RECOMMENDATION

Approval on the July 8, 2025 Active Agenda.

BACKGROUND

On May 14, 2024 the Village Council approved a Special Use for the reinstatement of a Special Use for multi-family residential on the second story with a parking variation at 5133 Main Street. At this time, the petitioner has yet to receive a building permit for the improvements. Per Section 28.12.050(i) of the Zoning Ordinance, a special use approval will lapse after one year if a building permit has not been issued. Since their approval, the petitioner has been actively pursuing a building permit to complete the improvements.

On June 23, 2025, the petitioner requested that the Village Council grant a six-month extension of the Special Use approval. The petitioner has noted that the proposed work has experienced delays due to a lack of readily available electrical service.

The Village Council is authorized to extend the expiration period for good cause on up to two separate occasions, by up to six months each. This is the first request to extend the expiration period. Approval of the extension would allow the applicant until November 14, 2025 to obtain a building permit. A building permit is good for one year after its issuance.

However, if the Village Council does not authorize an extension of the special use, no substantially similar application may be accepted for the same property for 12 months from the date of denial by the Village Council. The Village would not be able to accept a substantially similar application until July 8, 2026. A

similar application would be required to go through the public hearing process again which typically takes three to four months and subsequently a building permit process whose timeline varies based on the complexity of the project.

**RE: Special Use Proposal for 5133 Main St., Downers Grove
2nd Floor Apartments, Remodeling Project**

Dear Village of Downers Grove,

We are requesting an extension of our Special Use permit for the apartments located at 5133 Main St for an additional 6 months.

Permit plans have been submitted to the Village of Downers Grove for the apartment upgrades; in order to provide adequate upgrades to the apartments we need additional power from ComEd. The building has adequate proper however part of the permit process we were required to provide a letter from the tenant, after many months of discussing they will not provide us with a letter.

Currently we are working with ComEd for alternative service, this will require obtaining easements from other property owners. We have our commercial real estate brokers contacting the property owners to obtain the easements.

Sincerely,

A handwritten signature in black ink that reads "Tim Winter".
