Holly Plys, a resident, expressed opposition to this ordinance.  
Carol Davis, a resident, expressed support for this ordinance.  
Lillian Ruiz, DGN student, expressed support for this ordinance.  
Vikki Beening, a resident, expressed support for this ordinance.  
Larry Bolocca, a resident, expressed opposition to this ordinance.  
Ed Pawlik, a resident, expressed support for this ordinance.  
Rebecca Borg, a resident, expressed support for this ordinance.  
Robin Tryloff, a resident, expressed support for this ordinance.  
Eli Borg, a resident, expressed support for this ordinance.  
Selma Moberg, a resident, expressed opposition to this ordinance.  
Irene Hogstrom, a resident, expressed support for this ordinance.

### **VILLAGE COUNCIL COMMENTS**

Mayor Barnett thanked everyone that commented and attended the meeting.

Commissioner Sadowski-Fugitt apologized for the immigrants and families of immigrants that had to listen to unfactual information. She read data that indicated that immigrants have been incarcerated less than American born citizens. She further explained her stance to support this ordinance and to protect the immigrants in the community. She noted that if crimes are committed, no matter who commits them, the police will investigate. She said this ordinance shows everyone that lives in the community that they have rights.

Mayor Barnett explained that the Trust Act of 2017 defines what the Village will and will not do - the Village must be in full compliance with the Trust Act. Mayor Barnett asked Commissioner Sadowski-Fugitt how this will fix any of the things mentioned. Commissioner Sadowski-Fugitt explained that though the Village cannot stop ICE, it can document their actions and show the community that the Village will do what it can to protect its residents.

Commissioner Sarver said that the snickering and smug looks that came from the audience when certain members of the public were speaking said it all for her. She explained she will stand by this ordinance and told Mayor Barnett that though she did not think the ordinance would solve the world's problems, it is one step in the right direction.

Commissioner Roe said he will be supporting this and noted that the purpose of this ordinance is not to interfere with ICE or to provide the public with any false hope. He said this is about the constitution and the rule of law and it confirms the Council's commitment to the residents of Downers Grove. He related that what the ordinance means to him is that the Village is watching, recording, and will keep ICE accountable. He read data indicating that only a small percentage of immigrants have committed crimes. Commissioner Roe shared that he takes no joy in approving this ordinance and his favorite day will be overturning it.

Commissioner Davenport explained he can no longer trust that ICE will do their job lawfully. He explained nothing in the ordinance will obstruct ICE from doing their job and even if this

ordinance does not do anything to protect the people of Downers Grove, he is in support of it. He further explained that the Village will do what it can, while abiding by the law.

Commissioner Gilmartin thanked everyone who commented on this topic. He said that he's in favor of this ordinance and is of the opinion that because the Village is a home rule community, the Council can decide what is done with Village data, property and activities. The Village is under no obligation to support ICE and this is within the Council's purview. He shared his concern that this could bring false hope and he wishes that more could be done, but assured everyone that the Village is doing what it can within its limitations. Commissioner Gilmartin said that he looks forward to the day that federal officials are acting in the manner they should be and the Council can overturn this ordinance.

Mayor Barnett started by sharing he is not in favor of this ordinance but he also agrees with much of what Commissioner Gilmartin said. He said the issue is not about the Village's authority and explained that he does not support the ordinance because it would not push back against ICE or stop them from entering the community. He agreed that recent ICE activity is horrible, but he made it clear that there is nothing the Village can do to prevent ICE from taking anyone in Downers Grove - ICE is a federal agency operating under Congress to conduct immigration enforcement. He shared the problem is the tactics used by ICE - they are not using any empathy or de-escalation measures. He shared he agrees that this ordinance could be repealed one day, but he would much rather this be a resolution instead. The Mayor explained he trusts the people that work for the Village more than anyone else but he worries. He asked what will happen next - when ICE returns to Chicago. He said the residents of Downers Grove are not as limited with what they can do as the Council is - he asked all to be a firewall and help those at risk to stay connected to their community. The Mayor asked that everyone help their neighbors, especially those people that are afraid.

## **8. Manager's Report**

### **INF 2026-11139**

### **A. Information: Discussion of the Proposed Public Art Program**

Village Manager Dave Fieldman used a PowerPoint to present this item. He provided the background information and explained that this is a continuation of several discussions - the first of which began during Long Range Planning in August of 2025. He provided a recap of the last Council discussion and explained that the next steps include the Council's direction on the implementation of the initial phase of the program and the issuance of a Request for Proposal {RFP }- including the process and schedule. He provided details of the RFP drafted by Staff and noted that when the Council awards the Public Art contract, it will also award the Flexible Amenity Areas contract on the same night - this allows the Council to make sure they have a full picture of how the two important projects are inter-connected.

## **PUBLIC COMMENT**

Kevin Lark, founder of the Macho Monument Movement, requested the Village Council consider the placement of a monument honoring Randy Poffo in the Linda Kunze Plaza. He explained if

chosen for this project, his organization would cover 25% of the cost of the monument. Next, he used a PowerPoint to display examples of art produced by artist Erik Blome. He requested that the Council select Mr. Blome to construct a sculpture. Mr. Lark estimated the cost for the monument at approximately \$70K and shared that it could take up to a year for completion. He reiterated that his organization wants to work with the Village to complete this project.

### **VILLAGE COUNCIL COMMENTS**

Commissioner Sadowski-Fugitt said she is in support of continuing in this phase and issuing the RFP. She suggested that planters that the Village may already have on hand be placed on any empty pedestals until art is ready for placement.

Commissioner Sarver related that she's on board with this phase.

Commissioner Davenport agreed with his fellow Commissioners to continue with this phase. He said he looks forward to the Randy Poffo monument to be submitted as an RFP. He suggested using borrowed or loaned art to display in the empty areas. He asked how many more opportunities there will be after the first phase, which only includes the three flexible amenity areas and the Linda Kunze Plaza. Manager Fieldman said there will be dozens of more opportunities as the program expands beyond downtown and into the Fairview area, and other parts of the Village. The Commissioner thanked the Randy Poppo group for offering funds to pay for the monument, and suggested that as this project expands, the Village look into some kind of loaned art pieces.

Commissioner Roe thanked Mr. Larko with the Macho Monument Movement for the presentation. He also thanked Village Staff for their work. He said he is ok with having empty pedestals and does not think there should be temporary art. He said he likes the structure of the RFP and the idea of looking into loaned or borrowed art for the pedestals until the Council can come together on more permanent pieces.

Commissioner Gilmartin asked for clarification on borrowing art. Commissioner Davenport noted that he thought some designated areas could be used for borrowed art, maybe around a theme and the art could be created by local artists or high school students. Mayor Barnett added that this may happen somewhere down the road but not for the first stage. Commissioner Gilmartin asked for clarification about the RFP. Manager Fieldman explained that the goal is to give the Council as much latitude as possible when picking the firm that is contracted, so that means the RFP will include general questions - digging into the art itself later in the process.

Commissioner Gilmartin asked about public engagement. Manager Fieldman explained that the contracts would be awarded first and then the selected artists would engage in a public process. Commissioner Gilmartin expressed he was uneasy with this process. Commissioner Davenport said when thinking about the artist(s) as the professional(s), such as engineers and architects were during the Guiding DG projects, it is not usual - the Council can collectively decide which artist(s) will be well suited and most responsive to the community and with building up this project.

Commissioner Roe said it is unknown whether there will only be one artist or up to four artists selected during the RFP process. Manager Fieldman confirmed there could be up to four artists that are selected.

Mayor Barnett noted that the Council needs to pick the artist(s) based on their qualifications, see some examples of their work, and then let the artist(s) solicit opinions from community members on the types of art to be developed. Commissioner Gilmartin asked that experience working with community committees, or the like, be outlined as a requirement in the RFP. Manager Fieldman said that could be added as an additional bullet point in the RFP.

Mayor Barnett said generally with RFPs the Village does not solicit people - the RFPs are just thrown out there for people to respond to. Manager Fieldman said they are posted in the typical places that get the most responses, but on occasion the process has gone beyond that. The Mayor noted that he wanted to be sure that the word is passed along to the District 99 community, because their art programs are significant. Manager Fieldman said this will be mentioned at the next Staff meeting with District 99. Commissioner Davenport thanked the Mayor for mentioning that.

Commissioner Gilmartin asked if it would be possible to dedicate one of these spots to a student. Commissioner Davenport said he does not want too many hurdles in place for the students. Manager Fieldman explained that Staff will do what they can to limit hurdles and will work with the Council moving forward to designate spots to certain demographics. Commissioner Gilmartin asked that this be pushed out on the Village website and through Village social media avenues.

Manager Fieldman related that Staff has heard the Council's direction, which includes the section of a wide variety of artists - people who can produce art and deliver. He said per Council direction, the process will be as open as possible - making sure that people feel welcome and encouraged to apply, regardless of skill level.

## **9. Council Member Report**

Commissioner Sarver shared that she is the Council liaison to District 58 and will be meeting with the District soon. She will report back once that meeting happens.

Commissioner Gilmartin shared that the 100 Women Who Care group is going to have their first meeting of 2026 on February 4 at 7 p.m. at Neat restaurant in Westmont. 100 Women who Care is a grassroots giving circle made up of local women committed to making a big impact through simple collective philanthropy.

Commissioner Roe reminded all that February 14th is the deadline for residents to select their carts for the new Solid Waste contract..

Village Council Meeting Minutes

February 03, 2026

Commissioner Sadowski-Fugitt spoke about awards won by the Downers Grove Park District - particularly the Lights Camera Action award that is based on their overall marketing for the year. She also related that some of the middle tennis courts at McCollum Park will be converted permanently to pickleball courts. She also shared that the Passport to Dining program is scheduled for Wednesday April 15, 2026.

#### **10. Adjournment**

Mayor Barnett asked for a motion to adjourn the meeting.

**MOTION: To Adjourn the February 3, 2026, Village Council Meeting.**

**RESULT:** Motion carried unanimously by voice vote.

**MOTIONED TO APPROVE:** Commissioner Sadowski-Fugitt

**SECONDED BY:** Commissioner Gilmartin

**AYES:** Commissioners Sadowski-Fugitt, Gilmartin, Roe, Sarver, Davenport and Mayor Barnett

**NAYES:** None

The meeting adjourned at 9:24 p.m.

Respectfully submitted,

Rosa Berardi  
Village Clerk
