RECOMMENDATION

Approval on the December 12, 2017 Active Agenda

BACKGROUND

On September 20, 2016, the Village Council approved a proposal to redevelop an existing fueling station and carwash through a Planned Unit Development, Rezoning, Special Use and an Alley Vacation.

On November 17, 2017, the petitioner requested that the Village Council grant a six-month extension of the Special Use approval. Per Section 12.050.I of the Zoning Ordinance, a Special Use approval will lapse after one year if a building permit has not been issued. The other entitlements approved by Village Council do not expire, as the rezoning takes effect immediately, and a PUD site plan was submitted within a year of the ordinance adoption. The Village Council is authorized to extend the expiration period for good cause on up to two separate occasions, by up to six months each.

The petitioner has met with Village representatives many times over the past year regarding construction of the building, and submitted a building permit in June of 2017 to begin construction. At this time, the petitioner is addressing Village comments and anticipates starting construction in the spring of 2018.
