

Fleet Fuel System Replacement Project

Village Council
January 13, 2025

Current Fleet Fuel System

Background

- Fleet Fuel System constructed around 1997
- Provides fuel for the Village Fleet
- Nearing the end of its expected life

Fleet Fuel System Replacement

- Nov. 2024 – Consultant engaged
- Performed an analysis of the current system
- Recommendations:
 - Replace underground storage tanks
 - Replace fuel dispensers and piping
 - Replace the fuel system canopy
 - Decommission the existing CNG station

Fleet Fuel System Replacement

- Bid for Fleet fuel system replacement issued in Nov. 2025
- Two bids received on Dec. 16, 2025

Contractor	Base Bid	Alternate Bid
Stenstrom Petroleum Services Group	\$1,082,570.00	\$1,230,830.00
Crowne Industries	\$1,120,808.00	\$1,288,690.00

Fleet Fuel System Replacement

- Staff recommend approval of the low alternate bid from Stenstrom Petroleum Services Group
