	2017-02-02	No business should be FORCED to close to make way for another unnecessary one. Roundhouse has a longtime Chicago history.
Anthony Lypp	Downers Grove, IL	2017-02-02	We DO NOT NEED another WALGREENS DRUG STORE
Jeff Dillon	Bolingbrook, IL	2017-02-02	This is a great family place
LuAnn Costello	Downers Grove, IL	2017-02-02	This Family Owned business is a Staple in our community. Walgreen's has many locations in our town that have drive up windows. Walgreen's Does Not need to Displace this Family Owned business just to increase their own profits.
Chantel Riha	Downers Grove, IL	2017-02-02	That's a huge, empty parking lot. Why can't the Walgreen's build in the middle near the gas station? Then the landlord would have two rents coming in.
Ashley Marchewka	Lisle, IL	2017-02-02	It's my favorite pizza restaurant
Dan Baker	Downers Grove, IL	2017-02-02	I've been there often and it's just a great and close place to go to

Mark Andrews	Bolingbrook, IL	2017-02-03	I have lived and worked in Downers Grove for many years and Roundhead's has been a great dinning establishment that I frequented many times and still do. They should be able to maintain their business in the same location and not be forced to shut down.

Lindsay Hagerty	Woodridge, IL	2017-02-04	Save Roundheads!!
Marni Proctor	Woodridge, IL	2017-02-04	Roundheads is one of the only things good in that dump of a shopping center.
Bevery Binder	Chicago, IL	2017-02-04	Roundheads was the first place we went to when we moved here in 1993. They were still next to Ace Hardware. Roundheads has always been supportive of the schools. They are a good family. It's nice to have a neighborhood pizza place. I recommend that the meadowbrook shopping mall and the strip mall along Woodward be knocked down and start over. It is eye sore coming into Downers Grove. The only place not an eyesore is Roundheads. Walgreens stop destroying the little people trying to make a decent living. Enough! Plus we have CVS who has better service anyway.
Alan Spindler	Downers Grove, IL	2017-02-04	I'm signing because I don't want Round Heads to be kicked out.
christina lobraco	Downers Grove, IL	2017-02-05	i LOVE roundheads pizza!! they are a family icon in DG
David Anteliz	Woodridge, IL	2017-02-05	This establishment has been an icon and foundation of great food and friends. To open up another Walgreens when to replace a unique establishment in favor of something that's not needed is assinine.
Kurt Schlueter	Downers Grove, IL	2017-02-05	Absolutely no reason why Walgreens can't move into the huge vacant patch of parking lot a few hundred feet away, if they find their existing building one block away is insufficient. Our community needs more locally owned and operated businesses like Roundheads, Joe and family represent what's good about our community.

Jack Pitsch	Downers Grove, IL	2017-02-04	The impact of opening a Walgreens on that corner is not in the resident's best interest. We object.
Mark Klimek	Woodridge, IL	2017-02-04	Save small business
Karen Markley	Palos Hills, IL	2017-02-04	It is a great restaurant, it would be missed
Joyce Kacmarcik	Woodridge, IL	2017-02-04	Roundheads should not be forced to move or out of business. #saveroundheads
Lisa Burger	Cedarburg, WI	2017-02-04	I went to high school with Jay. It has been great watching his family grow their businesses from bagel sandwiches to wonderful family centered restaurants. We visit often and now take our kids there. They have done so much for the community including supporting Misericordia.
Lindsay Hagerty	Woodridge, IL	2017-02-04	Save Roundheads!!
Marni Proctor	Woodridge, IL	2017-02-04	Roundheads is one of the only things good in that dump of a shopping center.
Bevery Binder	Chicago, IL	2017-02-04	Roundheads was the first place we went to when we moved here in 1993. They were still next to Ace Hardware. Roundheads has always been supportive of the schools. They are a good family. It's nice to have a neighborhood pizza place. I recommend that the meadowbrook shopping mall and the strip mall along Woodward be knocked down and start over. It is eye sore coming into Downers Grove. The only place not an eyesore is Roundheads. Walgreens stop destroying the little people trying to make a decent living. Enough! Plus we have CVS who has better service anyway.
Alan Spindler	Downers Grove, IL	2017-02-04	I'm signing because I don't want Round Heads to be kicked out.

Amy Reichard	Aurora, IL	2017-02-05	Great place! Many memories of enjoying yummy pizza and time with my family!!
Jeff Lifka	Downers Grove, IL	2017-02-05	Roundhead's is a part of our community and has been for a long time! Our family enjoys going there and we have fond memories spending time with our children over the years at a local business. No need to force this--look at all the parking lot space in the mall! Why push out an established business with roots, not to mention the tax base for the village? Have Walgreen's build to the west, making use of an underused area (except for stormwater runoff!), and then another business move to Walgreen's current location at 63rd and Belmont, and there's more revenue for the village and all needs are met. Save Roundhead's!!!
Carol Skowronski	Downers Grove, IL	2017-02-05	Walgreens is great exactly where it is! The neighborhood needs Roundhead's!!!!!!
Chris Schumacher	Downers Grove, IL	2017-02-05	I would like to see Roundheads stay where they are! I also would love to have a new, drive through Walgreens built between them and the Mobil station at the same location.

Paige Diprospero	Downers Grove, IL	2017-02-05	Good luck. I'd hate to see a great family restaurant very forced out.
Abbey Kenney	Downers Grove, IL	2017-02-05	I love roundheads!
Brett Keller	Downers grove, IL	2017-02-05	Roundhead family has been a part of the town for many years
Catherine Heinrich	Woodridge, IL	2017-02-05	There is more than enough room for an alternative location for Walgreens without destroying this longstanding part of our community. Every time we go to Roundheads we see friends. There has been so much turnover of other businesses along this stretch. Leave a successful business alone!
Todd Lipinski	Lisle, IL	2017-02-05	The world has enough Walgreens
Dusko Kuzmanovic	Downers Grove, IL	2017-02-05	I've lived in DG for over 20 years I walked everyday across the street when JNJ'S was still around and kept going everyday when Roundheads opened up and to this day I still go to roundheads. It breaks my heart to hear that they want to close down this establishment for a Walgreens. The Nagy family is family to me they gave me my first job ever and I worked numerous heritage festivals for them .Roundheads belongs to stay in downers grove community. Please everyone show up on February 6th 7pm at DG village hall and fight to keep it open.
andrea erickson	Downers Grove, IL	2017-02-06	We are very sad to hear this, We have been going to Roundheads almost weekly for 20 years. We love the food and most of all love the people. Friendliest family ever and we always run into someone we know. The last thing we need is another Walgreens ! Please save Roundheads !!
Elizabeth Ward	Downers Grove, IL	2017-02-06	It's a great restaurant and does a good business. It has lasted in that spot longer than any other. Put the Walgreens in another location near it. There is plenty of room.
Sheti Walsh	Naperville, IL	2017-02-06	We go there every Friday after Vb. And every Monday in summers. And we enjoyed the bags league! Been going there goy YEARS!
Karyn Grannan	Naperville, IL	2017-02-06	We spend Friday nights at Roundheads after volleyball games
Michael Breedlove	Lisle, IL	2017-02-06	They have been around in the neighbor for a long time. What happened to the other location Walgreens tried to get into. Was it the zoning or the traffic pattern would cause a rift in the block?
Barbara Melone	Skokie, IL	2017-02-06	Tired of big businesses forcing out local small business. There's no reason why Walgreens needs to force out this business!
Mary Eckdhal	Downers Grove, IL	2017-02-06	I'm signing because I believe in the family owned, community business. We created many memories with the Nagy family and want to create more with our kids and grandkids
