Spring 2021 Tree Planting

Parkway tree planting is scheduled to begin Tuesday, May 18. All plantings should be completed by June 1st, weather pending. A total of 417 trees will be planted representing 39 different tree species, including 8 unique oak species. Of the 417 trees, 25 are new tree plantings where there was no tree before, and the remaining 392 trees are replacements for trees removed due to EAB infestations, disease, decline or storm damage. The Village will be honoring 198 specific tree species requests, thereby improving resident satisfaction and the likelihood of long-term tree survival. The remainder of the 2021 tree plantings will be done in the fall.

Fairview Railroad Crossing - Temporary Closure

Beginning on May 20th, the BNSF will be closing Fairview Avenue in both directions at the Fairview railroad crossing. They will be replacing sections of track and roadway panels, which have begun to deteriorate from age and normal wear and tear. It is anticipated the work will take 11 days to complete, and that the road will be open again by Memorial Day.
