Village Recognized for Excellence in Green Fleet Management

Stan Balicki, Assistant Director of Public Works - Operations, and Vinnie Pasquinelli, Fleet Services Manager, attended the Chicago Area Clean Cities 25th Anniversary Kickoff Celebration this week to accept the Coalition's 2018 Green Fleet Leadership Award on behalf of the Village. This award was presented in recognition of excellence in green fleet management, and more specifically for the most improved petroleum reduction in 2018 through the use of E85, which is referred to as a flexible fuel. The Village's fleet includes 39 flexible fuel vehicles, representing 23% of the overall fleet. About 85% of the Village's fleet of vehicles use some type of alternative fuel, making it consistently recognized as one of the greenest fleets in North America.
