4. Public Comments	COMMENTS OF A GENERAL NATURE	<p>Address public safety/nuisance issues at Whitlock Park. Dangerous parking, pedestrian and traffic conditions on Cumnor Ave. Loud crowd noises all seasonal days well into the evening, including the sound of aluminium baseball bats which can be very irritating to residents who live near the park. The noises can be heard more than a block away in all directions. Over the last several years peaceful Whitlock Park has been converted into one big noisy sports arena. It draws loud crowds from other far away suburbs and now has multiple soccer nets, baseball fields and so much fencing you can't just stroll through the grass or, heaven forbid, fly a kite like we (you know, residents of the neighborhood) used to be able to do with our kids. Progress? Many of us in the neighborhood don't think so. We think a nice neighborhood park has been ruined. At least safety and nuisance issues should be addressed before children are hit by cars, arguments about traffic flow, driveway u-turns and more for sale signs become the norm.</p>	Ron D. Sr
