BACKGROUND

The meter transmission units (MTUs) are one component of the wireless fixed network that collects water usage information for the Village's water billing system. The Village uses ACLARA Technologies LLC's STAR Fixed Network Automatic MTU System. Purchasing MTUs in bulk allows the Village to get a lower unit price. This stock of MTUs will be installed on newly constructed buildings as well as to replace the remaining MTUs that were less than five years old in 2014, and were not replaced as part of the MTU replacement project.

The purchase will be from Midwest Meter, Inc., which is the sole supplier for Aclara Technologies LLC's STAR Fixed Network Automatic Meter Reading System in the Chicago area. The purchase will include 250 2-Way MTUs (@\$110.72 each) and 175 2-Way Extended Range MTUs (@\$122.72 each) for a total purchase price of \$49,156 which includes shipping.
