Chairman Johnson stated that the first order of business was an application from DG Golf, LLC d/b/a X Golf located at 1310 Butterfield Road. He stated that the applicant is seeking a Class "REC-1", full alcohol, on-premise consumption liquor license.

Chairman Johnson asked that any individual(s) representing the applicant step forward and be seated. He asked that any individual(s) giving testimony, state and spell their name for the record, indicate their affiliation with the establishment and be sworn in by the court reporter.

Mr. Nafees Rehmatullah was sworn in by staff. Mr. Rehmatullah introduced himself as part owner of DG Golf, LLC.

Chairman Johnson asked him to explain his request for a liquor license.

Mr. Rehmatullah stated that XGolf has been established in Downers Grove. He stated that they plan to purchase the business and assume the operation under new ownership. He stated that XGolf it is an indoor golf simulator, which is its primary business, with liquor and food service as part of the operation.

Chairman Johnson stated that any decision by the mayor granting a liquor license shall specifically confirm to an expected date of occupancy. No decision shall be valid for more than 90 days after the expected occupancy date. Extensions may be granted or a new application may be required in accordance with section 3.12 of the Downer's Municipal Code.

Chairman Johnson asked Mr. Rehmatullah the anticipated date of occupancy. Mr. Rehmatullah replied September 1, 2026.

Chairman Johnson asked for questions from the Commission.

Commissioner Dietrich asked Mr. Rehmatullah who will be supervising day-to-day activities at the establishment. Mr. Rehmatullah replied that this will be their second location. He stated that the other operation is in St. Louis. He stated that his brother will be second in charge at this facility.

He stated that they will have district and store managers for the location and do both monthly and weekly checks. He stated that they will have end of day reports. He noted there are cameras at the facility.

Mr. Shah asked Mr. Rehmatullah if his brother has any liquor handling or serving experience. Mr. Rehmatullah replied no, however, he was about to enroll in courses. Mr. Rehmatullah stated his intent to keep the current general manager at the facility and transition his brother to assistant manager to make sure that the business excels and guest experience remains consistent.

Chairman Johnson noted that the manual was encompassing. He asked Mr. Rehmatullah how often employees will be trained and receive refresher training concerning alcohol. Mr. Rehmatullah replied that they do so on a quarterly basis. He stated that they re-emphasize liquor requirements and remind them of their accountability and responsibility of serving. He noted that corporate XGolf also has online universities where employees can go to get certified yearly.

Chairman Johnson asked Mr. Rehmatullah if XGolf has an internal liquor testing program for their facilities. Mr. Rehmatullah replied that it is not to that extent but they use a third party company to test and rate guest service experience.

Chairman Johnson asked if staff had any comments concerning the application.

Ms. Kuchynka stated that factors affecting the finding or recommendation include receipt of the annual fee, certificate of insurance, food and beverage tax registration and employee certifications.

The Rec League Keys to Success

The Rec League's objective is to partner high quality products with incredible customer service. As part of the team you will become the face of The Rec League. The following manual will provide you the tools needed to do so:

General Guidelines

In Illinois customers buying alcohol must be 21.

Employees pouring beer/wine must be over 21.

Someone over 21 must make the initial determination if a patron who wishes to be served alcohol is over 21.

Employees must be at least 19 years old to serve as waiters or waitresses for the purpose of serving alcoholic beverages

In the case of packaged sales, no employees under the age of 21 may register, by mechanical or electronical means, the sale of any alcoholic liquor.

Employees under the age of 21 should be carefully watched to ensure that they do not sell or have access to liquor for themselves~ or their friends.

If a customer looks under the age of 35, proof-of-age identification must be requested.

Perpetual calendars are kept at appropriate locations to aid employees in confirming legal age.

A State identification guide must be kept on premises for employees to check validity of out-of-state licenses/identification cards.

Hour restrictions and times when alcohol cannot be sold must be strictly enforced.

THE REC LEAGUE

Employees should be fully aware that they have the legal right to refuse to sell alcoholic beverages to anyone unable to produce proper identification or who they feel is already intoxicated.

Alcoholic Beverages may be consumed on premise:

- o Mon-Thurs 10am-1 am

- o Fri & Sat 10am-2am

- o Sunday 10am-12am

The following signs are posted and visible at all times:

- o "Persons buying beer, wine or liquor must be 21 or over"

- o "We will not sell alcoholic beverages to minors or intoxicated individuals"

Employees know they are subject to fines/termination should they violate provisions of the Ordinance.

The Rec League Training:

Employees will be required to obtain certified training per Section 3-33.3 of the Downers Grove Municipal Code within four months of date hired.

Employees are trained of store policies and advised of local laws concerning the sale of alcohol upon hire. Quarterly "refresher" meetings are conducted concerning the importance of responsible alcohol serving.

Training certificates will be kept on file at the restaurant.

Management Responsibilities:

Ensure employee comprehension of Liquor Handling Policies/Procedures through:

1. Distribution of a policy manual to employees upon hire.
2. Provide instruction/guidance/assistance on proper liquor.
3. 4. Advise employees of local liquor codes.
4. Obtain signed servers/checkout receipt of liquor policy/procedure manual upon date of hire.

5. Provide for the ongoing reinforcement process involved in keeping by providing for monthly meetings with employees.
6. Provide employee guidance/assistance to ensure enforcement of liquor handling policies/procedures (in accordance with State and Village Liquor Ordinances.)
8. Provide employee with evaluation of their work performance.
9. Initiate proper disciplinary action as necessary. Provide for appropriate intervention.
10. Provide for appropriate training of all personnel in accordance with their respective job classifications.

The Rec League Servers:

Verification of age by valid identification only.

Know state and local liquor laws and legal responsibilities of those who serve alcohol.

Enforce local laws regarding minimum drinking age.

Give last call ½ hour prior to official closing of store/patio.

Never give away alcohol.

Serve alcohol only within permitted hours.

Recognize signs of intoxication.

Management:

De-emphasize excessive liquor sales in marketing and promotion efforts.

Provide food service at least 1 hour prior to close.

Be sure beverage service policies are enforced by personnel.

Evaluate intoxicated guests when requested by Staff.

Terminate beer/wine and liquor sales when necessary.

Call cab for intoxicated guests.

The Rec League Responsibilities to the Customer:

Employees of The Rec League should take a firm stand on the responsibility they have to their customers in terms of alcohol consumption. We do not want our customers to drive home if they had too much to drink! If you think a customer should not be served, or if you think a customer has had too much to drink, servers should contact the manager immediately.

The Rec League employees should have the interest of the individual and public safety in mind, and therefore, have the obligation to the community and to the individual to not let people who have over consumed alcohol.

This applies to all customers.

Management is responsible for actually "cutting off" customers, but it takes a team effort from all employees to help spot these people and tell the manager on duty. Rely on good judgement when someone in the establishment has had too much to drink.

The Rec League Carding Procedures:

HOW TO CHECK A PATRON FOR CORRECT PROOF OF AGE

Age Requirement

The minimum age requirement for the purchase of alcoholic beverages in all states is 21 years of age. •

If you have any reason to believe that underage patron is attempting to purchase alcohol, you must ask for proper identification.

Under no circumstance should you sell any alcoholic beverages to a person who is believed to be under 21 years of age.

Only official identification may be accepted.

Identification is required if the customer appears to be under the age of 35. Illinois law requires alcohol-serving establishments to verify age using valid, government-issued identification.

The following forms of ID are acceptable for age verification at The Rec League.

The Rec League Local Ordinances You Should Know:

LEGAL SERVING HOURS (Section 3-31)

Another area where disregard of the law may bring stiff penalties concerns the hours when liquor may and may not be served. You should know when you must stop serving, when all glasses must be off the tables and bar, and when all guests must be out of the establishment: If it becomes necessary in upholding the law, remove the glasses from the tables.

Monday-Thursday 8:00am-1:00 am

Friday- Saturday 8:00am -2:00 am

Sunday 7:00am - 8:00 am

It is unlawful to permit customers to consume alcohol on premise later than one hour after the applicable closing time.

MINIMUM AGE OF SELLERS (Section 3-28)

Age of seller policies require that alcohol servers and clerks must be a minimum age in order to legally serve or sell alcohol. Clerks must be at least 21 years of age to ring up any sale of alcoholic liquor. Servers must be a minimum of 19 years of age; however, the under 21 servers MAY NOT take the initial order or make the determination that a patron is of age. Initial orders/determination of age (carding) must be done by another server is over 21.

ADULTS SHARING DRINKS WITH MINORS (Section 3-36)

The Management will make it clear that adults sharing drinks with minors will not be tolerated. Regardless of if in the company of parents, those under 21 should not be allowed alcoholic beverages. If an instance arises, the Manager will immediately tell the party that such practices are not permitted.

Make it understood any alcoholic beverage in front of a minor will be immediately removed.

If the party persists, the Manager will remove the alcoholic beverage from the adult and refuse to accept further orders.

LIQUOR PRODUCT IDENTIFICATION SIGNS (Section 3-33.2)

The sale of alcoholic liquor for consumption on the premises within the Village shall be limited to restaurants, hotels and recreational facilities, with liquor sales as incidental of the operation of any such establishments.

Liquor product identification signs

(banner, placard, poster streamer, balloon or other attention getting device, which is designed or used to advertise, promote or identify a particular brand of liquor - including, but not limited to, "beer signs" that may involve electronic or neon displays) **shall not be permitted as any interior or exterior window sign or as any form of exterior sign** for any premises holding a license for on-premise consumption.

SERVING INTOXICATED INDIVIDUALS (Section 3-25)

Serving an obviously intoxicated person is strictly a violation of policy and may lead to civil or criminal responsibility. If an obviously intoxicated person leaves the premises and gets into an accident, a civil suit or criminal proceedings may be brought against both the company and the individual employee(s) responsible. Our best protection will come from the exercise of common sense by both management and employees. Employees serving alcoholic beverages should be aware of their responsibilities AND their potential personal liability.

.08 is the Illinois Blood Alcohol Content (BAC) limit. Any person driving in the State of Illinois with a BAC of .08 or more risks being charged with Driving Under the Influence (DUI).

The Rec League Village of Downers Grove Alcohol Awareness Programs:

COMPLIANCE TESTING (Control Buy Program)

The Downers Grove Police Department periodically conducts tests on establishment to ensure that minors are not being served alcohol. An Under 21 agent is sent into each establishment to attempt to purchase liquor. In the event staff serves or sells alcohol to the minor, the individual involved in the service/sale is immediately issued an administrative citation (ticket) for serving the minor. In addition, the licensee will be required to attend the public hearing on the violation. A finding of guilty regarding the violation will result in fines, penalties and/or suspension of the liquor license and possible mandatory certified training for all employees.

Fines for non-compliance are as follows:

\$500 fine issued to the individual involved in alcohol sale to a minor

Up to \$15,000 in fines

Up to \$1,000 to cover costs of a disciplinary hearing

Suspension or revocation of liquor license

DUI Notification Program

The Downers Grove Police Department will notify an establishment in the event an individual arrested for a DUI names their establishment where they have been drinking prior to the arrest. Any establishment receiving multiple notifications is subject to a license renewal hearing where policies will be reviewed.

THE REC LEAGUE TIPS FOR EMPLOYEES:

Alcohol Awareness

Serving alcohol is a privilege that is granted by local authorities. This privilege carries with it a duty for us to operate in a responsible manner and involves public safety and considerable liability to the company as well as our employees. It is our policy to deal with situations that arise from serving alcohol. If there is any doubt as to the age of a guest, ask them for proof of age. Be polite, but remember; you as well as the store, can be held liable if a minor is served. Remember, these policies are designed for our guests' safety. They must be applied impartially. Alcohol awareness is a serious subject; and you, the Server, are the most important element of the Program.

Take Action

If you feel that a guest is intoxicated, you should cease serving the guest drinks immediately and inform your manager. If the guest persists in ordering alcoholic beverages, acknowledge the drink request, but ask the Manager to explain to your guest that the drink must be declined.

Watch For These Signs

Be aware of the condition of your guests at all times. Any guest who has consumed more than three drinks could soon be approaching intoxication. An intoxicated person will usually display recognizable behavioral characteristics. Alert Manager at the first sign of any of these:

Slurred speech, thick tongued

Eyes become glassy, unable to focus.

Unusual change in the color of facial skin, going pale or flushed.

Loss of physical motor skills; staggers or stumbles when walking, spills drinks or food.

Abusive language; questioning the Server's performance; profanity, bragging.

Obvious changes in behavior; more or less talkative; loud voice.

Exaggerated emotional outbursts, crying or loud laughing.

Unable to respond coherently when addressed or questioned.

Unreasonable and exaggerated responses.

Blank, staring facial expression.

Obvious impairment of judgment.

Annoying other guests.

THE REC LEAGUE

Offer Alternatives

If possible, invite the guest to stay and eat something.

Let the guest know that he or she is welcome to stay and finish their meal.

Offer complimentary food. Check with the Manager.

Arrange for a taxi if the guest is driving: The phone number is posted in the bar.

Strongly discourage the guest from driving; if he or she ignores your suggestions and insists upon driving, call the Manager.

Be Prepared

You will be dealing with a person who is to some degree "out of control". The psychological message we give the guest is that we are in control of this situation. The guest will probably be offended and become argumentative. Do not attempt to "reason" with the guest. If you know that guest is belligerent or physically threatening, approach the guest with another employee (preferably a manager).

If the guest continues to be a problem, inform the Manager. Never attempt to physically detain a guest on the premises.

NOTE: A person with a physical or mental disability may seem to have the same outward appearance as a guest who has had too much to drink. Your sensitivity is extremely important in all situations.

The Rec League Violation Policies:

Any employee that knowingly violates The Rec League and/or The State of Illinois liquor policies shall be terminated and reported to the proper authority.

LIQUOR INFORMATION:

Blood alcohol content (BAC), or blood alcohol concentration, is the concentration of alcohol in a person's blood. BAC can be mathematically estimated or measured with a blood breath, or urine test. A blood alcohol level of 0.01 is considered low, while 0.4 and higher is toxic and potentially deadly. When a person consumes alcohol, it is absorbed into the bloodstream. Then the liver breaks down (metabolizes) the alcohol. Alcohol is metabolized more slowly than it is absorbed. Because it takes longer for alcohol to metabolize~ consumption must be controlled in order to prevent alcohol from accumulating in the body and causing intoxication.

BAC is used to determine an individual's intoxication level, and it provides an estimate of his/her level of impairment. When individuals consume alcohol, their judgment, coordination, concentration, alertness, speech and ability to feel sensations become impaired. The more an individual drinks, the more impaired these functions become.

Even though the degree of impairment varies among people with the same BAC it is considered a reliable way to determine if it is safe for someone to drive or operate heavy machinery, including motor vehicles, boats, and aircrafts after drinking.

It is illegal for individuals to drive with BAC levels of 0.08 and higher in the United States. States may have stricter laws for individuals younger than 21 years old. Some states have zero tolerance laws for this age group that allow underage people to be convicted of driving under the influence with virtually any amount of alcohol in the bloodstream.

The amount of alcohol varies in different types of alcoholic drinks. In general, a 12-ounce beer~ a five-ounce glass of wine, and 1.5-ounce shot of hard liquor are considered equivalent.

Counting the number of drinks consumed is not an accurate way to measure intoxication because individuals have different alcohol tolerance .

. An individual's tolerance to alcohol is dependent on many factors including weight age, gender, body fat percentage, genetics, synergistic effect of drugs, amount of food in the stomach, and how frequently the person drinks.

The length of time that elapses between drinks is also an important factor. The quicker an individual drinks alcoholic beverages, the more intoxicated he/she is going to become. This is because the body needs time to metabolize the alcohol. It is generally accepted that consuming two standard alcoholic beverages increases the average person's by about 0.05% in about one hour. Limiting alcohol intake to one drink per hour after the first two drinks are consumed can keep the BAC near 0.05%. Individuals should not consume any alcoholic beverage before driving or operating heavy machinery

The Rec League's Service Program:

The service program at The Rec League is in place to control the way our customers consume their alcohol. At no time is a customer permitted to serve his or herself alcoholic beverage.

Bar Station:

The Bar holds all the alcohol intended for consumption in the store. The bar counter will feature a service well to serve fresh beer, bottled micro brews, liquor and a selection of white and red wine featured on our menu. The employee at the service well will pour drinks for customers that are sitting in our restaurant or on our patio. **AT NO TIME WILL CUSTOMERS BE PERMITTED TO SERVE**

THEMSELVES ALCOHOL!
