

VILLAGE OF DOWNERS GROVE
Report for the Village
11/9/2021

SUBJECT:	SUBMITTED BY:
REBUILD Illinois Resolutions - 71st Street & Woodward Avenue	Andy Sikich Public Works Director

SYNOPSIS

Two resolutions have been prepared appropriating \$127,048.57 and \$164,743.55 of Rebuild Illinois funds for the Village share of the 71st Street and Woodward Avenue Resurfacing Projects, respectively.

STRATEGIC PLAN ALIGNMENT

The goals for 2021 – 2023 include *Top Quality Infrastructure*.

FISCAL IMPACT

These monies are not proposed to be spent in FY22, but will be budgeted in FY23, when the project is expected to commence.

RECOMMENDATION

Approval on the November 9, 2021 consent agenda.

BACKGROUND

To date, the Village has received approximately \$2.1 million of the expected \$3.2 million allocation of Rebuild Illinois funds, with the remaining two distributions expected in March and July 2022. The Village has until July 1, 2025 to spend these funds. Additional resolutions for authorized funding will be forthcoming in order to expend the full value received.

The Village applied for and received approval for these projects during the Chicago Metropolitan Agency for Planning's open call for projects in 2020.

This resolution is the first step in fulfilling IDOT's requirements for the use of Rebuild Illinois funds. Subsequent tasks specific to both 71st Street and Woodward Avenue improvement projects include approval of the Local Agency Agreement outlining the respective costs between IDOT and the Village. Staff anticipates that this should be forthcoming in spring 2022.

NOTE: Form instructions should not be included when the form is submitted.

This form shall be used when a Local Public Agency (LPA) wants to construct an improvement using Motor Fuel Tax(MFT) funds. Refer to Chapter 9 of the Bureau of Local Roads and Streets Manual (BLRS Manual) for more detailed information. For signature requirements refer to Chapter 2, Section 3.05(b) of the BLRS Manual.

When filling out this form electronically, once a field is initially completed, fields requiring the same information will be auto-populated.

Is this project a bondable capital improvement?

Check Yes if the project was a bondable capital improvement, check no if it is not. An example of a bondable capital project may include, but is not limited to: project development, design, land acquisition, demolition when done in preparation for additional bondable construction, construction engineering, reconstruction of a roadway, designed overlay extension or new construction of roads, bridges, ramps, overpasses and underpasses, bridge replacement and/or major bridge rehabilitation. Permanent ADA sidewalk/ramp improvements and seeding/sodding are eligible expenditures if part of a larger capital bondable project. A bondable capital improvement project does not mean the LPA was required to sell bonds to fund the project, however the project did meet the criteria to be bondable.

Resolution Number

Enter the resolution number as assigned by the LPA, if applicable.

Resolution Type

From the drop down box choose the type of resolution:

- Original would be used when passing a resolution for the first time for this project.
- Supplemental would be used when passing a resolution increasing appropriation above previously passed resolutions.
- Amended would be used when a previously passed resolution is being amended.

Section Number

Insert the section number of the improvement the resolution covers.

Governing Body Type

From the drop down box choose the type of administrative body. Choose Board for County; Council for a City or Town; President and Board of Trustees for a Village or Town.

LPA Type

From the drop down box choose the LPA body type. Types to choose from are: County, City, Town or Village.

Name of LPA

Insert the name of the LPA.

Contract or Day Labor

From the drop down choose either Contract or Day Labor.

Roadway/Street Improvements:

Name Street/Road

Insert the name of the Street/Road to be improved. For additional locations use the Add button.

Length

Insert the length of this segment of roadway being improved in miles.

Route

Insert the Route Number of the road/street to be improved if applicable.

From

Insert the beginning point of the improvement as it relates to the Street/Road listed to the left.

To

Insert the ending point of the improvement as it relates to the Street/Road listed to the left.

Structures:

Name Street/Road

Insert the name of the Street/Road on which the structure is located. For additional locations use the Add button.

Existing Structure No.

Insert the existing structure number this resolution covers, if no current structure insert n/a.

Route

Insert the Route number on which the structure is located.

Location

Insert the location of the structure.

Feature Crossed

Insert the feature the structure crosses.

1

Insert a description of the major items of work of the proposed improvement.

2

Insert the dollar value of the resolution for the proposed improvement to be paid for with MFT funds in words followed by in the same amount in numerical format in the ().
