STRATEGIC PLAN ALIGNMENT

The goals for 2025-2027 include *Exceptional Municipal Services*.

FISCAL IMPACT

The FY26 budget includes \$133,810 in the Water Fund for the purchase of water meters.

RECOMMENDATION

Approval on the March 3, 2026 consent agenda.

BACKGROUND

Each year, the Village purchases water meters for the water distribution system. These new water meters are used for newly constructed buildings, new developments, and the replacement of existing water meters. Sensus OMNI water meters are purchased when large water meters (1.5 inch and larger) are needed. These meters are purchased from Core and Main LP, the only authorized supplier of OMNI water meters for the State of Illinois. Neptune T-10 water meters are purchased when smaller water meters are needed (1 inch and smaller), and are typically installed in residential homes. These meters are purchased from Ferguson US Holdings, Inc. of Newport News, VA, the only authorized supplier of Neptune T-10 water meters in Northern Illinois. Previously the Village purchased Neptune T-10 water meters from Water Resources, Inc., of Elgin, IL, which was purchased by Ferguson US Holding in July 2025.

Staff is requesting the advance authority to purchase water meters in FY26. Requesting advanced authority for these purchases under one purchase order for each vendor allows for better tracking of all purchases made in FY26, and saves staff time that would be spent on purchase order processing for each individual water meter order. Staff is requesting approval of these purchasing amounts for Core and Main LP and Ferguson

US Holdings, Inc. as approved sole source vendors. Amounts requested are based on averages of the last three years of water meter purchases.
