

**VILLAGE OF DOWNERS GROVE**  
**Report for the Village Council Meeting**  
**3/11/2025**

<b>SUBJECT:</b>	<b>SUBMITTED BY:</b>
2025/2026 Rock Salt Allocation	David Moody Director of Public Works

**SYNOPSIS**

A motion is requested to authorize a rock salt allocation of 1,200 tons with DuPage County, and 2,000 tons with the State of Illinois, in the joint purchase of bulk rock salt for the 2025-2026 season. The Village will be obligated to authorize execution of purchase contracts for these allocations at a future date.

**STRATEGIC PLAN ALIGNMENT**

The goals for 2023-2025 include *Exceptional Municipal Services*.

**FISCAL IMPACT**

The Village's winter snow and ice control operations span two fiscal years. The budget for 2025-2026 is anticipated to include approximately \$625,000 in the General Fund. \$300,000 is included in the FY25 budget and \$325,000 is anticipated for the FY26 budget.

**RECOMMENDATION**

Approval on the March 11, 2025 Consent Agenda.

**BACKGROUND**

The availability and use of bulk rock salt is necessary to meet the snow removal program goal of maintaining safe travel routes during and following snowstorms, as well as restoring mobility for the traveling public within a reasonable time frame following cessation of storm conditions. There are four objectives to achieve when purchasing road salt:

- 1) Maintain the salt supply to respond to all winter weather events per the Village Snow Removal and Ice Control Plan
- 2) Diversify salt supply to ensure on-time delivery
- 3) Minimize cost

To best meet these objectives for the 2025-2026 season, staff recommends purchasing rock salt through two cooperative purchasing contracts, one with the State of Illinois and the other with DuPage County, as shown in the table below. The State requires formal approval of the salt allocation prior to their purchase of the Village's salt. The Village Council will approve the purchase of salt through the County contract after the contract has been bid.

<b>Requested Allocation (tons)</b>	<b>Minimum</b>	<b>100% Allocation</b>	<b>Maximum</b>
State of Illinois Contract	1,600	2,000	2,400
DuPage County Contract	1,200		
<b>Total Amount</b>	<b>2,800</b>	<b>3,200</b>	<b>3,600</b>

The minimum amount of salt recommended to be purchased (2,800 tons) along with the approximately 5,700 tons estimated to be on hand at the end of this snow season, would provide the village with 8,500 tons of salt for the 2025/2026 season and will allow the Village to continue to meet the service objectives described in the Village Snow Removal and Ice Control Policy in a cost effective manner. The annual salt use for an average winter is about 5,000 tons, with a minimum use of about 2,800 tons and a maximum use of about 8,449 tons. The maximum amount of salt the Village could purchase under these contracts would provide 9,300 tons, including the salt on hand.

The Village has used the State-aggregated bidding process for procuring road salt for many years. Because of issues with the reliability of service deliveries from the State bid contractor in the difficult 2013/14 winter season the Village elected to purchase a portion of its rock salt supply through a DuPage County contract. Since 2014 the Village has split salt purchases in this manner and has realized benefits in reliability and the moderation of price changes.

Motion

VILLAGE OF DOWNERS GROVE  
COUNCIL ACTION SUMMARY

INITIATED: Public Works DATE: March 11, 2025  
(Name)

RECOMMENDATION FROM: \_\_\_\_\_ FILE REF: \_\_\_\_\_  
(Board or Department)

**NATURE OF ACTION:**

**STEPS NEEDED TO IMPLEMENT ACTION:**

- Ordinance
- Resolution
- Motion
- Other

Motion to authorize approval of the amount of rock salt to be allocated to the Village through the State of Illinois and County of DuPage aggregate rock salt purchase contracts for the 2025/2026 winter season.

**SUMMARY OF ITEM:**

This motion shall authorize approval of the 2025/2026 winter season rock salt allocation for snow and ice control.
