<b>Subject</b>	Second Addendum to IDOT IL 56 Project Intergovernmental Agreement
<b>Submitted By</b>	Scott Vasko, Director of Engineering

**Synopsis**

A resolution has been prepared authorizing a second addendum to an Intergovernmental Agreement (IGA) between the Village and the State of Illinois Department of Transportation (IDOT) regarding changes to the costs for maintenance and energy for the traffic signal IL 56 (Butterfield Road) and Lloyd Avenue/Woodcreek Drive.

**Strategic Plan Alignment**

The strategic goals for 2025-2027 include *Top Quality Infrastructure*.

**Fiscal Impact**

This addendum outlines the required cost share changes for the Village of maintenance and energy costs for the traffic signal at IL 56 and Lloyd Avenue/Woodcreek Drive. The current agreement with IDOT has a cost share of 75% for IDOT and 25% for the Village. The addendum will change the cost share to 50% for IDOT and 50% for the Village.

The required funds are available in the General Fund.

## **Recommendation**

Approval on the June 9, 2026 consent agenda.

## **Background**

On June 6, 2023, the Village Council approved an IGA with the IDOT to make improvements to the traffic signals along IL 56 (Butterfield Road). The scope of work includes traffic signal modernization, intersection widening, enhanced interconnection between traffic signals, and improved pedestrian facilities.

On February 13, 2024, the Village Council approved an addendum to this project revising the proportion of cost share for the construction and engineering cost of the intersection of Lloyd Avenue/Woodcreek Drive.

Since the execution of the IGA and the addendum, IDOT discovered that the original IGA did not include changes to the financial responsibility for maintenance and energy costs for the traffic signal at IL 56 at Lloyd Avenue/Woodcreek Drive, only addressing the cost of construction and engineering for traffic signal modernization. This second addendum outlines the changes to the financial responsibility for maintenance and energy of the traffic signal at the intersection. The Village's portion will be increased from 25% to 50%.
