

rRemarks Data for September 16, 2025 Village Council Meeting

Agenda Section & Item: Active - MOT 2025-10899 G. Motion: Direct Staff to Negotiate a Solid Waste Contract

Commenter: Christina karpowicz

Comment: We need an amnesty day! Also Republic is the preferred option

Agenda Section & Item: Active - MOT 2025-10899 G. Motion: Direct Staff to Negotiate a Solid Waste Contract

Commenter: Dan Valosek

Comment: As a senior citizen and resident of 53 years I can remember when we had garbage pickup twice a week and they picked up the cans in my back yard. Keep garbage stickers. They are fairest charge for all residents. It's a usage charge unlike water and stormwater where you have a fixed monthly charge. We also need leaf pickup. Other towns provide this service, why doesn't DG? It's not right that people without trees need to pay for leaf pickup from their neighbors trees. It's also hard for elderly and disabled people to have to bag and pay to remove leaves from trees that the town has planted. What's the cost of damage done by clogged sewers for the town and residents that flood due to leaves? Our taxes keep going up but services provided keep going down. Time to stop spending money on the downtown and start giving services to the residents.

Commenter: Rebecca Adelman

Comment: I am in favor of republic services. There have been no issues for us, any of our neighbors or anyone I know. The amnesty day is very important to most people.
