**RECOMMENDATION**

**UPDATE & RECOMMENDATION**

This item was discussed at the May 20, 2025 Village Council meeting. Staff recommends approval on the June 3, 2025 Active Agenda.

**BACKGROUND**

On May 21, 2024 the Village Council approved a Special Use for a three-story multi-family building at 902 Maple Avenue. At this time, the petitioner has yet to receive a building permit to construct the building. Per Section 12.050(i) of the Zoning Ordinance, a special use approval will lapse after one year if a building permit has not been issued. Since their approval, the petitioner has been actively pursuing a building permit to construct the three-story multi-family building.

On May 1<sup>st</sup>, 2025, the petitioner requested that the Village Council grant a six-month extension of the Special Use approval. The petitioner has noted that the proposed work has experienced delays due to a lack of readily available funds, slower paced loan approvals and increased material costs all associated with current market conditions. The petitioner has been working to ensure the proposed building meets the original conditions of approval.

The Village Council is authorized to extend the expiration period for good cause on up to two separate occasions, by up to six months each. This is the first request to extend the expiration period. Approval of the extension would allow the applicant until November 21, 2025 to obtain a building permit. A building permit is good for one year after its issuance.

However, if the Village Council does not authorize an extension of the special use, no substantially similar application may be accepted for the same property for 12 months from the date of denial by the Village Council. The Village would not be able to accept a substantially similar application until June 3, 2026. A similar application would be required to go through the public hearing process again which typically takes three to four months and subsequently a building permit process whose timeline varies based on the complexity of the project.

Re: Request for Extension of Special Use Approval for  
902 Maple Avenue, Downers Grove-22-PLC-0030

Dear Mr. Popovich:

On May 21, 2024, the Village of Downers Grove approved a special use to expire 1 year after approval absent the issuance of a building permit. As you know, I am the attorney for Aran Holdings LLC which was granted the special use. Aran Holdings is diligently pursuing the grant of a building permit at this time. In the event that it is not issued within the 1 year time period specified in the special use ordinance, I request on behalf of Aran Holdings, LLC, an extension of the special use approval requirements for 6 months pursuant to Downers Grove Ordinance Section 28.12.050(i)(1). We request the consideration of this request at the Village Board meeting of May 20, 2025.

This request of Aran Holdings, LLC is being made in good faith and is based on good cause.

1. The owners of Aran Holdings, LLC are involved in the logistics business which experienced significant downturns in the last year resulting in a cash crunch with capital contribution outlays for their business that were to be used to proceed with the engineering and construction for this property.

2. This cash crunch also resulted in uncertainties in the logistics business which affected lender demands for the owner's business as well as stricter lender requirements for this development. This resulted in financing delays.
3. With the last year being a presidential election year, lenders delayed decisions on loan approvals until after the elections.
4. There have been recent uncertainties that are not yet resolved involving the imposition of tariffs that are substantially increasing costs so that lenders are again delaying financing decisions because of the uncertainty of construction budgets based on whether tariffs will be imposed in part or whole or will be withdrawn.
5. This special use involves the demolition of the existing structure on the property as well as Downers Grove and other governmental approvals. All approvals take time. The project engineer, Morris Engineering, Inc., is proceeding as best and as fast as possible to obtain all of these.
6. Despite all of the above, the owners of Aran Holdings, LLC are aware of their obligations and are diligently pursuing all approvals necessary to obtain a building permit from the Village of Downers Grove. On behalf of my client, thanks to you and the Village of Downers Grove for your cooperation and assistance through the process.

I request that the Village of Downers Grove favorably consider this request. Please let me know what additional information the Village would like. Thanks for your time and consideration.

Very truly yours,

Alexander R. Domanskis
