

**VILLAGE OF DOWNERS GROVE**  
**Report for the Village**  
**10/16/2018**

<b>SUBJECT:</b>	<b>SUBMITTED BY:</b>
Downtown Zoning Map Amendments (Rezoning)	Stan Popovich, AICP Director of Community Development

**SYNOPSIS**

Ordinances have been prepared to rezone 66 properties in the downtown from Downtown Business to Downtown Core and 11 properties in the downtown from Downtown Business to Downtown Transition. In addition, an ordinance has been prepared updating certain references to the downtown business district in various sections of the Municipal Code.

**STRATEGIC PLAN ALIGNMENT**

The Village Council has identified *Update Downtown Zoning Regulations* as a top priority action item for 2017-2019. The goals for 2017-2019 include *Strong and Diverse Local Economy*.

**FISCAL IMPACT**

N/A

**UPDATE & RECOMMENDATION**

This item was discussed at the October 9, 2018 Village Council meeting. Staff recommends approval at the October 16, 2018 active agenda.

**BACKGROUND**

The Village is requesting approval of 77 rezonings in the downtown to implement the recommendations of the Comprehensive Plan. The proposal would:

- Rezone 66 properties from the Downtown Business (DB) zoning district to the Downtown Core (DC) zoning district; and
- Rezone 11 properties from the Downtown Business (DB) zoning district to the Downtown Transition (DT) zoning district.

The Village approved an update to the Comprehensive Plan in June 2017. Based on the Comprehensive Plan's goals for downtown, the Village undertook the development of a Downtown Regulatory Framework that was approved in January 2018. The Plan and Framework contemplated the creation of three zoning districts in the downtown. Text amendments to the Zoning Ordinance were adopted in July 2018 that created the Downtown Core zoning district and updated various sections of the Zoning Ordinance to meet the

recommendations of the Comprehensive Plan and Regulatory Framework. The proposed rezoning of 77 properties will implement the Comprehensive Plan's vision for the downtown.

The proposed zoning map amendments are consistent with the Comprehensive Plan and the review and approval criteria for Zoning Map Amendments.

#### Public Comment

Six members of the public spoke at the Plan Commission meeting. Three members were in support of the proposed rezonings. Two members were concerned with the rezoning of properties from DB to DT, specifically the setback requirements in the DT zoning district. The final member of the public expressed concern about the height limitations in the downtown.

**ORDINANCE NO. \_\_\_\_\_****AN ORDINANCE REZONING CERTAIN PROPERTY  
LOCATED IN THE DOWNTOWN FROM  
DOWNTOWN BUSINESS DISTRICT TO DOWNTOWN CORE DISTRICT**

WHEREAS, certain real estate bounded by Burlington Avenue on the north, Grove Street on the south, Forest Avenue on the west and Mochel Drive on the east, hereinafter described has been classified as "DB- Downtown Business District" under the Zoning Ordinance of the Village of Downers Grove; and

WHEREAS, the Village of Downers Grove ("Petitioner") has requested that such properties be rezoned as hereinafter provided; and

WHEREAS, the Village approved an update to the Comprehensive Plan in June of 2017; and

WHEREAS, the Village undertook the development of a Downtown Regulatory Framework that was approved in January of 2018; and

WHEREAS, making due allowance for existing conditions, the conservation of property values, the development of the property in conformance to the official Comprehensive Plan of the Village of Downers Grove, and the current uses of the property affected, the Council has determined that the proposed rezoning is for the public good; and

WHEREAS, such petition was referred to the Plan Commission of the Village of Downers Grove, and said Plan Commission has given the required public notice, has conducted a public hearing respecting said petition on September 10, 2018 and has made its findings and recommendations respecting said requested rezoning in accordance with the statutes of the State of Illinois and the ordinances of the Village of Downers Grove.

NOW, THEREFORE, BE IT ORDAINED by the Council of the Village of Downers Grove, in DuPage County, Illinois, as follows:

**SECTION 1.** The Zoning Map of the Village, pursuant to Section 28.12.030I of the Downers Grove Municipal Code, is hereby further amended by rezoning to "DC – Downtown Core District" the zoning classifications of the following described real estate, to wit:

**SECTION 2.** The official zoning map shall be amended to reflect the change in zoning classification effected by Section 1 of this ordinance, subject to the following conditions:

1. Any changes to the conditions represented by the Petitioner as the basis for this petition, whether those changes occur prior to or after Village approval, shall be promptly reported to the Village. The Village reserves the right to re-open its review process upon receipt of such information; and

- 2. It is the Petitioner's obligation to maintain compliance with all applicable Federal, State, County and Village laws, ordinances, regulations, and policies.

SECTION 3. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 4. This ordinance shall be in full force and effect from and after its passage and publication in pamphlet form as provided by law.

# Proposed Downtown Zoning Map

**VILLAGE OF DOWNERS GROVE  
REPORT FOR THE PLAN COMMISSION  
SEPTEMBER 10, 2018 AGENDA**

<b>SUBJECT:</b>	<b>TYPE:</b>	<b>SUBMITTED BY:</b>
18-PLC-0027	Zoning Ordinance Map Amendments	Stan Popovich, AICP Director of Community Development

**REQUEST**

The Village is requesting approval of the following rezonings (zoning map amendments):

- Rezone 66 properties in the downtown from the Downtown Business (DB) zoning district to the Downtown Core (DC) zoning district
- Rezone 11 properties in the downtown from the Downtown Business (DB) zoning district to the Downtown Transition (DT) zoning district

**NOTICE**

The application has been filed in conformance with applicable procedural and public notice requirements.

**GENERAL INFORMATION**

---

**APPLICANT:** Village of Downers Grove  
801 Burlington Avenue  
Downers Grove, IL 60515

**ANALYSIS**

---

**SUBMITTALS**

This report is based on the following documents, which are on file with the Department of Community Development:

1. Existing Zoning Map
2. Proposed Zoning Map
3. Comprehensive Plan
4. Downtown Regulatory Framework

**PROJECT DESCRIPTION**

The Village is requesting approval of 77 rezonings in the downtown to implement the recommendations of the Comprehensive Plan. The proposal would:

- Rezone 66 properties from the Downtown Business (DB) zoning district to the Downtown Core (DC) zoning district; and
- Rezone 11 properties from the Downtown Business (DB) zoning district to the Downtown Transition (DT) zoning district.

The Village approved an update to the Comprehensive Plan in June 2017. Based on the Comprehensive Plan's goals for downtown, the Village undertook the development of a Downtown Regulatory Framework that was approved in January 2018. The Plan and Framework contemplated the creation of the following Downtown Zoning Districts: Downtown Core, Downtown Edge and Downtown Transition. Text amendments to the Zoning Ordinance were adopted in July 2018 that created the Downtown Core zoning district and updated various sections of the Zoning Ordinance to meet the recommendations of the Comprehensive Plan and Regulatory Framework. The proposed rezoning of 77 properties will implement the Comprehensive Plan's vision for the downtown.

### **PUBLIC COMMENT**

The legal notice was published in the *Downers Grove Bugle*. The Village has received ten inquiries from the public based on their observations of the public hearing signs posted around the downtown. These inquiries have been requests for general information about the proposal.

In accordance with Section 12.010.F.3 of the Zoning Ordinance, the Village held two informational meetings for affected property owners and property owners within 250 feet of the proposed rezonings. The meetings were held on August 8 and August 9, 2018. A summary report is attached.

### **FINDINGS OF FACT**

#### ***Section 28.12.030.I. Review and Approval Criteria – Zoning Map Amendments (Rezoning)***

*The decision to amend the zoning map is a matter of legislative discretion that is not controlled by any single standard. In making recommendations and decisions about zoning map amendments, review and decision making bodies must consider at least the following factors:*

#### ***(1) The existing uses and zoning of nearby property.***

##### *Downtown Business to Downtown Core*

The zoning surrounding the 66 subject properties is Downtown Business (DB) and Downtown Transition (DT). The uses include religious assembly, parks and recreation, office, retail, restaurant, and multi-family and townhouse residential. The proposed rezoning from DB to DC has taken into account the nearby uses and zoning and is compatible with the surrounding classifications and uses. This criteria is met.

##### *Downtown Business to Downtown Transition*

The zoning surrounding the 11 subject properties is Downtown Business (DB), Downtown Transition (DT), Residential Detached House 4 (R-4) and Residential Apartment/Condo 6 (R-6). The uses of the nearby properties include religious assembly, office, parking, multi-family residential and single family residential uses. The proposed rezoning has taken into account the nearby properties and is compatible with the surrounding classifications and uses. This criteria is met.

#### ***(2) The extent to which the particular zoning restrictions affect property values.***

##### *Downtown Business to Downtown Core and Downtown Business to Downtown Transition*

The proposed rezonings allow an opportunity for continued reinvestment in the subject properties. The zoning district regulations permit a variety of uses to occupy the subject properties. This criteria is met.

#### ***(3) The extent to which any diminution in property value is offset by an increase in the public health, safety and welfare.***

##### *Downtown Business to Downtown Core*

The Comprehensive Plan identified the Downtown Core as the place that serves as the social and civic core of the community. The Plan's recommendation to rezone the subject properties is intended to increase the welfare of the community. This criteria is met.

*Downtown Business to Downtown Transition*

The Comprehensive Plan identified these 11 properties as part of the Downtown Transition functional subarea. The Downtown Transition area plays an important role in helping transition between more intensive uses in the downtown core and business districts into the neighborhoods that surround the downtown. The Plan's recommendation to rezone these subject properties is intended to increase the welfare of the community. This criteria is met.

**(4) The suitability of the subject property for the zoned purposes.**

*Downtown Business to Downtown Core*

The 66 subject properties are suitable for the proposed zoning classifications. The permitted uses in the DC zoning district are similar to the permitted uses in the DB zoning classification. The subject properties exhibit traits that comport to the bulk regulations of the Downtown Core zoning district. This criteria is met.

*Downtown Business to Downtown Transition*

The 11 subject properties are suitable for the proposed zoning classification. The existing uses in the subject properties are suitable in the DT zoning classification. The subject properties exhibit characteristics that comport to the bulk regulations of the Downtown Transition zoning district. This criteria is met.

**(5) The length of time that the subject property has been vacant as zoned, considering the context of land development in the vicinity.**

*Downtown Business to Downtown Core*

The subject properties are not vacant. New development that is bulkier and denser has taken place around the subject properties. The subject properties have seen improvements principally through interior and exterior renovations. This criteria is met.

*Downtown Business to Downtown Transition*

The subject properties are not vacant. Development in the area has included bulkier and denser development nearer the center of the downtown, while single-family residential redevelopment has taken place near the subject properties on the opposite side. Development of these properties has principally been the conversion of single family homes to office use. This criteria has been met.

**(6) The value to the community of the proposed use.**

*Downtown Business to Downtown Core and Downtown Business to Downtown Transition*

The Comprehensive Plan notes the downtown is the symbolic heart of the community and remains a key focal point for social and civic life in the Village. The uses in the subject properties will remain the same and will continue to provide value to the community. This criteria is met.

**(7) The Comprehensive Plan.**

*Downtown Business to Downtown Core*

The proposed rezonings are based on the recommendations in the Comprehensive Plan's Downtown Focus Area Plan. The Comprehensive Plan envisioned a Downtown Core area that maintains and enhances the downtown's existing vibrancy through desired land uses and built forms that will attract people to gather downtown. The proposed rezoning of 66 properties follows the recommendations of the Comprehensive Plan and will implement the community's vision for the downtown as described in the Comprehensive Plan. This criteria is met.

*Downtown Business to Downtown Transition*

The proposed rezonings are based on the recommendations in the Comprehensive Plan's Downtown Focus Area Plan. The Comprehensive Plan notes the transition area plays an important role in helping transition between more intensive uses in the core and business into the neighborhoods that surround the downtown. The Focus Area Plan identifies these 11 properties as part of the downtown transition functional subarea. The proposed rezoning of these 11 properties will implement the community's vision for the downtown transition area as described in the Comprehensive Plan. This criteria is met.

**RECOMMENDATION**

---

As detailed above, staff finds the proposed rezonings (zoning map amendments) meet the review and approval criteria identified in Section 12.030.I of the Zoning Ordinance and are in conformity with the Comprehensive Plan.

Should the Plan Commission find that the request complies with Section 12.030.I of the Zoning Ordinance, staff has prepared a draft motion that the Plan Commission may make for approval of 18-PLC-0027:

Based on the staff report and the testimony presented, I find that the proposed rezonings meet the standards of Section 12.030.I of the Zoning Ordinance. Therefore, I move that the Plan Commission recommend that Village Council approve 18-PLC-0027.

Staff Report Approved By:

## 18-PLC-0027: Neighborhood Communications Requirement

---

Summary Report per VODG.28.12.010.F.3.c:

The Village held two neighborhood meetings in accordance with Section 28.12.010.F.3.c of the Municipal Code. The meetings were held at Village Hall on:

- August 8<sup>th</sup> 5:00-7:00 P.M.
- August 9<sup>th</sup> 1:30-3:30 P.M.

The Village undertook the following efforts to notify neighbors about the proposed rezonings and the neighborhood meetings:

- Notices were mailed to all affected property owners and those property owners within 250 feet of an affected property on July 30, 2018
- Notices were emailed to Downtown Management on July 31, 2018
- A Village website was created to explain and illustrate the proposed rezoning: <http://www.downers.us/downtown-rezoning>
- The website was provided in the above notices and was further highlighted on the Village of Downers Grove Website Home Page under “Trending Topics”

Village staff completed a brief presentation of the proposed rezonings and answered questions. The following staff were present during both meetings:

- Stan Popovich (Director of Community Development)
- Rebecca Leitschuh (Planning Manager)
- Scott Williams (Senior Planner)
- Flora Ramirez (Village Planner)
- Devin Kamperschroer (Planning Intern)

A total of twenty-seven (27) Village residents, business owners and property owners attended the two neighborhood meetings. The following table summarizes the comments that were provided to staff:

Questions	Answers
What is the driving force behind the zoning district changes?	The community’s vision through the Comprehensive Plan’s Downtown Focus Area plan identified three functional subareas of the downtown. The affected properties were identified in the Comprehensive Plan as Downtown Core or Downtown Transition properties. The Downtown Core subarea was envisioned with lower building heights that were respectful of the existing structures.
Doesn’t this zoning change limit the potential for development and vibrancy?	The proposed changes allow development to occur. As desired in the Comprehensive Plan, potentially taller and denser buildings would be located around the Downtown Core. The Village will continue to promote vibrancy in the downtown.
What are the effects on property values and property taxes?	The Assessor’s office determines property values.

<p>Was there discussion on reducing the allowable height before the project on Main and Maple? When will this construction be completed and have you all looked at the traffic flow impacts? Do you all anticipate additional development in the downtown before these zoning changes take effect?</p>	<p>The zoning ordinance in effect at the time of the Main &amp; Maple project permitted the development's height. The Main &amp; Maple project started prior to the beginning of the Comprehensive Plan update. The Main &amp; Maple site is not under consideration for rezoning. Construction is anticipated to be completed this fall.</p> <p>The Village is aware that traffic patterns may change in this area and is planning to conduct a traffic study after this and other downtown projects are completed.</p> <p>The Village is not aware of additional developments in the upcoming months.</p>
<p>Are there guides comparing the changes for each zoning district?</p>	<p>Yes. The guides for each zoning district change are available at the meetings. The Village has also created a website where you can search for your address and see if there is a zoning change. The guides allow you to view the proposed changes.</p>
<p>How are you proposing to reduce density in the downtown core district and what is the maximum allowable height? In the newly proposed Downtown Core, is there only (1) existing apartment building?</p>	<p>The existing Downtown Business zoning district allowed for 54 units per acre, the new Downtown Core will only allow for 48 units per acre. The maximum allowable height in the Downtown Core is 40' or 3 stories whichever is less. Yes, there is only one apartment building in the proposed Downtown Core and it is within a mixed use building.</p>
<p>Can you talk about the Downtown Transition areas and why the Village proposed to change the zoning district at Rogers and Washington from DB to DT?</p>	<p>The Comprehensive Plan identified these areas as being better suited for Downtown Transition based on their proximity, bulk regulations and uses to the adjacent single family zoning.</p>

Approved 10-01-18

**VILLAGE OF DOWNERS GROVE  
PLAN COMMISSION MEETING**

**MINUTES FOR SEPTEMBER 10, 2018**

In the absence of Chairman Rickard, Ms. Gassen served as Chairperson Pro Tem (Ch.) and called the September 10, 2018 meeting of the Plan Commission to order at 7:00 p.m. She led in reciting the Pledge of Allegiance.

**ROLL CALL:**

**PRESENT:** Ms. Gassen, Mr. Kulovany, Mr. Maurer, Mr. Quirk, Ms. Rollins

**ABSENT:** Ch. Rickard, Mr. Boyle, Ms. Johnson, Ms. Majauskas, Ex. Officio members Davenport, Livorsi & Menninga

**STAFF:** Stan Popovich, Director, Community Development  
Scott Williams, Sr. Planner

Ch. Gassen reminded everyone present to silence any electronic devices during the meeting, and noted that copies of the Agenda are available on the shelves at either side of the Chamber.

**VISITORS:** Scott Richards, 1130 Warren, Downers Grove  
Jim Krusenosky, 853 Maple, Downers Grove  
Kathleen Owens, 940 Maple Ave., Downers Grove  
Don Zamborsky, 940 Maple Ave., Downers Grove  
Joe Svoboda, 5147 Main St., Downers Grove  
Mark Mauer, 217 White Fawn Trail, Downers Grove  
Cathy Davidson, 916 Summit, Downers Grove  
Glenn Hoffman, 840 Maple Ave., Downers Grove  
Marilyn & Dave Weiher, 935 Curtiss St., Downers Grove  
Dan McCormick, 5205 S. Washington St., Downers Grove  
Jan Hessler, 2215 Durand Dr., Downers Grove  
Willis Johnson, 603 Rogers, Downers Grove  
Maxine Ekl, 930 Curtiss, Downers Grove  
Diane Crisp, 4624 Highland Ave., Downers Grove  
Stephen A. Frost, 945 Burlington, #405, Downers Grove  
Kevin Beasley, Foto Houze, LLC, 5155 Main St., Downers Grove  
Lydia Forbes, 907 Curtiss, #506, Downers Grove  
Dave Humphreys, First Congregational Ch., 1047 Curtiss, Downers Grove  
Byron Holtzen, 5226 Carpenter St., Downers Grove  
David Gassen, 5320 Benton, Downers Grove

**APPROVAL OF MINUTES: July 23, 2018 meeting**

Approved 10-01-18

**Mr. Kulovany moved, seconded by Ms. Rollins to approve the minutes for the July 23, 2018 meeting.**

**The Motion to approve the minutes passed, with Ch. Gassen abstaining.**

Ch. Gassen reviewed the procedures to be followed for the meeting, explaining that the Plan Commission is a recommending body for the petition on the Agenda. Staff will make its presentation on behalf of the Village, which is the Petitioner in this case. The Commission will raise questions or comment on the petition, and then the public will be given an opportunity to comment. Once the Public Hearing portion of the meeting is closed, the Plan Commission members will deliberate to recommend approval, recommend approval with conditions, or recommend denial of the individual petition. That recommendation will be forwarded to the Village Council with the minutes, exhibits and all documentation from the public hearing on the specific petition. The Village Council will make final decisions at a future date. She reviewed the subject matter of the petition on the Agenda, and then asked all individuals intending to speak during the public hearing to rise and be sworn in.

**18-PLC-0027: A petition seeking a rezoning of 11 parcels from DB, Downtown Business to DT, Downtown Transition and a rezoning of 66 parcels from DB, Downtown Business to DC, Downtown Core. The subject properties are located in various locations throughout the downtown. A map of the proposed rezonings is available online at this location: <http://www.downers.us/downtown-rezoning> Village of Downers Grove, Petitioner; Various Owners.**

Mr. Stan Popovich, Director of Community Development for the Village, made the presentation requesting approval of zoning map amendments in the Village's downtown area. Seventy-seven properties are proposed for rezoning. The petition implements the vision for the downtown area as identified in the June 2017 update to the Village's Comprehensive Plan. There are three subareas in the Comprehensive Plan including the Core, the Edge and the Transition areas. The map amendments center around Main and Curtiss Streets and include the rezoning of 66 properties from Downtown Business to the Downtown Core (DC) zoning district, and 11 properties from Downtown Business to the Downtown Transition (DT) zoning district. He explained that the Village has held 32 meetings to discuss the downtown since 2016. Those meetings included discussions on bulk requirements, land uses, zoning classifications, Comprehensive Plan approvals, downtown regulatory framework, and the Zoning Ordinance update.

Director Popovich explained that currently the downtown has two business zoning districts: Downtown Business (DB) and Downtown Transition (DT). He showed a map displaying the area with the proposed changes in classifications. He noted that Staff's report dated September 10, 2018 states that all standards have been met for rezoning. Those properties proposed for the Transition area are principally homes that have been converted to office uses. The Comprehensive Plan's recommendation to rezone the 77 properties increases the welfare of the community to maintain the downtown as a symbolic heart of the Village and keep it as a focal point of the community as identified in the Comprehensive Plan. The proposed rezonings are based on the recommendations of the Comprehensive Plan's Downtown Focus Area Plan. It envisions the Core to maintain and enhance the vibrancy downtown, while the

Approved 10-01-18

Transition area plays an important part in assisting with the transition from more intense uses to the single family neighborhood surrounding the downtown. Staff recommends a positive recommendation from the Plan Commission to the Village Council.

Mr. Popovich responded to a question stating that the major differences between downtown Core, Business and Transition is density and building height, and the height for the Core area is three stories. He said the bulk standards have already been approved by the Village Council as a Zoning Ordinance Text Amendment and have already been codified.

Regarding public comments received by Staff, Mr. Popovich said that phone calls were received inquiring about the notification sign downtown with regard to the Library and the cemetery. Mr. Popovich said Staff informed those callers about the potential rezonings, and said there was no involvement in either of those two sites. Comments from previous meetings were included in the Plan Commission's packet for tonight's meeting.

Ch. Gassen asked whether neighborhood meetings are required for rezoning. Mr. Popovich said they are required by the Zoning Ordinance, and Staff also wanted to inform the public about the potential zoning classification changes. Mr. Popovich reviewed how property owners were informed of the neighborhood meetings. In further response, Mr. Popovich clarified that the alley to the east of the library is a public right-of-way and would not be rezoned and that the walkway immediately south of Ballydoyle is part of the parking deck lot and would not be rezoned either.

There being no further comments at this time, Ch. Gassen called upon the public for any comments or questions.

1. Scott Richards of 1130 Warren Avenue asked about the cemetery that falls into the rezoning area, and asked whether these changes would make the cemetery vulnerable. He wanted to know if the cemetery could be protected in some way.
2. Willis Johnson of 603 Rogers Street said his concern is the Downtown Transition, and particularly the six lots on Rogers Street being included in the Downtown Transition area. He thinks the setback requirements are unrealistic. The lots are only 100' deep and all of them back up to a concrete wall that is 15' high. It seems unrealistic to use up 30' of a property to satisfy the setback requirements.
3. Dan McCormick said that he and his wife own 5205 S. Washington Street, which is being rezoned to Downtown Transition. He echoed Mr. Johnson's sentiments regarding the setback requirements that are excessive. He asked if the Board has had an opportunity to walk the property on Washington between Maple and Curtiss. Mr. McCormick said that there is no physical way they could ever put a building such as the one on Maple and Main on those parcels. The parcels are too small and irregularly shaped. He has no problem with the height requirement, but he and his neighbors have problems with the setbacks.

Approved 10-01-18

4. Jim Krusenoski of 853 Maple Avenue urged the Commission to continue to move forward with the rezoning of the properties on Washington Street. He has no issue with the setbacks but his concern is with the height restrictions going through on this rezoning.

5. Scott Richards asked about the Core and whether it would be limited to three stories, and if so, would there be exceptions granted. He has seen too many local towns cave in to developers and grant variations in lieu of being sued by the developers. He supports the three story height restrictions. He said none of the residents in the area want to see a repeat of what is being done at Main and Maple. They have to live with that. Mr. Richards said his concern is, if this is passed, that the Village will stick to its guns and not give in to developers. The Core maximum should be three stories.

6. George Swimmer of 4905 Main Street asked what other communities similar to Downers Grove have in terms of height restrictions. He thinks having height restrictions that other communities do not have would result in diminishing the Downers Grove property values. He also commented that he's been coming to these meetings for years. This is the first time he's been asked to take an oath and he felt uncomfortable doing it.

7. Byron Holtzen of 5226 Carpenter Street said he would like to see the Downtown Core extend all the way down to Maple Avenue. He would hate to see another big building go across the street from the Maple and Main building. He asked if that could happen, as he understood that area had a 70' height limitation. He thinks that would be a disaster, as it already is a disaster.

There being no further testimony from the public, Ch. Gassen closed the opportunity for further public comment.

Director Popovich said that the Village owns the cemetery property and the only way to protect it would be to landmark that property or put a permanent easement on it. There are no plans for that property to be sold. With regard to concerns about larger buildings coming in, there is an alignment now between the Comprehensive Plan and the Zoning Ordinance and Zoning Map. Other towns vary their height requirements based on individual community visions for their downtown areas.

Director Popovich was asked to address the question raised by a member of the public concerning how the Zoning Ordinance might restrict property values. He replied that opportunities for reinvestment in those properties are still moving forward. Any diminishment of property values would be offset by the opportunities to redevelop and the welfare of the community. There are still many permitted uses in those areas. None of the zoning changes would prevent someone for applying for a variance. That application would come before the Plan Commission and the Village Council for approval.

Director Popovich then responded to the question regarding the oath, and said he has been with the Village for 12 years and the oath has always been part of testimony for a public hearing. It is a legal statement.

Approved 10-01-18

Mr. Quirk said he supports the Downtown Core and the height limits. He is concerned with the outlying properties going from Business to Transition on Rogers, south on Washington, and he doesn't think it is the Village's place to restrict zoning on those properties. He thinks they should hear from those property owners before levying a major restriction on their parcels. He thinks a lot of rights would be taken away from those property owners.

Mr. Kulovany asked about the thought process for the Rogers property. Director Popovich replied the Comprehensive Plan identified that area as Transition because of the single-family residence proximity to those properties. In further response, Director Popovich said that a petitioner could apply for a variance on setbacks.

Ch. Gassen said the Transition area is a change from higher density use to single-family residential.

Ms. Rollins said any time they are combining lots and doing a larger building, the proposal would have to come before the Commission. Director Popovich said hypothetically they would have to come in and seek approval. All three zoning districts require a Special Use approval for any apartment or condo proposals. If someone wanted to build a detached house, attached house or duplex, that would be a permitted use in the DT zoning district and not require a public hearing. An attached house and duplex are special uses in the DB zoning district. Ms. Rollins noted these transition areas are what was envisioned in the Comprehensive Plan

Mr. Maurer commented on the turnout for the meeting, and thanked the people for expressing their opinions. He also noted the lack of comment on the change in the zoning district around Main and Curtiss, which is the center of the downtown. He asked about some of the comments received earlier. Director Popovich said the Comprehensive Plan fleshed out the desire to maintain the feel of the downtown area and limited the height to three stores. At the August meetings, people asked about the driving force behind the changes and that was the Comprehensive Plan. There were discussions about what happened to allow the construction at Main and Maple, as well as an explanation about the lack of alignment between the Comprehensive Plan and the Zoning Ordinance. Some property owners agreed with the proposed changes and others did not.

Mr. Quirk asked whether any properties in the Downtown Core would not be in compliance with current zoning standards. Director Popovich said none that he is aware of, because the tallest building was the former U.S. Bank Building at the corner of Burlington and Main Street at 40'.

Mr. Kulovany expressed that this has been a two-year exercise covering 32 public meetings. Some people think there should not be higher buildings while others say we need more people to support the businesses. He believes the Comprehensive Plan does a great job at addressing concerns to leave the Central Core at a lower height of 40'. There is the issue of transit-oriented development, attracting people who don't want to drive to work but who want to walk to the train station, shops, restaurants and bars. If the Village allows 70' at the sidewalk it might make businesses happy but single-family

Approved 10-01-18

owners would be opposed to that. The Village doesn't have the luxury of a large footprint for our downtown such as they have in Naperville. He thinks they have to work with the canvas they have, and he thinks the Comprehensive Plan does a good job to meet what exists. He is in favor of supporting the petition.

Ch. Gassen said looking at the approval criteria, and the Comprehensive Plan, the petition is doing what the Plan calls for as far as the vision for the community. She would also support what Staff is proposing.

There being no further comments, Ch. Gassen called for a Motion.

**Mr. Kulovany said based on the Staff report and testimony presented, I find that the proposed rezonings meet the standards of Section 12.030.I of the Zoning Ordinance. Therefore, I move that the Plan Commission recommend that the Village Council approve 18-PLC-0027. Ms. Rollins seconded the Motion.**

**AYES: Mr. Kulovany, Ms. Rollins, Mr. Maurer, Mr. Quirk, Ch. Gassen**

**NAYS: None**

**The Motion carried unanimously.**

Director Popovich said that this will probably go before the Village Council the second meeting in October. Additional information can be found at [www.downers.us](http://www.downers.us). He said there would be no meeting on September 24<sup>th</sup>, and the next Plan Commission meeting will be on October 1, 2018.

Mr. Maurer expressed his appreciation to the public for attending the meeting. He explained that the Plan Commission is a recommending body. The Village Council will still listen to their concerns and they should attend that meeting. The Village Council is the final decision maker.

There being no further business, Ch. Gassen called for a Motion to Adjourn.

**Ms. Rollins moved to adjourn the meeting, seconded by Mr. Kulovany.  
The Motion carried unanimously by voice vote.**

Ch. Gassen adjourned the meeting at 7:40 PM.

Respectfully submitted,

Tonie Harrington,  
Recording Secretary  
(transcribed from mp3 recording)
