

**VILLAGE OF DOWNERS GROVE**  
**Report for the Village**  
**2/19/2019**

<b>SUBJECT:</b>	<b>SUBMITTED BY:</b>
Award of Contract for Sterling North Park Abutment Removal	Nan Newlon Director of Public Works

**SYNOPSIS**

A motion is requested to award a contract for the Sterling North Park Abutment Removal project to KLF Enterprises of Markham, Illinois, in the amount of \$15,569.71.

**STRATEGIC PLAN ALIGNMENT**

The Goals for 2017-2019 include *Top Quality Infrastructure*.

**FISCAL IMPACT**

The FY19 budget includes \$20,000 in the Stormwater Fund (Page 4-23, Line 19) for this project.

**RECOMMENDATION**

Approval on the February 19, 2019 Consent Agenda.

**BACKGROUND**

Two bridge abutments within Sterling North Park, remnants of an abandoned road that was previously removed, were found to have created an impediment to flow for St. Joseph Creek. A significant amount of the obstruction was removed in the fall of 2018, however the concrete abutments remain to be removed. This project will eliminate the potential for future creek restrictions at this location and reduce the need for ongoing maintenance.

A call for bids was issued and published in accordance with the Village's Purchasing Policy. Three bids were received by the due date of January 24, 2019. Below is the synopsis of the bids received.

<u>CONTRACTOR</u>	<u>BID</u>
<b>K.L.F. ENTERPRISES</b>	<b>\$15,569.71</b>
MARTAM CONSTRUCTION	\$57,070.00
PATH CONSTRUCTION CO, INC	\$69,850.00

Martam Construction and Path Construction Co, Inc. included the use of a coffer dam in the scope of work, which K.L.F. Enterprises is confident they will not need to perform this work. Village staff reviewed the bids and agree that the work should be able to be accomplished without the need for a coffer dam.

Staff recommends award of the project to K.L.F. Enterprises who have satisfactorily completed four similar demolition projects for the Village.

Bids otherwise acceptable, which are not accompanied by the proper Proposal Guaranty, shall also be rejected as informal or insufficient. The Village reserves the right however, to reject any or all Bids and to waive such technical error as may be deemed best for the interest of the Village.

- 12.1 Failure on the part of the successful Bidder to execute a Contract and provide acceptable bonds, as provided herein, within ten (10) days from the date of receipt of the Contract and Notice of Award from the Village, will be considered as just cause for the revocation of the award. - 12.2 The Bidder shall not be allowed to claim lack of receipt where the Contract and Notice of Award was mailed by U.S. Postal Services certified mail to the business address listed in his Bid. In case the Village does not receive evidence of receipt within ten (10) days of the date of Notice of Award, the Village may revoke the award. DuPage County rate. The Department revises the prevailing wage rates and the Contractor or subcontractor has an obligation to check the Department's website for revisions to prevailing wage rates throughout the duration of this Contract. If the wages under the federal Davis-Bacon Act are higher than those required by the Illinois Prevailing Wage Act, then the Contractor must comply with the Davis-Bacon Act.

These records shall be open to inspection at all reasonable hours by any representative of the Village or the Illinois Department of Labor and must be preserved for five (5) years from the date of the last payment on the public work.
- 30.3 Since this is a contract for a public works project, as defined in 820 ILCS 130/2, Contractor agrees to post at the job site in an easily accessible place, the prevailing wages for each craft or type of worker or mechanic needed to execute the contract or work to be performed.

The records must include the name, address, telephone number, social security number, job classification, hours of work, hourly rate, and start and end time of work each day for every worker employed on the public work. The Village reserves the right to check the pay stubs of the workers on the job. The Village further cautions that payment for any services rendered pursuant to this Contract may be predicated upon receipt of said records.
- 30.5 In the event that this is a construction project where Motor Fuel tax monies or state grant monies are used in the construction, maintenance and extension of municipal streets, traffic control signals, street lighting systems, storm sewers, pedestrian subways or overhead crossings, sidewalks and off-street parking facilities, and the like, the Village will require an Apprenticeship and Training Certification, attached after the Bidder's Certification.
- 30.6 Any bond furnished as security for performance shall include a provision as will guarantee faithful performance of the Illinois Prevailing Wage Act, 820 ILCS 130/1 et seq.

The Village may also contact the issuer of the Performance Bond to complete the Work. The Contractor shall be liable for any excess costs for such similar supplies or services. Any such excess costs incurred by the Village may be set-off against any monies due and owing by the Village to the Contractor.

If the Village determines that the bill or invoice contains a defect making it unable to process the payment request, the Village shall notify the Contractor as soon as possible after discovering the defect pursuant to rules promulgated under 50 ILCS 505/1 et seq. The notice shall identify the defect and any additional information necessary to correct it.
- 36.3 As this Contract is for work defined as a “fixed public works” project under the Illinois Prevailing Wage Act, 820 ILCS 130/2, any contractor or subcontractor is required to submit certified payroll records along with the invoice. No invoice shall be paid without said records.

**Description:** The **Base Bid** for the Sterling Park abutment removal project includes the removal of two (2) bridge abutments, a weir wall between the abutments, and associated wingwalls, all located within and adjacent to St. Joseph Creek. This site is located on Downers Grove Park District property in Sterling Park - PIN 08-12-408-019. Additional information is included in Appendix A.

The Village of Downers Grove will serve as primary contact and administrator of this project, but all terms of this project shall require joint approval of both the Village of Downers Grove and the Downers Grove Park District.

Note the Village has no original construction drawings related to the abutments. No live tree removal, tree trimming, clearing, or grading shall be done without the express permission and oversight of the Village. The base of all motorized vehicles, including outriggers, boards, pads, or other types of supports must remain on the north side of the abutment face and at no time shall enter the creek.

With the exception of the Downers Grove Park District access drive, access to **all** other individual drives must be maintained through the day, unless the Contractor receives express permission from the Homeowner. **All** driveways shall be restored by the end of the work day.

## Village of Downers Grove – Concrete Abutment Removal in Sterling Park

The Contractor shall maintain traffic flow on ALL STREETS during the day. Adequate signing and flagging is of particular importance for safe travel of all residents.

**SP-3 STREET SWEEPING AND DUST CONTROL**

Dirt, mud, dust and debris of any kind shall be removed from the roadway surface to the satisfaction of the Engineer by any one or combination of the following: approved mechanical sweeping equipment, manual labor, or other approved techniques.

Whenever ordered by the Engineer, especially for locations subject to a particularly high volume of traffic, the Contractor shall mechanically sweep the work site.

**Basis of Payment:** This work will be paid for at the contract unit price per **HOURLY** for
