**Village Council Meeting** - The next Village Council meeting will be held on **February 5 at 7:00 p.m. in the Council Chambers** at Village Hall.

**2019 Tree Pruning Scheduled to Begin**

The Village's parkway trees are pruned on a five year cycle to improve tree structure, enhance tree vigor, increase trees aesthetic appeal, and maintain safe conditions for motorists and pedestrians as they move through the street corridor or visit Village properties. This work also reduces storm damage and costs when storms occur.

A map of the areas where parkway tree pruning is planned for 2019 is attached. This work is scheduled to begin the week of January 28, 2019 and signs will be posted in advance of the areas where work will occur. Information about the pruning program was mailed to over 2,800 addresses where work is planned to occur in 2019. Information is also available on the Forestry section of the Village's website.
