Submitted By	Scott Spinazola, Fire Chief

Synopsis

A resolution has been prepared to authorize an agreement with Stryker Sales, LLC to purchase an additional cardiac monitor to be used for enhanced resuscitation training in the Downers Grove Fire Department in an amount not to exceed \$58,000.

Strategic Plan Alignment

Goals for 2025-2027 include Excellent Municipal Services.

Fiscal Impact

The purchase will be made utilizing funding from the Illinois Opioid class action settlement funds.

Recommendation

Approval on the May 19, 2026 consent agenda.

Background

Quality training is paramount to the operational success of the Downers Grove Fire Department. The Department strives to make training scenarios as close to realistic as possible. Regularly training for incidents such as cardiac arrests, overdose

resuscitations, strokes and heart attacks is necessary to ensure paramedic skill and proficiency. In addition to making the scenarios realistic, it is also necessary to ensure the equipment used in training matches that which is used in the field.

In January 2026, Village Council authorized the purchase of Lifepak 35 cardiac monitors from Stryker Sales, LLC. Prior to the purchase of the Lifepak 35 cardiac monitors, the Fire Department used cardiac monitors manufactured by Zoll. The Fire Department currently utilizes a Zoll X-Series cardiac monitor for EMS training. While the Zoll monitor is functional, the ability to conduct training scenarios with the same equipment used in the field will enhance the quality, realism, and effectiveness of training, especially when used in conjunction with the simulation mannequins. Accordingly, staff recommends purchasing an additional monitor from Stryker to replace the Zoll monitor in an effort to make training scenarios even more realistic.
