

## **rRemarks Data for September 20th, 2022 Village Council Meeting**

**Agenda Section:** Comments of a General Nature

**Agenda Item:** Comments of a General Nature

**Commenter:** Donna Prepejchal, Woodridge

**Comment:** I would like to give each member of the Council a copy of a LWV, League of Women Voters, report about establishing a Community Mental Health Board. A CMHB is a volunteer board appointed by a Township Supervisor that will survey the needs of the community regarding mental illness, developmental disabilities, and substance abuse. The board allocates funds to fill in gaps in services to allow more access with less wait time. I became involved with this issue when I discovered that there is no planning. The ability to plan ahead is what distinguishes human beings from the rest of the animal world.

Lisle Township is one of several in the area that will have a referendum question on the November 8th ballot. Please become informed and join me in supporting Community Mental Health Boards.
