There is no Village Council meeting this week.

***Future Calendar Reminders...***

**Village Council Meeting** - The next Village Council meeting will be held on **April 3 at 7:00 p.m. in the Council Chambers** at Village Hall.

**Sidewalk Sawcutting for Trip Hazard Removal is Underway**

The Village's contractor, Safestep, began surveying and sawcutting displaced sidewalk sections the week of March 12th and is currently more than 50% complete with the project. Included in the Sidewalk Rehabilitation project this year is the downtown and staff expects this portion of the work to occur and be completed next week.

The Sidewalk Rehabilitation Project consists of the removal of vertical displacements that can be removed without sidewalk removal and replacement. This method meets American with Disabilities Act (ADA) requirements, is cost effective, clean and efficient. Additionally, the method does not require any excavation of the homeowner's parkway or property.
