2018 Parkway Tree Pruning

Parkway tree pruning is scheduled to begin Monday February 4, 2018, weather dependent. Attached is the map for this year, and crews will begin work near Main and Oxford. Signs have been posted in the area. Tree pruning improves tree structure, enhances tree vigor, increases a tree's aesthetic appeal and maintains safe conditions for all motorists and pedestrians as they move through the street corridor or visit Village properties. Information about the pruning program was mailed to over 2,160 addresses. Information is also available on the forestry section of the Village's [website](#), including the pruning video from last year.
