**SYNOPSIS**

The petitioner is requesting annexation of the property at 3900 Finley Road. Upon annexation, the petitioner is requesting approval of a Zoning Map Amendment to rezone the subject property from R-1, Residential Detached House 1 to O-R-M, Office-Research-Manufacturing.

**STRATEGIC PLAN ALIGNMENT**

The goals for 2023-2025 include *Strong, Diverse Local Economy*.

**RECOMMENDATION****UPDATE & RECOMMENDATION**

This item was discussed at the April 8, 2025 Village Council meeting. Staff recommends approval on the April 15, 2025 Active Agenda.

Approval on the April 15, 2025 active agenda per the Planning and Zoning Commission's unanimous 6:0 positive recommendation. The Planning and Zoning Commission found that the proposal is an appropriate use in the district, compatible with the Comprehensive Plan and meets all standards for approval of a Zoning Map Amendment found in Section 28.12.030 of the Municipal Code. Staff also finds that the annexation meets all standards for approval per the Boundaries and Annexation of Property to the Village of Downers Grove Policy (Resolution #1996-40).

**BACKGROUND**Property Information and Zoning Request

The subject property is located 1,225 feet southwest of the intersection of Finley Road and Lacey Road. It is currently unincorporated and is classified as O-R, Office Research in DuPage County. The owners of the subject property have petitioned the Village for a voluntary annexation as this property is contiguous to the Village's municipal boundary. If approved, the newly annexed property will be assigned the default zoning classification of R-1, Residential Detached House 1. As such, the petitioners are requesting a zoning map amendment to rezone the property to O-R-M, Office-Research-Manufacturing in order to bring the property

into the same zoning classification as the neighboring properties to the north and south. The petitioners intend to construct a warehouse building.

#### Compliance with the Comprehensive Plan

The proposed rezoning from R-1 to O-R-M is consistent with the Comprehensive Plan. The Comprehensive Plan designates the subject property as Office/Corporate Campus, which is characterized by office uses with large-scale buildings and office parks in locations easily accessible from the I-88 & I-355 corridors. It also states that large-scale buildings and office parks play an important role in the local economy, and the Village should continue to support this type of development along the tollway corridors. The proposed building will be of high quality in a prominent area along a major regional roadway; the proximity of which makes the subject property a desirable location.

### **SUBMITTALS**

This report is based on the following documents, which are on file with the Department of Community Development:

1. Petition for Public Hearing
2. Project Narrative
3. Plat of Survey
4. Approval Criteria
5. Location Map
6. Plat of Annexation

### **PROJECT DESCRIPTION**

The subject property is located 1,225 feet southwest of the intersection of Finley Road and Lacey Road. It is currently unincorporated and is classified as O-R, Office Research in DuPage County. The owners of the subject property have petitioned the Village for a voluntary annexation as this property is contiguous to the Village's municipal boundary. If approved, the newly annexed property will be assigned the default zoning classification of R-1, Residential Detached House 1. As such, the petitioners are requesting a zoning map amendment to rezone the property to O-R-M, Office-Research-Manufacturing in order to bring the property into the same zoning classification as the neighboring properties to the north and south. The petitioners intend to construct a warehouse building.

It should be noted that a proposed site plan is provided for informational purposes and is not subject to the review of the Zoning Map Amendment request.

### **COMPLIANCE WITH THE COMPREHENSIVE PLAN**

The Comprehensive Plan designates the subject property as Office/Corporate Campus, which is characterized by office uses with large-scale buildings and office parks in locations easily accessible from the I-88 & I-355 corridors. It also states that large-scale buildings and office parks play an important role in the local economy, and the Village should continue to support this type of development along the tollway corridors.

The Comprehensive Plan states that negative impacts on residential areas should be mitigated. There are no nearby residential uses near the subject site. The north and south sides of Finley Road consists of similar combinations of office and light industrial uses. The proposed development is complementary to these existing uses. The industrial area goals of utilizing appropriate setbacks, screening, and buffering are achieved. Improved stormwater management is also being addressed in a comprehensive manner. The proposed map amendment and subdivision are consistent with the Comprehensive Plan.

### **COMPLIANCE WITH THE ZONING ORDINANCE**

The office, warehousing and distribution uses are listed as an allowable use in the O-R-M zoning district. As currently proposed, the development will be required to comply with the bulk regulations of the O-R-M zoning district. Compliance will be reviewed during the building permit review of the project.

### **PUBLIC SAFETY REQUIREMENTS**

The Fire Prevention division reviewed the proposal and had no comments.

### **NEIGHBORHOOD COMMENT**

Notice was provided to all property owners 250 feet or less from the subject property in addition to posting the public hearing sign and publishing a legal notice in the *Daily Herald*. Staff did not receive

25-PZC-0001, 3900 Finley Road

any questions from the public.

### **STANDARDS OF APPROVAL**

The petitioner is requesting a Zoning Ordinance Map Amendment to rezone the subject property from R-1, Residential Detached House 1 to O-R-M, Office-Research-Manufacturing, upon annexation. The Annexation is considered solely by the Village Council. The review and approval criterion for the Zoning Map Amendment is listed below.

The petitioner has submitted a narrative that attempts to address all the standards of approval. The Planning and Zoning Commission should consider the petitioner's documentation, the staff report and the discussion at the Planning and Zoning Commission meeting in determining whether the standards for approval have been met:

### **Zoning Map Amendment Request**

*Section 28.12.030(i) Review and Approval Criteria for Zoning Map Amendments*

*The decision to amend the zoning map is a matter of legislative discretion that is not controlled by any single standard. In making recommendations and decisions about zoning map amendments, review and decision making bodies must consider at least the following factors:*

- 1. the existing use and zoning of nearby property;*
- 2. the extent to which the particular zoning restrictions affect property values;*
- 3. the extent to which any diminution in property value is offset by an increase in the public health, safety and welfare;*
- 4. the suitability of the subject property for the zoned purposes;*
- 5. the length of time that the subject property has been vacant as zoned, considering the context of land development in the vicinity;*
- 6. the value to the community of the proposed use; and*
- 7. the comprehensive plan.*

### **DRAFT MOTION**

---

Staff will provide a recommendation at the March 3, 2025 meeting. Should the Planning and Zoning Commission find that the request meets the standards of approval for a Zoning Map Amendment staff has prepared a draft motion that the Planning and Zoning Commission may make for the recommended approval of 25-PZC-0001:

Based on the petitioner's submittal, the staff report, and the testimony presented, I find that the petitioner has met the standards of approval for a Zoning Map Amendment as required by the Village of Downers Grove Zoning Ordinance and is in the public interest and therefore, I move that the Planning and Zoning Commission recommend to the Village Council approval of 25-PZC-0001.

**FINLEY RD PROJECT SUMMARY**

Dear Plan Commission and Village Council,

We are writing to formally provide a project summary and narrative for the 9 acre site (PIN: 09-06-100-022) located directly to the south of Bridge Industrial's development off of Finley Rd in Downers Grove, IL, with direct highway frontage on I-88 and I-355.

We plan to develop this vacant land site into a 124,085 SF, 32' clear height office/warehouse building with precast walls and steel structure. Office entries will be oriented to the south of the site, with loading and truck traffic limited to the rear of the facility located to the north of the site. This new facility will serve future businesses in Downers Grove by providing Class A office and warehouse space, divisible up to three tenants.

In order for us to move forward with this development, we are requesting to have the site annexed to the Village of Downers Grove and have the Zoning Map Amended as the site is currently in unincorporated Downers Grove.

We believe this development is in line with the Village's Comprehensive Plan and Future Land Use Map. We identified this underutilized land parcel and plan to develop it into an office/warehouse building that is in line with the uses of the surrounding properties. The site's location and exposure to I-88 and I-355 has a high probability of drawing corporate users who prefer highway exposure.

Thank you for considering this request.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jess Knigge".

PCO3 Responses – 9 acre site (PIN: 09-06-100-022) located at Finley Rd in Downers Grove, IL 60515

**1. The existing uses and zoning of nearby property**

- a. The existing uses of neighboring properties are office and warehousing, which is in conformance with the zoning (O-R-M, Office-Research-Manufacturing).

**2. The extent to which the particular zoning restrictions affect property values**

- a. The property is currently unincorporated Village of Downers Grove. The neighboring owners are zoned O-R-M, so amending this map, in unison with the annexation request to incorporate our site into the Village of Downers Grove, will conform with surrounding zoning of the neighboring properties and would, in our opinion, positively affect property values.

**3. The extent to which any diminution in property value is offset by an increase in the public health, safety and welfare**

- a. The proposed development is expected to have positive impacts on the area, including with respect to property value, as it would bring additional jobs to the area while conforming to the zoning of neighboring properties. Our site plan design has factored in the safety for pedestrians to ensure they can navigate safely through the corridor.

**4. The suitability of the subject property for the zoned purposes**

- a. After thoroughly reviewing our due diligence investigations and receiving input from our environmental consultants, geotechnical consultants, and engineer, we have deemed the site to be suitable for O-R-M zoning. This is an ideal site for office/warehouse use, similar to that of the neighboring properties.

**5. The length of time that the subject property has been vacant as zoned, considering the context of land development in the vicinity**

- a. Available information indicates that the Subject Property had been developed for agricultural use between the early 1900s and 1960s. Several structures associated with a farmstead were present on the southeast portion of the site, from 1908 through the early 1990s. A barn burned to the ground in the 1950s, and a wooden garage was constructed in its place. The wooden garage collapsed in the 1990s and all associated debris was removed from the site. Between the 1960s and present

day, the Subject Property has been vacant land. No other usage of the Subject Property has been identified.

**6. The value to the community of the proposed use**

- a. The two main drivers of value to the community are job creation and property tax revenue generation.

**7. The Comprehensive Plan**

- a. This request is in conformance with the Village's Comprehensive Plan Goals for Commercial and Office Areas, mainly Goal 2. Our proposal would turn vacant non-producing land into an office/warehouse building that adds to and is consistent with the existing aesthetic of Finley Road. With direct exposure to I-88 and I-355, there is a high probability that this site will draw a corporate user for a BTS (sale or lease). In doing so, our proposed building has very strong potential to create new jobs for the community, whether that is warehouse staff or office workers, and to increase the tax base for the Village.

Thank you for considering this request.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Knigge', with a stylized flourish at the end.

#### **SUBMITTALS**

This report is based on the following documents, which are on file with the Department of Community Development:

1. Fairview Focus Area Regulatory Framework
2. Zoning Ordinance (Proposed Amendments)
3. Existing Zoning Map
4. Zoning Amendments Map
5. Neighborhood Meeting Summary
6. Comprehensive Plan

#### **PROJECT DESCRIPTION**

The Village is taking steps to enhance the area surrounding Fairview Avenue and the Fairview Train Station, following recommendations outlined in the Comprehensive Plan. Recommendations in the plan intend to create a distinct identity for the neighborhood, improve all modes of transportation, and foster mixed-use developments that provide goods and services for nearby residents and visitors. A more detailed description of the project can be found at <https://www.downers.us/fairview-focus-area>

As part of the overall project, the Village is requesting approval of multiple text amendments to the Zoning Ordinance. The proposed text amendments are necessary to implement the Comprehensive Plan's Fairview Focus Area goals and Village Council accepted the Fairview Focus Area Regulatory Framework. The Village is also requesting approval of zoning map amendments (rezonings) for 126

properties located in the Fairview Focus Area to implement the recommendations of the Comprehensive Plan and Fairview Focus Area Regulatory Framework.

*Implementation of the Fairview Regulatory Framework – Zoning Ordinance Text Amendments*

The Village approved the current Comprehensive Plan in June 2017. Based on the Comprehensive Plan's goals for the Fairview Focus Area, the Village undertook the development of a Fairview Focus Area Regulatory Framework that was accepted by the Village Council in March 2024 and reconfirmed in October 2024, before work started on the development of the zoning ordinance text amendments and zoning map amendments. The Framework contemplated the creation of the following Fairview Focus Area Zoning Districts: Fairview Core (FC), Fairview Business (FB) and Fairview Transition (FT).

A summary list of the proposed amendments is shown below and are identified in the attached Zoning Ordinance excerpts.

*Table 1 – Proposed Zoning Ordinance Text Amendments*

| Section                | Description  |
|------------------------|--|
| 28.3.040 – Table 3-3   | Deleted references to the Fairview Concentrated Business District setbacks related to Rogers Street.                               |
| 28.4.040.F.            | Added the Fairview Core (FC), Fairview Business (FB) and Fairview Transition (FT) descriptions, references and zoning regulations. |
| 28.5.010 – Table 5-1   | Added FC, FB and FT district and uses to the table.  |
| 28.6.010(g)            | Added extended family housing regulations specific to the FT district.   |
| 28.6.010(j)            | Added allowance of extended family accessory housing in garages/accessory structures in the FT district.                           |
| 28.6.010(m)            | Added home occupation regulations specific to the FT district.   |
| 28.7.030 – Table 7-1   | Added parking regulations specific to the Fairview zoning districts.   |
| 28.7.050(a)            | Modified parking regulations specific to the Fairview zoning districts.  |
| 28.8.020(c)            | Modified parking lot perimeter landscaping requirements specific to properties adjacent to properties in the FT district.          |
| 28.9.020               | Modified prohibited signage regulations where regulations affect Fairview districts.   |
| 28.9.040               | Modified temporary signage regulations where regulations affect Fairview districts.  |
| 28.9.050               | Modified general signage regulations where regulations affect Fairview districts.  |
| 28.9.060               | Replaced references to the Fairview Concentrated Business District with the Fairview zoning districts.                             |
| 28.9.090               | Modified nonconforming signage regulations where regulations affect Fairview districts.  |
| 28.14.080              | Modified building coverage regulations related to extended family accessory housing and home occupations structures.               |
| 28.14.100 – Table 14-1 | Added references to FC, FB and FT in the setback regulations table.  |
| 28.14.110(d)           | Modified the outdoor dining zoning regulations to include regulations for the FC and FB districts.                                 |

|           |  |
|-----------|--|
| 28.15.090 | Removed the Fairview Concentrated Business District regulations. |
|-----------|--|

The above proposed amendments implement the policies and goals of the Comprehensive Plan and the Fairview Focus Area Regulatory Framework.

*Implementation of the Fairview Regulatory Framework – Zoning Map Amendments*

The Village is also requesting approval of 126 zoning map amendments in the Fairview Focus Area to implement the vision and recommendations of the Comprehensive Plan and the Fairview Focus Area Regulatory Framework. The attached map, ‘Proposed Zoning in the Fairview Focus Area,’ identifies the properties that are proposed for rezoning. The map identifies each properties zoning change. The proposal would rezone the following number of properties:

*Table 2 – Proposed Rezoning Summary*

| <b>Current Zoning</b>                      | <b>Proposed Zoning</b>   | <b>Number of Properties</b> |

**PUBLIC COMMENT**

The legal notice was published in the *Daily Herald*. At this time, the Village has received ten comments on the proposed map amendments. Principally, the comments have been related to understanding the proposed rezoning and how the map amendments, if approved, would impact existing residential and commercial uses; two property owners in particular were concerned about the resale of their properties that currently have single family homes, which will not be allowed in the FB District if the amendments are approved. The Village also received communication from one of the property owners, subject to the proposed map amendment. Staff communicated that the homes would be deemed non-conforming structures and will be allowed to remain per Village Ordinance Section 28.11.030 and 28.11.040. The Village has met with individual property owners at their request.

In accordance with Section 28.12.010.F.3 of the Zoning Ordinance, the Village held two informational meetings for affected property owners and property owners within 250 feet of the proposed map amendments. The meetings were held on January 29<sup>th</sup> and January 30<sup>th</sup>, 2025. A summary report is attached.

**FINDINGS OF FACT**

***Section 28.12.020.F Review and Approval Criteria of Zoning Ordinance Text Amendments***

*The decision to amend the zoning ordinance text is a matter of legislative discretion that is not controlled by any one standard. In making recommendations and decisions about zoning ordinance text amendments, review and decision-making bodies must consider at least the following factors:*

**(1) Whether the proposed text amendment is in conformity with the policy and intent of the comprehensive plan**

The proposed text amendments are consistent with the policy and intent of the Comprehensive Plan and the Plan's Fairview Focus Area. The proposed amendments implement the Plan's vision, policies and goals, including the goal that "development regulations should encourage mixed-use, transit-oriented development that is appropriate in height". This standard is met.

**(2) Whether the proposed zoning ordinance text amendment corrects an error or inconsistency in the zoning ordinance, meets the challenge of a changing condition or is necessary to implement established policy.**

These proposed text amendments are necessary to implement the Fairview Focus Area development policies identified in the Comprehensive Plan and the Fairview Focus Area Regulatory Framework that was recently accepted by the Village. This standard is met.

***Section 28.12.030.I. Review and Approval Criteria – Zoning Map Amendments (Rezoning)***

*The decision to amend the zoning map is a matter of legislative discretion that is not controlled by any single standard. In making recommendations and decisions about zoning map amendments, review and decision making bodies must consider at least the following factors:*

***(1) The existing uses and zoning of nearby property.***

The zoning surrounding the 126 subject properties are Residential Detached House 2 (R-2), Residential Detached House 4 (R-4), Residential Attached House 5 (R-5), Residential Apartment/Condo (R6), Downtown Transition (DT) and Light Manufacturing (M-1). The uses include single family homes, apartments/condos, parks and recreation, and industrial uses. The proposed zoning map amendments have taken into account the nearby uses and zoning and is compatible with the surrounding classifications and uses. This criteria is met.

***(2) The extent to which the particular zoning restrictions affect property values.***

The proposed map amendments allow an opportunity for continued reinvestment in the subject properties. The zoning district regulations permit a variety of uses to occupy the subject properties. This criteria is met.

***(3) The extent to which any diminution in property value is offset by an increase in the public health, safety and welfare.***

The Comprehensive Plan identified recommendations related to improving the form, function and appearance of the focus area consistent with the principles of transit-oriented development to be more representative of the character and image of Downers Grove. The recommendations further that the focus area should have mixed-use development that provides goods and services targeted towards commuters and nearby residents that is intended to complement, not compete with, Downtown Downers Grove. The Plan's recommendation to rezone the subject properties is intended to increase the welfare of the community.

Furthermore, the Fairview Transition area plays an important role in helping transition between more intensive uses in the Fairview Core and Fairview Business districts into the neighborhoods that surround the Fairview Focus Area. This criteria is met.

***(4) The suitability of the subject property for the zoned purposes.***

The 126 subject properties are suitable for the proposed zoning classifications. The permitted uses in the FC, FB and FT zoning district are similar to the permitted uses as recommended by the Comprehensive Plan and the Fairview Focus Area Regulatory Framework. The subject properties exhibit traits that comport to the bulk regulations of each of the Fairview zoning districts as applicable. This criteria is met.

**(5) *The length of time that the subject property has been vacant as zoned, considering the context of land development in the vicinity.***

The subject properties in the proposed FC and FB districts are not vacant. The subject properties have seen improvements principally through interior and exterior renovations. This criteria is met.

The subject properties in the proposed FT districts are not vacant. Development in the area is expected to include bulkier and denser development nearer the center of the Fairview Focus Area, while single-family residential redevelopment has taken place within and near the subject properties on the opposite side. This criteria has been met.

**(6) *The value to the community of the proposed use.***

The Comprehensive Plan notes the Fairview Focus Area should have mixed-use development that provides goods and services targeted towards commuters and nearby residents that is intended to complement, not compete with, Downtown Downers Grove. The uses proposed in the Fairview (F\_ districts will continue to provide value to the community. This criteria is met.

**(7) *The Comprehensive Plan.***

The proposed map amendments are based on the recommendations in the Comprehensive Plan's Fairview Focus Area Plan. The Comprehensive Plan's vision, policies and goals, include the goal to develop regulations that "encourage mixed-use, transit-oriented development that is appropriate in height". The proposed rezoning of the 126 properties follows the recommendations of the Comprehensive Plan and will implement the community's vision for the Fairview Focus Area as described in the Comprehensive Plan. This criteria is met.

## **RECOMMENDATION**

---

The Planning and Zoning Commission should make two separate motions regarding the Village's request.

*Recommendation 1 – Zoning Text Amendments*

As detailed above, staff finds the proposed text amendments meet the review and approval criteria identified in Section 28.12.020.F of the Zoning Ordinance. The proposed text amendments are in conformity with the Comprehensive Plan, implement the Fairview Focus Area Framework, and meet the challenges of changing conditions and uses while ensuring consistency within the ordinance.

Should the Planning and Zoning Commission find that the request complies with 28.12.020.F of the Zoning Ordinance, staff has prepared the first draft motion that the Planning and Zoning Commission may make for approval of the zoning text amendments for 23-PCE-0034:

"Based on the staff report and the testimony presented, I find that the proposed zoning ordinance text amendments meet the standards of 28.12.020.F. of the Zoning Ordinance. Therefore I move that the Planning and Zoning Commission recommend that Village Council approve the proposed zoning ordinance text amendments for 23-PCE-0034."

*Recommendation 2 – Zoning Map Amendments*

As detailed above, staff finds the proposed zoning map amendments meet the review and approval criteria identified in Section 28.12.030.I of the Zoning Ordinance and are in conformity with the Comprehensive Plan.

Should the Planning and Zoning Commission find that the request complies with Section 28.12.030.I of the Zoning Ordinance, staff has prepared a draft motion that the Planning and Zoning Commission may make for approval of 23-PCE-0034:

“Based on the staff report and the testimony presented, I find that the proposed map amendments meet the standards of Section 28.12.030.I of the Zoning Ordinance. Therefore, I move that the Planning and Zoning Commission recommend that Village Council approve the proposed zoning map amendments for 23-PCE-0034.”

VILLAGE OF DOWNERS GROVE  
PLANNING AND ZONING COMMISSION MEETING

March 3, 2025, 7:00 P.M.

**FILE 25-PCZ-0001: A PETITION SEEKING APPROVAL FOR AN ANNEXATIONS AND MAP AMENDMENT FROM R-1, RESIDENTIAL DETACHED HOUSE 1, TO O-R-M, OFFICE-RESEARCH-MANUFACTURING. THE PROPERTY IS LOCATED 1,225 FEET SOUTHWEST OF THE INTERSECTION OF FINLEY ROAD AND LACEY ROAD (PIN: 09-06-100-022). ANTHONY IVANKOVICH, PETITIONER, FINLEY RD. PBK, LLC, OWNER.**

Anthony Ivankovich, petitioner and development manager with Phelan Development Company, stated he was seeking a request for a zoning map amendment for the property located at 3900 Finley Road, Downers Grove and annexation into the Village of Downers Grove to be approved by Village Council. He explained the plan is to develop a 124,000 square foot building to serve future needs of businesses in the area by providing office space, and they are requesting the O-R-M zoning designation. He expressed they believe this aligns with the goals of the comprehensive plan and future land use map, and they have received no issues from a public safety standpoint.

Chairman Rickard asked for questions for the petitioner.

There were no questions.

Chairman Rickard asked for public input.

There was no public comment on this petition.

Chairman Rickard asked for the staff report.

Flora Leon, Senior Planner, explained the petition is for 3900 Finley Road, which is a vacant parcel. She stated that the public hearing sign was posted at the site, notices were sent to all property owners within 250 feet, the public hearing was published in the newspaper, and they did not receive any additional questions from the public. She provided the plat of survey and the overview for the entitlement request. She noted that it is currently unincorporated and the request is for going from R-1 to O-R-M. She provided the overall goals of the comprehensive plan that relate to the subject site, and Staff found that the overall proposal falls in line with the comprehensive plan goals. She added that with a building permit submission, the development would include improvements with stormwater management. Staff found that all criteria for zoning map amendment had been met, and they recommend approval.

Chairman Rickard asked for questions for staff.

Commissioner Lincoln asked since it is currently unincorporated, does the county have it in any kind of zone. Ms. Leon responded yes, it is zoned OR, Office Research.

Commission Eberhardt asked why it would default to R-1. Ms. Leon answered that is their standard with annexation reequipments, as it tends to be the most restrictive zoning districts and gives the ability for development to apply for a map amendment if they want to rezone it.

Chairman Rickard asked the petitioner to come back up and address any comments or questions.

Mr. Ivankovich had nothing further to add.

Chairman Rickard asked for discussion from the commissioners.

Commissioner Toth voiced that it seemed to be a pretty straightforward and logical request.

Commissioner Lincoln agreed and was in support.

Commissioner V. Patel commented that standards of approval had been met.

Commissioner Frankovich stated that she would like to see some of the landscaping replaced, but agreed it was a good use for the location.

**WITH RESPECT TO FILE 25-PCZ-0001 BASED ON THE PETITIONER'S SUBMITTAL, THE STAFF REPORT, AND THE TESTIMONY PRESENTED, IT IS FOUNDED THE PETITIONER HAS MET THE STANDARDS OF APPROVAL FOR THE ZONING MAP AMENDMENT AS REQUIRED BY THE VILLAGE OF DOWNERS GROVE ZONING ORDINANCE AND IS IN THE PUBLIC INTEREST, AND THEREFORE, COMMISSIONER V. PATEL MADE A MOTION THAT THE PLANNING AND ZONING COMMISSION RECOMMEND TO THE VILLAGE COUNCIL APPROVAL OF FILE 25-PCZ-0001, SUBJECT TO THE CONDITIONS AS IDENTIFIED IN THE STAFF REPORT.**

**SECOND BY COMMISSIONER LINCOLN**

**ROLL CALL:**
