**Report for the Village**  
**12/6/2022**

<b>SUBJECT:</b>	<b>SUBMITTED BY:</b>
Authorization for the Purchase of a Replacement Ladder Truck	Scott Spinazola Fire Chief

**SYNOPSIS**

A resolution has been prepared authorizing execution of an agreement with Fire Services, Inc. for the purchase of a 2024 E-ONE Cyclone Rear Mount 100' Platform Quint Apparatus (E-One Truck) in the amount of \$1,646,755.00, plus a \$100,000.00 contingency for a total not to exceed amount of \$1,746,755.00, and to authorized the disposal of the Village's current 2011 Smeal 100' Rear Mount Platform Ladder Truck.

**STRATEGIC PLAN ALIGNMENT**

The goals for 2021-2023 include Steward of *Financial, Environmental and Neighborhood Sustainability*.

**FISCAL IMPACT**

The purchase price for the E-One Truck is \$1,646,755.00, and the trade-in amount for the Village's current ladder truck is \$75,000, which adjusts the final purchase price to \$1,571,755. Staff is also requesting \$100,000.00 contingency. The amount of this purchase will be included in the proposed FY24 budget, when it is anticipated the Village will take possession of and pay for the E-One Truck. The funding plan for the Equipment Replacement Fund anticipates this purchase in FY24.

**RECOMMENDATION**

Approval on the December 13, 2022 active agenda.

**BACKGROUND**

The Village purchased its current Smeal 100' Rear Mount Platform Ladder Truck in 2011. The ladder truck is an essential apparatus and serves multiple functions including but not limited, to EMS responses and fire suppression activities by providing for the application of water streams at an elevated level and providing for a working platform from which tasks such as rescue, ventilation and overhaul can be completed. The ladder truck is centrally located at Station 102 at 5420 Main Street to maximize its response to residence.

The Village issued an RFP earlier this year, and after evaluating the responses determined that the E-One Truck is best suited for the needs of the Village.
