RECOMMENDATION

Staff recommends approval on the December 13, 2022 Consent Agenda.

BACKGROUND

The Municipal Code requires that the Village Council annually approve a Class-A Scavenger License for the Village's designed contractual waste hauler. Allied Waste Services currently holds a Class A-License. Allied Waste was approved for a 3-year contract extension with the Village at the August 16, 2022 Village Council meeting. The contract extension term is April 1, 2023 through March 31, 2026. All other haulers operating in the Village must obtain a Class-B License, which allows the license-holder to provide services other than weekly single-family residential solid waste collection. Renewal of a Class-B license requires approval by the Village Manager, following notification to the Village Council. The Village Council will be provided with a list of Class-B License applicants in the Manager's Report prior to issuance of the licenses.
